DR. A. W. LAWRENCE'S

SOLIDIFIED

DENTAL CREAM,

or Cleansing, Whitening and Preserving the TEETH!

This article is prepared with the greatest care upon scientific principles, and warranted not to contain a particle in the slightest degree deleterious to the teeth or gums. Some of our most eminent Dental surgeons have given their sanction to, and cordially recommended it as a preparation of superior quality for the purpose of cleansing and preserving the TEETH. It renders them perfectly white and pearly, without the injurious effects of the mineals. It is healing to the gums, sore they are cleansed and sure. It is always the best dentifrice for the old and well teeth, which are invariably improved by its use. It gives a rich creamy appearance to the mouth, cleansing it thoroughly, and imparting a delightful fragrance to the breath.

PREPARED ONLY BY

A. HAWLEY & CO.,

W. Cor. 10th, & Lombard Sts., Philadelphia.

And sold by all Druggists. PRICE 25 CENTS.

TESTIMONIALS.

The following opinion of Dr. White, as to the high value in which he holds the Dental Cream, speaks for itself; it is one of its value; to quote other testimonials in order is needless, contending ourselves by simply giving the names and addresses of persons to speak of its excellency for the teeth.

Philadelphia, April 15th, 1863.

Having carefully examined A. Hawley's "Solidified Dental Cream," I hereby cheerfully recommend it to the public generally. It is an excellent preparation for cleansing and preserving the teeth, and can be used by all persons with the utmost confidence, as its properties are perfectly harmless. Below I recommend the teeth, it protects a healthy action to the gums and imparts a pleasantness to the mouth.

AN INTERESTING HISTORY

OF

DR. SCHENK'S OWN CASE,

WHILE LABORING UNDER CONSUMPTION

And how his Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills set on the System in Curing that Disease, and the

Great Success Attending It!

The above is a correct likeness of Dr. Schenk taken many years ago, after he had recovered from Consumption; by a course of his "Schenk's Pulmonic Syrup." The likeness, although it does not represent him anything like as bad as he was at the worst, yet it is in strong contrast with the hale and vigorous looks of the Portrait below, which is the true likeness of him at present time. The contrast between these two portraits is so great that many would not believe them to be the same person. Yet there are hundreds of persons, in and around Philadelphia, who will recognize both portraits to be true representations. When the first was taken he weighed 107 pounds; at the present time his weight is 220 pounds.

New York, Wednesday, March 30, 1864.

TO THE PUBLIC.

Thirty years ago I was in the last stages of Pulmonary Consumption, and given up to die. I resided in Philadelphia, and Dr. Joseph Parrish, then of this city, ordered me to Moorstown, N. J., a distance of nine miles which took me two days to get there. On my arrival I was so tired and sick, I laid for many weeks. This was my initiation into what is called Family Rest and had filled of Consumption. Dr. Parrish, who attended my father in his last illness, was called, and pronounced my case hopeless. He had seen all his family go that way, and thought I could go no further. Then I heard of the remedies I now owe to the public which enable me to resume the duties I could not then performing my share in society.

They set to repair the matter in new lungs, and I would call it more than a pint of offensive yellow matter every morning. As soon as this began to subside, and my cough was less painful, night sweats—all began to leave me and my appetite became so great that it was difficult why I could keep from eating too much. I now gained my strength and I have been a grateful to my cure since. For many years I have enjoyed uninterrupted good health, keeping to the lungs and Stomach healthy with the renowned Tonic and Mandrake Pills, as a laxative or gentle temperament. My weight is two hundred and twenty pounds. On my recovery people would send for me for and near, to see if their cases were like mine. For the purpose I put up pillboxes and vials in the large stores. I recommended my wife to use the same and she recovered from consumption and she was cured by the use of Dr. Schenk's Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills.

