ANOTHER SCIENTIFIC WONDER.

PEPSIN!

THE TRUE

DIGESTIVE FLUID, OR *GASTRIC JUICE!*

THE GREAT DYSPEPSIA CURER,

Prepared from RENNET, or the fourth Stomach of the Ox, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for INDIGESTION, DYSPEPSIA, JAUNDICE, LIVER COMPLAINT, CONSTIPATION and DEBILITY, Curing after Nature's own method, by Nature's own agent, the Gastric Juice.

☞ Half a teaspoonful of this Fluid, infused in water will digest or dissolve Five Pounds of Roast Beef in about two hours, out of the stomach.

DIGESTION.

DIGESTION is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great Solvent of the Body, the Purifying, Preserving, and Stimulating Agent of the stomach and intestines. Without it there will be no digestion,—no conversion of food into blood, and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, half dead, or injured stomach produces as good Gastric Juice, and hence the disease, distress and debility which cause.

PEPSIN AND RENNET.

PEPSIN is the chief element, or great Digesting Principle of the Gastric Juice, it is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest itself, or eat itself up.—Pepsin also found in the stomach of animals, as the ox, calf, &c. It is the ferment used by farmers in making cheese, called Rennet, the effect of which has long been the special wonder of chemistry. The curding of milk is the first process of digestion. Rennet possesses astonishing power.—"One drachm of a seal will coagulate nearly one thousand times its own weight of milk." Baron Liebig states that, "One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food." Dissected stomachs produce no good Gastric Juice, Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the following

SCIENTIFIC EVIDENCE!

BARON LIEBIG, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomachs of the calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. PEREIRA, in his famous treatise on "Food and Diet," published by Fowlers & Wells, New York, page 53, states the same great fact, and describes the method of preparing it. There are few higher authorities than Dr. Pereira.

Dr. COMBE, in his valuable writings on the "Physiology of Digestion," believed that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "no disappointment in the art of medicine is known, who was severely afflicted with this complaint, finding every thing else to fail, had recourse to this Gastric Juice, obtained from the stomach of living animals, which proved completely successful."

Dr. GRAHAM, author of the famous work on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the mere contact of animal substances, unaccented in water, impart to the fluid the property of dissolving various articles of food, and of causing a kind of artificial digestion of them in no sense different from the natural digestive process."

Dr. SIMONS, great work, the "Chemistry of Man," (See A Beaufoud, Phila. 1846, pp. 321-2) says: "The discovery of PEPSIN forms a new era in the chemical history of Digestion, and the chemical experiments are thought to have shown that food is dissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself."

Dr. Jonathan DUNGLISON of the Jefferson College, Philadelphia, the great writer on Human Physiology, denotes the importance they ascribe to an examination of this subject.—He says, speaking with Dr. Beaumont, on the Gastric Juice, "Its agency in the digestion of meats and from wounds are well known." "On all sides," he says, subjoined in necessity, not as perhaps in life (in the natural digestion.)

AS A DYSPEPSIA CURER,

Dr. HOUGHTON's preparation of PEPSIN has produced the most marvelous results, curing cases of Debility, Jaundice, Nervous Diseases, and Dyspeptic Complaints, so long and so severely severe, it the reader. It is impossible to give the thousands of cases in the hours of this advertisement—but subjoined are certificates from been given of more than TWO HUNDRED REMARKABLE CURES in Philadelphia, New York, and Boston alone.—These were the most desperate cases, and the cures were the only medical wonderful, but permanent.

It is a great NERVOUS ANTIDOTE, and particularly useful for nervous debility in all its disorder. Liver Complaint, Dyspepsia and Acute or Chronic Inflammatory Fever and Ague, Fever and Ague, cured by Quinine, Mercury, and other Medicines. Diseases of the Lungs, after a long sickness. Also, for speedy recovery, and the convalescing of patient spring. It should be in the Health with Invigorates.

OLD STOMACH COMPLAINTS

Those suffering from OLD STOMACH COMPLAINTS would find immediate relief and permanent cure. No matter how long they may be, it GIVES INSTANT RELIEF. A single dose relieves all the symptoms, apply a few doses, that is, a week or two, to be repeated, for a short time, to make them great others permanent. PURITY OF BLOOD and VIGOR OF BODY follows at once. It is particularly essential in cases of Nausea, Vomiting, Cramps, Soreness in the pit of the Stomach distress after eating, low, cold, sense of the Blood, Heartburn, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

CHERRY PECTORAL:

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, CROUP, ASTHMA, WHOOPING-COUGH AND CONSUMPTION.

