GENERAL NEWS.

RELIGIOUS STATISTICS.—The New York Ex-[illegible] 1858 shows for the United States 5,890 Baptist associations, 12,168 churches, 7,690 ordained ministers, 1,024 licensed preachers, 1,000 deacons, and the 1,000 churches added in 1858 were 16,000 in Ohio, and the entire net gain for which entire country was not 16,000, but they are more likely to be too few than too high. The largest number of churches reported from any one State is Virginia, 1,114; the largest number baptized in any one State, New York, 16,301; the largest ministry in Georgia, 1,041. There are 33 colleges, 14 theological seminaries, 29 weekly newspapers, 16 monthlies, and 2 quarterlies, in the United States that record no Baptists for support; 34 new church edifices were erected in 1858; 238 new churches were constituted, and 304 ministers ordained.

There are probably nine two hundred Unitarian congregations in the United States to enjoy the stated ministry of the Word. The *Christian Register* of July 30 publishes a list of sixty-six unsettled ministers of the denomination, two-thirds of whom are in the United States, twelve of "Boston Orthodox" ministers are forty in City, are supposed to be willing as candidates for settlement, while the rest prefer to supply temporarily. Such facts would seem to indicate that there is a large surplus of ministers, or an alarming fastidiousness in the pulpits.

DESPERATE SHOOTER WITH A KNIFE.—The Charleston *Mercury* has the following:—A shark, about four feet in length, was secured near the ferry landing at Mount Pleasant, in a most novel manner. A white-headed and fearless negro was shrimping in a small canoe in shoal water, within some fifty yards of the shore. The shark got between the canoe and the shore, and the negro seized the shark by the tail, completely turned it out of the shallow water, and paddled into the water, not quite knee deep, to drive the shark ashore. But the shark would not be driven so easily, and finding himself in deep water, he made a bold stroke for deeper water. At parting, the negro made a gash with his knife in the shark's side, which was followed by considerable blood. The shark, by the force and velocity of the jerk, brought him down, and the two lay floundering in the water for some minutes, notwithstanding the advantage which the shark had of keeping in his own element. He was soon a prisoner, and the negro was brought in victorious triumph to the shore. The negro got the shark under several bites at the negro, but proceeded only in damaging his clothes to some extent.

SPIRITS $150,000 ON THE NEW OPENING OF THE CHARLESTON BAR.—The Minnesota, from the Gulf of Mexico, United States District Court, Judge Mathew Dominick, built on Monday, in the United States District Court, in the name of the Government, against Richard M. Corvisie and Wm. A. Wilson, to forfeit bonds of $75,000 each, executed by Wade T. Tindal and William Ford Rickner, in November, 1858. The Minnesota, from the Gulf of Mexico, was seized on a straight stake channel, at the outlet of the Mississippi River, in the Gulf of Mexico, known as the "Southwest Pass," and channel to be twenty feet in depth, throughout, will cost about $[illegible] three hundred and ninety-five thousand dollars. Open 8½ miles of the channel, and a half years from the date, also to open a ship canal at the outlet of the Mississippi River into the Gulf of Mexico, of the same depth and length, through what is known as the "Pass a Pontoit." A similar contract has ever been fulfilled, and yet it entered for the recovery of damages, and the money was paid.

SPIRITUAL MANIFESTATIONS.—One day last week, a daughter of Christopher Chrisman, of Jackson township, Butler county, was swinging by the door-post of her father's house, holding in her hand a large carving knife. By some means she let her hold and fell upon the ground in such a position that the knife penetrated between the ribs, entirely out of sight, to the depth of about nine inches, and was removed from the wound immediately, and without the knife from the wound, crying out to her mother at the same time that she was cut. The wound bled but little externally, but some vital internal part must have been injured, as she died within five hours afterwards.

GERMAN SETTLEMENT IN CAYUGA.—A gentleman who was at Auburn on last Saturday week, informs us that one hundred and seventy-seven (177) cars loaded with cattle left that place for the East that day, being the aggregate of the arrivals from the West during that morning and the previous night. Each car was allowed to carry from 16,000 to 18,000 lbs. of live cattle. At the former figure this would yield a load of 2,832,000 lbs., or 1,416 tons of live stock passing over the road in a single day.

