GAZETTE—CITY DEPARTMENT.

PITTSBURGH:

FRIDAY MORNING, JUNE 22, 1855.

COURT OF QUARTER SESSION.—Before Judge McClure, Boggs and Adams.

The first case taken up yesterday was that of the Commonwealth vs. Joseph Wicklein. The defendant was indicted at the December Term, 1854, in conjunction with Jacob Murran and Alfred Myers, for the larceny on the night of the 20th of October, '54, of several guns and pistols of the value of $90, from the store of Jacob Brant, Fifth street. Myers was never arrested. Murran was tried and found guilty at the December Term. The trial of Wicklein was continued. The case came up yesterday and the Jury returned a verdict of not guilty.

The prisoner was discharged.

Commonwealth vs John Redman. Indictment, larceny, on the oath of Mrs. Welch. This was an old case—the indictment having been found in 1853. The prisoner took French-leave of his bail more than a year and a half ago and was only recaptured a few weeks since. The property stolen was a quantity of bed-clothes. The Jury returned a verdict of guilty and the prisoner was remanded.

Commonwealth vs. Bernard Donahan. Charge, surety of the peace. The defendant has been insane for six years past. A Jury was impanelled for the purpose of inquiring into his lunacy. They found in accordance with the facts. Donahan will be sent to the Lunatic Asylum.

EXTENSIVE EMBEZZLEMENT.—Messrs. Headley & Leonard, the proprietors of one of our most extensive carpet stores, have just discovered that a young man named Donelson, who was in their employ as confidential clerk and collector, has defrauded them out of $1,000 or $2,000 by means of false entries in their books, and by making collections from their country customers, for which he never accounted. Having charge of the books of the establishment, the embezzlements were never suspected, and extended over a considerable period of time. The young man appears to have led an extremely "fast" life; supporting a mistress and a very expensive establishment. Although his salary was but $500 a year, his house was furnished in a style almost luxurious enough for a millionaire. Messrs. H. & L. have already ascertained defalcations to the amount of over $1,000, and there is no telling how much more has been embezzled. Donelson has left the city, but as officers are on his scent he will doubtless be arrested.

THE *Chronicle* of last evening asks "whether the commodious, unoccupied fourth story of the Third Ward school house is not sufficient and well adapted for the High School without the vast expense of another large building only one half to be occupied."

—The question is easily answered. The rent of the "unoccupied fourth story of the Third Ward school house" is $500 per annum, which is just $50 more than the rent of "another large building only one half to be occupied" to which the *Chronicle* refers, meaning, we presume, the rooms in the block appoaite the Custom House.

FALSE PRETENCES.—Officer Hague yesterday arrested a man named Louis Eback, on a warrant, for obtaining property under false pretences, issued by Ald. Steel. The prosecutor is Thornton A. Shinn who alleges in his information that the defendant on the 24th of May, 1854, intentionally cheated and defrauded him out of one carriage and various farming utensils, valued at $400, representing at the same time that he was possessed of varnish and other materials for carrying on the furniture finishing business, to the value of $2,500 or $3,000; and that he (Eback) gave as his security one Louis Shaler, representing that he had unincumbered property worth $10,000. Eback will have a hearing before Ald. Steel to-day.

—We mentioned a day or two ago the commitment by Mayor Adams of a young man named William Maguire, on a charge of larceny, and also that an accordeon and several daguerreotype miniatures had been found on his person. Mr. R. R. Poindexter yesterday called at Mayor Adams' office and identified them as his property. Another commitment was thereupon lodged against Maguire.

SUPPOSED TO HAVE BEEN POISONED.—The *Chronicle* states that a little boy, son of Mr. Robert Watters, residing on the bank of the canal, Allegheny city, took seriously ill on Wednesday evening, and is supposed to have eaten poison.—The child, it appears, on returning from school and when near his home, observed a piece of bread covered with molasses lying in front of a house occupied by a neighbor. He, naturally enough, picked it up and eat it. A short time after, he became suddenly ill, and his mother supposing that he had been eating green fruit, administered a strong emetic, which operated favorably, and the child recovered, so far as to be able to make known the cause of his sickness. When we last heard from him he was gradually improving.

