Philadelphia Markets.

JUNE 29—Evening.

There is very little export demand for Flour, and the market continues dull and unsettled; the only sales we hear of are 1,000 bbls. Diamond Mills, extra, and 1,000 ditto extra Family, on terms kept secret; 500 bbls. standard superfine also sold at a price kept private; it is offered at $5.62½, but the sales were limited to the wants of the trade at from that figure up to $7@8 per bbl. for superfine, extras, and fancy brands, as to quality. Corn Meal and Rye Flour are not inquired for, and dull at $3.87½@4 for the former, and $4.50 per bbl. for the latter. Wheat—the demand has fallen off, and the market is dull and drooping, prices ranging at from $1.60@1.65 for red, and $1.70@1.75 for white, as in quality. Rye is offered at 90c. per bush. Corn is not so plenty, but the demand continues light, and sales include about 3,000 bush. prime Southern yellow, taken in lots, at 82c. afloat, at which rate it is freely offered. Oats are very dull, and sales of 4,000 bushels are reported at 44c. for interior, 45@46c. for prime Delaware, including a cargo of Jersey Oats on terms kept private. Buckwheat—250 bushels are reported at 70@80c. The market is unsettled and very dull. Bark—Quercitron continues steady at $27.50 for 1st No. 1. Cotton—The market continues inactive, and about 250 bales have been disposed of at previous rates. Groceries and Provisions—There is very little movement and no change to notice. Whiskey is steady at 25¼@26c. for drudge, 26¼c. for bbls., 27c. for Pennsylvania, and 28c. for Ohio and prison bbls.

THE MARKETS.

ASHES are unchanged and dull at $5.25 for Pots, and $5.31¼ for Pearls.

FLOUR.—The market for State and Western Flour is heavy, unsettled, and 10@20c lower with light receipts, and sales of 4,900 bbls. at $5.50@5.90 for superfine State; $5.90@6.20 for extra do.; $5.40@5.90 for superfine Western; $6.00@6.40 for extra do., and $6.00 for shipping brands of extra round hoop Ohio. Southern Flour is heavy and declining, with sales of 600 bbls. at $6.20@6.75 for mixed to good, and $6.80@7.75 for extra brands.

GRAIN.—Wheat is heavy, and nominally 2@3c lower, with small sales of new red Southern at 175c; new white at 180c; Milwaukee Club at 110c. Corn is better, with sales of 20,000 bushels at 81@84c. for Western mixed; 85c. for yellow Jersey. Rye is dull at 85@90c. Oats are dull at 40@41c. for Southern, Pennsylvania, and Jersey, and 41@41½ for State, Western, and Canada.

PROVISIONS.—Pork is dull and heavy, with sales of 200 bbls. at $16.18¾@16.25 for Mess; $12.12½ for Prime. Beef is steady, with sales of 100 bbls. at $6.50@7 for country Prime; $8@9.25 for Mess; $10@13.25 for repacked Chicago, and $14@15.50 for extra. Cut meats and Bacon dull. Lard is steady, with sales of 100 bbls. at 11@11¾c.

NEW YORK CATTLE MARKET, WEDNESDAY, June 29.—At market, 3,337 Beeves, 218 Cows, 989 Veals, 12,925 Sheep and Lambs, and about 5,000 Swine, showing a decline of 18 Cows, 100 Veals, and 1,217 Swine, and an increase of 444 Beeves, and 4,264 Sheep and Lambs. At Bergen, N. J., 457 head were sold by Bergen. At Allerton's, 3,312 were offered—over half from Ohio and Illinois, and mainly by the Erie and Hudson roads, chiefly the latter. The trade this morning was very dull; butchers, drovers, reporters, and salesmen carried umbrellas; the beasts alone were without any protection from their own sweltering sun. The heat was so great that the yards were reconnoitered by instalments, and the examinations of cattle were less eagerly pursued. The bar-tenders at both of the liquor-dispensing shops were actively engaged.

The sales to-day were moderate, and we quote fully half a cent decline. The very best would hardly bring 11c, and the average price of all sales was less than 9c. The quality was, mostly of poor and medium stock. Sheep and Lambs were very plenty, and 15@20c. per head lower. We quote at $2@2.50 per head, or 3¾@4½c. live, for Sheep. Veals and Milch Cows are dull and unchanged. Swine are heavy, at 5@5⅞c gross; supply excessively large of still-fed.

