Gold is still on the wane, having touched 138 at one time in New York to-day. These sudden and violent fluctuations in gold have a very unfavorable effect on the markets generally, keeping them constantly in a state of excitement and confusion, and restricting operations of all kinds. Government Bonds have undergone no decided change.

—Our local stock market was excessively quiet, not a single operation of any kind being reported. There is some inquiry for Pit-hole Oil stocks, but these, generally, are held pretty firmly, holders seemingly disposed to hold off for future developments. When we speak of Pit-hole stocks, we mean the stock of companies who have territory in that particular locality.

—It was reported on the street to-day that the Cherry Run Central had made a strike of a three hundred barrel well on Cherry Run, but the report lacks confirmation, and, for aught we know, may have been manufactured for the occasion.

—Late advices from the property of the Pittsburgh & New York Co., in Green Co., are of a more favorable character. Their well, it seems, has been cleaned out, and it is now said to be pumping from twenty to twenty-five barrels per day. This Company, it is claimed, with proper management, would be able to pay its stockholders a very handsome monthly dividend.

—The fractional currency is undergoing the process of curtailment. Large quantities are redeemed daily in the Treasury Department in Washington and at the various sub-treasuries. It must be put up in packages when sent for redemption, containing even hundreds of pieces—that is to say, each package of ten cent pieces, ten dollars, &c. Different varieties of the same denomination of currency must be sent in separate packages, faced uniformly upwards, and mutilated currency must be sent separately from the whole. Thus arranged, if these packages be addressed to the Treasurer of the United States at Washington, and registered at the Post-office, returns by check may be expected in from eight to ten days.

—The Secretary of the Treasury telegraphs to the Collector of the port of New York: "The proclamation removes all restrictions on products and on all trade, except in contraband articles, east of the Mississippi." Other dispatches state that the twenty-five per cent drawn back upon purchases of cotton is also abolished by the proclamation. The trade of the South may now be considered free, and in a short time cotton and other produce will be received from that quarter.

—The more the cotton question is agitated the lower is the price. The order or proclamation of the President last week, cutting all the restrictions heretofore imposed on its shipments, is also telling favorably on a reduction of its price. The entire trade in dry goods is dull, as is usual at this season of the year, which, connected with the southern movements in cotton, produce a weakness in cotton fabrics. Prices of cotton goods are mostly lower than a week ago, though certain styles, specially on demand, are tolerably firm. There is no inclination among buyers to take any more goods than they can immediately sell; and time contracts are to a considerable extent declining. The productions of manufacturers is generally lessened, and stocks are generally augmenting. The movements of cotton are closely watched, and among jobbers opinion prevails that increased receipts of raw material will soon put down prices. Heavy sheetings are now held at 25c@27c; fine goods, however, will sell at proportionately higher rates.—*Phila. Ledger.*

—We clip the following from the Marietta (Ohio) *Register*: The Aurora Oil Co., of Pittsburgh, is in luck. Last week, it struck a first-class oil well, on the farm of John Smithson, Sr., Aurelius township, this county—in the Duck Creek region. There was not a "show" until down over 400 feet; when the show appeared in a manner greatly delighting all concerned—the well overflowing with oil, all at once, and flooding the immediate vicinity. Several barrels of oil were afterwards collected from holes in the ground, and from the surface of the creek. On Saturday evening, at 6 o'clock, the pump had been rigged and was set to work. In five hours forty-five barrels of oil had been pumped out, when the work was suspended for Sunday. Monday morning, as soon as it was finished, it again flowed. This is believed, by good judges, to be the best oil well ever struck in Washington county.

—The same paper says: "The oil well recently struck on the East Fork of Duck Creek, near Harrietsville, which we mentioned, last week, is still said to be doing finely—a first class well, we are credibly informed." This well, we believe, belongs to the Champion Oil Company of this city.

—An oil well it is said has been struck on the Stephens farm, Thirteen-Mile Creek, Mason Co., West Va., at a depth of 160 feet, in a hitherto undeveloped region. It belongs to the New York and Kanawha Petroleum Co. The boring began only about a month ago. It has not yet been thoroughly tested, but the indications are that it will be a paying well.

