PHOTOGRAPHS AND PHOTOGRAPH FRAMES.—Messrs. Wenderoth & Taylor (formerly Broadbent & Co.,) Nos. 912, 914, and 916 Chestnut street, have constantly on hand a magnificent assortment of Frames suitable for their elegant pictures, in all sizes and styles, and at the lowest prices. They are now also making for Messrs. McAllister & Brother, a superb line of cartes de visite of distinguished men from all parts of the Union, and in the various professions.

SPICED AND SMOKED SALMON.—Messrs. Davis & Richards (successors to the late C. H. Mattson), dealers in fine Family Groceries, Arch and Tenth streets, have now in store a fresh supply of new smoked and spiced salmon of the choicest quality.

MESSENGER TO EUROPE.—Mr. Cox, of Georgetown, Clerk in the State Department, has sailed for Europe as a bearer of despatches to London and Paris. The contents of these despatches are not known, but it is to be presumed that they are relative to matters of great importance. Rumor states that they contain instructions to our ministers abroad to obtain their supply of summer clothing in this city from the palatial establishment of Granville Stokes, No. 609 Chestnut street.

THE LAWS OF FASHION are as imperious as the laws of health—they must be observed. Who of our lady readers, when tall bonnets are the style, would be seen with one of season before last compressed onces?—and when the Fashion Books show us skirts and cloaks embroidered all over, who will be without them? But it would be a cruel waste of time to do all this intricate and delicate work by hand when Grover & Baker's Machine, having for the moment performed all the *sewing* to be done, stands, with uplifted needle, ready to commence its pleasant task of throwing off the most beautiful embroidery with an ease and *nonchalance* truly wonderful; and either sewing or embroidery comes just as easy, and is performed just as quickly, one as the other, on this celebrated Machine.

"WHITHER AWAY, companion of the Sun?" Why, where should a man go who is not afraid to walk abroad by daylight? There is only one place for such an individual to go to, if he desire to appear acceptable before his fellow-men, and that place is to Granville Stokes, Clothing Store, No. 609 Chestnut street, in order to get a new suit which will bear the full brightness of daylight. Properly dressed, a man may go everywhere; in shabby habiliments he hates to go anywhere. This fact, in the philosophy of human nature, is well understood, wherefore it is that Stokes does a large business in furnishing good clothing.

THE DRAFT.—The Government was up to snuff when it ordered that the draft should take place at this season of the year. With the thermometer approximating to a hundred in the shade, and the atmosphere coming off of bake-oven brick walls and pavements, a draft is a very desirable thing, and drafts whether of cool air or of ice water, have been correspondingly popular of late. The military draft is not considered quite so good a thing; but with the means and appliances for the health and comfort of the soldier that are secured to him by Government, and with the elegant uniforms procured at the Brown Stone Clothing Hall of Rockhill & Wilson, *Nos. 603 and 605 Chestnut street*, above Sixth, even the draft martial is by no means a great hardship to the real patriot.

THE CHINESE ARE VERY FOND OF READING.—Quotations from authors are put up everywhere, upon public and private buildings, and upon ships and temples. Enter the poorest house in the most miserable village, and though you will often find complete destitution, and a want of the commonest necessaries of life, you will be sure to see some beautiful maxims written upon scrolls of red paper. Here *are some specimens*:

"He who finds pleasure in vice, and pain in virtue, is a novice in both."

"Great minds have purposes; others only wishes."

In this country our maxims, found put on the walls, are less metaphysical, such as "Pay here," "Terms Cash," or "One Price," as is the case with Clothing House of Charles Stokes & Co., under the name the Continental.

SOCIAL GAMES FOR OUT-DOOR EXERCISES.—The "*Roquet*," a game in great use at the fashionable watering-places in Europe.

"*East, West, North and South*," a National game commemorating our present struggle.

Both the above games can be played by any number of ladies and gentlemen.

Cricket, Archery, and Gymnastic Implements, a complete assortment, together with every variety of Games known. Wholesale and retail by

THE INVALID CORPS.

BY GENERAL ORDERS No. 105, from the War Department, authority is given for creating a military organization, composed of such commissioned officers and soldiers as may have become disabled from wounds received in service, or from disease contracted in the line of duty, and to be called the INVALID CORPS.

As it is to be composed of VETERANS who have become more or less crippled in the service of their country, and have produced evidence of *worthiness*, this will be emphatically a CORPS OF HONOR, reckoning among its numbers many of the noblest and most gallant sons of America, brave relics from every battle-field of the war, and entitled to the fostering care and protection of a grateful Government.

It is to be NATIONAL in its character, having no reference to States; hence an applicant, furnishing the necessary qualifications, may be received by any provost marshal appointed under the enrolment act, whether in his own or in another State.

Its officers and men will be designated, as a mark of distinction, by a uniform peculiar to themselves, and their duties will be such home service as they may be capable of performing, thus relieving many thousands of able-bodied troops whose services are needed in the field.

One office has been open for a few weeks, for the enlistment of invalid discharged soldiers, at No 528 Lombard street, Philadelphia. This is now closed, and another opened at No. 243 South THIRD Street, Philadelphia, adjoining the office of Captain LEHMAN, Provost Marshal of the First Congressional District.

