If you desire to purchase a combined SELF RAKING REAPER AND MOWER, or a SINGLE SELF RAKING REAPER, or a SINGLE MOWER,

We earnestly request you to call on J. R. He will give you a descriptive pamphlet, which truthfully sets forth its many advantages over every other machine in the market. We propose to briefly state below some of its good points and, as we mean straight forward business, we hereby agree that if you will examine the machine closely, and then find that any one single statement that we make is untrue, we will not ask you to buy the Hubbard or even give it a trial. As we were unable to supply the demand for the past three years we advise you to call soon and examine the only

CHANGEABLE MOTION MACHINE

in the world from fast to slow, or slow to fast, without stopping the machine. Also examine our new arrangement for LOWERING and RAISING our CUTTER BAR while the machine is in motion. Both drive wheels exert power on slow as well as fast motion; either drive wheel will drive the knife alone, yet both are practically continuous.
