Miscellaneous Matter.

PEEL.

BY MARTIN F. TUPPER.

Struck down at noon amid the startled throng,
An eagle shot while soaring to the sun;
A wounded gladiator dying, strong,
As loth to leave the glories he had won;
A life-long patriot with his work half done—
Of thee, great statesman, shall my morning song,
Arise in dread calamity!—of thee,
Whom the wide world, so lately and long
Thine acolyte, would crowd to hear and see,
Their intellectual Athlete, their high name
For eloquence, and prudence, gifts, and powers:
But lo! that starry mind, a heavenly flame,
Is well enfranchised from this earth of ours,
Translated in the zenith of its fame!

A VALUABLE NEW WHEAT.

We were yesterday shown a few heads of wheat, from a field of twelve acres on the farm of Mr. J. E. Coad, in St. Mary's county, (not far from Piney Point,) in Maryland, of so remarkable a quality as to deserve a special notice. The grain is a bearded white wheat, with large head and grains, the average height through the whole field being, at this time, full six feet, of a most vigorous growth. Besides the produce of this field, it is remarkable that the field from which these stalks were taken is the only field in the neighbouhood in which rust is not visible. The seed of this wheat was obtained by distribution from the Patent Office, the description of it being a bearded White Wheat, producing forty bushels to the acre; a product which, or very nearly which, is expected, from its present appearance, to be realized from the field of Mr. Coad.—*Nat. Intelligencer.*

M. ROTHSCHILD is gone to Holland to bid for the painting of the Royal Gallery. His great competitor will be the Emperor of Russia, who has forced this sale as the only means of being reimbursed the sums due to him from the late king; but it is understood that he has appointed agents to bid liberally for the *chefs d'oeuvres.*

THERE is said to be a woman in Pittsburgh who takes in children to wash. She gives them a good scrubbing with soap and sand, and then sets them in the sun to dry. She washes at four shillings per dozen. Pittsburgh is such a smoky town, that the children have to be washed all over every day.

WE love to hear the truth spoken at all times, and in all places. A reporter for a Western paper, heads a paragraph, "He who steals my" locals, "steals trash."

THE English journals contain glowing account of several swimming matches that have recently taken place. One gentleman swam 300 yards in two minutes and fifty seconds.

IT having been stated at a social gathering in New York, that it was impossible to make a rhyme for *month*, a grave gentleman in the company produed the following stanza:

"They seized the soldier in Broadway,
(December was the month,)
He saw his pistols thrown away,
Ahd also was his gun th-
Rown away."

FEVER AND AGUE prevail to an alarming extent in Minersville, Schuylkill county, Pa. Who says Minersville is "no great shake?"

AN umbrella, waish may be carried in one's pocket, has been invented in Taunton, England.

A SCHOOL mistress advertised lately for an assistant accustomed to CONFINEMENT. She received an answer from the mother of twelve children.

BESIDE the stream that gently flows,
At morning dawn I saw a rose
In modest beauty blushing;
More fair than all on earth beside,
It bent above the crystal tide,
And listened to its gushing.
Beside the stream that gently flows,
At eventide I saw the rose,
But all its leaves were faded;
Such is thy fate, oh man!—an hour
Thou liv'st in home, but like the flower,
Thy hope and joys are shaded.

RASPBERRIES.—Nathaniel Hallock of Milton, Ulster Co., N. Y., has sent to New York, the present season, ten thousand baskets of Antwerp Raspberries, each basket holding one pint. He gathered seven thousand baskets from one acre, and three thousand from a lot of two acres, which had just began to bear. The prices obtained were from eighteen pence to two shillings a basket.