The uniform success which has attended the use of this preparation—its salutary effect—its power to relieve and cure affections of the Lungs, have gained for it a celebrity equalled by no other medicine. We offer it to the afflicted with entire confidence in its virtues, and the full belief that it will subdue and remove the several stacks of disease upon the throat and Lungs. These results, as they become publicly known, very naturally attract the attention of medical men and philanthropists everywhere. What is their opinion of CHERRY PECTORAL, may be seen in the following:

VALENTINE MOTT, M. D.,

Prof. Surgery, Clinton College, New York, says—"It gives me pleasure to certify the value and efficacy of Ayer's CHERRY PECTORAL, which I consider peculiarly adapted to cure diseases of the Throat and Lungs."

THE RT. REV. LORD BISHOP FIELD,

writes in a letter to his friend, who was sinking under an affection of the lungs:—"Try the CHERRY PECTORAL and if any medicine can give you relief, with the blessing of God that will."

CHIEF JUSTICE EUSTIS,

of Louisiana, writes "That a young daughter of his was cured of several severe attacks of *Croup* by the CHERRY PECTORAL."

ASTHMA AND BRONCHITIS.

The Canadian Journal of Medical Science states, "That Asthma and Bronchitis so prevalent in this inclement climate, has yielded with surprising rapidity to Ayer's CHERRY PECTORAL, and we cannot too strongly recommend this skillful preparation to the Profession and public generally."

Let the relieved sufferer speak for himself:

HARTWICK, Jan. 26, 1847.

Dr. J. C. Ayer—Dear Sir:—Having been rescued from a painful and dangerous disease by your medicine, gratitude prompts me to send you this acknowledgment, not only in justice to you, but for the information of others in like affliction.

A slight cold upon the lungs, neglected at first, became so severe that spitting of blood, a violent cough and profuse night sweats followed and fastened upon me. I became emaciated, could not sleep, was distressed by my cough, and a pain through my chest, and in short had all the alarming symptoms of quick consumption. No medicine seemed at all to reach my case, until I providentially tried your CHERRY PECTORAL, which soon relieved and now has cured me.

Yours with respect, E. A. STEWART

ALBANY, N. Y. April 17, 1848.

Dr. Ayer, Lowell—Dear Sir:—I have for years been afflicted with Asthma in the worst form; so that I have been obliged to sleep in my chair for a larger part of the time, being unable to breathe on my bed. I had tried a great many medicines, to no purpose, until my Physician prescribed, as an experiment, your CHERRY PECTORAL.

At first it seemed to make me worse, but in less than a week I began to experience the most gratifying relief from its use; and now, in four weeks, the disease is entirely removed. I can sleep on my bed with comfort, and enjoy a state of health which I had never expected to enjoy.

Sunbury, Jan. 18, 1851—

EXTRACT GINGER ESSENCE OF JAMAICA GINGER.

MADE from the best Jamaica Ginger, all the valuable medicinal property of which it will be found to possess in a convenient and concentrated form.

It is a most efficient and at the same time harmless, gently stimulating tonic for the stomach, and will be found very beneficial in relieving the painful and distressing feelings occasioned by the impaired action of this important organ.

From half to a whole teaspoonful taken in a wineglassful of sweetened water will immediately remove the flatulency and oppression resulting from indigestion, and if taken two or three times daily, as required, will be found highly useful against the inveterate and sense of sinking of the stomach and tendency to its disordered action occasioned by the enervating effect of the summer heats, or following after indispositions, and for correcting the incipient stages of diarrhœa, &c.

It is also an excellent medicine for those who have injured the tone of their stomachs by the immoderate use of intoxicating liquors, by its slightly stimulating effect upon the stomach removing the craving for stimulants, while it has no injurious action on the brain, and is not succeeded by feelings of depression, which always follow the use of alcoholic stimulants.

A few drops added to magnesia, rhubarb or other purgative medicines, will render them more acceptable to the stomach and prevent the griping which is apt to accompany their action.
