A NEW AND IMPORTANT DISCOVERY
FRENTISS'S
WASHING AND SCOURING
SOLUTION.
PATENTED JUNE 22, 1858.

This important discovery has just been patented by the United States, and it is now confidently recommended to Manufacturers, Housekeepers, and Families, as a labor-saving preparation, and costs less than half of any other article known for cleaning purposes. While it cleanses, whitens, and purifies Cotton, Linen, and Woollen goods of every description, it will not injure the most delicate fabric. Certificates of its value have been given by some of the leading manufacturers of the country, as well as by many reliable housekeepers and citizens.

Manufactured by the Patentee, and for sale by

SAMUEL GRANT, JR., & CO.,
169 SOUTH WATER STREET,
jy22-thtu 1y PHILADELPHIA.

CAUTION.

FRENTISS'S WASHING AND SCOURING SOLUTION.—The undersigned would caution the public against the purchase of Liquid Washing Solutions, purporting to be similar to, or equally efficient with, his. The undersigned is protected by a patent in the manufacture of the only article which can be safely and efficiently used. Spurious imitations have been put up, which will prove inefficient in cleansing, and deleterious to the fabric. Grocers and retailers should be careful not to purchase the Washing and Scouring Solution except of us, as they will otherwise render themselves liable as infringers. Purchasers should be careful to purchase ONLY FRENTISS'S SOLUTION, as they will thus avoid all risk of destroying the fabrics washed. Conclusive proofs can be furnished that this article will not injure the fabric. sept29-3mo-th&tu

HARRIS'S BOUDOIR SEWING MACHINE is offered to the public as the most reliable low-priced Sewing Machine in use. It will sew from coarse to the finest cambric. It is without exception, the simplest in its mechanical construction over made, and can be run and kept in order by a child of twelve years of age. The DURABILITY of this machine, and the QUALITY OF ITS WORK, are warranted to be unsurpassed by any other. Its speed ranges from three hundred to fifteen hundred stitches per minute. The thread used is taken directly from the spools, WITHOUT THE TROUBLE OF REWINDING. In fact, it is a machine that is wanted by every family in the land, and the low price of

FORTY DOLLARS,

at which they sold, brings them within the reach of almost every one. B. D. BAKER, Agent,
