The Fathers of the German Reformed Church,
IN EUROPE AND AMERICA.

BY Rev. H. Harbaugh. The publishers have the pleasure of announcing the appearance of this important work, so long looked for and so anxiously desired by the Church. We need not say that this work cost the patient author long and severe labor, and the popularity of his other works is sufficient assurance that this is well done. It bears marks of having been prepared not only with literary ability and taste, but as a work of love by a grateful son of the Church.

The first volume, beside the lives of thirteen of the Reformed Reformers, includes all the Fathers of the American Reformed Church previous to Schlatter's arrival; thus covering the earliest and most interesting period of the church in America, and that of which, hitherto, least has been known. This volume of 400 pages was ready on the 27th of July.

The second volume will follow immediately, and will be ready in Autumn.

PRICE. $1.00 per volume.

A liberal discount to agents and the trade. Orders respectfully solicited. Address

Daguerreotypes, Ambrotypes, MELAINOTYPES & PATENT LEATHER PICTURES.

THOMAS L. SUMMERIL respectfully informs the citizens of Columbia that he has taken charge of Detwinger's Photog. ich Rooms, Corner of Front and Locust streets, Columbia Pa., where he is fully prepared to take all the above named pictures in a style not to be surpassed by any other artist.

A long and large experience has enabled him to become perfect master of the art, he therefore flatters himself that he will be able to render entire satisfaction to all who may favor him with their patronage.

MELAINOTYPE

is a late invention and many persons have not seen them, he would state that they are taken on sheet iron, and in richness of tone, warmth of expression, completeness of detail, and boldness of feature, *Good Melainotypes are not surpassed.* They will receive a fall without a fracture, a bend without injury, may be washed off when soiled, and handled without the face being marred, unless by rough scratching, which would deface the best oil painting.

From 10 to 3 o'clock is the best time for children.

COPYING DONE, AND WARRANTED TRUE;

Also Pictures put in Rings, Medallions and Pins. All pictures taken by me are warranted not to fade.

EVANS & WATSON,

PHILADELPHIA Manufactured SALAMANDER SAFES, No. 26 S. Fourth street Phila. *Truth is mighty and must prevail.*

Report of the Committee appointed to superintend the burning of the Iron Safes, at Reading, February 27, 1857.

READING, March 4.

The undersigned, members of the committee, do respectfully report, that we saw the two Safes, originally agreed upon by Farrel & Herring, and Evans & Watson, placed side by side in a furnace, viz: The Safe in use by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrels & Herring, and the Safe in use by H. A. Lantz, in his store, manufactured by Evans & Watson, and put in books precisely alike.

The fire was started at 8½ o'clock A. M., and kept up until four cords of green hickory, two cords dry oak and half chestnut top wood were entirely consumed, the whole under the superintendence of the subscribers members of the committee. The Safes were then cooled off with water, after which they were opened and the books and papers taken out by the committee and sent to H. A. Lantz's store for public examination, after they were first examined and marked by the Committee. The books and papers taken from the Safe manufactured by Evans and Watson were but slightly affected by the intense heat while those taken from the Safe manufactured by Farrels and Herring were in our judgment damaged fully fifteen per cent. more than those taken from Evans & Watson's Safe.

We believe the above to have been a fair and impartial trial of the respective qualities of both safes.
JACOB H. DYSHER,
DANIEL S HUNTER.

Having been absent during the burning, we fully coincide with the above statement of the condition of the papers and books taken out of the respective Safes.
G. A. NICOLLS,

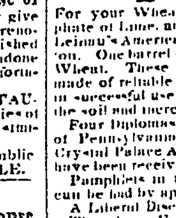
HERRING'S SAFE!



THE ACKNOWLEDGED CHAMPION.

The recent trials at Reading have endorsed the current of public opinion, and confirmed the verdict of more than 200 accidental fires, proving conclusively that "Herring's" is the Only Safe that will not burn.

Extract from the Committee's Report on the Trial of Iron Safes at Reading:

"On the 26th of February all the members of the committee met to witness the Safes and books and papers, (placed in them,) and were perfectly satisfied that all was right. The day following, the burning took place, under the superintendence of the Committee. After a fair and impartial burning for five hours, the Safe of Messrs. Evans & Watson was first opened, the Safe being on fire inside, and the contents partly consumed, while the contents in the Safe of Messrs. Farrels & Herring were in good condition, and no fire inside."

Reading, March 2, 1857.
(Signed) H. F. FELIX, P. N. COLEMAN, A. H. PEACOCK } Committee.

And endorsed by over 50 of the best men of Reading.

The above Safes can be inspected at 31 Walnut street, where the public can satisfy themselves of the great superiority of the "Herring's Patent Champion" over the defeated and *used up* "inside Iron Door Salamander."
FARRELS & HERRING,
31 Walnut Street, Phila'a.

Only makers in this State of Herring's Patent Champion Safes

The attempt made by other parties to bolster up the reputation of a Safe which *has failed* so signally in *accidental fires* in Philadelphia (Ranstead Place) by taking out of an agent's store, (H. A. Lantz,) made *double thickness*, different from those they sell, to burn one of Herring's, (half as thick) has met with its true reward. Herring's safe *could not be burnt* proving conclusively that the only reliable Safe now made is "*Herring's*," of which over 15,000 are now in actual use, and more than 200 have been tried by fire *without a single loss.*
