The only transaction at the Morning Board today, was a sale of 30 shares of Fourth National Bank Stock at 172,00. The Evening Board met at the usual hour, but immediately adjourned over until Wednesday evening, at which time we expect to see a very full attendance, as operators, and the public generally, will be anxious to see what effect the capture of Richmond, and the decline in gold, will have upon the stock market.

In our report of the sales of stocks at the People's Exchange on Saturday evening, a sale of 100 shares of Pittsburgh & Philadelphia, was reported at 1,05, which should have been Pittsburgh & New York.

## DAILY REVIEW OF PITTSBURGH MARKETS.

MONDAY, April 3, 1865.

Upon the reception of the intelligence of the occupation of the Confederate Capital by the national forces, this morning, business of all kinds was completely paralyzed, and the balance of the day was spent in a general rejoicing, in which our business men, with but very few exceptions, took a conspicuous part. Counting rooms and store rooms were almost completely deserted, the bulletin boards being the only attraction, and notwithstanding a great number of our merchants and manufacturers are likely to lose heavily (pecuniarily) in the depreciation of the value of their goods, none, we are sure, will rejoice more heartily than they. And, after all, it must be conceded, that in a business point of view, the future does not look so black as many imagine. While it is probable that many heavy operators and speculators will be forced to the wall, it is claimed, by financial authorities, that there will be but comparatively few failures among those engaged in legitimate trade, and that after the excitement attending the present important movements has subsided, business will be resumed on a better and surer foundation, than at any time since the commencement of the war.

GRAIN—There is no demand for either Wheat or Barley, nor are there any established quotations for either. Corn is dull and nominal, with an occasional small sale of Ear from store at $1@1,05. Oats less active, but as the supply is light, prices remain unchanged.

FLOUR—The demand for this article continues exceedingly light, and with a good supply, the market rules very dull and prices are steadily declining. We now quote Extra Family at from $9 to $9,75 for Spring and Winter Wheat brands.

PROVISIONS—The demand for Bacon continues very light, and while the market is dull and stagnant, prices remain nominally unchanged. Lard, also, is dull and neglected, while Mess Pork or Bulk Meats are scarcely mentioned.

BUTTER—The receipts continue quite liberal and except for strictly prime Roll, there is but very little inquiry. We note sales of 15 packages, at prices ranging from 20 to 35 cents, for inferior to strictly prime Roll.

EGGS—Dull and drooping, the supply being considerably in excess of the demand. Sales of 28 bbls in lots at 18@20c per dozen.

POTATOES—Steady with sales of prime Peach Blows at $1,10 per bushel. Jersey Sweets are quoted at $7@7,50 $ bbl.

GREEN APPLES—A little dull, in consequence of an over supply, and while the market is weak, prices remain nominally unchanged.

### PITTSBURGH PETROLEUM MARKET

MONDAY, April 3, 1865.

The oil men, like the rest of our people, were so elated over the glorious news from the seat of war, that but little attention was paid to oil matters, business for the time being looked upon as a secondary consideration. There was not a single transaction in Crude that we could hear of, and in the absence of sales, we quote nominally at 20@21½ bbls returned, and 25@27½ bbls included, and these may be regarded as the extremes of the market. Refined, in sympathy with Crude, was also, very quiet, not a single operation in either bonded or free being reported. We continue quote the latter at 70@71 cents, for prime city brands. No movement to note in either Naptha or Residuum, and no material change to make in quotations.

The receipts of Crude by the Allegheny river since our last report were as follows:

| | | | |
|---|---|---|---|
| McKelvy & Miller | 152 | O. G. Brown | 45 |
| Fisher & Bro | 278 | R. T. McClure | 112 |
| Duncan | 140 | A. L. Linton | 1521 |
| Total | | | 2247 |

### PHILADELPHIA STOCK MARKET.

Special Dispatch to the Pittsburgh Gazette.

PHILADELPHIA, April 3, 1865.

Oil Stocks were neglected and very dull to-day, under the exciting news of the fall of Richmond, and prices, generally, were irregular, with very little disposition to operate, and the Board adjourned at an unusual early hour. The closing quotations were as follows:

| | | | |
|---|---|---|---|
| Big Tank | 3 00 | Caldwell | 4 50 |
| M'Clintock | 6 62 | Sugar Creek | 8 75 |
| Walnut Island | 1 25 | St. Nichols | 3 00 |
| Cherry Run | 25 00 | Dalzell | 5 00 |
| Dunsmore | 7 00 | Bull Creek | 2 75 |
| Atlas | 1 12 | M'Crea & O. H. | 1 75 |
| McElhenny | 3 62 | | |

**Philadelphia Produce Market, April 1.**

Fish—The demand for Mackerel is limited, and prices are barely maintained. All recent arrivals here have been stored. Shore Nos. 1's and 2's, in first hands, are nominally held at $25 and $18. Sales of No. 4, in a small way, from a store at $13@$7 $ bbl for Shore; $16@16,50 for Bay; $18,50 for Shore No. 2's; $16 for Bay do; $15 50 for large, and $15 for small No. 3's. Codfish are lower. Sales at 9@9½c. Pickled Herring may be quoted at $3,50 @$5. Hake are held at $7; Haddock at $6,50; Salmon at $40; and Shad at $23 per bbl.

