Are you looking for a good harvest after last year's drought?

Our John Deere 9600 4WD Contour Master combine with low engine/separator hours and large threshing and cleaning capacity will put more clean grain in the tank and leave less behind in the field. Chopper and chaff spreader will also distribute crop residue evenly allowing your soil to dry out and warm up faster in the spring which will allow you a head start next year.

Let me help Maximize your profit potential! Few combines can offer all of these features for 24 dollars per acre. Doing the job right. Satisfaction guaranteed.

Call J&D Hershey Farms at 717-664-5112 or 717-572-9660 to schedule your fall combining needs!
