PILES OF TWENTY YEARS STANDING CURED.

Below will be found a certificate from the one of most respectable citizens of Wayne township in regard to Dr. Keyser's Lindsay Blood Searcher. The Doctor's certificates are within reach, and no one need be afraid in regard to his preparations.

DR. GEO. H. KEYSER:—I became afflicted with Piles about twenty years ago, and every year they were growing worse, so as to trouble me very much; so much so at times as to unfit me for work. Sometimes I was so bad that I could do at anything account of them; they came out big as a large as a hickory nut. I had tried a great deal of medicine for them. I used to buy pills to realize from them, and take whatever I could hear of or read of in circulars and pamphlets that fell in my way, but I could not get cured, sometimes they would do me some good for a little while, but afterwards they would return again as bad as ever. I also applied to two Doctors who visited me at my house and gave me some medicine but it would not do, I could not get well. Over a year ago I saw an advertisement of your Lindsay's Blood Searcher, made by yourself—when you told it to me you told me one bottle would not cure me, and that my whole system would have to be renewed by the medicine before I got well. I bought one bottle and took it home with me and used it according to your directions. I then called to see you again, when you said I could expect much benefit from one bottle. I bought it one bottle at a time until I had taken six bottles. After this quantity had been used I was entirely well of my Piles, which had tormented me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my age, being sixty years past. I have been well now for six months and there is no sign of Piles at a future time. I can do any kind of farming work and walk the Rifles running down and hurting me. I can pitch hay, chop wood, lift, or do any kind of work which I before used to hurt me. When I found out your Blood-Searcher I kept on taking until I got entirely well. I consider it my duty to make my case known to the country for the benefit of others who may be suffering as I was and do not know the value of your medicine. You may publish this if you like—I live in Wayne Township, and will be pleased to satisfy any one of the truth of this certificate if they wish to call on me.

ELLIOTT DAVIS.

December 8th, 1864.

Be sure to see that the name of DR. GEORGE H. KEYSER is on the lower of the bottle and pasted over the cork. Price $1 per bottle. Stamp on the United States stamp on the top of the bottle to prevent being imposed upon by a spurious article which is in the market.

MEDICAL

IMPORTANT TO LADIES.

THE PRIVATE MEDICAL ADVISER, an invaluable treatise of 64 pages, by DR. JOHN HARVEY. Published for the benefit of the unfortunate. Sent by return mail on receipt of ten cents it will be sent post paid, in a sealed envelope, to all who apply for it.

It gives a concise description of all the diseases peculiar to females, together with means of cure, and treats of *Conception, Pregnancy, Miscarriage Sterility, Sexual Abuse, Prolapsus, Uteri, Female Weakness, Consumption, &c.*, and much other valuable information not published in any other work. Every lady should procure a copy without delay. Three Editions, 50,000 each, have already been published and distributed this year.

HARVEY'S CHRONO THERMAL FEMALE PILLS

the most infallible and popular remedy ever known for all diseases of the female sex. They have been used in many thousand cases with unfailing success—and may be relied on in every case for which they are recommended, and particularly in all cases arising from OBSTRUCTION OR STOPPAGE OF NATURE, no matter from what cause it arises. They are effectual in restoring to health all who are suffering from Weakness and Debility, *Uterine Discharges, Nervousness, &c.*, and they ACT LIKE A CHARM in strengthening and restoring the system. Thousands of ladies who have suffered for years and tried various other remedies in vain, owe a renewal of their health and strength wholly to the efficacy of

Dr. Harvey's Female Pills.

They are not a new discovery but a long tried remedy—the celebrated

DR. JOHN HARVEY,

one of the most eminent physicians, prescribed them for many years in his private practice, and no physician was more truly popular or widely known than him in the treatment of

FEMALE DIFFICULTIES.

All who have used DR. HARVEY'S FEMALE PILLS recommend them to others. Nurses recommend them—Druggists and Dealers recommend them in preference to other medicines, because of their merits. No lady objects to taking them for they are elegantly

Prepared by an Experienced Chemist.

Price One Dollar.

☞ Cut this notice out if you desire Dr. Harvey's Pills or Book, and if you cannot procure them of your Druggist, do not take any other, for some dealers who are unprincipled will recommend other Female Pills, they can make a larger profit on—but enclose the dollar and send direct to

DR. J. BRIAN, General Agent,

Who will take all risk if properly directed; and you will receive them post paid, securely sealed from observation, by return mail.

SOLD BY DRUGGISTS GENERALLY.

NOTICE TO ALL CONCERNED.—Among a certain class of self-important people there is a peculiar feeling of contempt attached to all physicians that advertise and treat the diseases named in this card, (PRIVATE DISEASES,) why this should be, they nor no one else can tell. Are they not aware that all physicians treat diseases of every denomination, in fact solicit just the very diseases that are so obnoxious to these very refined parties. I suppose they would not let one of their family go to a party that has devoted years for their benefit, because he advertises the fact, and their family physician says he is a humbug so he can get the case. Often he has almost deprived the party of his life. He comes at last to the physician that advertises—how else are they to know I. Are they not aware that Sir Astley Cooper, Sir Benjamin Brodie, Sir Charles Ball and M. Paul Ricord, devoted years in the treatment of these diseases? These men are held up as shining lights in the medical world; I don't assert that all men are worthy that publish, still there are a great number of them that have. I have devoted myself to the study and treatment of PRIVATE DISEASES upwards of 40 years, and without egotism can say I have saved hundreds from years of misery and untimely death. My treatment is confined to the vegetable altogether, as I think it is the best and most certain. It is in my power to bring hundreds of certificates if I thought it necessary to certify to my general success; but my long residence in this city is sufficient proof without adding more. Spermatorrhea and all diseases arising from it are cured in a much shorter time than heretofore. It behooves every young man and woman to be careful in selecting a physician. The different advertisements that are seen in our papers are of no worth, and no benefit will arise from answers than only loss of health and money. Hundreds are cured annually by my new remedies. From the Richmond Examiner, Nov. 16.