ROMANCE READING IN THE UNITED STATES.—The people of the United States show a strong predilection for a light and fictitious literature. Of two thousand old and new volumes issued in this country in a recent year about one-half were works of fiction or of imagination. In France only about one-fifth of the same class, and in Germany the land works of fancy constitute one-seventh of the whole number published.

A MOST CURIOUS WORK, entitled "Les Mystères du Désert," has just been published at Paris. Its author is an old African traveller, M. du Couret, who, in order to pursue his explorations with more facility, turned Mahometan many years ago, and has ever since kept to that creed. Although he has just flying now, for some time, in France.

THE GREAT EASTERN.—The impression prevailing very generally that the steamship Great Eastern sailed for this country on the 4th of August, and that she is now due, or rather over-due. It will be seen by the advices that she would not be fully completed until the 15th of this month. The government trial trips had not been fixed.

CINCINNATI ENQUIRER.—The Louisville *Democrat* has information from an Opposition friend of the fourth district, that there is a search in the polybooks of one of the Cumberland county precincts, which will give Chrisman, Democrat, a majority of seven votes.

TAKING THE WHOLE.—The "Nationals" in Illinois offer to "bury the hatchet" if Douglas will consent to divide the Charleston Convention with them, on the principle that "the Douglas men cannot see the wisdom of making a division, when they have the strength to take the whole."

THE CARS have commenced running on the Vicksburg, Shreveport, and Texas Railroad, for the first time since the overflow of last spring subsided. The track is stated to have been much injured by the waters from the Mississippi overflow.

THE *Revue Spirite*, of Paris, states that a despatch has been received from Humboldt, informing his friends that he was welcomed into the spirit world by his friend M. Arago, who was the first to take him by the hand.

THE FRENCH MINISTER OF STATE has just officially appointed Mademoiselle Tagliori to be inspectress of all the dancing classes at the opera, and all the opera dancers are to be her pupils. As she may consider likely to become dancers, she performs.

THE FROST AND THE CRANBERRY CROP.—The immense cranberry meadows of Leonard Alden in Dedham, have seen the blasting effects of the frost on Tuesday night. His entire crop having been destroyed.—*Traveller.*

EARLY FROST.—Ice was formed at Somerset, Pa., on August 1st; week, and clothes hung out to dry were frozen stiff. The frost was very heavy, and did much damage.

REPORT OF CLARIET CRATON.—It is again current in Washington that Secretary Floyd will be obliged to resign, in consequence of the Hon. Elias N. Faulkner will be his successor.

KENTUCKY LEGISLATURE.—It has been ascertained that the Democratic majority in the Kentucky State Senate will be ten, and in the House eighteen, on joint ballot, twenty-eight.

GEORGIA GOLD.—Two bars of gold, weighing twelve hundred pennyweights, are the product of the labor of fourteen hands, seven weeks in a mine in Hancock county, in Georgia.

A PREACHER'S LAST.—A preacher lately said in his sermon, "Let women remember, while putting on their costly and expensive attire, how narrow are the gates of Paradise."

DROWNED.—J. R. Rockett, a prominent citizen of Quincy, was drowned a few days ago, while enjoying a sail on Lake St. Charles.

DISTRESS.—The Prescott (Md.) *Examiner* says that much of the corn in that county is ruined by the protracted drought.

The overland mail from San Francisco, July 15, took 6,020 letters, 5,820 for the Southern States.

PAPER MILL DESTROYED.—The extensive paper mill at Cazenovia, owned by Sweetland Brothers, was destroyed by fire at noon on Monday.

Terrible Tragedy in Cincinnati.

A HUSBAND SHOOTS HIS WIFE AND ATTEMPTS SUICIDE.—THE HUSBAND A FORMER RESIDENT OF PHILADELPHIA.

[From the Cincinnati Commercial, Aug. 17.]

