MARK THESE FACTS.
The Testimony of the Whole World.
HOLLOWAY'S OINTMENT.

Bad Legs, Bad Breasts, Sores and Ulcers.

All description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is folly; for should the skin unite, a boggy diseased condition remains underneath to break out with ten fold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

Diptheria, Ulcerated Sore Throat, and Scarlet and Other Fevers.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner for the diseases named, or any similar disorders affecting the chest or throat, will find themselves relieved as by a charm.

Piles, Fistulas, Strictures.

The above class of complaints will be removed by nightly fomenting the parts with warm water and then by most effectually rubbing in the Ointment.—Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the effected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after the rubbing in of the Ointment, will do great service.—This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

Indiscretions of Youth; Sores and Ulcers.

Blotches, as also swellings, can, with certainty, be radically cured if the Ointment be used freely, and the Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another. Whereas this Ointment will remove the humor from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to ensure a lasting cure.

Dropsical Swellings, Paralysis and Stiff Joints

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases, of such diseases, will yield in a comparatively short space of time when this Ointment is generally rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:

Bad Legs,	Corns (Soft)	Rheumatism,
Bad Breasts,	Cancers,	Scalds,
Burns,	Contracted and Stiff Joints,	Sore Nipples,
Bunions,		Sore Throats,
Bite of Moschetoes and Sand Flies,	Elephantiasis,	Skin Diseases,
	Fistulas,	Scurvy,
Fues,	Gout,	Sore Heads.
Chiego-foot,	Glandular Swellings,	Tumors,
Chilblains,		Ulcers,
Chapped Hands,	Lumbago,	Wounds,
	Piles,	Yaws.

CAUTION!—None are genuine unless the words "Holloway, New York and London," are discernible as a water-mark in every leaf of the book of directions around each pot or box, the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

*** Sold at the Manufactory of Professor Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine, throughout the civilized world, in boxes at 25 cents, 62 cents and $1 each.

☞There is considerable saving by taking the larger sizes.

"Unquestionably the best sustained Work of the kind in the World."

HARPER'S MAGAZINE.

THE most popular Monthly in the world.—*New York Observer.*

No Magazine in Europe or America is so well known; none has had so many readers; and, we may safely say, none has received so large a tribute of admiration from the cultivated classes, that delight in a healthy, diversified, elevating periodical literature.—It is the foremost Magazine of the day. The fireside never had a more delightful companion, nor the million a more enterta ning friend, than Harper's Magazine.—*Methodist Protestant* (Baltimore).

Twenty-five cents buys it—the cheapest, richest, and most lasting luxury for the money that we know. Three dollars secures it for one year, and what three dollars ever went so far? Put the same amount in clothes, eating, drinking furniture, and how much of a substantial thing is obtained? If ideas, facts, and sentiments have a monetary value—above all, if the humor that refreshes the pleasantries that bring a gentle smile, and brighten the passage of a truth to your brain, and the happy combination of the real and imaginative without which no one can live a life above the animal, are to be put into the scale opposite to dollars and cents, then you may be certain, that if Harper were three or four times as dear, it would amply repay its price. It is a Magazine proper, with the idea and purpose of a Magazine—not a book, not a scientific periodical, nor yet a supplier of light gossip and chatty anecdotes—but a Magazine that takes every form of interesting, dignified, and attractive literature in its grasp.—*Southern Times*

The volumes bound constitute of themselves a library of miscellaneous reading, such as can not be found in the same compass in any other public tion that has come under our notice.—*Boston Courier*

Unquestionably it is the best sustained work of the kind in the language; that is to say in the world. The splendid monthly essays from the Editor's Table are above price.—*N. Y. Christian Advocate and Journal.*

We must refer in terms of eulogy to the high tone and varied excellences of Harper's Magazine, a journal with a monthly circulation of about 170,000 copies in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the American people, and the popularity it has acquired is merited. Each number contains fully 144 pages of instructive matter, appropriately illustrated with good wood-cuts; and it combines in itself the racy monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the creation and dissemination of a love of pure literature.—TRUBNER'S *Guide to American Literature, London*

TERMS:

The Magazine may be obtained of Booksellers, Periodical Agents, or from the Publishers, at THREE DOLLARS a year, or TWENTY FIVE CENTS a Number. The Semi-annual Volumes, as completed, neatly bound in Cloth, are sold at Two Dollars each, and Muslin Covers are furnished to those who wish their back Numbers uniformly bound, at Twenty-five Cents each.—Twenty Volumes are now ready, bound in Cloth, and also in Half Calf.

