RAILROAD ADVERTISING.

The following capital burlesque on the [illegible] of certain custom railroad hackeys to [illegible] particular line, is so fine an imitation of the genuine, of a "railroad man's" style of advertising, that we give it an insertion for the fun of the thing:

RAILROAD. 1857.

CROSSING—TIME 0:00.

To Passengers to Sunrise!!!

Save Time and Money.

Huge Western Hemispherical, Umbilical, Problematical, Hydrogenious, Double Horse Track

RAILROAD.

Cows and insects blown off by the whistle.

34,000 miles 621 rods shorter to New York than by the side track via Shanghai and the Cape of Good Hope!

Time 15 minutes and 72 seconds less than Sir John Franklin's celebrated run.

The long established reputation of the H. W. U. P. D. H. T. R. R. is a sufficient guarantee that the fare is and shall be just and low! Peanuts and Apples all the way!

SIX STREAKS OF LIGHTNING!

Will leave the head of navigation daily, viz:

Blue Streaked Lightning, 12 m.
Greased do an noon.
Bob-Tail do 60 min after 11
Genuine Jersey do do to 1.

A Lightning Bug will dodge other Streaks.

Great Female in Distress O. K. Route!!!! Through Shakes for Baggage! NO CHARGE FOR SMASHING!

All the Lightning Trains have COPPER OR GUAGE CONDUCTORS! Who never annoy passengers, and so are the other employees, thus ensuring the entire safety of the travelling community!!

The H. W. H. U. P. H. P. D. T. R R. has every possible convenience, so that passengers need not leave the cars!

Every Convenience and a Doctor!

It is not perpendicular, being safely tied at both ends. It is double track, (two rail and a rail (snoe,) throughout. It has positively no long bridges across the long breaches at Detroit and Hudson rivers. The Niagara river is crossed on a wire rope, and no embankment across the track higher than three feet. And also, the EMPLOYEES HAVE CHARACTER!!! Candidates can procure their pasteboard and pocket lightning rods at the Thunderbolt Hotel, corner of Swamp avenue and Quagmire row. Beware of statements advertising sharper lightning, or more comfortable collisions on the Take-it-easy Route—they are only attempts to steal our lightning—they are all false—further more, they are not true, and worst of all they are libels.

Died in Adams County, Pa., on the 20th inst., of a lingering disease, Mr. Jacob Bowers, aged 72 years, 6 months and 20 days. He was a native of Hanover, and a soldier of the revolution. He was a member of the Lutheran church for 50 years, and died in the hope of a glorious immortality. [illegible]

OILY BUTTER.

G. W. Puffer, Gas Pipe Stuffer.

A QUAKER WOMAN'S SERMON.—My dear friends;—there are three things I very much wonder at. The first that children should be so foolish as to throw sticks and stones into fruit trees, to knock down fruit: if they would let it alone it would fall itself. The second is, that men should be so foolish and wicked, as to go to war and kill each other; if let alone they would die themselves. The third and last is that young men should be so unwise as to go after the young women, if they would stay at home the young women would come after them.

A CALL TO ALL FARMERS!

—FARMERS, DROP YOUR TOOLS—PAUSE A LITTLE—READ THIS AND REFLECT!!—THE FARMERS PROMOTION BOOK—A NEW AND SCIENTIFIC MANURING SYSTEM, for the cultivation and increase of all kinds of grain grasses, fodder and pasture, upon all kinds of soil,—proved by actual experiments and based upon evident truths, designed to improve agriculture in all its branches, represented by upwards of one hundred and fifty engravings of the most valuable grasses and plants connected with the system, by DR. C. G. REINBOLD, of Boalsburg, Centre county, Penna.

In this treatise it will be seen that the object has been to give the farmer that kind of information which enables him to make practical application to fertilize his land and increase his grain, fodder and pasturage. The doctrines, as taught by this manuring, and fodder, and pasture cultivation system are rational, clear and evident, and suggest an improvement on the modes of agriculture hitherto unknown to our farmers, and which, if adopted and carefully practiced, cannot fail to advance the interests of the farming community. Such a work has been much wanted, as it fills a void which has long been felt, but which there has hitherto been no attempt to supply. And as farmers of Centre and Huntington county we recommend the work to every farmer, as we fully believe that they will reap the greatest possible benefit from it.

MECCA AND MOHAMMED.

