BRADY'S LUCIFERS
SOLIDIFIED
DENTAL CREAM,
For Cleansing, Whitening and Preserving the TEETH!

This article is prepared with the greatest care upon scientific principles, and warranted not to contain anything in the slightest degree deleterious to the teeth or gums. Some of our most eminent Dental Surgeons have given their emphatic and cheerfully recommend it as a preparation of superior quality for cleansing, whitening and preserving the TEETH. It cleans them readily, rendering them beautifully white and pearly, without the slightest injury to the enamel. It is healing to the gums where they are ulcerated and sore. It is also an excellent antidote for foul and decayed teeth, which are often so offensive as to give a sickening taste to the mouth, by using it thoroughly, and imparting a delightful fragrance to the breath.

PREPARED ONLY BY
A. D. WALLEY & CO.,
N. W. Cor. 10th., & Lombard Sts., Philadelphia.
And sold by all Druggists. PRICE 25 CENTS.

TESTIMONIALS.

The following opinion of Dr. White, as to the high esteem in which he holds the Dental Cream, must be sufficient evidence of its value; to quote other testimonials in detail is needless, containing encomiums simply giving the names and addresses of persons who speak of its excellency for the teeth.

Philadelphia, April 15th, 1863.

Having carefully examined A. Walley's "Solidified Dental Cream," I hereby cheerfully recommend it to the public generally. It is an excellent preparation for cleansing and preserving the teeth, and can be used by all persons with the utmost confidence, as its properties are perfectly harmless. Besides preserving the teeth, it promotes a healthy action to the gums, and imparts a pleasantness to the breath.