The Publishers will supply Specimen Numbers gratuitously to Agents and Postmasters, and will make liberal arrangements with them for circulating the Magazine. They will also supply Clubs of Two Persons at Five Dollars a year, or Five Persons at Ten Dollars. Clergymen and Teachers supplied at Two Dollars a year. Numbers from the commencement can now be supplied. Also, the bound Volumes.

The Magazine weighs over seven and not over eight ounces. The Postage upon each Number, which must be paid quarterly in advance at the office where the Magazine is received, is THREE CENTS.

The Best, Cheapest, and most Successful Family Paper in the Union.
HARPER'S WEEKLY,

Price Five cents a number, $2,50 per year.

THE variety, the sprightliness, and the value of the contents. There is a complete history of nearly all the public events of the year—there are ample dissertations on the leading topics—there are the graceful trifling (not always trivial, however, but profoundly instructive) of the Lounger—there are the tales and stories of Bulwer, Dickens, Thackeray, &c.—there are the new and old—and, above all, there are those striking wood cut representations of contemporary men and things, of follies and fashions, and of customs and countries—all contained within a single volume, and to be had for a song. It is a grand picture book of the human life of the nineteenth century, in all its phases, and of nearly all nations. Every class of readers moreover, may be interested by it—the old and thoughtful, the young and gay, the man of business, the child and the woman.—*N. Y. Evening Post.*

We would not so often call attention to *Harper's Weekly* if we were not well satisfied that it is the family paper published in the United States, and for that reason, and that alone, we desire to see it undermine and root out a certain kind of literature too prevalent, which blunts the morals of its readers, vitiates their taste for sensible reading, and is altogether bad in its effects.—*New London Advertiser.*

As Harper's Magazine has done much to drive out the yellow-covered literature, so we should be glad to see this new Weekly take the place of those papers which depend for excitement on poor, trashy novels.—*New York Evangelist.*

It (Harper's Weekly) is the proper size for binding, and an excellent opportunity is afforded for any one who wishes to preserve the history of the country as it is made, to do so by filing Harper's Weekly.—*Pontiac (Mich.) Jacksonian.*

Its fresh leaves, its clear type, its entertaining variety, its severe but just criticisms upon the follies of the times, its elegantly written and instructive articles, and its able correspondence, all combine to make it the model newspaper of our country, and one that every family must prize. Its condensed weekly summary of Foreign and Domestic Intelligence is altogether superior to that contained in any other journal. Being published too, in a form for preservation and binding, if taken care of as it deserves to be, it will be found in future years as welcome a companion for the family and fireside as the day on which it was first perused.—*McConnelsville (O.) Inquirer.*

Harper's Weekly is electrotyped, and back numbers can be furnished at any time.

Johnson's Patent Hog Trough.

THE subscribers having purchased the right to manufacture and sell this invention in Lancaster county, desire to introduce it to general use. It is a cast iron trough with a shifting top, of sufficient capacity to hold the feed of one hog. It is so constructed that the animal cannot get its feet into it, and must take its feed without the usual scrambling and splashing. By the arrangement of the top the hog is prevented from feeding until the trough is filled; when the top can be shifted at will. The trough will be found a great convenience in feeding, and must, when known, become popular. The troughs are for sale at the shops in Second street below Union, Columbia, Pa.

Wolf's Pure Jamaica and St. Croix Rum.
Wolf's Pure Scotch and Irish Whisky.

ALL IN BOTTLES.

