Local Affairs.

THE GROVER & BAKER and the SINGER SEWING MACHINES are acknowledged superior to any other now manufactured. Miss C. Dallas, Market street, this place, is the agent for the sale of them in this and adjoining counties. Instructions in sewing given free of charge to all purchasers. A lot always on hand. Call and examine them.

A VALUABLE Vacant Lot, located in Georgetown, Northumberland county, Pa., is offered for sale on reasonable terms. An indisputable title will be given. Apply at this office.

A meeting of the Steam Fire Engine Company will be held in the Engine House this (Friday) evening, at 7 o'clock.

Mr. R. B. Booty was thrown out of a buggy while driving through the streets of Shamokin, on Monday evening last, and fractured his collar bone.

The weather, during last week and part of this, was of a really wintry nature. On Sunday, we had a light fall of snow, and during the late part of the week the jingle of sleigh-bells was heard on all sides. On Thursday the weather began to moderate, when the sounds of the bells again vanished into the dim distance.

☞ A Grand Dinner will be given by the Ladies of the St. John's M. E. Church of Sunbury, Pa., on Wednesday, February 22d, 1871, to assist in raising money to liquidate a debt due on the Church; and they will endeavor to present a bill of fare that will gratify the most fastidious taste. Everything to be had at a first-class hotel will be given (excepting the wines, &c.)

We have no doubt that they will succeed in surpassing their former efforts in catering to the public taste.

The following officers of The Augusta Farmers' and Horticulturists' Association, were elected on the 21st ult.: President, Elias Buerlek; Vice-President, John Steiner; Secretary, Dr. H. R. Myers; Cor. Secretary, W. W. Hombig; Treasurer, George Gratz; Door-Keeper, J. F. Lerch.

We learn that a number of wells, in this place, gave out during the past week, and that water in some parts of the town has become a scarce article. Such an occurrence has not taken place in this town within the recollection of some of our oldest citizens.

At an election held at the Northumberland Co. National Bank of Shamokin, on the 11th inst., the following persons were chosen Directors to serve the ensuing year: F. W. Pollock, W. T. Comm, Thos. Hunnigardner, William Monteilus, John A. Otto, Henry Helser, John B. Dotty, Andrew Robertson and Isaac May.

Our neighbors of the *Democrat* have treated themselves to a new power press, and threaten soon to enlarge their sheet, asking themselves more room to "elbow around" among the politicians who don't come down, of course, to their notions. We wish them prosperity peculiarly, but politically we hope to see them doomed as the Court House Ring.

The following Board of Directors of the Accommodation Saving Fund and Loan Association of this place, were elected at the organization meeting, held on the 31st ult., to serve for the ensuing year: Ira T. Clement, H. Y. Fessing, Henry Clement, S. B. Boyer, Jacob Shipman, N. P. Lightner, N. P. Mutz, Samuel Faust, Wm. and P. H. Moore. The Board then elected the following officers for the year: President, N. P. Lightner; Secretary, Jacob Shipman; Treasurer, Henry Clement; Solicitor, S. B. Boyer.

HORSE AND MULE DROWNED.—A team of one horse and one mule, belonging to Dieffenbach & Bro., of this place, broke through the ice on the river, on Saturday last, and were drowned. Mr. Solomon Dieffenbach, one of the firm, was hauling a load of flour, poultry, &c., to this place, and crossing upon the ice to the ferry on the opposite side of the river, about 9 o'clock, A. M., and proceeded nearly half way over, when the wagon and team broke through. Parties from both shores went to the rescue, but before they reached the spot the team was drowned. Mr. Dieffenbach himself narrowly escaped drowning, having been in the water some twenty minutes before he was rescued from a perilous position. A greater portion of the flour and poultry were saved. We learn that Mr. Dieffenbach had a life insurance policy of five thousand dollars issued to him on the 29th ult., by Mr. J. Shipman, Agent. This narrow escape shows how much it behooves every man having a family, to insure his life, as accidents of a similar, and fatal character may at any time occur.

