EFFICACY OF THE OXYGENATED BITTERS.

From J. C. DUNN, Esq , late City Treasurer, BOSTON, June 6 1852.

GENTLEMEN—I have been for some years troubled occasionally with severe attacks of Indigestion: have consulted many physicians. tried Allopathy and Homoeopathy, and can truly say, I have received more speedy and effectual relief from the use of the Oxygenated Bitters, procured from you, than from all other remedies, and most cheerfully recommend them to all who suffer from a similar affliction. Yours truly,
JAMES C. DUNN.

Numerous certificates have been received from citizens of the highest respectability. Every dyspeptic will be amply repaid for a trial of this medicine.

PROFESSOR O. J. WOOD'S
HAIR RESTORATIVE.

FOR producing hair on Bald Heads, and restoring Grey Hair to its natural color

This astonishing and unequalled preparation has never failed to produce a growth on Bald Heads, when used according to the direction, and turn hair back to its original color, after having become gray, and reinstate it in all its original health, lustre, softness and beauty. Remove, at once all scurf, dandruff and unpleasant itching, scrofula, eruptions and feverish heat from the scalp. It also prevents the hair from becoming unhealthy and falling off, and hence acts as a perfect Hair Invigorator and Tonic.

A gentleman of Boston writes to his friend in New Bedford thus:

To your inquiries, I would reply, that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose, and pulled out freely: but I found that before I had used all the second bottle, (which was eight weeks) my hair was entirely changed to its original color, light brown, and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change and have never seen anything like white hair starting from the roots; and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish to ask.

July 1, 1855. Yours, etc.——

From the Boston Herald.

SOMETHING WORTH KNOWING.—By using Professor Wood's Hair Restorative, gray hair can be permanently restored to its original color. The subjoined certificate from Johnson & Stone, Gardiner, Maine, is but one of the many instances that are daily coming to our knowledge of its wonderful effects. It is no longer problematical, but a self-evident truth, as hundreds in our community can testify.

Gardiner, Maine, June 22 1855

DEAR SIR I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, respectfully, DANIEL N. MURPHY.
Professor O J. Wood.

Brookfield, Massachusetts, Jan 12 1855.

DEAR SIR:—Having made a trial of your Hair Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff, and a constant itching tendency with which I have been troubled from childhood, and has also restored my hair which was becoming gray to its original color. I have used no other article with anything like the pleasure and profit. Yours, truly,
J K BRAGG,
Pastor of the Orthodox Church, Brookfield
Professor Wood.

From the Missouri Democrat

WOOD'S HAIR DYE —This admirable article is rapidly improving the hair No article of a similar kind, now before the public, enjoys a better reputation as a restorative and invigorating hair tonic. Its peculiar chemical qualities have a beneficial effect upon the growth and character of the hair, giving a silky and glossy texture to that which was formerly of a coarse and dry nature. It has, also, we understand, a tendency to preserve the youthful color and appearance of the hair, and destroying or counteracting the effects of age. With such recommendations in its favor, we hardly perceive how any lady or gentleman should be without so valuable an adjunct to their toilet.

THE WONDER OF THE AGE!

J. M. LINDSEY'S Great Medical Discovery! which is a purely *vegetable preparation*, for the purifying of the blood, giving vigor to the liver, stomach and bowels, and expelling from the system all morbid matter, and substituting in its stead a healthful activity through all the functions of life.

HOW IT WAS DISCOVERED!

In the fall of 1854 a daughter of Mr Lindsey was suffering from a malignant attack of Cancrum Oris (Canker of the mouth) She had previously been prostrated by the attacks of Dysentery, Inflammation of the Lungs and Hectic Fever, successively, which resulted in the above named disease in its worst form. Her condition was most deplorable—her mouth and cheek were literally rotten—the attending physician pronounced the case a hopeless one Everything indicated a speedy and horrible death—the death of rotting out of life! At this critical juncture, Mr. Lindsey prepared a compound for the purpose of alleviating, if possible, the pains of the little sufferer She was made to use it freely, and in a short time to his most delightful astonishment, there was a very perceptible change for the better. The mouth began to put on a bright and healthy appearance—the foul breath became sweet—the appetite was restored and the child seemed to partake of a new and fresh life.