One of the most startling and appalling tragedies which occurred in this city last night, between the hours of eleven and twelve. The watchmen installed at Ninth-street station to prevent any malicious attempt upon the premises of Mrs. Emma Pryce were aroused by the report of a pistol, given in quick succession. Hastening to the spot from whence the sounds proceeded, they found, lying upon the sidewalk, at the southeast corner of Eighth and Plum streets, a man and woman. Both were bleeding profusely, and they were quickly removed to the station-house, where the medical services of Dr. Carey and Dr. Vattier were procured. Upon examining the wounds of the parties, the woman was found to have received a ball in her left breast, which, it is believed, has lodged in the head, which has swollen, just above the right ear. They were both removed subsequently to the Commercial Hospital, and at the hour we write their condition is considered beyond recovery. The circumstances attending the affair are quite vague, and mystery has sought to be gleaned from the words of the man and woman as present. It appears that the wounded parties are husband and wife, the latter from some reason has of late been living in an assignation house on Plum street between Fifth and Longworth. Last night he called at the house and desired that she should accompany him on a visit. At the same time saying that it was his intention to kill her. She replied that she was not afraid, and immediately prepared to leave the house with him. When reaching the alley corner, he coolly drew out a pair of single-barrelled pistols, and first shooting his wife placed the other against his own temple and attempted to kill himself.

When carried to the station-house he made a remark "that he was no one to blame but himself." The woman, exceedingly weak from loss of blood, faintly said, "I come out of the house to die. My daughter! oh, my daughter!" The letters found upon the person, in no measure explain the causes of this terrible transaction. But there is about it a mystery which cannot as yet be solved. Both of them are young, not probably over twenty-five years of age. His original place of residence is, we believe, Philadelphia. Coming to Cincinnati, he was for a time employed as salesman in the drug house of E. Sessalin & Co., northeast corner of Fourth and Main.

SUICIDE BY YAGER.—[illegible]

Weekly Review of the Philadelphia Markets.

PHILADELPHIA, Aug. 19.

The movements in produce have been limited since our last weekly notice and the markets without any marked change. For Quercitron Bark the demand is better at the decline. Breadstuffs are dull, and for Wheat and Flour prices are lower. Corn and Oats, however, are better. In Hemp and Hides there is nothing doing. In the Iron market there is not much animation. Lead is firm. Lumber is very dull. In Naval Stores and Oils limited sales are making without change in prices. Plaster is scarce and wanted. Provisions are quiet, excepting Bacon for which there has been more inquiry to go South. Rice has declined. In Seeds there is very little doing. Tallow, Tens, and Tobacco are unchanged. Wool meets with a limited demand. The Dry Goods Trade is more active, but without any changes to notice in any of the leading articles of cotton or woollen manufacture. Boots and Shoes and Hardware are also selling more freely at about former quotations.

The Breadstuffs market has been unsettled and drooping during the past week, and the prices of both Flour and Wheat have further declined, the demand for the former being of a very limited character, the sales only reaching about 2,500 bbls. in small lots, at $5a5.25 for fresh ground superfine, and $5.25a5.50 per bbl. for extra. Some holders will not accept our lowest figures, but there is little or no inquiry for export, and the market closed dull. The sales to the trade have also been limited, at from $5.50 up to $5.50a5.62½ and $6 per bbl. for superfine, extras and fancy lots, according to quality and fresh ground. Rye Flour and Corn Meal are steady and the former rather firmer, with small sales at $3.75 per bbl.; the latter about 300 bbls Penna meal have been sold at $3.62½ per bbl.

The following is the inspection of Flour and Meal for the week ending Thursday, August 18, 1859:

Half barrels of superfine	206
Barrels of superfine	9,461
" extra	154
" extra family	32
" Rye	71
" Penna. Meal	716
" condemned	50
Total	10,731

WHEAT is coming in more freely and prices have declined fully 10c per bu; the demand for milling, however, is moderate; sales of 25,000 bus Pennsylvania and Southern have reported at 110a112c for fair to prime red, and 125a130c for common and good white, including mixed at 115a122c. Rye—The stock is small, with sales of 3,000 bus old at 77a78c, and new at 70c. Corn is better, and all offered, about 15,000 bus yellow, sold at 77a80c, closing at the latter price. Oats have been more active and prices rather advanced, with sales of 18,000 bus at 34a36c for new Delaware and Maryland, 36a37c for Pennsylvania do, and 37a38c for old, chiefly at the latter price. Barley and Barley Malt are dull and nothing doing.

