THE CORPORATION OF PITTSBURG IN THE SUPREME COURT.—The Supreme Court was filled yesterday morning by a large number of spectators, who were interested in the proceedings before it. The issue involved the celebrated question of tax repudiation, which has at last brought the community of Allegheny county to a crisis, and the citizens of the State generally, for the last few months. Chief Justice Lowrie and Justices Woodward, Strong, Williams, and Knox were present. The case was that of The Commonwealth ex rel. E. H. Hamilton vs. The Select and Common Councils of the City of Pittsburg; a peremptory mandamus to compel the defendants to reapportion a tax full and sufficient to pay the interest on the City debt. The issue now rests upon the bonds issued by the city in payment of subscription to the Charters Valley Railroad, which bonds were called in by a full representation of the members of both branches of the Pittsburg Councils, although some of those who refuse to meet the body themselves, have signified, through the counsel for the obedient members, their assent.

Mr. Penny, of Pittsburg, appeared in behalf of a portion of the members of Select and Common Council, and stated that he had advised the Select Council, and gets from that, in obedience to the order of the writ, they have endeavored to comply with the demands of the court, by introducing and passing, in Select Council, an ordinance making provision for the payment of the interest upon the Charters Valley bonds, and, in their opinion, the common Council by his Counsel, in that ordinance will make ample provision.

In behalf of the minority of Common Council there are two returns, one signed by eight members, setting forth that they are ready to comply with the commands of the writ; that they have exercised their influence and have voted to that end, but that they were prevented from any final action by the majority failing to comply; the other return signed by twenty members of Common Council, as those excluded were not present at all the meetings.

Mr. Penny stated that the Councilmen would be very much relieved to have some order of the court, if possible, upon the answers filed, in order that they might not have the matter open as to what the future action of the court would be. Mr. Penny, in view of the present aspect of the case, was scarcely prepared to say what action the court would take, if the gentlemen on the above side would indicate what course the proposed to take upon the answer, he would know what to do in the premises.

Mr. Boggins, for the relator, in reply, stated that he expected the answers would be filed in a few days, and himself but a few minutes say. They would first ask that the answers be filed. As to the obedient members of Council, he did not think it necessary to make further order. He intended to apply to the court to-morrow for an attachment against the non-obedient members. They did not feel called upon to do more than they have done.

Mr. Penny relieved that the only difficulty in the case was that it left the question in such a way that the gentleman might hereafter examine the returns and find them defective, and then the members might be answer would be liable to be called upon again to come to court.

Chief Justice Lowrie. If they make any honest return and have made an earnest effort to comply with the other, they ought to be released from liabilities. Their answer was required to be made to-day, and if they have done their duty, as a matter of course, they are not called upon to act, except as far as their duty as members of Council still continues.

Justice Strong.—Does the return express their willingness to obey the mandate?

Mr. Penny thought it did, but there being some doubt as to this point, Mr. P. stated that an amended return would be prepared immediately. The case, so far as the obedient members were concerned, was thus disposed of.

Mr. Penny next stated that he had been entrusted with the return by the members of Councils who decline to obey the mandamus. This return was prepared by the solicitors for the Councils, who had requested Mr. P. to lay it before the court. It is as follows:

"To the Honorable, the Judges of said Court, sitting in and for the Eastern District of Pennsylvania.

"The undersigned, members of the Common Council of the city of Pittsburg, respectfully return the answer to the writ—

"That they are not thereby advised of the amount of interest which is claimed to be due and owing upon the several bonds referred to therein, and have no record or memorandum of any such demand or claim made.

"That they are only a branch of the legislative authority of said city, deriving their power from the people thereof, and, together with a deliberative capacity, have the executive duty of carrying into effect the ordinances of said Council, and, in so far as they are upon their several oaths of office, they cannot in conscience undertake to levy and assess a tax on their constituents against their own judgment and without the consent of the people whom they represent.

"That they cannot in any way control the action of a co-ordinate branch of the city government, which we found it necessary to exercise in the exercise of their trust to differ with us, and, therefore, and that they cannot obey the mandate of your honorable court, under the existing circumstances as would deprive them of the exercise of their free judgment in the premises.

"The undersigned, professing, however, their entire willingness and earnest desire (in case these opinions are supposed to be erroneous) to do any act (not involving a writ) to surrender their trust to their constituents, to be discharged, away, at their pleasure, to such persons as may conscientiously accept of it, upon such terms as may enable them to conform to the order of the court in the premises.

Pittsburg, March 24, A. D. 1860.

"The answer was signed by Messrs. Bailey, Bennington, Dilworth, Fergus, Fetterman, Forsyth, Hill, Lear, Lutton, Miller, Petrie, Rees, Robinson, Ross, Scott, Stoner, Taylor, Wells, Frost McCandless.]

Mr. Boggins, of Pittsburg, presented a return of Mr. Wm. C. McCarthy, setting forth that he had resigned to seat as a member of Councils before the service of the alias peremptory writ. Mr. Boggins presented the return of five members of Select Council, setting forth that, at a meeting of the Select Council, an ordinance was introduced into Council, making provision for the payment of the interest.

Mr. Boggins stated that all these returns might be filed and left to stand for the action hereafter. The request was agreed to, and the case was postponed until ten o'clock this morning.

TRIAL OF CHRISTOPHER MCFARLAND FOR MURDER.—In the Court of Oyer and Terminer, yesterday morning, before Judges Lowrie and Allison, in the bench, the case of Christopher McFarland, charged with the murder of his wife, was called up.