The New York *Commercial* of Monday says: The sale to-day of about half a million of Five-twenty Bonds, on London account, will have a partial effect upon the rate for Wednesday's steamer. To-day our correspondent at Washington telegraphs that President Johnson has determined to declare, at an early day, the cotton trade of the region west of the Mississippi open to the world, a course which would open for shipment an immense supply of cotton.

The Crops—The Rain.

[From the Monroe (Wis.) Sentinel.]

This section of country was visited by a general rain on Friday, which has given vegetation a fresh impulse. There was more rain north and south of us than here, but our farmers feel very thankful for what fell to their lot.

P. S. A splendid rain set in yesterday afternoon, and continued at intervals through the night. This is cloudy and damp, and splendid growing weather.

[From the Iroquois (Ill.) Republican, 15th.

Every day we meet farmers from various parts of the county, and upon inquiry we are informed that the growing crops are quite promising. In the towns of Milford, Stockland and Prairie Green the wheat is looking unusually promising. The rains of the past few days have started corn ahead finely. Some complaint is made of the cut worm and chinch bug, but their mischief will be stayed by the hot weather. On the whole, there is abundant reason to look for a fine harvest.

[From the Mount Vernon (Ill.) Unionist.]

The wheat and grass crops in this county promise a larger yield than for many years previous. What few oats were sown are also looking fine. The corn, although late planted, begins to show great signs of promise. Vegetables are beginning to find their way into the market, much to the gratification of our citizens.

[From the Shelbyville (Ill.) Union, 16th.]

Wheat harvesting has commenced in Union, Johnson and Williams counties in southern Illinois. The yield is good. The corn crop in this State was never more promising.

Baltimore Market.

BALTIMORE, June 20.—FLOUR—Heavy; Ohio Extra, $7,75, and 500 bbls Howard Super, at $7,75. GRAIN—Wheat dull; Red declined 10c. Corn firm; White, 98c@$1,00; Yellow dull, at 91c. WHISKY—Dull; sales at $2,10. PROVISIONS—Firm and advancing. GROCERIES—Sugar dull.

PITTSBURGH MARKETS.

TUESDAY, June 20, 1865.

The decline in gold has tempered down the views somewhat of those who were sanguine that it would go to 150, and, perhaps, 175, and instead of persistently arguing that values would and must appreciate considerably, the impression, now seems to be that everything will go lower. There is no improvement to note in the demand for any of the leading commodities, and no particular change to make in prices.

GRAIN—There was no movement in Wheat, Rye or Barley, and, in the absence of sales, we omit quotations. Oats continue to meet with a fair demand, but the receipts are becoming more liberal; sale of 115 sacks at 60; 50 sacks at 60; and 1 car to arrive at 58; also, small sales from store at 65. Corn—continues very dull, but prices are nominally unchanged; sale of 50 sacks prime ear at 75.

PROVISIONS—There is but little inquiry for Shoulders or Sides, and we continue to quote the former dull at 15@15½, and the latter at 18@18½. Choice brands of Cincinnati Sugar Cured Hams (canvassed) have still further advanced, and we now quote at 24½@25. Lard is quiet at 19@19½, and Mess Pork at $28@30.

GROCERIES—Market firm with a fair jobbing demand but prices are not quotably higher. Sales of Coffee at 30@32; Sugars, 13@15½ for Brown; 20½@21 for hard Refined and 19@20 for soft do. Prime Porto Rico Molasses is quoted at 90.

FLOUR—Continues dull and nominal with sales from store at $7,75@8,25 for Spring and Winter Wheat brands of Extra Family.

BUTTER—There is a slight improvement in the demand for strictly prime Roll, but prices are not quotably higher—18@20. Packed is selling at 12@15.

EGGS—Scarce, and in good demand, with sales at 24@25.

CHEESE—Is dull, but unchanged. Sales at 15@16 for W. R., and 20@21 for Goshen.

DRIED FRUIT—Sales of 4 barrels Apples at 7½ cents. No sales of Peaches reported for some days past.

POTATOES—Scarce, firm, and in demand. Sales of Reds at 75@80 cts per bushel, and Peach Blows at $1.

FEATHERS—Sales at 40c per lb.

HAY—Sold at city scales to-day at prices ranging from $15@19 per ton.