Important to the Military.—We call attention to the subjoined letters, written by the Secretary of the Commonwealth, in reply to inquiries upon questions of interest and importance to the military. They contain information on points upon which daily inquiries are made:

OFFICE OF THE SEC. OF COMMONWEALTH,
June 18, 1859.

Maj. C. M. Gere, First brigade, Tenth division:

SIR: If the department can get out the commissions for your brigade in time for the election for Major General, it will be done. This year the commissions of all the officers in the State expire at one time, and must be renewed. It is hardly possible to issue all within the month, especially, as the returns come in slowly, and in many cases defectively made out.

You ask my opinion, whether officers can vote at the election for Major General, who have not received their commissions? I am not made the judge of the qualification of voters; that is for the officers of the election. I will say, however, that if I was holding the election, I would have no hesitation in admitting the votes of all holding certificates of election. The act says, "all commissioned officers shall be entitled to vote;" that is, in contradistinction to non-commissioned officers, who cannot vote at the election for a Major General. I take it that he who holds a certificate of his election is none the less a commissioned officer in this sense, because he fails to get his commission in time from the department.

Very respectfully, your ob't servant,
WM. M. HIESTER.

OFFICE OF THE SECRETARY OF COMMONWEALTH, June 22, 1859.

Major D. D. Meliet, Brigade Inspector, Fifth Brigade, Sixteenth Division.

SIR: In reply to your inquiry whether the same man can hold two ranks at the same time, I beg to say that the decision of the department is, that he cannot.

If elected to fill two offices, the commission will be made out for the office highest in rank, unless this department is notified that the party chooses to be commissioned for the office lowest in rank.

Very respectfully,
Your obedient servant,
WM. M. HIESTER.

HOMICIDE IN NEW YORK—A SAILOR BOARDING-HOUSE KEEPER KILLED.—A homicide occurred on Tuesday afternoon in the Fourth ward. James Boston, keeper of a sailors' boarding and lodging house, at No. 44 Baxter street, was stabbed by R. A. Eddy, a sailor, and instantly killed. Eddy returned a few days since from sea, having been shipped, as he alleges, six months ago, while intoxicated, by Boston, who retained his advance money. Getting sailors drunk, shipping them, and retaining their advance wages, is called "shanghaing." According to Eddy's statement, he met Boston on Tuesday afternoon at the corner of Front street and Peck slip, when the latter stopped him and remarked, in an exulting manner, "Well, Eddy, how did you like my shanghaing you?" "I mean to try it on again." Eddy pulled out a knife and told him not to interfere with him, as he would be the death of him. Disregarding this threat, Boston struck Eddy, almost knocking him from the sidewalk. Eddy at once plunged his knife into Boston's abdomen, and he fell to the pavement. He was immediately taken to the City Hospital, where he died very soon after admission. Eddy was arrested and committed to prison to await the result of a coroner's inquest.

CITY ITEMS.

WHERE TO GO, AND WHAT TO DO, IN WARM WEATHER.—Taking yesterday as a specimen, we should say the weather, "fixes, so to the 'where to go!'" In answer to which we may say, go where your inclination, pleasure, or means lead, and as to the what to do—do anything, keep cool, or at any rate as cool as you can. We are fortunately so situated in this goodly city that nearly every one can take a half day's holiday, or even a few hours' excursion from business, and so be enabled to reap all the benefits of an invigorating jaunt. By the aid of the passenger railways that are now threading our streets in every direction, Fairmount is brought within about twenty minutes of the Exchange, and a more delightful spot in which to while away an hour or two on a hot day we know not. No matter how oppressive the heat may be in the heart of the city, cool and delightful breezes are always to be found at this beautiful resort, and it is none the less attractive for that during the summer months it is visited by thousands.