YOUNG DANCERS.—Sing lowly, foot slowly;
oh, why should we chase
The hour that gives heaven to this earthly embrace!
To-morrow, to morrow is dreary and lonely;
Then love as they love who would live to love only!
Closer yet, eyes of jet -breast fair and sweet!
No eyes flash like those eyes that flash as they meet!
Weave brightly, wear lightly the warm woven chain,
Love on for to-night, if we ne'er love again.
Fond youths! happy maidens! we are his alone!
Bright steps and sweet voices keep pace with our own,
Love-lorn Lusignuolo, the soft-sighing breeze,
The rose with the zephyr, the wind with the trees.
While heaven blushing pleasure is full of love notes.
Soft down the sweet measure the fairy world floats.

"LINES" by the editor of the Freeport, Ill., paper:—

Come back, ye sinners, mean and greedy—
Rich or ragged, lean or fat—
Come pay the sums you owe us speedy
For the Prairie Democrat.
Don't be lurking round the bushes;
Perhaps you'll find a hemp cravat!
We know that conscience often pushes
Those who cheat the Democrat!

Brown's Essence of Jamaica Ginger.
Prepared only by Frederick Brown, at his Drug and Chemical Store, North East Corner of Fifth and Chestnut streets, Philadelphia.

THE Essence is a preparation of unusual excellence and of varied properties. In all cases where a powerful and safe stimulant is required, it is unrivalled for efficacy as well as immediate action. To the traveller and to the family circle it is invaluable, as a few drops diluted in sugar and water present a safe and agreeable remedy to the invalid who requires immediate relief, as well as to the convalescing patient who needs a gentle tonic. In a Southern climate, where the relaxation of the system so generally induces thirst for stimulants, it will always be found an excellent substitute for those tempting beverages which debilitate the stomach and cause a morbid condition of its powers. In dyspepsia, in relaxation of the bowels, in nausea and sea-sickness, it is an active and safe as well as a pleasant and refreshing remedy, and is prescribed by the most eminent of the medical faculty.

WILLIAMS' ANTI-DYSPEPTIC

ELIXIR is, with the utmost confidence, offered to the Medical Faculty and the public for the cure of Dyspepsia or Indigestion, and all disease arising from it, such as

Nausea, Headache,	Bilious Vomiting,
Vertigo, Dimness of Sight,	Burning sensation at the pit
Debility of the Nervous System.	of the stomach,
Hypochondria, Jaundice,	Liver complaint,
Loss of appetite,	Oppression after eating,
Wasting of the strength.	Palpitation of the Heart,
Flatulence, with frequent belching of wind,	Pain in the pit of the stomach or towards the right side,
Vitiated taste,	Sallowness of complexion,
Constitution and uneasiness of the bowels,	Depression of the spirits and irritability of temper, &c.

If a case of dyspepsia should be neglected, most serious effects may ensue, for it lays the foundation for, is the incipient cause of, and very frequently terminates in consumption. I would impress upon the mind that to trifle with this disease may be to sport with the reason which constitutes man superiminent among animal beings, or to embitter existence by adding a consciousness of folly to the penalty of pain.

This medicine is neatly put up in bottles, with ample directions for use, and is sold in Sunbury by JOHN W. FRILING. JAMES WILLIAMS.

Testimony of Mr. Abner Elmes, hatter, Market street above Sixth, corroborative of the efficacy of Williams Anti-Dyspeptic Elixir.

PHILADELPHIA, October 3, 1849.

MR. JAMES WILLIAMS:
Dear Sir:—It gives me great pleasure to know that you are again preparing you medicine for the cure of Dyspepsia, for many of my acquaintances have repeatedly asked me where it could be procured, knowing that I had been cured by it. As I think that a public acknowledgment of the great benefit I have received from the use of your medicine is not only due to you, but may be useful to others, I now make it. For several years I suffered from Dyspepsia, which increased to such an extent that my health and constitution were rapidly sinking under it. I was compelled to restrict myself to the most simple food, and even that I could not digest. I felt a loss of strength, disinclination to exercise, and, as you have it in your advertisement, a general feeling of depression and indescribable weariness. In the year 1838, hearing from others high recommendation of your Anti-Dyspeptic Elixir, I procured and used it with the most happy effect; under it influence languor and weariness gradually passed away, and my appetite returned which I could gratify with impunity. Ten years have now elapsed, and my confidence in the curative powers of your medicine has of course increased, for it completely cured me when I failed to obtain relief from any other source. Very respectfully yours,
ABNER ELMES.