A camp has been opened near Harrisburg for the reception of all recruits for this corps enlisted in this State, where comfortable quarters are furnished, and the recruits uniformed, armed, and equipped. The following instructions, governing this corps is published by the War Department, viz:

"The term of enlistment in the Invalid Corps shall be three years, unless sooner discharged. It is further announced that no officer or enlisted man shall be entitled to or receive any pension, premium, or bounty for enlistment or re-enlistment, or service in the Invalid Corps; and no claim for pensions or bounties, which may be due for previous service, will not be invalidated by enlistment in the Invalid Corps; but no pensions can be drawn, or accrue to the benefit of any man, during his service in said corps. The officers and men will be organized into companies of infantry, or the same strength as is now authorized by law for the United States infantry.

"The officers and enlisted men will receive the same pay and allowances now authorized by law for the United States infantry, and will be paid in the same manner.

"When enlisted in, or transferred to, the Invalid Corps will be subject to the Articles of War. Army Regulations, &c., the same as other troops. They will be required to perform all duties within the limit of their physical capacity, as laid down in the Rules and Regulations for the Army. If, in the opinion of their officers, they will be selected for three grades of duty. Those who are most efficient and able bodied, and capable of using the musket and performing guard duty, light marches, &c., &c., will be assigned to companies of the 1st Battalion. Those of the next degree of efficiency, including all who have lost a hand or an arm, to the companies of the 2d Battalion. Those who are the least effective, and including all who have lost a foot or a leg, to the companies of the 3d Battalion.

"Companies of the 1st Battalion will be employed mainly as provost guards and garrisons for cities, but may be assigned to forts, field works, and railroads near the cities and other important points. They will be armed with muskets, and will not be liable to active service out of the field fortifications.

"Companies of the 2d Battalion will be armed with side-arms only, and will be employed as guards of buildings, hospitals, &c., and will have companies of the 1st Battalion on duty with them when the use of firearms may be necessary.

"The companies of the 3d Battalion will be armed with side-arms, like the 2d Battalion, and will be employed in hospitals as cooks, nurses, ward masters, clerks, orderlies, &c., &c.; the officers of these companies doing military duties of military assistants at the hospitals."

For further information, discharged soldiers are invited to call at 243 South THIRD Street, or at the office of any provost marshal acting under authority of the enrolment act.

FINANCIAL.

TREASURY DEPARTMENT,

WASHINGTON, D. C.,

JULY 29, 1862.

GENTLEMEN; We require another supply of your Plantation Bitters, the popularity of which daily increases with the guests of our house.

Respectfully,

SYKES, CHADWICK, & CO.

To Messrs. TARRANT & CO., Druggists, Cincinnati, O.

GENTLEMEN: The following startling and emphatic statements can be seen at our office:

Letter of Rev. E. F. CRANE, Chaplain of the 107th New York Regiment.

NEAR ACQUIA CREEK, March 4th, 1863.

Owing to the great exposure and terrible decomposition after the battle of Antietam, I was utterly prostrated and very sick. My stomach would not retain medicine. An article called Plantation Bitters, prepared by Dr. Drake, of New York, was prescribed to give me strength and an appetite. To my great surprise they gave me immediate relief. Two bottles almost allowed me to join my regiment. * * * * * * * * I have since seen them used in many cases, and am free to say, for hospital or private purposes I know of nothing like them.

REV. E. F. CRANE, Chaplain.

Letter from the Rev. N. E. GILDS, St. Clairsville, Pa.:

GENTLEMEN: You were kind enough, on a former occasion, to send me a half dozen bottles of Plantation Bitters for $3.50. My wife having derived so much benefit from the use of these Bitters, I desire her to continue them, and you will please send us six bottles more for the money inclosed.

I am, very truly, yours,

N. E. GILDS, Pastor Ger. Ref. Church.

SOLDIERS' HOME, SUPERINTENDENT'S OFFICE, CINCINNATI, OHIO, Jan. 13th, 1863.

I have given your Plantation Bitters to hundreds of our noble soldiers who stop here, more or less disabled from various causes, and the effect is marvellous and gratifying.

Such a preparation as this is I heartily wish in every family, hospital, and at hand on every battle field.

G. W. D. ANDREWS, Superintendent.

The sale of the Plantation Bitters is without precedent in the history of the world. There is no secret in the matter. They are at once the most speedy, strengthening health-restorer ever discovered. It requires but a single trial to understand this. Their purity can always be relied upon. They are composed of the celebrated Calisaya Bark, Cascarilla Bark, Dandelion, Chamomile Flowers, Lavender Flowers, Wintergreen, Anise, Clover-buds, Orange-peel, Snake-root, Caraway, Coriander, Burdock.

S.—T.—1860—X. &c.

They are especially recommended to clergymen, public speakers, and persons of literary habits and sedentary life, who require free digestion, a relish for food, and clear mental faculties.

Delicate females and weak persons are certain to find in these Bitters what they have so long looked for.

They purify, strengthen, and invigorate.

They create a healthy appetite.

They are an antidote to change of water and diet.

They overcome effects of dissipation and late hours.

They strengthen the system and enliven the mind.

They prevent miasmatic and intermittent fevers.

They purify the breath and acidity of the stomach.

They cure Dyspepsia and Constipation.

They cure Diarrhœa, Cholera, and Cholera Morbus.

They cure Liver Complaint and Nervous Headache.

They are the best Bitters in the world. They make the weak man strong, and are exhausted nature's great restorer.