Yet, agreeable and beneficial as may be a trip to Fairmount, by the aid of the pleasant steamboats—the bright, cool, and airy Frederick Graff—which ply between the Fairmount dam and the Falls, every hour during the day, [illegible] excursion thither, to spend an hour or two, or a day, at the [illegible] seats along the romantic Wissahickon, [illegible] [illegible] which we need to [illegible] them, and partially [illegible] daily [illegible] in the [illegible], [illegible]

exceedingly popular among all classes of our citizens. Having made a trip of this character yesterday, we wish to be understood as speaking from experience in recommending the foregoing trips as a hot-day receipt. Thousands are accustomed to visiting Laurel Hill Cemetery at least once a year, and now is emphatically the appropriate time to do so. The boats down, last evening, were crowded on deck and in the cabin, and we believe it would pay them to run twice as often as they do. They are perfectly safe, ably conducted, and are certainly a most invaluable auxiliary to the diverging lines of travel with which Philadelphia is blessed. Fairmount, the point where the boats leave, can now be conveniently reached by several lines, of which, however, the Green and Coates, and Race and Vine are the most direct, for parties leaving the vicinity of the Exchange.

FIRE-WORKS FOR THE MILLION.—The most extensive and superb assortment of fireworks, for private display more especially, that we have ever examined, we saw yesterday at the popular confectionery establishment of Mr. Stephen F. Whitman, No. 1210 Market street, above Twelfth. His preparations for contributing to the patriotic element of the coming "Fourth" are commendable, and, we are glad to find, are bringing him swarms of customers.

THE late importation of French fireworks, received by the sole agent, Edward A. Heintz, S. W. cor. Arch and Ninth, far surpasses, in novelty and brilliancy of colors any displays previously introduced into this market.

THE HEAT.—We are now in the midst of the fiercest heat of summer, and everybody is at least *talking* about going to the Capes, to the Falls, or to the Mountains. The can-get-aways and the can't-get-aways all agree upon one point, to wit: That whether at home or abroad, there is no comfort to be obtained in such weather, except in a suit of the cool and elegant Summer Garments sold at the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth.

SEASONABLE ADVICE.—Keep cool, and buy your clothes of Granville Stokes, fashionable clothier, No. 607 Chestnut street.

Special Notices.

The War in Europe.—The only authentic pictures and sketches will appear from week to week in the

ILLUSTRATED LONDON NEWS,
ARRIVING WEEKLY BY EACH CUNARD STEAMER FROM ENGLAND.

The most eminent artists and photographers have been despatched by the Proprietors of the ILLUSTRATED LONDON NEWS to the Seat of War, and the most complete arrangements made to insure for each successive week SKETCHES OF INTERESTING SCENES AND INCIDENTS OF THE WAR, and of places of strategic importance or historical interest in Northern Italy. A complete series of new and accurate MAPS AND PLANS will also be published whenever important military events require them, giving on an extended scale all the topographical information necessary to trace every manœuvre of the conflicting armies. PORTRAITS FROM PHOTOGRAPHS OF ALL THE GENERALS, COMMANDERS, and the prominent characters brought to public notice by the events of the war, will be given. The pictures in the "ILLUSTRATED LONDON NEWS" are not fancy sketches, calculated to mislead but are from DRAWINGS AND PHOTOGRAPHS, ACTUALLY MADE AT THE SCENES REPRESENTED, and the enormous sale which the "ILLUSTRATED LONDON NEWS" has now reached in every part of the world, gives facilities to the publishers possessed by no other journal.

The Proprietors intend that the "ILLUSTRATED LONDON NEWS" shall form the most complete and unrivalled pictorial History of the Scenes and Incidents of the present exciting CRISIS IN EUROPE, in proof of which they confidently point to their world-renowned series of Illustrations, which appeared during 1854-5 of the War in the Crimea, and in 1857-8 of the Great Revolt in India, both pronounced to be the most wonderful efforts ever accomplished in the newspaper world.

The NEW VOLUME COMMENCES JULY 24, and will even surpass all previous volumes in the accuracy and fidelity of the Sketches and Photographs, as well as in the general execution of the Engravings.

To secure the "Illustrated London News," it should be subscribed for by the year or half year, which includes all Colored Numbers, Maps, Plates, &c., &c.

COUNTERFEIT BANK NOTES.

EUREKA COUNTERFEIT DETECTER.

