Penn Del's Glenna

(Continued from Page A1)

Bred by Pennsylvania's Raymond and Louise Witmer of Willow Street, "Glenna" is backed by a 90-point Liseter Brilliant Flame dam with records over 800 pounds of butterfat. The next dam is appraised Very Good and produced over 111,000 pounds of milk in her lifetime.

Raemelton Fashion Kandy-Twin is the third Guernsey cow to be appraised 96 points. She is owned by Ralph Turley of Mansfield, Ohio. Bred by Raemelton Farm Dairy in Mansfield, Ohio, this Raemelton Deacons Fashion daughter was named the 1988 Nation Guernsey Gold Futurity Champion in Louisville, Kentucky. Also the winner of the 1987 Ohio State Fair Futurity, she completed a 365-day record of 18,570 pounds of milk, 821 pounds of butterfat and 636 pounds of protein at three years and eight months. Her dam and grandam are both appraised Excellent.

The American Guernsey Association appraises cows through the joint-type traits appraisal program with the American Jersey Cattle Club. Cattle are appraised on a linear type traits basis. Each cow is given a score for 15 various traits in four general categories, dairy form, udder, feet and legs, and overall general appearance. These traits can then be calculated by a computerized formula to receive a final score, or the appraiser can assign a final score to the individual cow during the appraisal. Dairymen have the option to use one or the other. "Glenna" received her final score of 96 points from the appraiser. Turley opted for the calculated score on "Kandy" which resulted in EX-96. The appraisal rankings consist of 90-100, Excellent (E); 80-89, Very Good (VG); 70-79, Desirable (D) and below 69, Acceptable (A).

300 Head Of Holsteins At Penn Showcase Sale

STATE COLLEGE (Centre Co.) — The Pennsylvania Supreme Creations and Showcase Sale will be held Saturday, April 7, 1990 at the Ag Arena, said Pennsylvania Holstein Association's Show Chairman Laszlo Mozes.

Three hundred head of Pennsylvania's best registered Holsteins will be offered as calves, bred heifers, and cows.

"Selections are under way for this annual Holstein event," said Mozes. Interested consignors in Eastern Pennsylvania can contact selector Jay Howes, 18 Meadowbrook Lane, Elizabethtown, PA 17022 (717) 367-7774. Making the selections in Western Pennsylvania is Raymond Anthony, RD #4, Box 823, Meadville, PA 16335 (814) 336-1936.

The sale is managed by the Pennsylvania Holstein Association in State College, PA 16801 (814) 234-0364. Catalogs will be available from the association in mid-March.