Hope was inspired, and the use of the compound was faithfully continued, the result of which, with the blessing of God, was her complete restoration. She is now perfectly healthy! From this circumstance, Mr Lindsey was led to prepare with greater care and exactness, what had so astonishingly cured his child, and continued his experimental efforts until he succeeded in bringing to perfection his great *Great Remedy for Blood Impurity*—since which time its effects have been almost miraculous Hundreds upon hundreds, by it, have been snatched from an untimely grave and restored to the sweets of health and the endearments of friends The young and old have tested its saving powers and sing aloud its virtues. Say they—"after using Lindsey's Improved Blood Searcher, we felt as if a new life was stirring our veins, and under God we owe to it more than words can express!"

But hear from their own lips and then judge of its valuable effects. The few testimonials that follow show that it is deservedly styled the Greatest Discovery of this or any other age. J. M. LINDSEY,
Hollidaysburg, Blair county, Pa.

CERTIFCATES.

Pattonville, Bedford co , Pa., Oct 11, 1857.

Mr. J. M. LINDSEY —Dear Sir:—I was severely afflicted with rheumatism for a whole year—nine months of which time I was not able to leave my bed —when hearing of the wonderful effects of your Improved Blood Searcher, I determined to procure some of it and give it a fair trial. After using three bottles I was able to walk around again as usual, and am now wholly cured I can recommend it to all who are similarly afflicted, and believe it is all it claims to be. Yours, truly. JOHN SHAFFER.

A Desperate case of Tetter and Barber's Itch, cured by the use of Lindsey's Blood Searcher. I, the undersigned, some time in last March, was severely afflicted with what was pronounced by my physicians to be a certain kind of Tetter and Barber's Itch. My condition was one of the greatest misery, my face was almost constantly running with the foul corruption that escaped from the tubercles, by which it was almost completely covered. After being under the care of my physicians for near two months, without the least benefit, I was induced to make a trial of Lindsey's Blood Searcher, and the result was that in using one bottle and a half I found a perfect cure. I may also say that I eagerly tried whatever was recommended as a cure. Such was my wretchedness that I even resorted to the dangerous experiment of pouring pure creosote on my face and neck, but all to no purpose—the Blood Searcher was the first and only thing that did me any good. As a blood purifier it is unequalled, and I have great reason to be grateful that I ever made a trial of its healing virtues, and I can confidently recommend it to any who may suffer from Tetter, or any other disease arising from an impure state of the blood JOHN DELEHUNT.

Hollidaysburg, Pa., July 29, 1857.

An interesting case of scrofula cured by one bottle of Lindsey's Blood Searcher. This certifies that about one year ago our little son aged four years, was most sorely afflicted with what the physicians pronounced to be scrofula, and was treated accordingly for nearly a year, but without the slightest benefit. His eyes were running a thin mattery humor almost constantly; which would encrust his eyes beyond the power of opening them until they were washed and cleaned by soap and water. About the same time an abscess formed just below the groin, which in due time broke and commenced a discharge, which was found impossible to dry up or heal—the bed would be very much stained and the clothing of the child perfectly sickening in a single night's time After having the attentions of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr Lindsey's Blood Searcher. This was in last March—and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a single bottle our little boy has been perfectly restored to health. We cannot speak too highly of this invaluable medicine, it should be in every family—none should be without it. As a purifier of blood it is beyond all price.
DANIEL BOLLINGER.
Hollidaysburg, Pa , July 29th, 1857.

Hollidaysburg, Pa , March 19, 1857.

DR. J. M. LINDSEY.—Dear Sir—I have been using your Improved Blood Searcher since some time last summer, and I deem it to be a matter of duty to bear my testimony to its invigorating, blood restorative virtues. I have been, for a number of years, severely troubled with erysipelas and general debility; but since I put myself under the influence of your Improved Blood Searcher, I find a very decided improvement. Indeed, my acquaintances frequently remark, that I look so fat and hearty; and know of not other cause than the use of your Improved Blood Searcher. Judging from my own experience, I believe that this is one of the most valuable medicines that women can use, especially those who are or have entered upon the decline of life. (From 40 to 50 years of age) I feel that it would have been above ingratitude on my part to have withheld this testimony, and in thus consenting to appear as a witness before the public, I have been actuated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement.

Yours, respectfully,
MARGARET W. C DONNELL.

Liver Complaint cured by Lindsey's Improved Blood Searcher:

Blair County, ss —Personally appeared before me, one of the Justices of the Peace, in and for Blair county, George Kopp, who, being duly sworn according to law, doth depose and say: Two years ago I was afflicted with pain between the shoulders, almost constant cough loss of appetite, chills, night sweats, and very subject to take colds; I at length became so weak that I could hardly walk, my physician done me no good. Sometime last fall, I commenced taking Lindsey's Improved Blood Searcher, and by the use of two bottles was perfectly cured. I feel, to recommend it to all who suffer from liver diseases general debility, loss of appetite, and other diseases arising from impurity of the blood I would not like to do without it. I consider it an excellent family medicine (Signed.) GEORGE KOPP.