Domestic Fruit—The demand for Green Apples is limited, and prices nominal at $5@6,50 per bbl. In Dried Fruit there is very little doing, and prices are not so firm. Sales of Western and New York State Apples in lots at 11@13c. 10,000 lbs Peaches sold at 25c for quarters, 28@35c for halves, and 40@45c for Pared. Cherries are very scarce, and worth 38 cents. Blackberries may be quoted at 38@40c. Raspberries at 50c. Walnuts are scarce.

Seeds—The receipts of Cloverseed have fallen off, and it has been in good request, chiefly for Baltimore and other markets, at an advance of 25 cts per bushel. Sales of 2,600 bushels at $16@17,50 @ $15 bu—chiefly at $17@17,25. Timothy is lower. Sales of 200 bushels at $5@5,25. Flaxseed is in limited request at $3,15@3,20 per bushel. About 100 bgs Orchard Grass at $3,50, 500 bags Red Top sold at $4,25.

Butter—Is dull, and prices are irregular. Sales of solid packed at 26@28c; Roll at 31@33c; Goshen at 34@36c.

Cheese—The receipts and stocks are very light, and the market is firm. Sale of New York factory at 24@25c; do Dairy at 22@23c; Ohio at 21@23c; and English dairy at 20c.

Eggs—Are selling at 23@25 cents $ dozen.—*Price Current.*

## RIVER INTELLIGENCE.

The river continues to recede steadily at this point, the pier marks last evening indicating eleven feet full. The weather yesterday was clear and pleasant, and business was comparatively active at the wharf.

The only arrival we have to report is the Emma Graham, from Zanesville. The Minerva, from Parkersburg, is due to-night, and the Guide and Revenue, from Cincinnati, ought to arrive here tomorrow.

The Bayard left for Parkersburg, on time yesterday, and the Onward, for St. Louis, it was thought would get off last night.

Capt. Robt. Robinson, of the Kate Robinson, is here on a visit to his family. The Kate, we believe, is still in the Cincinnati and Nashville trade. Capt. John Hare, who has for almost two years, during which time he has had command of the Lilly Martin, was also in the city yesterday. Capt. H., we understand, will leave for St. Louis to-day, to take charge of the office of the W. H. Osborne.

The news of the capture of Richmond caused great excitement at the landing yesterday. The bells of all the steamers in port were tolled, flags were flying, and whistles blowing, causing a great deal of noise, but at the same time presenting a very lively and pretty appearance.

The Petrolia cleared for Oil City, last evening, with a fair freight list, and quite a number of passengers.

The Emma Graham Capt. Stull, is the regular packet for Zanesville to-day, leaving at 4 P. M.

The neat and pretty Spray, Capt. Donaldson, as announced for Cincinnati and Louisville forthwith, and passengers and shippers should bear this in mind.

The Armenia, Capt. A. C. McCallum, is filling up rapidly, and will soon be ready to clear for St. Louis. She has superior accommodations for passengers, and plenty of room for freight.

The Maggie Hays, Capt. Hendrickson, is announced for St. Louis and the Upper Mississippi, leaving on the 11th last.

The Nevada and Financier, were advertised to leave Cincinnati for this city on Monday. The Hard-Times and Wauantia, arrived there on Sunday.

We learn from the Louisville *Press* of Saturday, that the Panther, with a very heavy tow of coal, descended the falls on Friday last.

We take the following from the Cincinnati *Commercial* of Saturday:

The tow-boats Allegheny, Belle No 4, Vulcan, and another tow-boat, passed up to Pittsburg, on Saturday, with a tow of 10 barges of veteran United States mules—2,000 head, from St Louis. They go to Pittsburgh to recruit or go to grass. The David Watts left for Pittsburgh with a fair trip of people and freight.

Captain John Watson, on Friday, purchased the fine side-wheel packet Bostona, for $400,000, to take the place of the James Watson, in the Memphis and Vicksburg trade. The Bostona will clean out some of the fast nags in the lower Mississippi, as she is one of the fastest steamers afloat.