SELLING LIQUOR.—Mayor Volz, yesterday, issued a warrant for the arrest of Mathew Molrose, on a charge of keeping a tippling house.—He gave bail for his appearance at Court to answer the charge.

The break in the Canal at Deer Creek has been so far filled up that boats were able to pass through yesterday.

VIOLATION OF THE LIQUOR LAW.—A man named Charles Wells was brought before Alderman Steel yesterday, charged, on oath of John Chess, with selling intoxicating liquors in a less quantity than one quart. He was held to bail in the sum of $200 to answer.

THE weather yesterday was insufferably warm—the warmest we have yet had this season.—The "dog-days" give premonitory indications of their approach.

NEW TRIAL NOT GRANTED.—The Court yesterday refused to grant a new trial in the case of Edward Lambert, recently tried and convicted of arson.

TIPPLING HOUSE CASES.—The Court, yesterday fined the following persons $20 and costs for keeping tippling houses—they having all plead guilty:

Frank Boyd, John Tucker, Theodore Frank, William Gallagher, James Walker, Samuel Hare, William Seanor, Christopher Weihring, James Sterling, A. Fuller, Wm. B. Newell and Joseph Garber.

MAYOR ADAMS yesterday committed to jail a man named Baker, who has for some time been insane. In one of his fits of frenzy he attacked and injured several persons on Ohio street, Allegheny. The officers were compelled to tie him in order to convey him to jail.

THE Jail Calender has been gone through by the Court of Quarter Session. Nothing now remains except the usual number of tippling-house cases. Many of the defendants were called on yesterday but not being present, processes were issued. A large number will probably be disposed of to-day.

THE insane man, Pierce Kelly, whom we mentioned yesterday as having been upon the streets again threatening the lives and property of citizens, was arrested yesterday on a charge of surety of the peace, preferred by T. J. Bigham, Esq. He will be sent to the Lunatic Asylum.

The Pennsylvania State Teacher's Association will meet in this city on the 7th of August and will continue in session several days.

RUMORED PACING MATCH.—It is currently reported that a pacing match, for a purse of $100 will come off this afternoon, at the racing ground on the Glen road, near the Monongahela river. The distance will be one mile. The nags are owned by two gentlemen of this city, and have acquired considerable celebrity from former efforts.

MILITARY.—The *Times* states that a new military company, composed entirely of Americans, and called the Washington Guards, will make its first appearance in our streets on the approaching Fourth. The company is commanded we learn, by Capt. Theo. F. Wright.

DON'T forget the Strawberry Festival at Masonic Hall to-day and evening.

PRESENTATION OF A FINE WATCH.—We yesterday had the pleasure of examining a splendid chronometer watch from the establishment of Mr. John M. Roberts, 16 Fifth street, which is to be presented to-day by the workmen of Mr. Edward's Excelsior Works, to Mr. Warwick, his foreman. It bears the following inscription:—"Presented to Wm. Warwick, by the workmen of the Excelsior Works, as a Token of their regard for his gentlemanly superintendence. Pittsburgh, June 22, 1855." Such tokens of friendship are creditable alike to the generous-hearted men who are its donors and Mr. Warwick, the recipient of their favor; and we would recommend any of our friends who want a good watch, or anything in the Jewelry line, to call at No. 16 Fifth street. Mr. Roberts has a fine stock of goods which he is selling at very low prices and he pays especial attention to the repairing of fine watches, clocks and jewelry and manufactures silver ware to order.

The attention of those who have defective sight is directed to the advertisement of S. Shaw, No. 26 Fifth street, in to-day's paper.

PORK—sales of 5 bbls. mess, cash, $17.

GERMAN CLAY—sales of 4 tons, 4 months, at $28.

MONETARY AND COMMERCIAL.

BUFFALO, June 19th.—The market yesterday morning opened with only a moderate demand for Flour, and the sales were only of a retail character. The stock on hand is not large, probably not to exceed 25,000 bbls, and the receipts for the past day or two have been light. The sales yesterday were about 700 bbls at $9@$9,50 for common to good and choice Wisconsin and Indiana.

