Movements of Troops.

The number of troops which have passed through this city, during the past week, is much greater than most of our citizens would suppose. A member of the Subsistence Committee informs us that between five and six thousand soldiers have been fed and entertained at City Hall during the past week, by the committee. On Sunday last they fed two thousand one hundred; on Monday, seven hundred; on Tuesday, sixteen hundred; and on Wednesday, one thousand. Aside from these, there were several small regiments or detachments which passed through the city previous to Sunday. Many troops passed through in the night time, but whether they arrive here by night or by day they never fail to get a comfortable meal at the hall of the Subsistence Committee, for which all express themselves deeply grateful. Some of the officers declared publicly, in the hall, after partaking of the hospitality of our citizens through the Subsistence Committee, that it was reserved for the people of Pittsburgh to extend to them the first public reception since they had left the field. Another officer asserted, rather emphatically, that Pittsburgh was the only place where they had been recognized as soldiers, and treated as *white men!* Thousands of these men had never had a cup of hot coffee from the time they left the field until they reached this city—and those who have been in the service know what a deprivation that is for a soldier to endure. It is a disgrace to the people of any community to permit these patriotic men—weary and travel worn—to pass through without extending to them so much as a cup of coffee, and the neglect will not soon be forgotten.

The men who have thus far passed through here belong to the 15th corps, (Gen. Blair) and the 17th corps (Gen. Logan.) They are on the way to join Gen. Sherman's forces, on the southern coast. In addition to those who have gone east by the Pennsylvania Railroad, some seven thousand have gone over the Baltimore and Ohio Railroad, by way of Wheeling.

Agricultural Society Meeting.

A regular meeting of the Board of Managers of this Association was held on Wednesday at the rooms of J. R. Reed, Fifth street. John Young, Esq., presided, with S. Schoyer, Esq., as Secretary. A resolution was adopted to hold a County Fair, but no time was settled upon. The entire session was occupied in discussing the eligibility of locations, and without coming to any definite conclusion, the whole matter was referred to a special committee of five, to report at the next meeting, Wednesday, February 23d. The following gentlemen compose the committee: James Park, Jr., John Murdoch, John McKelvy, Wm. Oliver and William Espy.

POSTPONED.—The Tennyson Lecture Club have received information that Mrs. Lippincott, who engaged to deliver a lecture in this city, under the auspices of the Club, will not be able to fulfill the appointment in consequence of an attack from scarlet fever. "FAR-FETCHED and dear-bought" is not always proof of value. The medical world is becoming alive to the fact that our common Dock Root of the fields is an important remedial agent and one of the most effectual alteratives known. It has always been a favorite medicine with the wise mothers of the country for ulcers and sores and for purifying the blood. This root, which grows so abundantly around us everywhere, is now known to be one of the ingredients of Ayer's Sarsaparilla, which is attracting public attention by its extraordinary cures of cutaneous and ulcerous diseases. Each country produces the antidotes for its own disorders, as was said of old: "And upon the banks thereof shall grow all trees for meat, whose flower shall not fade, and the fruit thereof shall be for meat, and the leaf thereof for medicine."—*Northfield (Vt.) Herald.*

AMERICAN BELLES.—America is justly proud of her beautiful ladies, but how many mar their beauty, and lose their health and youth, become prematurely old in appearance, by neglecting to take proper care of their teeth.