A. S. PUTNAM & CO.

Published Thursday, September 25, Burton's Pilgrimage to Mecca and the tomb of the Prophet, with an introduction by Bayard Taylor 1 vol 12 mo, with illustrations $1 50

The history of this curious boy is as follows: Burton an officer in the East India Company, having by a long residence in Upper India acquired a perfect knowledge of the Oriental languages and customs, projected a visit under the auspices of the Royal Geographical Society, to the holy city of Mecca, and the tomb of the Prophet, at Medina, places rarely if ever before visited by any Englishman. This he successfully accomplished in 1853-4, disguised as a Mohammedan Dervish. His history of the pilgrimage is not surpassed in interest and originality by any book of travel ever published—embracing his residence at Cairo as a Mohammedan Student; the journey across the desert with the great annual caravan of Pilgrims; the visit to the tomb of Mohammed; the discovery that the Sacred Black Stone is an aerolite; the annual sermon preached at Mecca to an estimated audience of 150,000 Pilgrims gathered from all parts of the Moslem world; his narrow escapes from detection, and the only accurate account of the ceremonies of the Musulman faith.

To the religious community this work furnishes information never before made public, respecting the ceremonial laws of a large proportion of the Eastern World, while for general interest, Burton's narrative will compare favorably with either Eothen or Crescent and the Cross.

IMPORTANT TO DAGUERREOTYPISTS, MARBLE DEALERS and others.—

MONUMENTAL DAGUERREOTYPE CASES.

A method has long been sought for, to inlay in a durable manner, daguerreotype likenesses to Head Stones and Monuments. I have been manufacturing these cases for the last two years, and can warrant them to secure the picture for a long number of years.

The outside case is made of Parisian Marble, and the box which encloses the picture and keeps it in a state of great preservation for a long number of years, is made of brass—a *screw box*. It makes a very neat job on a Head Stone or Monument. They are used in Greenwood Cemetery, Mount Auburn, Laurel Hill, and many other Cemeteries in the United States.

A liberal discount made to *Marble Dealers* and Daguerreotypists Price from $2 25 each to $9.50. A circular of engravings will be sent to any address, free, with price list. Address,

SAINT LAWRENCE HOTEL,

CHESTNUT STREET, PHILADA

This new Hotel is located in Chestnut street, between Tenth and Eleventh, running back to George street, an entire square, with ample room and accommodations for 250 persons

This Hotel has much to render it attractive to the Traveller, Sojourner and Citizen, being directly opposite the Academy of Fine Arts, Parkinson's Garden and Saloons, and in one of the most pleasant and fashionable places on Chesnut Street; also, in the immediate neighborhood of the Theatres, and other places of amusement.

The Rooms are large, airy, and well ventilated—many of them have communicating doors suitable for Families and Parties travelling together The Furniture is entirely new, and of the most improved style, embracing all the late modern Hotel improvements

Its close proximity to the different Railroads diverging from the city being only one square distant from the great Pennsylvania Railroad Depot, and its central and pleasant locations, renders it as desirable for the Merchant, as the Traveller for pleasure Coaches will always be in readiness to convey passengers to and from the Hotel

The proprietor would also beg leave to give notice, that he will be assisted in the management of this New Establishment, by Mrs M. L. Neefe, the late popular Proprietress of the Yellow Springs, Penn, who will have the whole and entire charge of the Ladies' Department, and by Mr George W Mullen, late Superintendent of the St. Charles Hotel Pittsburg, Penna.

Under this arrangement, the Proprietor flatters himself that he will be able to provide for every want, and establish the character and reputation of the House as strictly a first class hotell.

ENCOURAGE HOME INDUSTRY.

The undersigned would respectfully encourage the Farmers of Centre county, that they have purchased the right of

DIEHL & DUNHAM'S

CAM POWER REAPER AND MOWER,

and are now engaged in their manufacture and are prepared to furnish an article which will not get the back-ache From those who have used the machine we can produce abundant evidence as to its superiority over any other machine now built for the following reasons:

1st. On account of its simplicity of construction, and the fact that the sickle is worked direct from the driving wheel, with a simple lever instead of a multiplication of rog wheels, journals cranks, &c which makes it work lighter for the team

2d It is more compact, and is therefore easie handled

3d. Its perfect adaptation to uneven grounds without hanging on the horses' necks; the tongue being limber and turning on castor-wheels, which makes it turn easy

4th The perfect manner in which it does its work, in both grain and grass; the reaping apparatus being so arranged as to put the raker in a convenient position to deliver the sheaves at the side of the machine, and for mowing it has the reaping apparatus all off so as to enable it to cut tangled clover

This machine is warranted to cut all kinds of grain and grass, as well, if not better, than can be done with scythe or cradle, and all its parts warranted perfect

TERMS—For Mower and Reaper combined, $130; $30 to be paid on the delivery of machine, or as soon as it is put up and in operation; $50 on the 1st of October, and $50 on the 1st of January, 1857.

For Single Mower $100, $20 on receipt of machine, $35 on the 1st October, and $40 on the 1st of January, 1857.

With each machine there will be furnished an extra knife one knife section, three guards, wrench, oil-can and neck-yoke.

As only a limited number can be built this season, those who are in want of the article will do well to send in their orders soon. Address
