HAMMONTON LANDS NEW ENGLAND SETTLEMENT—RARE OPPORTUNITY.

To all wanting Farms in a healthy place, twenty-four miles from Philadelphia, on the Camden and Atlantic railroad, New Jersey. A 4th edition has just been opened for sale, and the first division of 10,000 acres divided up into farms of twenty acres and upwards. The soil is of the best quality for the production of fruits, grains, &c. The price is $25 to $30 per acre, payable in easy quarter yearly instalments, within a term of three years with interest. The farms are made ready in order to insure the rapid improvement of the land, by enabling every industrious man to buy a farm. It is now being extensively improved by good people, and some of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement out of Philadelphia.—Seventy-five houses have been built in four months. Practical farmers and business men from the length and breadth of the Union are settling there. It is an important business place, on account of its being in the midst of a great market. Every acre is raised upon this land finest in Middlesex county. The water is excellent, and no such thing as fever is known.

The soil is a sandy or clay loam, with a clay bottom and retention of manures. It is free of stones and easily worked. It abounds largely in the phosphates, and such is its fertility that from the crops produced both upon this land and the large farm adjoining under cultivation, it will be found not to be excelled anywhere in the production of crops most adapted to its market.

The facilities may be well known that the earliest and the best fruits and vegetables come from New Jersey, which are annually exported to the amount of millions of dollars. The land, besides being accessible in every way for fertilizers, has an abundant supply of the best quality of marsh mud.

Lumber and building materials can be had on the spot at a cheap price, from the mills. Other mills are now being opened, and brickyards being started on the ground. A person can put up a frame tenement for personal occupance for one hundred dollars. On account of the extensive emigration, this is the best course to pursue in order to get a place to live in at first. Carpenters and builders are on hand to put up houses on the best terms.

In settling here the emigrant has many advantages. He is within a few hours' ride of the great cities of the Middle States and New England; he is near his old friends and associations; he is in a settled country, where every improvement and comfort of civilization is at hand; he is a healthy place, and is not subject to the certainty of losing the greater part of his family and his own health by those malignant fevers which make the graves of so many millions of the young and hardy in the far off regions away from home and friends. Besides, he has a mild climate and an open winter.

There are three trains daily to Philadelphia, and to all those who improve the railroad company gives a free ticket.

The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never known to the market; and unless these statements were correct no one would be invited to examine the land before purchasing. This all are expected to do. They will see the land under cultivation; they will meet persons, no doubt, from their own neighborhood; they will witness the improvements, and form judgments of the character of the population. Persons should come prepared to purchase, as many are locating, and locations are not held on refusal.

The Hammonton Farmer, a monthly Literary and Agricultural sheet, containing full information of Hammonton will be sent to each enquirer, and can be obtained at 25 cts per annum.

Title indisputable. Warrantee deeds given, clear of all incumbrance, when purchase money is paid. Route to the land.—Leave Vine street wharf, Philadelphia, for Hammonton, by railroad, at 7½ A. M., and 5½ P. M.; when there inquire for Mr. Byrnes. Boarding conveniences will be found. Letters and applications can be addressed to S. S. COUGHLIN, 202 South FIFTH Street, below Walnut, Philadelphia. Maps and information cheerfully furnished.

SUFFERING HUMANITY, READ THIS.—The undersigned takes this method of informing the public generally that there is no medicine now offered to the public that is equal to DU VALL'S GALVANIC OIL in relieving suffering humanity.

I was an observer of its effects on a friend of mine, who suffered almost everything from a neuralgic affection which resisted the best medical treatment in Centre county. We applied freely the Galvanic Oil to the painful part, and gave some inwardly, and in 20 minutes the patient was asleep and when awakened was free from pain and continued so. This is a positive fact which I am willing to make good at any time. A case of Felon was cured in nearly the same length of time. J. H. HAHN,

GREAT IMPROVEMENT IN COOKING STOVES.

CONSUMPTION OF SMOKE AND GAS AND SAVING OF FUEL.

The subscriber takes pleasure in offering to the public a NEW GAS AND SMOKE CONSUMING Cooking Stove, recently patented, which is destined to supersede all others, as it requires

ONE-THIRD LESS FUEL

than other stoves and is more easily, quickly and regularly heated. No unpleasant smell of gas arises from the stove from the fact that it is all consumed ere it escapes. There is no trouble from smoke as that pipe and often annoying exhalation is also consumed in the stove. Neither is there any danger of flues or pipes becoming clogged with soot or the mortar loosened by the gas arising from coal fires.