PROVISIONS.—The transactions have been limited and the market generally dull. Western and city packed Mess Pork is quoted at $16a16.50; Clear at $18, and Prime at $13.50a14 per bbl. City packed Mess Beef is selling in lots for ship stores at $16a17 per bbl. Bacon has been selling, to go South, at steady prices; sales of 500 casks plain and fancy canvassed Hams at 11a12c, chiefly at the latter figure; Sides at 9½a10c, and Shoulders at 7a7½c, 60 days. In green salted Meats there is but little doing, and quotations are nominally unchanged. Lard is steady, with sales of 300 kegs at 11a11½c and 50 kegs at 12a12½c on time. Butter continues to meet a very limited inquiry, with sales of solid packed at 16a17c per lb; a lot of Grease Butter sold at 8½c. Cheese is worth 9a9½c per lb.

SEEDS.—There is but little inquiry for Pig Iron; sales include 600 tons Anthracite at $22a23 per ton for No. 1, $21a22 for No. 2, and $20 for No. 3, on time. Charcoal is worth $30a35; 6 months' Scotch Pig is held at $24, on time; a sale of Charcoal Blooms was made at $62, and Northern do $40, 6 months. Of manufactured Iron the sales are moderate at previous rates; Railroad Bars range from $48 to $52 per ton. Copper is dull; English Sheathing is held at 25c, and Yellow Metal at 20a21c, 6 months. Lead is firm, but quiet, at quotations; a sale of Spanish is reported on terms kept private. Tin—There is no change.

WHISKY.—The receipts of Quercitron are light, and prices $2 per ton lower, with sales of 100 hhds at $28 per ton for 1st No. 1. Tanners' Bark is steady, at last week's quotation, say $11 for Chestnut and $18 for Spanish Oak.

CANDLES.—For Adamantine there has been a little more inquiry, with sales at about 16c per lb. 6 months. Tallow: Candles command 12a13c per lb.

COFFEE.—The market is firmer and the stock light, with sales of 2,500 bags Rio at 10¾a11¼c, Laguayra at 11½c, and a small lot of Java at 15c per lb, all on time.

SUGAR.—Prices are unchanged, but orders come in slow, and the market is dull for the season. Nothing doing in Bituminous coal worthy of remark.

COTTON.—The market has been very quiet, the demand being limited and mostly for the better grades, which are comparatively scarce; sales of 750 bales, including the regular quotations for 112c for low middling, 11½c for ordinary, and 12c for middling. Date Uplands and Gulfs are 12a14½c cash. The crop movement since the 1st September is as follows:

RICE.—The demand is limited at 4a4½c, on time.

SALT is unchanged, and a cargo of Turks Island, and 6,000 sacks Liverpool sold on terms kept private.

SEEDS.—There is no change in Cloverseed, and little or none offering or selling; we quote it at $5.50a5.75 per bu. Flaxseed is wanted at $1.65a1.65, and Timothy at $2.50a2.75 per bu.

SUGAR.—The market has been inactive, but prices are the same; sales of 400 hhds Cuba at 5a5½c, and some New Orleans at 7a7½c, all on time.

SPIRITS.—Brandy and Gin are unchanged; New England Rum is selling in lots at 25a35c. Whiskey has been dull, and sales of Ohio bbls at 27c, Pennsylvania do at 26c, hhds at 25c, and drudge at 24½a25c.

TALLOW is but little inquired for; sales at 10½a10¾c per lb for city rendered.

TEAS.—The demand has been limited, but prices are firm.

TOBACCO.—Prices remain without change, and in both leaf and manufactured the transactions have been small.

WOOL.—The stock is mostly all in the hands of the manufacturers, and there is very little doing, sales in lots ranging from 37½c for common up to 55c per lb, cash for fine Fleece.

The bark Saragossa, says the N. O. Picayune, whose partial destruction by fire we mentioned some days ago, has been towed across the river to Algiers, where her cargo has been taken out and the amount of damage examined. The bark is so badly damaged that she is not considered worth repairing, and will in all probability be condemned. She was fully insured for $16,000. The cargo is all damaged except the lead on board, of which there is a large quantity. The value of the cargo is about what we have already stated, and the loss will be considerably, to one-half. The strenuous exertions of Captain Foote have contributed not a little to prevent the total destruction of the vessel, of which he is part owner.
