A COMPENDIUM OF NEWS.

. . . . Almost every day, some cheating "Gift" humbug is broken up in our cities.

. . . . The Wyoming Historical Society is in full operation at Wilkes Barre.

. . . . Col. Colt is said to have made a contract with the War Department for one hundred thousand dollars' worth of his arms.

. . . . A Madrid dispatch says that the Spanish Government had introduced into the Cortes the *projet* of a law abolishing slavery in the Spanish territories.

. . . . An Italian in Chicago, worth upwards of $20,000, who owns five houses on Milwaukee avenue, has seven or eight girls in his employ, begging and stealing.

. . . . Judge Loring, who was recently removed from office by the Governor of Massachusetts, is said to have received the appointment of Sub Treasurer of Boston.

. . . . The grand jury of Philadelphia have indicted the clerk and three members of the Board of Health, for their alleged complicity with that body "in a series of outrageous sprees" at the expense of the city.

. . . . The Senate of Pennsylvania has adopted a resolution authorizing the appointment of a Committee to inquire into the propriety of removing the seat of Government from Harrisburg to Philadelphia.

. . . . Every Democratic Congressman from Illinois brands as false the charge of Smith, of Va., that Douglas's course was advised by a "conference" of those gentlemen, as his only hope for a re-election to the U. S. Senate.

. . . . A writer in the Buffalo *Express* has arrived at the very wise conclusion, that the present revival is epidemic in its character, and concludes therefrom that the present season will be one of unexampled sickness and fatality!

. . . . A Georgia paper boasts that all the leading democrats in that State, without exception, will go for secession from the Union, if the Lecompton Constitution be defeated in Congress. Well, (says Prentice of the Louisville Journal,) let them go for secession, then. We say, with deeper significance than usually belongs to the phrase, let them go for it and *be hanged*.

. . . . The Chenango *Union* says the brain fever, which has prevailed so alarmingly in Sherburne and Columbus, in that county, has also broken out in North Norwich and carried away many victims. The cases usually terminate within a few hours after the attack. There is now much sickness from the same disease in the town. In Columbus there are many cases occurring almost every day.

. . . . We are indebted to L. Scott & Co., for the March number of Blackwood's Magazine. The table of contents is as follows:— 1. What will he do with it? 2. Zanzibar, or two months in East Africa. Part 2, 3. Our Convicts, Past and Present. 4. Stories from Ancient Sind. 5. Food and Drinks. 6. Sullivan on Cumberland. 7. Curiosities of Natural History. 8. A few moments with our Readers.

. . . . A party of young men were out hunting a few nights since, near Brookville, Ky., and seated around a fire, when one of the party, in attempting to knock off the hat of a young man named Ellis, struck him on the back of the neck with the edge of his hand. Ellis took to his bed the next day, and, after much suffering, died one day last week. His physicians declared the spinal marrow to have been injured by the blow.

. . . . Some of the papers say that Mr. P. T. Barnum is getting on his legs again. It is said that he has lately resumed the management of the New York Museum, and is laboring with extraordinary vigor and skill to make it pay. He has, it is also added, lately received $27,000 insurance on Iranistan, and is making preparations to rebuild it. Perhaps these stories of Barnum's returning good fortunes are true. We hope as much, certainly.

. . . . The St. Louis *Gazette* notices the arrival at that place of Alexander Constant, from Fort Kearney, which he left on the 30th ult. He reports that Brigham Young had notified Gen. Johnston to leave the territory by the 10th of March, threatening that the army would otherwise be annihilated.—Young tendered the army sufficient provisions to last them until they reached the States. Constant met a supply train of 160 wagons, accompanied by four companies of troops, on the 1st inst., on the Little Blue. The Indians continued peaceable.

. . . . The Louisville *Democrat*, as is well known, is a decided anti-Lecompton paper. In consideration of the fact, Prentice, of the *Journal*, says, 'Our neighbor of the *Democrat*, having thrown off the fetters of party in regard to one subject, is evidently disposed to express himself freely on several others. We think he is more than half inclined to say what he pleases on all subjects. He experiences something of the sweets of liberty confessed by the girl who lost her beaux. "Sal," said the deserted lass to her friend, "I am so glad I have no beaux now." "Why?" asked the other. "'Cause I can eat as many onions as I please."'

. . . . A singular case of suspended animation took place at Chicago on Friday last, which should serve as a caution to those attending on the sick. A Mrs. Brown, living on West Madison street, had been long sick, and on Friday those attending on her observed the usual symptoms of dissolution overspread her features, and very soon after the heart appeared to have ceased its functions. The usual formalities were observed, and the body placed in a coffin. One of her girls visiting the body shortly after, and sobbing loudly, the corpse moved and the eyes opened and stared wildly in their sockets. A scene followed which can more readily be imagined than described in words. The girl screamed and fainted, and momentary consternation possessed the household. This, of course, was soon overcome, and Mrs. Brown removed from her rather embarrassing position. She, the next day was doing well, though in a low, debilitated state.