Grain—Wheat market quiet; holders unwilling to accept the prices offered by buyers. No sales reported that we could hear of. Corn market opened firmer with a good inquiry, and holders were disposed to realize at the slightest improvement. The stock on hand is fair. The sales of the day were some 75 or 80,000 bus; early in the day two boat loads sold at 79, and the balance at 80; closing firm. Oats in good request and lower. Sales 7000 bus at 47, and 30,000 bus in three lots at same.—[Democ.

The Money market has continued comparatively quiet. Capital is plenty for prime acceptable paper, but not easily obtained for securities of a lower grade. Business generally remaining dull, the offerings of prime mercantile paper are light. In the streets there is very little demand except for borrowers not much known in the discount houses, or who are considered weak, and the rates of discount on such paper as this, are most likely 1½@2 ℔ cent. ℔ month.

Eastern Exchange ruled dull during the week and declined yesterday to ¼@½ prem. This change is owing more to a scarcity of currency than an increase in demand or falling off in supply. New Orleans is nominally ¼ dis. @par. There is very little doing. The demand for Eastern bills continues good and prime 60 day paper goes readily at interest off. The offerings are very light.
[Cin. Price Cur.

From our exchanges we clip the following in regard to the Wool market in Northern Ohio:

"The Wool growers of Sandusky and adjoining counties are bringing their clip into our market. The principal portion now offered is in small lots, from 50 to 100 lbs.—Those having large quantities are holding off, expecting an advance from prices now paid. We do not believe anticipations of a rise will be realized, by any material increase. The prices paid thus far have been from 25 to 31c. The average we should think had been about 26c. One house in our place has bought some 40,000 lbs.
—[Fremont Journal.

"During the past week our town has been thronged with teams, and business generally has been brisk. The amount of Wool bought in this place during the past week, ending on Thursday, was 51,104 lbs, the prices ranging from 28 to 39c.—[Plymouth Advertiser.

"Wool is now coming into market in large quantities.—The prevailing prices ranging from 28 to 30, and at these figures considerable purchased daily. There is no prospect, we imagine, of a decline in prices.—[Monroe Comer. 14th.

COFFEE—There were sales yesterday, in addition to those reported, of 500 bags prime Rio Coffee at 11. To-day we have heard of no sales being made. There is an active inquiry, but the high prices demanded by holders have checked operations. Prices have advanced within the last week or two ¼ to ½c ℔ lb on almost all grades. In addition to the arrivals noted yesterday, we note the arrival from Rio of the brig Mary F. Forrest, with a cargo of 3700 bags, which increases the stock to nearly 20,000 bags.
—[Balt. Amer.

DETROIT, June 18th.—The market presents quite as gloomy a prospect this week as at any time this season.—There is a steady decline in almost everything, and no buyers at the prices asked.

Flour—small lots were offering to-day at $9.38, but no sales. Wheat—sales from wagons to-day have been at $1.88 and one or two lots of very nice at $2,05. Wool—small lots arriving. Some inferior grades have been sold to-day at 25c, and some very clean and beautiful lots have gone up as high as 33. The last is rather above the market.—[Adv.

Copper Receipts by steamer Northerner—Toltec mine; 12 masses 20,668 lbs. 15 bbls 7,809 lbs; Ridge, 5 bbls 3807 lbs; N. W., 1 bbl 729 lbs; Adventure, 24 bbls 12,832 lbs.
—[Cleveland Herald.

A very active demand exists for Wool, and several parcels of full blood Merino have been taken at 40. There is considerable competition between buyers, and prices are tending still upward.—[Cin. Com.

N. B.—*Carriages repaired in the best manner, with dispatch.* mh5

Water-Cure Institute.

HAND STREET (SOUTH SIDE) BET. PENN STREET AND THE RIVER, PITTSBURGH PA.

DOCTOR BAELZ, Graduate and Practitioner in the Old Schools of Medicine, Allopathic and Homœpathic, and for the past ten years a successful Hydropathist, has opened a WATER CURE in the above location.

