Hough & Anthony's Daguerreotypes.
THE undersigned would inform their many friends and others, that they have removed from Burke's Building to No. 62 Fourth st., (a few doors above their old stand) where they have fitted up rooms for Daguerreotyping. Having a very superior arrangement of light, and the most approved instruments now in use, with some ten years experience in the business, they pledge themselves to turn out as good pictures as any other establishment in the country, and far more truthful likenesses than has heretofore been furnished to the citizens of Pittsburgh.
Citizens and strangers are respectfully invited to call, whether they wish pictures or not.
Our motto is good pictures, fair prices, and perfect satisfaction to our customers. HOUGH & ANTHONY.
N. B.—We furnish all articles in our business to other operators as heretofore. ap15

JOSEPH LIPPINCOTT ... WM. C. BARR.
LIPPINCOTT & BARR,
(LATE J. S. STEBBINS & CO.,)
MANUFACTURERS OF PHENIX FIRE PROOF SAFES, Second Street, between Wood and Smithfield—On Tuesday afternoon, July 25, 1848, the undersigned were called upon by Messrs. Lippincott & Barr, to witness an honest and fair test of one of their Phenix Safes. The furnace being prepared, the Safe was placed inside thereof with Books, papers and some money; when the door of the Safe was closed and the fire kindled at a quarter past 2 o'clock, and in a short time the Safe was red hot, and continued till half past 6 o'clock, being about four and a half hours, when the committee expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down, Safe cooled, and door opened—the books, papers and money safe. The heat was so great as to melt off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof.

BENEDICT & CARTER,
ISAAC CROMIE.

I am engaged in the foundry business, and know something about furnaces and heat. I witnessed the burning of the above Safe, and can freely say there was no humbug about it, and will with pleasure recommend them to the public as being, in my judgment, entirely fire proof. WM. KAYE.
In calling upon the above gentlemen for their signatures, they all spoke in the highest terms of the fairness of the test, and their full confidence of the Safes; we have a full assortment of the above safes. [mar31] BELL & TERRY.

Fayette Springs now Open.
THIS highly attractive and fashionable WATERING PLACE has been leased, together with the "FAYETTE SPRINGS HOTEL," adjacent thereto, by the proprietor of the "Farmington Hotel," on the National Road, who has secured the best cooks and the best supplies of every kind, with a determination to please all his visitors. A new building, with forty Rooms, has recently been added to the establishment.
These SPRINGS are surrounded by the most delightful and Romantic Mountain Scenery, in a cool climate, with pure air and pure water. The curative and purifying properties of these waters have been fully established, by the fact that they have never failed to cure the worst cases of Scrofula, the most inveterate Sores, and other diseases of the blood.
STAGES AND HACKS will arrive at and leave the steamboat at Brownsville daily, whence visitors will pass, in a drive of four or five hours, to the Springs, over an excellent McAdamized Road, about half the distance through one of the richest and most delightful agricultural regions in the country to Uniontown, and then eight miles further, over mountain roads, through the picturesque Laurel Hill, affording splendid views of the great western valley, with all its rich, variegated and beautiful scenery.
In short, it is confidently believed, that there is no watering place in the country presenting stronger attractions to those seeking HEALTH AND PLEASURE, than the "Fayette Springs," and the undersigned is very certain they can no where find a greater disposition to please, on more accommodating terms. [july31:52*] SEBASTIAN RUSH.