Sworn and subscribed this 16th day of March, A. D , 1857, before me. J GORLEY, J. P.

NOTE —Mr Kopp is a resident of Frankstown and is well known to the citizens of Blair and Bedford counties as a man of excellent character and influence.

A desperate case of Ague and Dyspepsia, entirely cured by the use of Lindsey's "Improved Blood Searcher."

Blair County, ss.—Personally appeared before me, the subscriber, one of the Justices of the Peace, in and for said county John Moran, who being duly sworn according to law, doth depose and say, that, in the spring of 1856, I was a victim to that worst of diseases—dyspepsia, and that in its worst form My appetite was completely gone, and when, in order to preserve life, I would force myself to swallow a mouthful of food, the stomach would immediately loathe it, and cast it forth with the spittle I had also been suffering with the Ague, each attack lasting about nine months out of the twelve, so that, with the Ague and Dyspepsia I was reduced as I thought beyond recovery, I thought I must die, my physician could do me no good. Such was my condition, when Mr. Lindsey supplied me with a bottle of his Improved Blood Searcher, assuring me it would work a cure I commenced its use with but little confidence; but, in one week's time—so great was its restorative powers—I found my appetite to return, my stomach received a new tone, so that I could eat anything without the slightest inconvenience, and before its healing touch the ague fled as from a charm: nor have I been troubled with ague or dyspepsia since. I enjoy a better state of health than I had done for fifteen years before; I am strong and hearty, and I feel confident that, under the blessing of God, I owe all to the invaluable Improved Blood Searcher I believe it not to be only a sure remedy for ague, but an infallible preventive, and, as such I would recommend it to all whose business habits, or residences, expose them to this dreadful pest of humanity. Dyspepsia cannot stay where the Improved Blood Searcher is properly used. I feel it my duty to point all who suffer to this all healing medicine.

(Signed,) JOHN MORAN.

CHEOPLASTIC PROCESS
Of Mounting Artificial Teeth.

PATENTED by Dr. Blandy, formerly Professor in the Baltimore College of Dental Surgery, is certainly one of the greatest discoveries of the present age, and destined to work a great change in mechanical dentistry.

The undersigned having used the Cleoplastic Process in more than forty cases, with perfect success, not one having failed to give entire satisfaction, it being preferred to gold plate by all who have tried both, feels no hesitation in recommending it as superior to any other method of mounting artificial teeth heretofore known The same accuracy in fitting, perfect cleanliness, beauty and durability, cannot be obtained by any other process.

Partial sets can be inserted with perfect success, without the use of clasps which are so destructive to the natural organs, and ought to be discontinued by every operator regarding the good of his patients

Professor Thomas Bond, of the Baltimore College of Dental Surgery, after using and testing the 'Cheoplastic Process' for himself, in a letter to Dr Blandy, says, "My opinion is, that your patent in the hands of skillful operators, must supersede all others now in use, for it has advantages over all of them, but none has any advantages over it "

The public are respectfully invited to call at the office of the undersigned, who alone is authorized to practice the Cheoplastic Process in Lancaster city, and to dispose of office rights in the counties of Lancaster, Chester, Berks, Dauphin and York.

J. J. SPRENGER. W. M. WESTHAEFFER.

HAVING just received their Fall Stock of Books, Stationery, &c., are now prepared to hold out inducements to the public, such as have never been offered in the history of Lancaster Book Stores.

The liberal encouragement extended by the public, since we are in business, has spurred us to renewed energy. To sell books as low as the lowest, and as good as the best, is now our aim In consequence of the stringency in the Money Market and the extraordinary low prices at which Books, Stationery, &c., sold at the late Trade Sales in Philadelphia and New York, Teachers of Public Schools will find it greatly to their advantage to call on us before selecting their books, &c.

We would here distinctly say that we employ no Country Agents preferring to remain at home, and giving the purchaser the benefit of any expense which would thereby occur by selling our Books, &c , at a lower figure.

We have all the school books now in use in the County of Lancaster, all of which, we are prepared to sell wholesale or retail, making the most liberal deduction to teachers

Our Stock of Miscellaneous Books, is unusually large this season, and much lower in price than heretofore. The Reading Public will please bear this fact in mind, when they select their books for the winter We have also all the best