The perfectly safe, direct and immediate effect this system has on all Fevers, and all diseases acute and chronic—while it is mild, grateful and invigorating to the weak and debilitated, renders it peculiarly desirable in families, who will be treated at their homes.

Allopathic and Homœpathic treatment will be administered where desired; but, after long and thorough experience, Doctor Baelz gives a decided preference to Hydropathy, which has, throughout the old and new world, proven so eminently successful in every form of disease, including Incipient Consumption, Bronchitis, Dyspepsia, Inflammatory and Chronic Rheumatism, Asthma, Cutaneous, Nervous and Liver Diseases. Testimonials of cures from highly reputable citizens of nearly every State in the Union, can be examined at Doctor Baelz's office. The Rev. Clergy are invited to consult him gratis.

Warm water being used in the commencement, and often throughout the treatment, it is a luxury instead of unpleasant, as those unacquainted might suppose.

CONE CUT CORNERS: The Experiences of a Conservative Family in Fanatical Times, Involving some Account of a Connecticut Village, the People who Lived in it, and those who came there from the City, by Benauly; 464 pp. 12mo, cloth, illustrated. Price $1,25.

This tale deals with home matters and familiar scenes, presenting in the happiest manner many of the peculiarities of American, and especially of New England life. Its real humor and sound criticism, cannot fail to make it thoroughly enjoyable tale, with a good moral. If we should venture to compare it to Charles Dickens' best effort, people would say, "this is merely a publisher praising his own wares," yet we believe that after reading it very many will want to give it this degree of praise. It Cone Cut Corners does not prove very popular, we shall lose confidence in our own judgment of books. MASON BROTHERS, je12-2wd&w1T 23 Park Row, New York.

VALUABLE INVENTION.

IMPORTANT TESTIMONY IN ITS FAVOR.

FLOUR INSPECTOR'S OFFICE, Philadelphia, April 20th, 1855.

MESSRS. EDWIN & JAS. M. CLARK—GENTLEMEN—Having carefully examined the construction, operation, and workmanship of your newly patented Combined Grinding and Bolting, or Merchant Flouring Mill, I take pleasure in presenting you and the public with the following statement as the result of my investigation:

With the Burr Mill Stone, thirty inches diameter, it ground and bolted from nine to twelve bushels of wheat per hour, making clean work, and at the same time turning out, at a single operation, extra flour, superfine flour, shorts, ship stuff and bran. The extra and superfine flour is of excellent quality, and the yield per bushel is equal to the large classed complicated mills of modern construction. It occupies but little room, can be placed in a compass of 31 feet in length, by 6 feet, which, when in running order, with all the machinery requisite, can be easily removed or transported from one place to another—has no complicated machinery about it, consequently is not liable to get out of order, and takes but little power, and appears to be particularly adapted to the wants of the condition of the country at large, and from its cheapness of construction, and small amount of capital requisite to start it, rapidity of grinding per hour, taken into consideration with its portability, and adaptation to any power now in use, I cannot but think that ere long it will be successfully established in every State in the Union, if it does not entirely take the place of the old complicated machinery heretofore used.
Yours truly, STEPHEN MILLER, Head Flour Inspector of Philadelphia.

This valuable Mill can be seen in operation daily, at No. 218 Arch st., next to the Theatre, Philadelphia, from ten o'clock in the forenoon, until twelve o'clock, and from two in the afternoon until four, by those wishing to purchase County or State Rights. The patentees still have many of the most valuable States and Counties for sale, and will give all satisfaction relative to it. Those desirous of engaging in this promising speculation, will do well to call and see it soon, as hundreds are doing daily. The prices which the Patentees are selling County and State rights, justify the most timid in purchasing, and with in the last few weeks over sixty thousand dollars worth of the Patent Rights have been sold. The Patentees, E. and James M. Clark, intend remaining in this city for some time, for the purpose of selling the entire United States, County and States, or any of them.
Persons writing for information must enclose Stamps to pay return postage.
