COMMERCIAL SALESROOM,
7 BANK and 10 STRAWBERRY, between MARKET and CHESTNUT and SECOND and THIRD streets.
F. G. WOLBERT, AUCTIONEER.

DR. BARNES'
CAMPHORATED EXTRACT OF GINGER.
This Medicine has, by its own merit, gained a great reputation. It is composed entirely of vegetables, and is made from the formula of a distinguished physician, used by him in the cholera of 1832. It does not contain Opium in any form, and never constipates the bowels. It is equally efficacious in mild and aggravating attacks of cholera morbus. It has cured cholera after the "rice water" discharge had taken place. The cramps and pains of cholera morbus and dysentery are in a few minutes dispelled the stomach, and the bowels restored to a healthy action. If this remedy were used in the incipient stage of the symptoms, dysentery, that dreadful disease, would find fewer victims. Read the recommendations of the railroad conductors who have used it for several years, in the Circulars.
For the cure of NAUSEA, NERVOUS DEBILITY, CRAMP, CHOLIC, FLATULENCY, and SICK HEADACHE, it has no equal.
DYSPEPSIA of over twenty years' standing has been cured by it. The weakest stomach, by twenty drops taken after each meal, may be restored to a healthy action.
Nervous tremor, the result of excessive drinking, is at once cured. It has prevented attacks of delirium tremens.
Two or three doses is enough to cure sea-sickness.
It is the most valuable of its kind in existence, and is so pronounced by physicians who are using it in their practice. As a PREVENTIVE of FEVERS, during their prevalence in Autumn, taken in doses of thirty drops, when the stomach and bowels are constipated or in an opposite state, it will so prepare the system as to overcome any liability to an attack even of Yellow Fever or Typhoid.
Persons who have suffered in health from Ague and Fever have been restored to health by this wonderful remedy. No one should be without it.
Prepared only at 338 CHESTNUT Street.
Sold at stores throughout the United States. A very liberal discount made to retailers. au28-1m

D. R. ASHTON'S INSTITUTE FOR YOUNG LADIES, No. 929 ARCH Street, four doors below Tenth, north side.—The Fall Term will commence on MONDAY, the 6th of September.
The object of this institution is to furnish to young ladies a sound practical education in the branches usually taught in the first-class Seminaries. With this in view, the Institution is in the possession of all the modern and improved educational appliances; among them is an extensive Philosophical Cabinet.
The school-room, which is one of the best adapted for its purpose in the country, is ventilated and there is no better remedy than these invaluable Bitters. Their chief constituent is iron, and we all know its efficacy in removing the impure matter from the whole visceral system. They are prepared by a practical chemist, and have been pronounced, by eminent physicians and others, as the "ne plus ultra" of all tonics.
HOW GRATIFYING
to the proprietor that he has succeeded in compounding a remedy for many of the ills that his fellow-mortals are subject to, that he feels that he can appreciate it is not a question of doubt, but a fixed fact, when the demand for it has far surpassed his sanguine expectations.
READ THE TESTIMONY OF A WORTHY CITIZEN.
This is to certify my wife was in delicate health some three years, with a disease peculiar to her sex. She tried numerous remedies without receiving any benefit. Hearing of *Hobensack's Iron Bitters*, and knowing iron to be a powerful tonic, induced me to obtain a bottle, which proved to be the medicine she solely required, by restoring her to health. She testifies not to recommend it to those who are similarly affected, as she believes it to be a sovereign remedy.

A. A. HAYES, M. D.,
ASSAYER TO THE STATE OF MASSACHUSETTS.
GENERAL CHARACTER.—A light-yellowish, brown-colored spirit, having a fragrant odor; when evaporated from clean linen it left no adulterant or other matter. Analysed for volatile and fixed drugs, *of which no traces of any kind were found.* Its color is proved to be due to a colored resin an extract derived from wood.
☞ In every respect it is a pure spiritous liquor.
The fragrance or bouquet which it possesses can be isolated, and it then appears unlike that from Cognac Brandy or Wine, being a fruity essence resulting from a peculiar fermentation of Catawba and Isabella Grapes.
CHEMICAL CHARACTER.—1 parts in volume of this spirit contains at 60 deg. F. 46 2-10 parts of pure alcohol, besides the fragrant oil. 1,000 parts of the spirit afford, 23 parts of a strong solution of the oil which characterizes this "Brandy" the spirit left, after removing the oil, *is pure and odorless*, and in all its qualities a perfect spirit, not subject to change. One U. S. gallon of this Brandy at 60 deg. F. contains, besides the spirit and oil, only 220 grs. of matter composed of extract of fruit, gum, and colored resin from wood.
BOSTON, January 25, 1858.
Dr. COXE, State Inspector of Ohio, and Dr. JAS. R. CHILTON, Chemist, of New York, both pronounce this to be pure Brandy, and free from all adulteration.
For Medicinal purposes this Brandy has been found no rival, and has long been needed, to supersede the poisonous compounds sold under the name of Brandy. As a beverage, the pure article is altogether superior, and a sovereign, sure remedy for Dyspepsia, Flatulency, Low Spirits, Languor, General Debility, &c., &c.
A. E. ESHELBY'S STILL AND SPARKLING CHAMPAGNE.—These Wines are made in the neighborhood of Cincinnati, and are guaranteed to be the Pure Juice of the Grape, and are eminently calculated for invalids, and persons who require a gentle stimulant, and for Sacramental purposes.

HOBENSACK'S IRON BITTERS.—This Medicine, as its name implies, is one of the greatest strengthening preparations that ever is especially adapted to those who have a loss of appetite or are afflicted with Dyspepsia, Liver Complaints, Piles, Nervous Debility, General Debility, and all diseases arising from a disordered condition of the digestive organs.
FOR FEMALE COMPLAINTS GENERALLY
there is perhaps no medicine in the world equal to it, as it enters, purifies, and replenishes the blood, which is so important to bring about a healthy action of the vital system. This it will do,
a miserable existence, of a pale sickly color, weak and emaciated, who could be restored to health by the use of one bottle of this invaluable medicine. It is no humbug, but a genuine article, being free from any thing that is of an injurious nature.
FOR ALL DISEASES OF THE BLOOD
there is no better antidote than Hobensack's Iron Bitters. They will in a short time purify the blood in full of disease. Blood letting may answer for a time, but cleansing a part will not purify the whole. At the commencement of the disease, the blood is full of impurities, and then these invaluable Bitters. Their chief constituent is iron, and we all know its efficacy in removing the impure matter from the whole visceral system. They are prepared by a practical chemist, and have been pronounced, by eminent physicians and others, as the "ne plus ultra" of all tonics.
HOW GRATIFYING
to the proprietor that he has succeeded in compounding a remedy for many of the ills that his fellow-mortals are subject to, that he feels that he can appreciate it is not a question of doubt, but a fixed fact, when the demand for it has far surpassed his sanguine expectations.
READ THE TESTIMONY OF A WORTHY CITIZEN.
This is to certify my wife was in delicate health some three years, with a disease peculiar to her sex. She tried numerous remedies without receiving any benefit. Hearing of *Hobensack's Iron Bitters*, and knowing iron to be a powerful tonic, induced me to obtain a bottle, which proved to be the medicine she solely required, by restoring her to health. She testifies not to recommend it to those who are similarly affected, as she believes it to be a sovereign remedy.
