SATURDAY, DECEMBER 10, 1864.

S. M. PETTENGILL & CO., 37 Park Row, New York, and 6 State Street, Boston, are our agents for the SUNBURY AMERICAN in those cities, and are authorized to take Advertisements and Subscriptions for us at our lowest rates.

☞ BLACKWOOD'S EDINBURGH MAGAZINE.—The October number of this excellent periodical is on our table. The following is a table of the contents:—Cornelius O'Dowd upon Men and Women, and other Things in General.—Max Muller's Second Lecture—The life of Jesus—Tony Butler—In the Garden—Symbols—The Public Schools Report—The London Schools—Memoirs of Richard Whately—Our Trade—The Death of Speke.

Local Affairs.

Just received a new supply of winter goods, latest style of Bonnets and Hats. Also, Christmas Gifts, &c.

Call at J. J. Hartman's new and systematic store for cutting Ladies and Children's dresses, the rule now in use. Will give all necessary instructions and furnish the chart for the small sum of $1. Also agent for Wheeler & Wilson's Sewing Machines. B. & L. SHISSLER.

The Rev. Mr. Wadleigh, who has lately returned from the Army of the Potomac, will deliver a lecture, in the Court House, on this (Friday) evening, to explain the working of the U. S. Sanitary Commission. The ladies and children are invited to remain after the lecture to meet Mr. Wadleigh. Lecture to begin at half-past seven.

THE UNION SUPPER got up at the Hotel of Charles Geringer, on Friday night, the 2d inst., was well attended, and gave entire satisfaction to a large company present. Harmony and good cheer prevailed, and every thing passed off well—several speeches were made, but as the orators were Democrats, our reporter concluded not to make a report for the public.

THE NEW FRACTIONAL CURRENCY.—We are indebted to a friend at Washington for a specimen note of the new "Fractional Currency." The note is four and a half inches long and one and a half broad, with a handsomely engraved vignette of Justice holding the scale of Justice, taking up the centre of the note. The engraving on the back is printed in red ink. The paper, however, is hard and stiff, and we think, will not wear well.

The Northumberland County Bank at Shamokin under the "enabling act," become a National Bank. The Bank is in a flourishing condition, as a look will appear about the first of February next, under the title of "Northumberland County National Bank."

FRUIT, CONFECTIONS, TOYS, &c.—We call attention to the new store of J. C. Miller, who has opened for the sale of fruit, vegetables, confectionery, &c., near the store of J. H. Eagle.

NEW ADVERTISEMENTS.—A number of new advertisements appear in our columns this week to which we call the attention of those interested.

SCARCITY OF HOUSES.—In consequence of the high price of lumber and other materials but comparatively few houses have been erected in proportion to the demand. Rents are high, and houses for extremely scarce. Those erected are mostly by the persons who intend to occupy them. We hear a change in affairs will soon enable capitalists to supply this want.

The Union Leagues of Milton has received its charter from Senate, and promises to be an interesting society.

Chester E. Snyder, of Chillisquaque township, fell from a Canal Boat between Lewisburg and Northumberland, and was drowned.

DEATH.—On last Saturday morning, about 3 o'clock, Mr. John Breeder of this place, was killed in the mines of S. Rittenhouse & Co.'s Barnside Colliery.—It appears that he and Mr. Morgan Jenkins were at work together on the night shift driving a gangway, and that the propping immediately gave way, crushing Mr. Breeder under the falling mass of earth and slate, while Mr. Jenkins providentially escaped with a few slight bruises. The deceased was 18 years of age, and leaves a wife and two children.—*Shamokin Herald.*

The domestic market continues about the same. Pork in bulk, is more abundant, and has sold at prices ranging from 16 cents and upwards. There is no reason why it should be worth bulk more than 15 cents at this place. White beans, a few days since, we stepped into one of our stores with a friend to make some purchases. They retailed pork at 20 cents, the carcass 17 cents, sausage 20 cents, and the best canned fruit, strawberries and tomatoes, at 15 cents. Applesauce selling at that place at $4 per barrel.

Poultry is now sold here pretty generally by light. Turkeys, live weight, at 15 cents per lb., chickens at 10 cts. per lb. Butter at 70 cts., eggs at 45 cts. per dozen.

The New York papers quote prime heavy corn hogs alive, at 12½ to 13c.—dressed at 15½ to 15¾. Hogs about one cent per lb. less.

Wm. I. Greenough, Esq., of Sunbury, is chairman of the Committee for Northumberland county, to make arrangements for the education of soldiers orphans within the limits of the county.