On Friday evening last, man named James Burns was accidentally knocked through the North Branch railroad bridge, and fell upon the ice below, breaking his leg and thigh and fracturing his skull, killing him instantly. A large hole was found in the back part of his head. It is supposed that Mr. Burns was walking on the bridge, and that the engine of the passing train not observing him, he was caught by the cars and thrown through the timbers. He was on his way to Danville, whereto was engaged as an employee in one of the rolling mills. A letter, signed Thos. and Catharine Walsh, of Brewster, was found on his person, which showed that he had been from the place, and that S. Ridgway, Esq., of Danville was acquainted with him. Mr. Ridgway was telegraphed to, and came to the next morning, when he recognized the body. A jury was summoned by Coroner C. Gray, who held an inquest and returned a verdict in accordance with the above facts.

We are yet in the dark as to how that $24,000 was expended during last year. The Ring authority, it is supposed, whitewash Commissioners a week or two, to adjust an account, and will no doubt give the exhibit according to the County Orders issued by the Ring, without enquiring for what purpose they were issued, or whether the money thus secured more or less than was agreed upon by the Ring. Mr. Oliver Gardner, a Democratic tool, (whose letter appears in another column) having joined the Ring, has kindly consented to assist in completing the Robbery, and will aid in robbing the Ring at their own game. He will endeavor to elicit data upon it which will be made public as far as he may succeed in forcing the cat, notwithstanding the $4,000 scheme—and so place the same to the in future through the columns of the American.

TRACURIUS INSTITUTE.—The Teachers' County Institute of Northumberland county, convened in the Presbyterian church, at Shamokin, on the 19th ult., County Superintendent Shipman, presiding. The proceedings during the several days were quite interesting, and those attending were highly pleased with the exercises. The following resolutions were passed at the close of the session:

The Committee on Resolutions then reported, and the following Preamble and Resolutions were adopted:

WHEREAS, The session of the Northumberland County Institute of the year 1870, has been one of interest and profit to the teachers who participated in its exercises, and confirmed the previous favorable opinion of its members regarding its utility in elevating the standard of instruction in our public schools, and in preparing teachers for their work, therefore,

Resolved, That all teachers should attend its sessions and be interested in the success of this means of professional improvement.

Resolved, That we commend the interest manifested by the directors in themselves attending the Institute, and in allowing the teachers of their districts the time.

Resolved, That believing our public schools to be a most efficient instrument in uprooting prejudice and bigotry, and inculcating wide and liberal views, we deprecate all political and sectarian influence in the management of our schools.

Resolved, That we earnestly commend to the attention of directors the subject of graded schools, advising the establishment of grammar schools in villages and well settled rural districts, to be followed in time by the establishment of High Schools and Academies.

Resolved, That our thanks are eminently deserved by Prof. Boyd, County Supt., York county, the untiring instructor of the institute.

Resolved, That we tender our thanks to Prof. Hall, of Pittsburg, for his pleasant and profitable instruction in Elocution, and Pennsylvania, and also the successful Elocutionary entertainment given on Wednesday evening.

Resolved, That our thanks are due to Hon. Henry Hosick, of the School Department, for his presence and encouragement.

Resolved, That we commend the energy of our County Superintendent in securing instructor and lecturers.

Resolved, That our thanks are also tendered to the Principal and students of the High School and Mr. Hollenback and his school, for the music furnished during the session.

Resolved, That we acknowledge our indebtedness to Prof. Boyle, of this Borough, for instruction given during our present session.

Resolved, That our thanks are hereby tendered to the Trustees of the Presbyterian Church of Shamokin, for their liberality in giving their audience room, for the use of the Institute.

Resolved, That our thanks are due to Miss C. Mantz, and the other citizens of Shamokin who entertained lady teachers free of charge.

A. B. ORR, J. B. SAVIDGE, A. L. GLITSCH, } Com.

The committee on Permanent Certification reported—that the time of meeting for business, shall be the fourth Saturday of January, 1871, and that the place of meeting be at Sunbury.