Persons wishing to purchase stoves are invited to call at the store of the subscriber, in the Masonic Temple, and examine the above stoves.

GREAT DISCOVERY OF THE AGE

BROUGHT TO

TOBACCO CHEWERS.

DR. GUSTAV LINNAEUS'S TASTE RESTORATIVE TROCHES, *the great Substitute for Tobacco.*

It is a well known and incontrovertible fact that the use of Tobacco is the promoting cause of many of the most severe

MENTAL AND PHYSICAL DISORDERS

to which the race of man is subject, as careful analysis and long and painful experience have clearly proven that it combines certain narcotic and poisonous properties most dangerous in their effects, which by exciting into the blood derange the functions and operations of the Heart, causing many to suppose that organ to be seriously diseased.

TOBACCO affects also the entire nervous system, manifesting itself—as all who have ever used the noxious weed will bear testimony—in Lassitude, Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character.

THE TASTE RESTORATIVE TROCHES

are designed to counteract these baneful influences, and have proved completely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the entire system, rendering the Taste which has become vitiated or destroyed by great indulgence, completely removing the irritation and accompanying tickling sensation of the Throat—which are always consequent upon abstaining from the use of Tobacco, and by giving a healthy tone to the Stomach, invigorate the whole system.

Persons who are irretrievably undermining their constitutions and shortening their lives, should use these Troches immediately and throw off the ingenious and unpleasant habit of Tobacco Chewing.

These Troches of Lozenges are put up in a convenient and portable form at the low price of 50 Cents per Box. A liberal discount to the Trade.

Prepared solely by the undersigned to whom all orders should be addressed.

INTENSE EXCITEMENT!—McCORMICK'S NEW GOODS HAVE ARRIVED AND ARE NOW BEING OPENED FOR INSPECTION AND SALE.

"Hallo, neighbor, I'm here on the ground again. Perhaps you recollect when I last year, asked you to hold my horse a moment and tell me where the CHEAP STORE was. But it is different now. It remains no a little of the campaign of 1840, when Gen. Harrison was elected President. You have only to go with the crowd and you will have no difficulty in finding McCORMICK'S STORE. From the excitement down the valley, and the quantity of goods I see carried away, they must be selling off very rapidly and very cheap.

"You are right, my friend; I would say to you, sir, go ahead and your anticipations will be fully realized. He has a very large and well selected assortment of Goods. He'll sell you a dress for *fifty cents* and give the remnants into the bargain, I'm told, and all other goods in proportion."

A Benevolent Institution, established by special enactment, for the relief of the sick and distressed, afflicted with Private and Epidemic diseases.

—To all persons afflicted with Sexual Diseases, such as *Impotence, Sexual Weakness, Impotence, Gonorrhea, Gleet, Syphilis, the use of Mercury, or Self-Abuse, &c.*

The Howard Association, in view of the serious calamities of human life, caused by Sexual Diseases, and the deception practised upon the unfortunate victims of such diseases by quacks, assume that no other institution can offer such inducements as a charitable one, whose only aim is to render a benefit to society for the treatment of that class of diseases, in all their forms, and to give medical advice gratis, to all who apply by letter, with a description of their complaints, age, occupation, habits of life, &c., and in cases of extreme poverty and suffering, *to furnish medicine free of charge.* It is needless to add that the *Association* commands the ablest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured the Charity labors in this sphere of benevolence, have been of great benefit to the afflicted, especially to those who, from their youth, are ignorant of the dangers surrounding them, with regard to the fatal consequences of such diseases, and to those many unfortunate men, who have contracted disease through ignorance, and are now suffering under the effects of such diseases.

Just published by the Association, a Report on Sperm Gonorrhoea, or Seminal Weakness, the sign of manhood, the confusion of Self Abuse, and other diseases of the Sexual Organs, by the Consulting Surgeon, which will be sent by mail (in a sealed envelope, *free of charge*, on the receipt of two postage stamps for postage.

Address, for Reports or Treatment, Dr. GEORGE R. CALHOUN, Consulting Surgeon, Howard Association, No. 2 Ninth street, Philadelphia, Pa. By order of the Director,