From the South.

Governor Brown, and the Georgia Legislature.

The blast of war which the Northern country seems now to be pealing with renewed force upon all its trumpets, has one fine moral effect. It stops the mouths of those weak-hearted Confederates who used to be continually whining for negotiations, who used to be forever repeating—as Governor Brown, of Georgia, said in his late message (before the election, however,)—"in a crisis like the present, statemanship is more important than generalship." What is become now of the statesmanship? Where is there room for it? Will statesmanship burn Sherman's stores and transports, and cut his railroads and whip his forces back over the Ohio? Will statesmanship keep Grant out of Richmond? Yes, there is a kind of "statesmanship" which would effect these things, Mr. Seward has indicated it, and it consists in sending the highest Confederate officials with ropes round their necks into the enemy's lines, saying, "Father Abraham, we have sinned against Heaven and in thy sight." That will scarcely suit us, and so our readers will be happy to learn that the matter is understood by the Georgia Legislature, to which Governor Brown put lately addressed that statesmanlike message. On the Tuesday of last week—the election of Lincoln being already as good as certain—a Mr. Ezzard had the "manly courage to move resolutions, based on the message, demanding that offers of peace should be made to the United States Government, on the basis of the great principles of our common fathers, in 1776; and also, that the Georgia Senators and members of Congress "be requested to use their influence to end this unnatural strife, looking forward to the time when peace may be obtained upon just and honorable terms." This Mr. Ezzard considers "unnatural" in us to defend our country from invasion—just as Governor Brown had urged in the said message that "this bloodshed, desolation and carnage should not continue to gratify the ambition of those in power." Mr. Ezzard also considers strictly modelling his resolutions on the suggestions of the message—that if we only "stop this unnatural strife"—that is, lay down our arms and let our mortal enemies take possession of the country—then we may "look forward to a just and honorable peace." We might have too long and too far to look forward; and so the thing seems to be understood by the Legislature, for the newspaper report informs us that "the resolutions were unanimously voted down"—which would seem to imply that Ezzard, stricken with shame, had the grace to vote against his own motion; and that a resolution moved by Mr. West was adopted with equal unanimity, simply pledging the State to a vigorous prosecution of the war.

It is scarcely worth while now to criticise that singular message of the Governor. It is already out of date, though but a few days old. To preach to us now about negotiation, or about a Convention of all the States, which it seems, would be "the most able and dignified ever assembled," in such a convention were only possible in the nature of things, or to tell us that Mr. Lincoln and President Davis are so much exasperated against one another that they may never be able to agree upon terms of negotiation, whereas, Mr. Brown (we suppose) is not exasperated, but in the height of good humor—to appeal to the sober good sense of the great mass of the American people, North and South—all these sayings sound now like faint echoes from remote history. There disappear such things as "the mass of the American people, North and South." As to the President being exasperated against our enemies, we are all exasperated now and ever, Mr. Brown may respect and admire them; we complain that the President is not exasperated enough—the "Convention of all the States" will meet on his same day with such a "the parliament of man, the federation of the world" about and about and not one hour sooner, and it will be the most able and dignified ever assembled. It may be hoped that we have at length done with such hopeless and futile talk, and that nobody ever again will dare to say, sir defence of our homes is an "unnatural strife." By this time it may be plain that there is but one road to peace, namely, to make the Northern mind of war, as weary and sore as ourselves, long since. If the Legislature of Alabama also were now in session, it would probably see the necessity of redeeming its late fault, and make some energetic effort for the defence of the State, pursuant to the recommendation of Governor Watts. In short, it is at last plain that we must defend ourselves with all hurt forced, or else sink into serfs; and we must stand together, or else sink together without a hope of redemption. [illegible] Some Georgia newspapers put an unpleasant suspicion. Speaking of the persons who lately addressed a letter to Vice President Stephens and Senator Johnson, requesting them to inaugurate a peace movement, the Southern Confederacy says that the men who signed that letter "never participated in, nor were directly or indirectly connected with the secession movement, and are living among us, quietly pursuing their avocations, with their families, in full enjoyment of all the rights of citizenship, except those which have been forfeited by the war." Are these "men who have grown wealthy by the war" and would now wish to calm down and smooth over everything that they may save their investments. The thoughtless driving matters to extremities has become horrible to them. Their hearts sicken and faint at the tale of suffering and evil passion, and they would really desire a peace—upon "honorable terms" of course—but a peace somehow. It was even said by journals in that State of Georgia, that Gov. Brown, who was poor, is now rich.

But such imputations should be repelled, and the best and only way to repel them, is by patriotic speculators and rich men showing themselves resolved to accept and share the destiny of the country. Otherwise, the most painful interpretations will be put on their conduct, that they are tired of the war—they, to whom the war has been only a contribution, and there may even ensue some great heart burnings among angry and resolute determination that they shall be made to taste the bitter as well as the sweet, that whoever may come scathless out of the business, they shall not.