G. W. HOWER, A. B. ORR, A. J. GALLAGHER, G. G. MILLER, M. A. HAY, } Com.

The question as to when and where the next session of the Institute should be held, was left to the decision of the County Supt. Recess of ten minutes was then declared, after which a mathematical problem was propounded, which was the means of considerable discussion and instruction. The minutes were then read and approved, when the County Superintendent made some wholesome and pleasant remarks before parting. The class again furnished music, the welcome piece, "Home, Dear Home," when the Institute adjourned.

We have just learned, while going to press, of a sad accident, which occurred at Turbutville yesterday. A Mr. Reuben Muschenmyer, while engaged in unloading a log from a sled, was thrown to the ground and the log passed over his head crushing it in a shocking manner and killing him almost instantly. He leaves a wife and seven children.—*Watsontown Herald.*

MOUNT CARMEL ITEMS.—A correspondent sent the following Items from Mount Carmel to the Shamokin *Herald*, of last week:

On Saturday night, Dec. 24th, some scoundrel called at the boarding house of Wm. Stacy, and seeing him standing by the stove shot at him through the window, the ball taking effect in his right leg, causing a severe wound. Dr. Gotlick extracted the ball.

On the following evening a party fired several shots through the doors and windows of the house of Ad. Festerman, at Green Ridge. The alleged cause of these outrages was the working of the parties at Capt. Rhodes, on the "black leg" system. Notwithstanding this mode of intimidating honest workmen, the Captain is working independent of the Union.

Last week Mrs. Owen Conner fell and broke her leg. On the same day, a boy, James Moolton, had his leg broken by falling on the ice.

On Christmas Day a party of Irishmen had a fight at Beaver Dale, in which one man was shot in the hand and another in the arm and eye. None of the shots were fatal.

Our merchants are all beginning the new year by a strictly cash business. They do it in contemplation of the proposed strike on the 15th. They propose selling for 20 per cent. less than heretofore.

BEHAVIOR THIS.—It occurs to us, that while we are so proud of our new jails, and look upon them being the "finest" we do not rest our claims to patronage on this alone, but equally on the fact that our clothing is superior to any ready-made Clothing to be had in the State of Pennsylvania. Wanamaker & Brown, Sixth and Market streets, Philadelphia.

FOR THE AMERICAN.

HIGH TAXES.

MR. EDITOR—Is it any wonder that we are burdened with high taxes, when the fact is known that hundreds of dollars of money belonging to the borough have been collected and misappropriated—misconverted for and embezzled by some of the borough officials? And such, I am informed, is the fact. What do our Councils mean by allowing such a state of affairs to exist? Why allow these things to be covered up and concealed, thus preventing the tax-payers from knowing anything of the misappropriation and abstraction of money collected? Why have they not had the accounts of the officers audited and published every year, as is done in all properly regulated communities, that those interested can see how their money is expended? This is the only safeguard the tax-payers have against dishonest officers—strict accountability and publication of their acts. The records will show that this Borough has lost thousands of dollars by this and other one process and allowing things to be kept in the dark. And is there no remedy?

A TAX-PAYER.

COMMENT.

We would suggest, as a remedy for this evil, the passage of an act by the Legislature, prohibiting the collection of a single dollar by the Borough authorities, until the accounts of the previous year have been audited and published—so that the tax-payers can see how their money has been expended.

In the next place, make it a penal offence in any officer to collect and disburse money without authority of law, and allow no officer to collect and disburse money without giving sufficient bail for the faithful performance of his duty. We have time and again urged these matters. Ignorance is often the parent of vice, and those who prefer darkness to light must put up with the consequences and suffer for their folly.

Editor's Table.

THE LITTLE CORPORAL MAGAZINE. Sewell & Miller, Chicago, Ill.