. . . . A correspondent of the Philadelphia *Press*, writing from Centre County, says:—"Lecompton is almost universally denounced by the Democracy of Centre. They are roused to the highest pitch of indignation by the attempt which is being made to set aside the will of the majority. We have spoken to dozens of fellow-Democrats; and the invariable response is to the effect that they regard the Lecompton Constitution as a piece of unparalleled villainy, which the people of Kansas should resist, in case of its passage, with force of arms. Observers at a distance would naturally conclude that the Centre Democrats are mainly in favor of the Lecompton swindle from the fact that our organ (the *Watchman*) supports it, and also from the additional fact that our delegates in the State Convention voted for resolutions favorable thereto. No conclusion could be farther from the truth. It is our firm belief that there are not one hundred Lecomptonites in the county. Officials and office-seekers compose its entire strength, and when we consider that these individuals usually control Conventions, and oftentimes 'organs,' it need not excite wonder that we are so grossly misrepresented.

THE INDIANS IN LEAGUE WITH THE MORMONS.—A party of Cherokees, six in number, that left the nation in November last, on a trading expedition to the plains, returned, two weeks ago, to Fort Gibson, and report that twenty-three days' travel south from the Salt Plains they came upon a large number of Camanche, Kiowah, Waco and Winchets Indians assembled in council, who received them very friendly, and traded with them freely for the goods they brought out. The council had under consideration the best method of resisting the United States, and informed the Cherokees that they had just been visited by a party of "Mormons and Mexicans," from whom they had received a large quantity of presents, and had made a treaty with them for their mutual protection against the encroachments of the gentiles. The Mormons have impressed upon those tribes the necessity of uniting with them and taking a decided stand against the United States, if they wish to retain their hunting grounds, stating that as soon as the whites are in possession of Utah, they will spread all over the plains and drive the Indians from their present homes. No doubt the hostility of those tribes will be principally directed against this frontier wherever they can find it most exposed.

THE BOY PREACHER.—Rev. J. B. Fuller, of Mo., the boy preacher, has within the last five weeks, delivered in Marion County fifty-four sermons, and has been instrumental in the conversion of one hundred and forty-four persons. He has been licensed to preach only about two months, during which time he has delivered upwards of fifty discourses, and two hundred and forty persons have been converted through his instrumentality. It is said that he never studies his sermons or makes any notes, and frequently does not select his text until he rises up in the pulpit to preach, and yet, it is said, no two of his discourses are alike, either in point of arrangement or composition. He speaks most eloquently, and uses the most chaste and beautiful language. Calls to preach at various points are daily pouring in upon him.—*St. Louis Democrat.*

ABOLITION OF THE PEW SYSTEM.—A meeting of Clergymen and laymen was held recently in Manchester, England, "to consider the best mode of restoring the free use of parish churches to the people at large." The Hon. Colin Lindsay presided. Resolutions urging the abolition of the existing pew system were adopted, and an association was formed, to be called "The Society for Promoting the Restoration of Churches to the People."

RESUMPTION OF SPECIE PAYMENTS.—Monday last, the 12th inst., was the time fixed by law for the resmption of specie payments by the Banks of this State. Most or nearly all the Banks have already resumed, so gradually as scarcely to attract notice. Specie is abundant. In fact, the Banks have anticipated the requirements of the act of the special session of the Legislature fixing a day for a general resumption. We have reason to rejoice at the healthy condition of our currency.

☞ Mackenzie's *Message* supplies the following statement of the religious and national constitution of the present Canadian House of Assembly: There are 53 Roman Catholics; 26 Presbyterians; 34 Episcopalians; 10 Methodists; 3 Quakers; and 25 natives of Upper Canada; 40 natives of Lower Canada; 10 Englishmen; 16 Irishmen; 23 Scotchmen, and 3 Americans.

A CAPITAL FELLOW.—An editor at the East says:—"Our stock in trade consists of Industry, Economy, and untiring Perseverence. Our industry we consider worth to us at least $15,000, economy $15,000, perseverence $15,000, making in all an active capital of $45,000."

☞ "People," says a modern philosopher, "go according to their brains; if these lie in their head, they study; if in their belly, they eat; if in their heels, they dance."

To DIRECTORS.—The examinations are held this season, with reference to having the schools commence on the first of June, with the school year,—the Directors in a number of towns having expressed the intention of not having their schools commence until that time,—and believing, as I do, it will prove more satisfactory when it shall have been tried. Blanks for the Annual Report will be forwarded to the Secretary of each Board as soon as I am informed as to the Name and Post Office of the person chosen to fill that office, at the late organization.

DIED.

In Beloit, Wisconsin, Sunday, Jan. 10th, GEORGE R. HAWLEY, late of Montrose, Pa., aged 32 years.

In accordance with the request of the deceased, the funeral discourse will be delivered by the Rev. N. Doolittle in Brooklyn on Sunday the 18th of April, when all relations and friends are invited to attend.

In Nicholson, March 25th, 1858, CHARLES M., son of John W., and Elizabeth Squires, aged 2 years, 2 months and 25 days.