PITTSBURGH PETROLEUM MARKET.

MONDAY, June 20, 1865.

The decline in gold from 142 on Monday to 138 to-day had a depressing effect on the Petroleum market, restricting the demand, and causing a general stagnation. The market for Crude is quiet, but steady with no change to make in market quotations—31@31½, bbls returned; 33@33½, in bulk, and 38@38½, packages included. Sale of 112 bbls at 31½; 300 at 31, and 35 bbls (heavy gravity) at 26, bbls returned. For Refined, in bond, there was less demand to-day, owing, no doubt, to the decline in gold, and we have no transactions to report. On the spot, prime city brands may be quoted at 46@48 cents, and 49@50 for July and August delivery. Free Oil is quiet and unchanged. Naptha may be quoted at 20@21, in bond, and 40@41, free, and Residuum is still held firmly at $3,50.

—Since writing the above we have two sales of bonded oil reported—100 barrels at 52, delivered in Philadelphia; and 200 bbls, on the spot, at 44.

The receipt of oil by the Allegheny river since our last report, were as follows:

Fisher & Bro	200	J. Gallagher	262

ALLEGHENY CATTLE MARKET.

Reported Expressly for Pittsburgh Gazette.

ALLEGHENY CITY, June 20, 1865.

CATTLE—There was an unusually large supply of Cattle on sale this week, the number now being estimated as from twelve to fourteen hundred, and with less than an average demand, the market ruled very dull, and, as compared with last week, there was a decline of from ¾ to 1 cent per pound on the best grades, and from 1 to 1½ on common and inferior. The best retailing grades which last week sold at 8½@8¾ dragged this week at 7@7½, and inferior to common grades sold at from 4 to 6. There was a good demand for stock Cattle of good quality, and several bunches of this particular description changed hands at prices ranging from 5 to 6½. Butchers did not buy very freely, the demand for meat being restricted by the great abundance and cheapness of vegetables, strawberries, cherries, etc, etc, and this, as a matter of course, had a depressing influence on the market. Shippers, also, took hold sparingly, owing to a want of confidence in the eastern markets, and upon the whole, the market was devoid of the usual life and animation, and of the twelve or fourteen head offered not over one thousand head were sold, the excess being either put on pasture for next week's market, or shipped east.

SALES OF CATTLE.

Gray & Blair retailed 45 head of Illinois steers at 6@7; and wholesaled 60 head to Myers & Bro at 6¼.

Roddy Maynes bought from Wm Duff 30 head small thin stock cattle at 4c and a premium of $10.

Huff & Klemens retailed about 30 head of Illinois stock at from 4½@6¾.

John Kerwin retailed 20 head of Illinois steers at 5@6¾.

Eis & Co had in all 125 head—retailed 60 head at 6¼, shipped the balance East.

Jurey wholesaled to Roffensperger 37 head of fairish stock at 6¼.

G. Clark wholesaled to Crouse & Co 19 head of good Ohio stock at 6¼.

C. W. Montgomery wholesaled to Crouse & Co 73 head of pretty good Ohio steers at 6¼.

W. J. Lafferty bought in different lots, 87 head of nice stock Cattle at 5@6¾.

H. P. Cannon retailed 20 head at 6½.

Marks & Traurman had 208 head—retailed 60 head at 5½@7½—wholesaled 29 head of mixed stock at 5¼—shipped the balance East.

Merrick & Doud had 12 all of head—retailed 49 head of small Ohio stock for L Potter at 4½@6; head also, 19 on their own account at 5@7½.

Geo. Oram retailed 5 head bulls and steers at 4½@6.

B. Taylor retailed 10 head mixed stock at 5½@7.

L Shamberg sold to Peter Farley, (one of our butchers) 2 head of extra steers, the aggregate weight of the two reaching twenty-six hundred lbs, at 8½c.

Rothchilds retailed 21 head of good Illinois steers at 7@7¾.

Greenwald & Kahn had in all about 150 head—retailed 30 head at 5@7—balance left over and shipped East.

Patterson wholesaled to Roddy Maynes 20 head of common Washington Co. (Pa.) stock cattle at 4.

J. Free wholesaled to Marks & Traurman 18 head of fairish Washington Co. (Pa.) steers at 6½.

John Summers retailed 15 head of Butler Co (Pa.) scalawags at 4@5.