I am now a healthy man, with a large family to the greater labor of the Farm and may the lower lobe very much improved and the upper lobe of the plenum. The bell tones to cough, and the upper lobe of the right lung is now in perfectly healthy condition. The great secret of my recovery was the use of Dr. Schenk's Mandrake Pills, and Pulmonic Syrup. They give medicines to the stomach, and it is carried off by the action of the Mandrake Pills, the Pulmonic Syrup is made into blood. This is the only way to cure consumption. If I cannot get a good appetite, and food does not digest, I cannot cure the patient. Never mind the cough; remove the cause and the cough will stop of itself. Schenk's Seaweed creates a good appetite in about nine days, when there is no lung disease, unless the liver is so congested that the Mandrake Pills cannot unlock the muscle of the gall bladder in that short space of time, in order to allow the state bile to pass off. Keep the liver and stomach healthy and there is less danger of consumption or any other disease. It is hard to take cold when these organs are healthy. Those that are bilious, low-spirited, dreary, feeling stupid, coated tongue, poor appetite, nervous, stomach full of wind, everything that is eaten lies heavy, loss of memory, try one bottle of SCHENCK'S SEAWEED TONIC, and one box of SCHENK'S MANDRAKE PILLS. It is only a cost of one dollar and twenty-five cents, with full directions. This is sufficient, in many cases, to satisfy what the medicines are. Frequently one bottle makes a great change in the system. Any person that enjoys ordinary health, by using the Seaweed Tonic and Mandrake Pills occasionally, must get the digestive organs in such a healthy condition that they become healthy. I can produce a number of my old consumptives patients now enjoying good health, weighing nearly 200 pounds. I will conclude by relating three cures I have made in New York, and which are all different, and with any one who feels an interest in the matter to visit them. First is Mrs. Farlow, residing then at No. 107 Houston street. Her husband called upon me at my rooms, 32 Bond street and wished me to call and see her. He said I could do no good; that he had had all the best medical attendance, and all said she was too far gone with Consumption to be cured; but she had heard of some great cures I had made, and he desired to gratify her wishes. I called, and found her lying confined to her bed in the last stage of bronchial consumption and without doubt must have died soon. I examined her lungs, found both bronchial tubes very much affected, but no cavities had formed, her cough was very severe, the spit-box was half full of thick pus. Pulse 140, leg swollen very much; and worse than all, she had chronic diarrhoea. Her bowels had been moved eleven times that day. Odd her than she had lungs enough to be cured, but that this diarrhoea had been of long standing, and her stomach was in such a miserable condition that I was afraid nothing could be done. She indeed I should try and do what I could for her, observing that she could not last long in the condition she was in, and I could not make her any worse. I gave her a dose of my Mandrake Pills, and the tonic and Syrup freely. That was on Tuesday, and by the next Sunday the diarrhoea was carried off, her appetite had returned and she could sit up in bed and eat her dinner. She is now well, and gave a long certificate, certified to by the Rev. Dr. Downing.

Mrs. Bartholomew, 83 West Forty-fifth street, came to my rooms with a tumor on her liver. She was low-spirited, skin yellow, tongue coated, bowels costive, no appetite, and fast sinking into the grave. The said tumor had been forming for fourteen years. I gave her Syrup, Tonic and Pills, and sent her to take them just as the directions were printed. She came back to my rooms, 32 Bond street in two weeks, somewhat better; her tongue had begun to clean a little around the edges, her skin whiter and her eyes brighter and the tumor discharging very offensive matter, much faster than it had ever done before. She kept gradually improving, and in about two months she came to my rooms very much frightened, saying that the tumor had nearly stopped running, and was healing up, and that every doctor had told her that if it ever healed it would cause her death. I told her that the disease had all left her system, and sure would heal the sheer up. They are now healed, and have been for about a year, and she is a hearty and robust woman as you will find in a days walk. She is glad for any one to call on her, and takes great pains to tell any one that she hears has anything like her case, and tries to get them to come and see her. The most case is Miss Seofield, from Stamford, Conn. Mrs. Bartholomew got her down to see me, and she has been ever since at her house. When she first came to my rooms, she was much emaciated with a distressing cough, pitting large quantities of blood. I examined her lungs with the respirometer, and in three places I found one with one lung so far gone and the other lung so sound. I could not give much encouragement. I thought she would die; but to my astonishment the Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills all seemed to go right to work, the lung is all healed over, leaving a cavity as large as a goose egg; good appetite, fine spirits, and has gained some thirty-five pounds in weight. She has some cough yet, which I do not think will leave her before June. I should think it would be of great interest to some unprejudiced physician to visit these cases, particularly Miss Scofield, or any of them who have been cured by my medicines. They are numerous in New York; but the above three all differ from each other; and if my medicines are doing what I represent they are, they should have the credit and the afflicted know where and how they may be cured.

J. H. SCHENK, M. D.

Dr. J. H. Schenk can be found at the principal office, No. 59 North 6th Street, Philadelphia, every Saturday, from 8 A. M. until 6 P. M., to give advice free of charge; but for a thorough examination he charges three dollars. Price of the Pulmonic Syrup and Seaweed Tonic each $1 50 per bottle, or six the half dozen. Mandrake Pills 25 cents per box, and is for sale by all Druggists and Dealers.