A Challenge Declined.
THE undersigned have seen, with surprise, in the newspapers, in the form of an advertisement, over the signature of Hall, Dodd & Co., of Cincinnati, a challenge to a bet of One Thousand Dollars on a trial of their Safes with those of the Cincinnati makers. There is something so specious and deceptive in the phrase of this challenge, stipulating as a condition of the trial, that there shall be "no humbug about it," that we feel called upon to notice, while we make bold to refuse it.
A recent trial of the comparative merits of our Safes, against those of Hall, Dodd & Co., was forced upon us in St. Louis, by the pertinacious boasting of Hall, Dodd & Co. A committee, chosen by themselves, and our agents at St. Louis, caused the Safes of both to be subject to a heat, which was certified by the committee to be "far greater than in any ordinary conflagration," and yet the committee declare that our Safes came out of the oven with *the varnish to the wood work inside entirely uninjured*, whilst on those of Hall, Dodd & Co., it "*blistered and blackened!*"
This result of a test into which we were forced, is entirely satisfactory to us, and we shall rest satisfied with it, unless Hall, Todd & Co., their own committee-men, connived at "*humbug*," and that injustice was done to their workmanship, which proved not quite so fire-proof as ours. This they do not attempt to show; but the language of their advertisement is calculated to afford them that loop-hole of escape for the "blistering and blackening" of the varnish on the wood work of their Safe. It is a common trick of the vanquished to put the failures on foul play; it is never a successful one unless the foul play is at least attempted to be shown. Hall, Dodd & Co., may be dismissed as unsuccessful tricksters, for they neither bring proof nor offer any thing better than the desperate gamester's argument,—"I'll bet you a thousand dollars."
We are content with our well and fairly won laurels; and as they were gathered in a contest, which we did not seek, but resisted until forbearance actually menaced the reputation of our work, we are not disposed to waste time and money on an idle encounter, in which another triumph would only prove our Safes to be what Hall, Dodd & Co.'s committee already declare they are—a little better than Hall, Dodd & Co.'s Safes. At all events, until we can see some better reason than has yet been given for going through the same trouble and the same cost to prove our Safes better than Hall, Dodd & Co.'s, *which is already proved by published certificates of responsible men*, we shall even defy the challenge to a bet of a thousand dollars, believing we can make more money by our accustomed labors in the same time, than we could by winning Hall, Dodd & Co.'s thousand dollars. Until they can rail off the seal from the certificate of Messrs. Warwick P. Miller, David H. Bishop, and Gerard B. Allen, we shall plant ourselves on *that* as conclusive proof that our Safes are better than those manufactured by Hall, Dodd & Co., of Cincinnati.
Meanwhile, we call attention to the certificate at the foot of the advertisement below.
jy31:3t BURKE & BARNES, Pittsburgh.

REAL FIRE PROOF SAFES!
More Proof of the Superior Quality of Messrs. Burke & Barnes' Celebrated Fire Proof Safes.
THE character of these Safes, in St. Louis, was before so well established, that any further test or proof of the fact of their being superior to all others, would have been unnecessary; but, in order to accommodate Mr. Hall, the patentee and maker of "Hall's Patent Concrete Safes," which has burnt up all other makers of any note in the United States, (Wilder's patent included,) we took up his challenge, and the result is given below, by the Committee who superintended the burning of the Safes. We only regret that they were not left in the fire two hours longer.
The safe which we tested is to be seen at our store, and we invite the public to call and examine it, as we are confident no one will ever doubt their fire proof qualities, after having seen the specimen which passed through the fiery ordeal on the 15th ult. E. R. VIOLETT & CO.,
Sole Agents for the Manufacturers, No. 13 Levee, and No. 23 Commercial street.
The undersigned, a Committee appointed by E. Hall, on behalf of Hall, Dodd & Co., of Cincinnati, and Messrs. E. R. Violett & Co., as agents of Messrs. Burke & Barnes, of Pittsburgh, to test the fire proof quality of the Safes, made by their respective principals—report, that we have this day, subjected a Safe of each manufacture, of similar size, which had been in use two years, in ovens, to a fire made with dry oak wood and Pittsburgh stone coal, for the space of five and a half hours; and, during that time, we believe the heat applied was far greater than any ordinary conflagration—that, at the expiration of that time, on taking the Safes from the fire, and cooling them down, we found that the iron casting on both was in places entirely burnt off, but that the books were uninjured; and, on opening the Safes, we found books and papers entirely uninjured, except slightly by the water used in cooling off. This we found to be the case with both Safes, and the only perceptible difference in the appearance of the interior was, that the varnish on the wood work of Burke & Barne's Safe was entirely uninjured, while on that of Hall, Dodd & Co's it was blistered and blackened. In conclusion, we would remark, that from the result of this test, we have no hesitation in recommending the Safes of both parties to the confidence of the public.
WARWICK P. MILLER,
DAVID H. BISHOP,
St. Louis, June 16th, 1852. GERARD B. ALLEN.
This certificate, it will be seen, shows the Pittsburgh Safes of Messrs. Burke & Barnes *triumphant, beating in the furnace the Safe that had burnt up all others!* This is glory enough for Pittsburgh, and gain enough it will be found, for Burke and Barnes. jy8
