Bright New Stars Debut January 23rd

WATCH BRIGHT NEW STARS DEBUT ON SCREEN AT OUR JOHN DEERE '86 FARMING FRONTIERS

New tractors, forage harvesters, disks, and even a new combine will be shown in big screen action at our John Deere Farming Frontiers. We're introducing the economy, efficiency, and practicality available with new John Deere machinery. And we'll be spelling out how our dealership offers you those same three advantages from a company with:

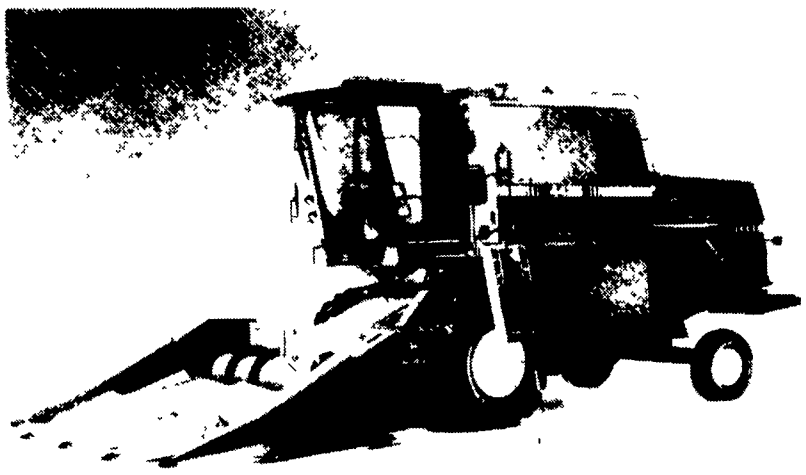
NEW FOR '86



John Deere brings you a new level of 4-row performance with the 4425 Combine

More power, faster harvesting, more comfort and performance. It's all together in the new 4425 Combine. Here are some of the features:

- Sound-Gard® styled cab
- 117-hp engine
- Quick-Shift transmission
- Posi-Torq™ ground drive
- 125-bushel grain tank
- closed style unloading auger
- fast unloading (1½ minutes)
- 79-gallon fuel tank
- efficient single-pass threshing

And there's more. Famous John Deere harvesting heads work on the 4425 to get nearly all the yield your field has to offer. And if you should plug the header or feeder house, a reverser (standard) can back it out at the touch of a lever. The 4425 keeps you moving down the rows.

The 4425's ground drive features John Deere's reliable Posi-Torq™ system. The variable-speed drive belts are automatically tightened at peak drive loads. This prevents belt slippage and increases belt life.

For easier shifting between gears there's the new, Quick-Shift transmission. This transmission makes it smooth and simple to change directions or gears. Just depress the clutch and give a short push of the shift lever. The Quick Shift transmission and the variable-speed Posi-Torq ground drive work together to give you just the right harvesting speed for maximum performance.

If you combine some rocky fields, you'll like the standard dump-type stone trap. Stones drop into the trap while you combine. You enjoy cylinder protection, non-stop harvesting and simple dumping of the trap at your convenience.

There's speed and greater performance with the new 4425 Combine