I beg leave to call the attention of citizens of the United States to the above Wines and Liquors, imported by Udolpho Wolf, of New York, whose name is familiar in every part of this country, for the purity of his celebrated Schiedam Schnapps. Mr. Wolfe, in his letter to me, speaking of the purity of his Wines and Liquors, says: "I will stake my reputation as a man, my standing as a merchant of thirty years' residence in the City of New York, that all the Brandy, and Wines which I bottle are pure, as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the certificate. The public are invited to call and examine for themselves. For sale at Retail by all Apothecaries and Grocers in Philadelphia.

GEORGE H. ASHTON, No. 832 Market st., Philadelphia. Sole Agent for Philadelphia.

Read the following from the New York *Courier.*

ENORMOUS BUSINESS FOR ONE NEW YORK MERCHANT.—We are happy to inform our fellow citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well repay any stranger or citizen to visit Udolpho Wolf's extensive warehouse, Nos. 18, 20 and 22, Beaver street, and Nos. 17, 19 and 21, Marketfield street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases—Vintages of 1836 and 1856; and ten thousand cases of Madeira, Sherry and Port Wine, Scotch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars filled with Brandy, Wine, &c., in casks, under Custom House key, ready for bottling. Mr. Wolfe's sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successful with his Brandies and Wines.

His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolfe, until every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with Wolfe's pure Wines and Liquors.

We understand Mr. Wolfe, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to human health and happiness. Sept. 8, '60-6m.

THE ONLY DISCOVERY
WORTHY OF ANY CONFIDENCE FOR RESTORING
THE BALD AND GRAY.

MANY, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:—

Bath, Maine, April 18th, 1859.

PROF. O. J. WOOD & Co: Gents:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft thrifty, and better colored, the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good, as there is so much fraud in the manufacture and sale of various compounds as well as this, it has no doubt, been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of *any account for some months, and yet my hair is as* good as ever and hundreds have examined with surprise, *as I am now 61 years old and not a gray hair in* my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received *your favor of two quart bottles last summer*, for which I am very grateful. I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which *I can discover fraud* in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and *I believe where good effect is do not allow, the failure* is caused by the impure article, which curses the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect on my hair, and assure all who enquire of me of my *unshaken opinion of its valuable results.*

I remain, dear sir. yours, A. C. RAYMOND
Aarons Run, Ky., Nov. 30 1858.

PROF. O. J. WOOD: Dear Sir.—I would certainly be doing you a great injustice not to make known to the *world, the wonderful, as well as the unexpected result* I have experienced from using ONE bottle of your Hair Restorative. After using every kind of Restorative extant, *but without success, and finding my head* nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I now pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it

Respectfully yours, REV S. ALLEN BROCK.

P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited; —but if you think it worthy a place among the rest, insert it if you wish; if not destroy and say nothing.
Yours, &c., Rev. S. A. B.

Depot, 411 Broadway, and sold by all dealers throughout the world.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small, the small bottle holds ½ a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent, more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent, more in proportion, and retails for three dollars.

Female Complaints, and all Diseases having their origin in an impure state of the Blood.

We refer to the case of David McCreary, of Napier township, who, on the 31st day of August, 1858, made affidavit before Justice Gorley, that he was treated for the cure of Cancer by three physicians of Bedford county, and by Dr. Newton of the Eclectic College in Cincinnati, for a period of nearly eight months, notwithstanding which, his lip, nose, and a portion of his left cheek were entirely eaten away! He had given up all hope, when he heard of the "Blood Searcher," and was induced to try it. Four bottles cured him, and although sadly disfigured, there is no question but what this invaluable medicine saved his life. The full particulars of this remarkable case may be seen, in a circular, which can be had of any of the Agents

We refer to the case of Nancy Bleakney, of Eldertion, Armstrong county, Pa., cured of Scrofula after being unable to get out of bed for three years.

To the case of a lady in Ansonville, Clearfield county, who was also afflicted with Scrofula in its worst form

To the case of George Meisel, residing in Carrolltown, Cambria county, Pa., who was so badly afflicted with Cancer that it eat his entire nose off, and his case was worse, if possible, than McCreary's.

The particulars of these cases—every one of which was cured by the use of the Blood Searcher—may also be found in a circular to be had of any of the agents.
