A. Lantz in his store manufactured by Evans & Watson, and put in books precisely alike.

The fire was started at 8½ o'clock A. M., and kept up until four cords of green hickory, two cords dry oak and half chestnut top wood were entirely consumed, the whole under the superintendence of the subscribers, members of the committee. The Safes were then cooled off with water, after which they were opened and the books and papers taken out by the committee and sent to H. A. Lantz's store for public examination, after they were first examined and marked by the Committee. The books and papers taken from the Safe manufactured by Evans and Watson were not slightly affected by the intense heat while those taken from the Safe manufactured by Farrels and Herring were in our judgment damaged full fifteen per cent. more than those taken from Evans & Watson's Safe.

We believe the above to have been a fair and impartial trial of the respective qualities of both safes.

JACOB H. DYSHER,
DANIEL S. HUNTER.

Having been absent during the burning, we fully concur with the above statement of the condition of the papers and books taken out of the respective Safes.

HERRING'S SAFE!

THE ACKNOWLEDGED CHAMPION.

The recent trials at Reading have endorsed the current of public opinion, and confirmed the verdict of more than 200 accidental fires, proving conclusively that "Herring's" is the Only Safe that will not burn Extract from the Committee's *Report on the Trial of Iron Safes at Reading:*

"On the 26th of February all the members of the committee met to witness the Safes and books and papers (placed in them,) and were perfectly satisfied that all was right The day following the burning took place, under the superintendence of the Committee. After a fair and impartial burning for five hours, the Safe of Messrs. Evans & Watson was first opened, the Safe being on fire inside, and the contents partially consumed while the contents in the Safe of Messrs. Farrels & Herring were in good condition, and no fire inside."

Reading, March 2, 1857

(Signed.) H. F. FELIX,
P. N. COLEMAN, } Committee.
A. H. PEACOCK.

And endorsed by over 50 of the best men of Reading.

The above Safes can be inspected at 34 Walnut street, where the public can satisfy themselves of the great superiority of the "Herring's Patent Champion," over the defeated and *used up* "inside Iron Door Salamander."

Only makers in this State of Herring's Patent Champion Safes

The attempt made by other parties to bolster up the reputation of a Safe which *has failed* so signally in *accidental fires* in Philadelphia (Ranstead Place) by taking one out of an agent's store, (H. A. Lantz) made *double thickness*, (different from those they sell) to "burn up" one of Herring's, (half as thick) has met with its true reward Herring's Safe *could not be burnt*, proving conclusively that the only reliable Safe now made is "*Herring's*," of which over 15 000 are now in actual use, and more than 200 have been tried by fire *without a single loss.*
