CHEWING TOBACCO,

AN

IMPORTANT IMPROVEMENT

IN PUTTING UP

FINE CUT

CHEWING TOBACCO,

Has been adopted by Messrs. E. GOODWIN & BRO., of New York City.

TOBACCO, of the BEST QUALITY, is selected, neatly wrapped in TIN FOIL, and Patent Pressed.

The great advantages of this over other brands consist in the size of the packages, rendering it more convenient to carry in the pocket, and by being PRESSED SOLID it keeps MOIST and FRESH, and improves in quality as it is used; while in other brands, as soon as the package is opened, the quality rapidly DETERIORATES—the tobacco growing dry and littering the pocket, to the great annoyance of the consumer. The Dressing which the Fine Cut Tobacco undergoes in the process of manufacture frees it from all grit or impurities so objectionable in the use of Plug Tobacco. Chewers will do well to give the Patent Pressed a trial, and judge for themselves.

For sale by Wholesale Merchants, who receive it direct from the Manufacturers.

SIMES'S PURE COD-LIVER OIL, PERFECTLY SWEET AND PALATABLE, manufactured at Newfoundland for the Proprietors, from fresh and healthy livers, by steam, at a low temperature, thus preserving the sweetness and purity of the Oil, while the natural fishy flavor is perfectly covered, and the Oil rendered palatable and agreeable to the taste.

The Proprietors of this Oil spare no expense in having their Oil properly prepared at Newfoundland, the only place where the Gadus marrhus is found in abundance. The true Oil is frequently impaired by admixtures with oil from other species of the Gadus family, and only that coming from the "Banks" can be relied upon as the genuine.

Our Oil has been analysed, and pronounced to be pure and the perfection of fine quality—characteristics which enable it to maintain its superiority over all other kinds.