BLOOMSBURG AND LACKAWANNA RAILROAD. We stated last week, that another passenger train had been put on this road. The company intended to commence running a second train on the 1st inst., but were not quite ready, but we are assured that a train so much needed, will be placed on the road in a very short time, perhaps in a week or two.

HIGHLY IMPORTANT FROM PANAMA.

Attempt of Pirates to Seize a California Steamer.

NEW YORK, Dec. 4.

The steamship North Star, from Aspinwall on the 18th, via Port Royal, where she put in for coal and to leave the gunboat Augusta, her convoy, the latter having been disabled in a gale, has arrived here.

The North Star has $360,000 in treasure.

Our Panama letter of the 16th, received per the North Star to-day, has the following important intelligence:

There has been much excitement in Panama during the past week, caused by the following incidents.

On the 27th of October the American consul at panama received a dispatch from Consul Shufelt at Havana, stating that the same steamer bringing the dispatch would also take to Aspinwall a party of rebel pirates intending to seize the steamers Guatemala.

The agent of the company was notified of the plot and sent the Guatemala to sea before the arrival of the pirates across the isthmus. Consequently they were obliged to remain at Panama till the 10th of Nov. the day of sailing of the next steamer, the Salvador. In the meantime further information was obtained, and a plan for the capture of the whole gang matured.

Whilst wasting for the steamer, the rebels purchased 397 pounds of powder, put it in tin cans, and shipped it on the steamer in which they intended to take passage.

On the 10th the passengers embarked on the Salvador, as usual, with their baggage. Immediately on going aboard they were taken into the main saloon, ostensibly to have their portholes, windows, state rooms and doors had been closed in order that no opportunity could be presented for skedaddling, or for hidding papers, etc.

As soon as they were collected a preconcerted signal was made, when Commander Davenport, of the United States frigate Lancaster, sprang on board with several full armed boats crews, and announced to the astonished passengers that he had taken possession of the steamer. Sufficient evidence was at once discovered, proving the reality of the plot.

The Salvador was then taken to sea over three marine miles, accompanied by the Lancaster.

Papers revealing the whole affair, instructions from the rebel Secretary of the navy Mallory, small arms of all kinds, handcuffs, etc., were found in possession of the pirates who were then transferred to the Lancaster and the Salvador proceeded on her voyage. The Lancaster returned to Panama with the prisoners. Before reaching Panama the leader of the pirates are O. E. Hogg, of Baltimore, Captain; E. A. Swain, Executive Officer; J. L. Black, Paymaster; R. B. Lyon, Sailing Master; John Hobble Chief Engineer T. J. Grady, Assistant Engineer; Jos. Higgins, Paymaster's Clerk.

Hogg was recently captured in the blockade runner Tristam Shandy. His instructions from Mallory show that he has a rebel commission, and sailed from Wilmington for Havana, where he made up his gang of pirates. They have confreres all along the coast, who were to join them. Hogg's instructions were, after getting possession of the steamer, to capture a California steamer, to capture a California steamer with its treasure, and, if not able to get the treasure across the Isthmus, to deposit it with a reliable English house in Valparaiso or send it to Europe.

The French man-of-war steamer Guatemala, which arrived back to Panama on the 15th inst., reports seeing many suspicious persons anxiously awaiting the arrival of some steamer at La Libertad and Acajutla. They were undoubtedly accomplices of the pirates. These latter had come across the country via Orinoa. They have probably been arrested ere this, as the Government of San Salvador has been notified that they were pirates.

On the 12th Admiral Pearson, commanding the American Squadron in the Pacific, accompanied by Consul McLee, of Panama, and Consul Rice, of Aspinwall, waited on the President of Grenada in Panama to ask permission to pass the prisoners across the Isthmus, in order to send them to New York. The President refused permission, on the ground that he was never empowered to do so, but it is presumed they will be taken across on the responsibility of the American Consul.

R. A. FISHER, Agent, Sunbury, Pa.

Sherman on his march, cuts a swarth forty miles in width, leveling as he goes, and we do not know but he "blushes" and "grubs" also.

THE NEW FRACTIONAL CURRENCY.—The plates of the new fifty cent fractional currency are nearly ready for printing. These notes will be of the same breadth as those now in circulation, but nearly twice as long. The new five cent notes will be of the same size as the old ones, while the ten and twenty-five cent notes will be of lengths graduated between the highest and lowest denominations. It is probable that a three cent note will be issued for the greater facility of making change.