"Dear little Charlie now is placed
Within the silent grave;
His little hand a snow-drop graced,
The last that friendship gave.

"No more to taste of death or pain,
His sufferings all are o'er;
He shines among the infant train
On the celestial shore.

"Sweet Charlie rests from future care,
In this dark world of woes,
Where heavenly music fills the air,
And full salvation flows."

IN THE FIELD AGAIN.

THE SUBSCRIBER IS AGENT FOR THE

Greenleaf Improved Water Wheel,

the greatest improvement in that kind of machinery known. They are warranted to do one third more business, with the same head and quantity of water, than the Rose Wheel, or any iron water wheel known to the subscriber. They are admirably adapted to either

Grist Mills or Saw Mills,

or in fact any place you choose to put them. For particulars and certificates, enquire of LORENZO VANCE, Lawsville Center, Susquehanna County, Pa.

I would also offer my services in the construction or repairs of the different kinds of

MACHINERY,

believing that my experience has been sufficient to give general satisfaction.

Feeling disposed to encourage improvements, I would make the following offer: All those interested in Mills, may select the smartest and best-running Mill that they can find, and I will bind myself by contract to insert, instead of the kind now in the Mill, a

GREENLEAF WHEEL,

which will make one third better per centage than the Rose Wheel, Flutter Wheel, or any other of the different species of reaction wheels; twenty per cent better than the Centre Vent, and within twenty per cent as well as the Overshot, in any place. In case, on a fair trial, I cannot fulfill any or all of the above, I will forfeit the whole job and pay all actual damages. Let us hear from those in favor of improvements.

** Copies of our Circulars can be procured of the subscriber, or at the "Independent Republican" Office.

BRIGHTLY'S UNITED STATES DIGEST,
1789 TO 1857,

From the adoption of the Constitution to the end of the Thirty-fourth Congress.

One Vol. Imp. 8vo., pp. 1149.

THE matter is arranged ALPHABETICALLY, with ANALYTICAL DIVISIONS and SUBDIVISIONS, under which the CHRONOLOGICAL arrangement has been, as far as possible, preserved. It possesses MARGINAL REFERENCES to each section whereby its CONTENTS can be seen at a glance. The notes of JUDICIAL DECISIONS, including not only those of the SUPREME COURT OF THE UNITED STATES, but also those of the CIRCUIT and DISTRICT COURT and COURT OF CLAIMS, many of which are scattered throughout the LEGAL PERIODICALS and not to be found elsewhere; many Decisions of the STATE COURTS, the OPINIONS of the ATTORNEYS GENERAL, and HEADS OF DEPARTMENTS are placed at the foot of the page, and refer to the respective SECTIONS of which they are the JUDICIAL INTERPRETATION. There is an accurate TABLE of Cases, and also a CHRONOLOGICAL TABLE OF STATUTES. The REFERENCES to the ACTS are placed conspicuously in the margin of the page. The CONTENTS comprises not only the TITLES of each SUBJECT, but also the various subdivisions into which each Title has been distributed. The INDEX is thorough and comprehensive, and refers not only to the LAWS but also to the CONSTITUTION of the United States. The matter is arranged under LOCAL TITLES, for instance, the names of STATES, TERRITORIES, CITIES and many of the PORTS of the United States, will be found in their alphabetical order with a SUMMARY of the LEGISLATION in which each of them is interested. The SECTION as well as the page is given, by means of which greatly increased facility and speed in the use of the work will be obtained, not merely by PROFESSIONAL GENTLEMEN, but by those unlearned in the LAW.

In order that Errors might be avoided, the PAGE of EVERY REFERENCE has been carefully verified, (in the case of the Notes, by examination of the Authorities, and in the Index, by comparison with the Text) after the matter was in type.

LASTLY. Careful regard as to the convenience of Size and Form, has been had in the choice of the type, to produce a book, which, though typographically clear and legible, should not be amenable to the charge of great bulk and unwieldiness.

In order that no impediment may be thrown in the way of the purchase of this Digest, but that, on the contrary, it may become a Legal Manual in use in every Court, Law-chamber, and Counting-house, as well as in the Legislative Halls and Public Offices, we have determined to sell the Work at SIX DOLLARS per copy; and we flatter ourselves that a Law Book, so costly in its preparation has rarely before been offered at so low a price.

From the Hon. R. B. Taney, Chief Justice of the United States.

"It is a work of much value and well executed. The heads under which the different Acts of Congress are arranged, are well chosen and appropriate; and what is still more important, the Index, so far as I have been able to examine it, is complete. The book has evidently been prepared with much care and judgment, and will, I doubt not, be very acceptable to the public."

From the Hon. R. C. Grier, one of the Justices of the Supreme Court of the United States.

"The work does honor not only to the learning and industry of the author, but to the publishers for the very handsome manner in which it is executed. Those who prefer to have the statutes in a digested form will find it a very valuable book."

From the Hon. Isaac F. Redfield, Chief Justice of Vermont.

"I esteem it a most excellent work of the class."