PROPOSALS FOR BITUMINOUS COALS.—Sealed Proposals will be received at the office of the Philadelphia Gas Works, No. 20, South Seventh street, until noon of Friday, 28th of April, 1865, for supplying the whole or part of seventy thousand tons of Bituminous Coals, suitable for the manufacture of illuminating gas; to be delivered on the railroad tracks of the gas works, at the Twenty-sixth and Ninth Ward Stations, in the following quantities: seven thousand five hundred tons in each of the months of June, July, August, 1865, and January, February, March, April and May, 1866.

The coals must be delivered fresh, dry and of a quality approved by the Engineer of the Gas Works as equal to the sample on which the contract is based.

The proposals must describe the particular variety of coals intended to be supplied and the location and name of the mine or pit from which they are to be raised. If they are of a kind not now or recently used at these works, samples for trial of not less than fifty tons must be delivered at the works on or before the 7th of April next.

The gross ton of 2240 lbs. will be considered as the weight intended in the proposals, unless the contrary be expressly stated.

The Trustees reserve the right to accept any proposals in whole or in part, or to reject all, as they may deem best for the interests of the Trust; and in event of failure on the part of any contractor to deliver the coals, according to his agreement, both in quantity and quality, the Trustees reserve the right to buy elsewhere, whatever quantity may be required to meet the deficiency, and charge to the contractor any loss or damage arising from such failure.

Payments will be made monthly, in two equal instalments, at four and six months after the specified periods of delivery, the 15th of each month being taken as the average of the monthly deliveries, or at the option of the Trustees, will be made at earlier dates, with legal interest off.

Should contractors prefer to make deliveries earlier than required, they may be received, so far as they can be conveniently stored, but payments will be made to date from the time specified in the contract.

Security for the fulfillment of contract will be required, and each proposal must name the amount and character that will be offered.

mh20:td Engineer in Chief.

THE GREAT PURIFIER.

# HEMAPANAKA.

Since the introduction of medicine, the origin of disease has perhaps been the subject of more serious and scientific consideration by the most learned of the profession than any other connected with the laws of the Great Creator; not a few have contended that all diseases have their origin in the stomach; others, the solids of the body; others again, and by far the greatest number, contend and reason that the BLOOD itself is the very fountain of life—that if it becomes impure, then disease in its worst forms—Scrofula, Cancer, Ulcers, &c., appear; and indeed, experience in treating this class of diseases by *purifying* the blood and thereby effecting their eradication and cure, prove this to be the correct theory; acting upon which theory, the medicine now known as HEMAPANAKA, was composed and brought into practice, producing the most gratifying results.

Its use soon exercises such a mastery over SCROFULA, ULCERATIONS, PIMPLES ON THE FACE, TETTER, SALT RHEUM, LIVER COMPLAINT, LOSS OF APPETITE, DYSPEPSIA, RHEUMATISM, GENERAL DEBILITY, &c., &c., &c.

as to give, from the time it is first taken, encouragement to the patient, by making both seen and felt, the good it is about to accomplish. It was thought best to put it up in bottles at 50c. and $1.00 each,—as many persons are disposed to *try* an article but are often deterred at the expense,—so the trial here can be made at a moderate outlay, and satisfy the purchaser that the article is what is claimed for it to be, viz: the greatest FAITH GIVEN ever brought before the people. Delicate Females will find in it the medicine they need.

That the public may form some idea of its peculiar curative merits, we subjoin a list of the principal articles of which it is composed, with a short description of the uses and adaptation of each, taken from the highest authority known to medical science.

*HONDURAS SARSAPARILLA*

Is used with a beneficial effect in cases of Rheumatism, Scrofulous Affections, Cutaneous Diseases and other depraved conditions of health.

*DANDELION*

Is tonic, diuretic, and aperient. It has a specific action upon the liver, exciting it when languid, to secretion. It has been much used in Germany in diseases of the digestive organs.

*IODIDE POTASSIUM.*

There are few diseases in which it has not proved beneficial; it is used in Scrofulous Affections with great benefit; it has also been used with much success in treatment for Inflammation of the Eye. It generally increases the appetite and flesh.

*LAVENDER FLOWERS*

Are aromatic, tonic, and highly invigorating in cases of Nervous Debility.

*WINTER GREEN*

Is especially valuable in cases of Scrofula and Rheumatism.

*CHAMOMILE FLOWERS*

Are advantageously used in cases of Enfeebled Digestion, but are especially applicable to cases of General Debility with weak appetite.

*MEZEREON BARK.*

It acts favorably as an alterative in Chronic Affections, Chronic Rheumatism and obstinate Diseases of the Skin.

The balance of the formula is withheld as a protection against fraud.