Alderman Sellin testified to having made the post-mortem examination on the body of the deceased, and to having found a pistol bullet in the brain of the deceased. Dr. S. S. Brown sworn—I made a post-mortem examination of the body of Catharine McFarland; found the bullet lodged in the brain; it was a conical bullet; it had a hole in it (does with the finger nails); there were injuries of the face and forehead; and other parts of the body; the injuries on the face and forehead were such as I supposed the lady had been pounded upon; the injuries were such as would be produced by the blows on the head; the injuries might have been inflicted with a piece of wood, a poker, or a cowhide; I think.

Mrs. Judith Mary Swora—I lived in the room above McFarland's; I was there on the night of the murder; I heard a violent noise; I heard a fall; I heard it intermingled with the cries of children; I then heard a blow on the floor; I then heard a pistol shot; I can say positively as to where voices it was that I heard; I went into the house on the next morning, and found the body lying on the floor; at that time she was dead; she was bloody all over.

Lavina Freeman affirmed.—I live in front of where McFarland's lived; on Tuesday afternoon I saw McFarland and his wife quarrelling; the prisoner struck her in the breast and knocked her down; he knocked her down in the kitchen; I was in the house; I left immediately after the next morning I went in and saw the body; she was dead; she was bloody, and little fever, and would not cover it so; I saw she was dead; I told him she had been murdered; he said he did not no such; he did not; I told him he did; he said; I told Theodore the prisoner was under the influence of liquor last night.

Mr. Foreman affirmed.—I remember the morning when the deceased was found; I went to his house, and saw the old woman; I asked her what the old woman says he, "She's a little sick and will stay in bed;" my wife was about; she but her head on the body of the deceased; I said, "Is she dead?" She replied—"I didn't do it;" I then went to a police office for an officer; I have heard the prisoner make threats frequently, saying he would kill her.

Patrick Nugent sworn—I went to the house of the deceased on Saturday after the murder; I asked him how was the old woman? he said, she was well; I said, "If that is her on the bed she does not appear to have life;" Mr. Foreman went after an officer, and had the prisoner arrested; I saw the deceased the day before the murder; she was not in the least degree under the influence of drink; I never saw her drink; when I saw the prisoner that morning he did not appear to be under the influence of liquor, he seemed to be perfectly intelligent; I never saw the prisoner; to my knowledge, intoxicated.

Elizabeth McFarland, a little girl, about seven or eight years of age, was called to the stand. The counsel for the defence asked her a number of questions testing her mental qualifications. She did not understand the oath, but on its sworn—I am seven years of age, and am the daughter of Christopher McFarland; I heard my father tell my mother that he would knock her brains out; my father took my mother to go to bed and he would not let her go; I was in bed; I staid all night at my grandmother's; when I came home in the morning he and my father was sitting on a chair; I did not hid him that night; my father would not let me go into the house; I did not see my father strike my mother, although I saw him go to do it; I did not go out to set down; I did not go for my father; I did not go for his pipe; I frequently went myself to get the pipe; I never told my father a lie; although my mother drank; my father was drunk that day, although my mother was not.

At this point the court took a recess until three o'clock.

The point remembered at 3 o'clock. The testimony was continued for the Commonwealth, after which the defence opened their case by the Counsel for the prisoner, who called the defence merely attempting to lessen the degree of the offence committed by the prisoner, while admitting the fact that he had committed it. It was argued by the counsel for the defence that the prisoner was under the influence of liquor that he was unable to appreciate the consequences of his act.

The speeches of Messrs. Ashman and Johnston for the defence, and Messrs. Boggins and Lowrie, for the prosecution, were then made, occupying nearly two hours, after which the court charged the jury, and they retired for seven minutes, they returned a verdict of "murder in the second degree." The prisoner seemed little affected by the verdict, welcoming it as an escape from the scaffold.

PROCEEDINGS IN THE COURTS YESTERDAY.—The Supreme Court yesterday after disposing of the Pittsburg case, (elsewhere reported,) proceeded to the transaction of its regular business.

In the case of Stevens vs. North Pennsylvania Railroad Company, the following decision was handed down:

In the case of Stevens vs. North Pennsylvania Railroad Company, the following decision was handed down: The opinion involves an interesting point of practice: "It has been usually agreed on writs of ne. ex. on a mortgage, that the sheriff may take the mortgagor's person for any one term, and the other by the first day of the next term, unless the Court of Mayor's Court vs. Stevenson, 1 Grant's Cases, 48. THE STARS AND THE ANGELS.—On the 31st of March will be published a work of extraordinary interest, entitled

THE STARS AND THE ANGELS. 1 vol, 12mo. $1.25.

NOTICES FROM THE ENGLISH PRESS.

The first part is really sible, and, in various respects, fresh and ingenious. Many of the speculations that have been drawn from the facts of astronomical discovery.—Times (Lond.)

In the second part the author treats of the physiological relations of man to the angels and merely animal creation. We cannot but think the author has made the importance and sublimity of the subject, or the study and research of the author, merits high commendation. He evinces an extent of reading and research, commensurate with his scientific knowledge.—Scottish Guardian.

MERCHANT TAILORS.

E. O. THOMPSON,
MERCHANT TAILOR,
N. E. CORNER OF SEVENTH AND WALNUT STS.,

Respectfully invites the attention of all those suffering from the effects of the Spring Season, to his superior method of cutting and fitting this important garment. This is a bold assertion almost unheard of, perhaps. The truth is, however, that the fault generally lies with the unskilled cutter, who has never searched for the scientific principles of his business. Dodson, in a measure, made this department a specialty. I invite all who are interested to give me a call. I have always on hand a complete assortment of Cloths, Cassimeres, Coatings, Pantaloons, and Vestings, of the latest styles, partially of my own manufacture. mh24-3m