The January number of this fine periodical is received. It is small praise to say that this magazine has no superior and few equals in the world, for children of all ages, and for older people with young hearts. The new serial begun in this number opens admirably, and the whole number is full of good things "as an egg is full of meat." The illustrations are extraordinary excellent. $1.50 a year, and beautiful premiums for clubs. The November and December numbers of "Harper" sent free to all new subscribers for 1871 sent before January 1st.

EVERY SATURDAY. Fields, Osgood & Co., Boston, Mass.

This highly entertaining journal has been enlarged to twenty-four pages of its present size, and has thus become the largest and handsomest illustrated journal in America, and the cheapest paper of its size and class in the world. The publishers do not intend to rely for their success upon foreign pictures alone, but have made arrangements with the best American artists for original drawings, which will represent American life, scenery, and character to an extent never before attempted. The success which has attended the publication of "Every Saturday" has convinced the publishers that there is a large constituency of readers in this country ready to support a really first-class illustrated paper, and it is the intention of the conductors by a liberal use of the facilities at the command to continue to place before their readers each week a journal which by the excellence of its literary, artistic and mechanical features will find a hearty welcome from all classes of people throughout the land.

SCRIBNER'S MONTHLY, for January, 1871. Beautifully and profusely illustrated. Scribner & Co., New York. Subscription, $3 per year.

This is, so far as we know, a good magazine. The contents of the January number are rich and showy. The frontispiece articles are Fairmount Park; Kings of the Air; the Colonies of the Inca; The Christmas Book; Lower Fort; The Northern Lights; Ships; Shooting after the Surrender; World Contrasts; and Exchanges. There is also a beautiful piece of music, "Christmas Carol,"—words by Holland, music by Hosmer.

YOUNG FOLKS' ROWEN. $1 per year. B. N. F. Lewis, "Western Rural" Chicago, Ill.

The first number of this paper is received. It is a fine-looking sheet of eight pages, the largest of the young people's papers, and full of entertaining matter—good stories, dialogues, and poems, by eminent writers, pictures, etc. It is designed to entertain a class for rural life, despite southern, we mean.

VICK'S FLORAL GUIDE for 1871. J. Vick, Rochester, N. Y.

The most elegant of the gems of Vick's literature is again ready for purchasers. The plates and engravings of vegetables, flowers, fruits and vegetables, is so elegant, perfect in the finest taste, illustrated with the most exquisite engravings and two hundred beautiful pages. The most beautiful and scientific Floral Guide published. A German edition is in preparation, similar to the Rochester, but with more pictures. Sent free to Mr. Vick's customers of last year; others remit 25 cents without illustrations, and 50 cents with illustrations. Sent to all those who order them, for 10 cts. a copy, which is not half the cost. Ladies desiring lower seeds might do worse than send for it.

Business Notices.

A DESIRABLE RESIDENCE, located on one of the principal streets in the Borough of Sunbury, is offered for sale on the most reasonable terms. Apply at this office.

A DUEL was fought at Memphis, between Alexander Shott and John S. Nott, in which Nott was shot and Shott was not. In this case it was better to be Shott than Nott. It was reported that Nott was not shot but Shott swears he shot Nott, which either proves that the shot Shott shot at Nott was not shot, or that Nott is shot, but notwithstanding all this, Thos. G. Nott on Fourth street, Sunbury, keeps a large assortment of cloths, and cassimers, and makes up splendid suits for gentlemen.

PIANO STOOLS.—A new and handsome article, covered with hair cloth and rep, green and red, just received, and for sale very cheap by H. B. Masser. Price, $6.

The immense sales of Boots and Shoes at W. H. Miller's Excelsior Store, during the Holidays, took every one by surprise. Box after box was emptied, yet we find Mr. Miller still keeping up the largest supply in town. He has again replenished his stock with the very best in market, and all of the latest styles.

PIANOS AND ORGANS.—The subscriber, agent for the best Pianos and Organs in the world, will guarantee them for five years and sell the cheaper than any traveling agent can afford them. But first-class makers employ no such agents. H. B. Masser.

TURNING OVER A NEW LEAF.—This is the time for making resolutions.