ROSE OINTMENT, FOR TETTER

READ the following certificate from Capt. Devoe, the well known and popular Sham Boat Captain (of the Traveller.)

PHILADELPHIA, October 31, 1846.

Several years since I was attacked with a breaking out on my neck in the form of Tetter, which I am convinced was contracted at the Barber's Shop. It gradually extended over my face until it reached the upper part of the cheek. During the several months that it continued spreading, I used different applications, some of which had the effect, apparently at least, of increasing the disease, but from none of them did I perceive the least benefit until I applied the ROSE OINTMENT. By the use of one jar of it, I was perfectly cured and have remained free of the affection.

I have since used the Ointment, lightly applied for roughness of the face, blotches, chapped hands, &c. With perfect success. I have no hesitation in recommending it in the strongest manner to the public.
JAMES DEVOE.

FEVER & AGUE
Chill Fever, Dumb Ague, Intermittent & Remittent Fevers & all the various forms of Bilious Diseases
SPEEDILY & THOROUGHLY
CURED
BY DR. OSGOOD'S INDIA CHOLAGOGUE

In presenting the public with a remedy for the treatment and cure of FEVER AND AGUE and other bilious diseases, no apology is needed. Vast numbers in the United States, who suffer from these affections in their varied forms, are compelled to seek relief from other sources than the immediate prescriptions of the regular physician. It becomes therefore an object of humanity, as well as of public interest, to bring before them a remedy prepared from much experience, and which may always be relied upon as SAFE, EFFECTUAL, AND HARMLESS TO THE CONSTITUTION. That such is the true character of the INDIA CHOLAGOGUE, is amply attested by the universal success with which it has been employed.

☞ Extract from a communication of the Hon. WILLIAM WOODBRIDGE, of the U. S. Senate, late Governor of Michigan.

DETROIT, Oct. 21, 1846.

DOCTOR CHARLES OSGOOD,
Dear Sir,—I have read with much interest, your little TREATISE upon the "causes, treatment and cure" of the febrile diseases which have so extensively prevailed in our country during the last few months—an interest increased no doubt, by the fact that I have individually suffered so much from them. Though I feel myself very incompetent to judge solely upon a subject so entirely professional, yet your theory seems to me well reasoned, and your conclusions just, and I think withal, that your pamphlet is calculated to produce much practical good.

Speaking of the medicine he says:—It fully justified your flattering expectations, and as a safe, convenient, and popular remedy, my own experience, so far, induces me to believe that it will prove a great public benefit. I am pleased to learn that you have recently established several agencies for its disposition—though I regret that, with a view to a more general dissemination of it, you should have found it necessary to remove from your present residence among us.

With much respect I have the honor to be, sir,
Your obliged servant,
WILLIAM WOODBRIDGE.

☞ From Hon. STEPHEN V. R. TROWBRIDGE, of Michigan State Senate, to the Agent at Detroit.

BIRMINGHAM, OAKLAND CO., Dec. 13, 1841.

Sir—you wish me to inform you what I know of Dr. Osgood's India Cholagogue, or anti-bilious medicine. I do believe that if the virtue and efficacy of this medicine were generally known, the FEVER AND AGUE would disappear in Michigan.

I procured a bottle in the spring of 1841, and have good reason to believe that myself and family escaped the ague last season in consequence of its use.

Perhaps in no summer since the settlement of this fine peninsula, has the fever and ague been so prevalent as the last. I have recommended this medicine in numerous instances, and when the disease had become fixed and baffled the skill of physicians; and I have never known it fail. It has universally produced the most happy effects, and I believe it has never been exceeded by any medicine in removing the bilious diseases of the climate.

Yours, respectfully,
STEPHEN V. R. TROWBRIDGE.
