(Manager usually late & closes early)

Road runners

Run for fun

By Robert Rejmaniak

If you love to run but don't necessarily want to be a marathon runner then the Capitol Campus Road Runners Club may be for you.

The Road Runners Club offers great fun and exercise to anyone, from the beginning jogger to the experienced cross-country runner.

Races the club will participate in include a five mile poker run, in which runners are handed a poker card at each mile mark, and upon finishing, the runner with the best hand wins; a 10 kilometer prediction run, where each runner predicts his/her own finishing time, with the one coming closest to the predicted time winning; a jogathon for charity; and other off campus races.

The club is also a way to receive serious instruction on running from the club adviser, cross country coach, Bud Smitley.

As Smitley put it, "This club is for anyone who wants to run. Whether they run 10 kilometers or half a mile, we'll find a place for them."

John Nichols grant given

By Marcia Rogers

In memory of Dr. John Nichols, a scholarship will be given this year to a Capitol Campus student.

John Richard Nichols, professor of social science and psychology, died June 10 following a brief illness, ironically, he would have retired at the end of the month.

Since 1968 when Dr. Nichols came to Capitol Campus, he has been known to his students as the "teacher who taught us to like chickens." He used chickens in behavioral modification experiments.

Not only is he remembered by his students, he's remembered by The Capitol Campus Women's Club, who offered the students a memorial scholarship in his name.

The Capitol Campus Faculty Women's Club traditionally gives grants to students in honor of a deceased faculty or staff member.

The Capitol Campus Faculty Women's Club, Scholarship and Loan Fund is for full-time undergraduates, that meet requirements of both financial need and academic achievement.

The scholarship is given in the form of tuition payment.