HEWET'S
ENCYCLOPEDIA OF AMERICAN BANK-NOTE CURRENCY.

By Photo-Lithographic Fac-similes, in miniature, of every genuine note of every solvent Bank in the United States and Canada.

AN INFALLIBLE DETECTER OF ALTERED, SPURIOUS, AND COUNTERFEIT MONEY.

With a fac-simile of the genuine Notes before you, how can you take the bad?

No Written or Printed Description of Bank-Notes, no Matter how Carefully Compiled, can ever be made an Infallible and Perfect Protector.

Since the application of the art of Engraving to the commercial use of paper currency—a period of more than fifty years—it has been the object of all the parties interested to secure their issue against the liability of alterations of titles, and the *raising* or substitution of higher denominations of value; but, so far, that desirable object has never been accomplished, for upon the *one hundred and forty-four fac similes* of genuine Bank Notes contained in the very first number of this *Encyclopedia*, there are *seventy-eight altered, raised* and *spurious* notes now in circulation.

These *spurious and altered notes* are generally the ISSUES *of exploded and broken Banks* which, being originally executed by a regular bank-note engraving firm for an originally solvent bank, of course compare, in point of workmanship, &c., with issues of solvent banks generally. The circulation of the exploded banks is very frequently obtained *after failure, by dishonest parties*, who at once make it their business *to erase the title and location* of the broken bank, and either by *pasting or reprinting* in the title of some bank in good credit, and altering the location to correspond, succeed in foisting these altered Notes upon the public as good money, BUT USE THE GENERAL CHARACTER OF THE WORK HAS A GENUINE APPEARANCE.

Another great source of loss to the public is the facility with which the issues of solvent banks have heretofore been RAISED IN DENOMINATIONAL VALUE—One dollar Notes being raised to Ten dollar Notes, and so on—by entirely removing the small denominational counters, and printing in their place larger ones, or by pasting over the small denomination a larger one in very thin paper, *so as not to visibly affect the average thickness of the paper upon which the rest of the note is printed.*

The SECURITY afforded by our DETECTER lies in the fact that in the entire circulation of paper money on this Continent *there are no two notes exactly alike*—either the style of letter used in the title is different, the vignettes, portraits, or counters vary, or the denomination, location, &c., are dissimilar. With a *fac-simile* of every genuine note before him, we believe *every person is safe in receiving paper money*, so far as mere genuineness of its issue is concerned.

The plan of this work has received the highest encomiums for its great utility and value to the public, as a protector against loss by fraudulent paper money, as well as for its desirability as illustrative of a department of this fine arts in which this country excels all others.

From a great mass of such notices, we mention the following from persons occupying the most important and influential relations to the security of paper money, viz:

CHAS TOPPAN, Esq., President of American Bank Note Company.
The Hon. JAMES M. COOK, Superintendent Bank Department, State of New York.
The Hon. J. C. SQUIRES, Superintendent Bank Department, State of Wisconsin.
METROPOLITAN BANK, New York.
G. D. LYMAN, Esq., New York Clearing-house.
The Hon. CHAS. WHITE, Superintendent Bank Department, Massachusetts.
H. B. GROVES, Esq., Boston Clearing-house.
NEW ENGLAND ASSOCIATION FOR SUPPRESSION OF COUNTERFEITS, &c., &c., &c.

As it is our aim to render this publication as PERFECT as possible, REGARDLESS OF EXPENSE, we have secured the co-operation of the AMERICAN BANK NOTE COMPANY, which, composed of all the Bank Note Engraving firms in the country, has guaranteed to furnish us CORRECT PROOFS of every Bank Note which now is, or which may hereafter be put in circulation; and has delegated a suitable person as their REPRESENTATIVE TO SECURE by his supervision the ENTIRE CORRECTNESS of our work, as well as the PUBLIC and THEMSELVES against any IMPROPER USE OF THE BANK NOTE PROOFS.

The work will be arranged in alphabetical order—the most simple arrangement possible for reference—commencing with the Bank Notes of the City of Boston Banks, and State of Massachusetts; then of the banks of the other New England States; then of the Middle, Western, Southern States and Canada in regular succession.