C. Hudson retailed 20 head of mixed common Ohio stock at 4@6.

SHEEP—The market for sheep is not very active, but as the receipts continue light prices are fairly maintained, ranging from 5 to 6½c per lb. gross, as to quality. Roddy Maynes bought 100 head at 5; 100 at 5¼, and 200 averaging 103 lbs at 5¼. B Taylor sold 30 head to Wm Duff averaging 75 lbs at 5c per head.

HOGS—There is but very little inquiry for this class of stock as the demand for Pork at this season of the year is very limited in this market, and in fact there is nothing doing, with the exception of some small sales to the retail trade. We quote nominally at 8@10 per cwt, gross.

RIVER INTELLIGENCE.

The river rose a little yesterday and was still rising last evening, with about eight feet in the channel. The weather is somewhat cooler, but it is still cloudy and threatens more rain.

The John S. Hall from Parkersburg is the only arrival, and the Bayard for the same point is the only departure.

The Empire City from Lawrenceburg passed Cincinnati on Sunday on her way to Pittsburgh, and the Kenton was advertised to leave Cincinnati for this city on Monday. The Leonidas and Argonaut, en route from Parkersburg to Louisville, loaded with troops, passed Cincinnati on Sunday.

The Cincinnati *Commercial* of Monday says:

Captain Evans, of the Nevada, has gone to Pittsburg by rail.

The Dick Fulton had 164,000 bushels of coal in tow, when she grounded her barges at Island No. 21. Captain Packard, just from the wreck, passed through the city on Saturday. He says one-half of the coal will be saved, making the estimate loss at $36,000.

The cabin fare on the Peoples' Line of Louisville packets, St. Charles, St. Nicholas and Potomac, has been reduced to two dollars, commencing to-day. The fare is now the same on the rival lines.

The following items are from the St. Louis *Democrat* of Monday:

The river is falling rapidly here, and the Missouri is on a stand. There is twelve feet of water to Cairo, five feet to Keokuk, three feet on the Lower Rapids, three and a-half feet on the Upper Rapids, and the same nearer St. Paul, on Pig's Eye bar. The Illinois is stationary, with five feet below Peoria and three and a-half feet above. The Missouri is high, the Arkansas low, and White, Cumberland and Tennessee are in fair boating condition.

Business continues fair on our wharf.

The Welcome, for Omaha with a heavy cargo, passed St. Joseph on the 15th......On the same day the Missouri commenced rising again at St. Joseph, but rose only a few inches......The Maggie Hays, bound to St Louis from Pittsburgh, is in bad luck. In descending the falls at Louisville, she struck the rocks in the Indian chute, damaging her knuckle considerable. A side-deck was placed under her......Capt. A. H. Shaw, formerly of the M. S. Mepham, is building a stern-wheel boat at Pittsburgh for the Rocky Mountain trade. She is to be called the Minnie, and will be completed August 1st. She will have fifteen inch cylinders, and be a wide, spacious, light-draft boat.

NOTICE. SALE OF ARMY MULES.
QUARTERMASTER GENERAL'S OFFICE, WASHINGTON, D. C., May 23, 1865.
MANY THOUSANDS OF MULES are being disposed of at public sale, at Washington.
The sales will continue until the number of animals is reduced in proportion to the reduction of the armies, now going on rapidly.
There are in the armies of the Potomac, of the Tennessee, and of Georgia, probably FOUR THOUSAND OF THE FINEST SIX-MULE TEAMS IN THE WORLD.
Many of them were bought in the beginning of the war, as young mules, accompanied the armies in all their marches and camps, and are thoroughly broken, hardened by exercise, gentle and familiar, from being so long surrounded by the soldiers.
The whole South is stripped of farming stock, and the North also has suffered from the drain of animals, taken to supply the armies.
These animals are sold at public auction; THEY WILL NOT BRING ANYTHING LIKE THEIR TRUE VALUE, and such opportunities for farmers to get working animals to stock their farms, and for drovers and dealers in stock to make good speculations, by purchasing them and disposing of them in the South, will never occur again.
M. C. MEIGS, Quartermaster General, Brevet Major General.