The new notes of new banks, as fast as they appear in circulation, and also all alterations of notes of banks now in existence, will be issued in the same style with this work in a weekly or monthly extra, and in this manner the public will always be kept fully advised in regard to the entire circulation of the genuine paper currency of the country.

The ENGRAVED FAC-SIMILE COUNTERFEITS will be designated in each number; and their distinctive features from the GENUINE notes will be made as plain as possible.

The work will be issued in weekly numbers, each of which will contain 144 *fac-similes* of genuine notes, and will be completed in about 75 numbers, and about 11,000 *fac-similes* of genuine notes, and will be completed within one year from the date of the first number by a more rapid issue near its completion.

THE IMPRESSIONS OF NOTES IN THIS WORK ARE NOT PHOTOGRAPHS, BUT PHOTO-LITHOGRAPHS PRINTED FROM STONE WITH CARBON INK, AND WILL NOT FADE.

The first number will be issued on Saturday, 2d July, and regularly, thereafter, every Saturday, and will be for sale by all Newsvenders and Periodical Agents.

The price of the weekly numbers will be 25 cents each. Subscribers, by pre-payment of $15 in current funds, will have the weekly numbers of the work entire mailed to them, postage free. All remittances may be made at our risk. Postage stamps will be received in payment for single numbers only, which will be free of postage.

A liberal discount will be made to AGENTS. All orders must be accompanied with CASH. Address

PRESERVING JARS.

POTTER & BODINE'S
PATENT AIR-TIGHT
GLASS FRUIT-JARS
FOR
HERMETICALLY SEALING FRESH FRUITS, &c.

For Sale by dealers in China and Glass and House-Furnishing Goods.

THE TRADE SUPPLIED BY
POTTER & BODINE,
107 CHESTNUT STREET.

Our Jar having been *tested* to the *satisfaction of thousands* of families, we confidently present it to the customers. We would call especial attention to the superiority of our article over those using gutta percha or gum in place of cement; for the gutta percha, &c., imparts a *strong and injurious flavor* to the fruit, besides being otherwise defective.

P. & B. also manufacture *superior* mineral water and porter bottles, and all kinds of green glass hollow-ware. je8-tf

LADIES ARE ESPECIALLY INVITED to call and examine the PRESERVE JARS, WHOLLY OF GLASS, made under HARTELL'S Patent. The Art of preserving Fruits and Vegetables so as to retain their original taste and flavor for years, is now made easy to the most inexperienced Housekeeper. The "Hartell Jar and Cover" (being both of glass) has received the unqualified approbation of Medical and Scientific men in all sections of the country, and requires only an examination to satisfy the most prejudiced mind of its infinite superiority, in every respect, over all others before the public. The certainty, simplicity, and ease with which Fruit, &c., may be preserved in these Jars, has induced the Proprietors of the old-style Jars with cement and poisonous metal tops, to resort to the most ridiculous publications to get rid of their old stock.

Refrigerators.

WINSHIP'S PATENT
SELF-VENTILATING REFRIGERATORS.
THE ONLY THOROUGHLY VENTILATED AND HEALTHY REFRIGERATOR IN THE MARKET.
LINED WITH ZINC, AND THE CASING FILLED WITH CHARCOAL.

Prof. Silliman, in his recent work on Natural Philosophy, uses drawings of this Refrigerator to illustrate the circulation of air by the combined effects of cold and heat, and he says of its operation, "It is in beautiful accordance with *Natural Laws*, having a motive force or *vis a tergo*, to establish and maintain an outward *constant current of air*, and consequent *ventilation*."

The Refrigerator has been used, and is highly recommended by Professors Silliman, Porter, and Thatcher, of Yale College; Prof. Mapes, of New York; Prof. Chase, of Providence; Commodore Gregory, U. S. N.; Dr. H. G. Clark, City Physician, of Boston, and many other prominent scientific men.

D. S. Fernald, Proprietor of Union Market, Brooklyn, says: "In an experience of twelve years, I have used and been familiar with every style of Refrigerator, *none of which will compare with Winship's*. I find it ventilates perfectly, is economical in ice, and preserves meats splendidly."

Every housekeeper who wishes a pure, healthy, cheap, and economical Refrigerator, should purchase one of Winship's. Please call and examine them.
