☞ We are under obligations to our friend W. C. Dunlap, Clerk of Steamer Anna, for late New Orleans papers; also to J. R. Imbrie, of New York city, for late papers.

COLLEGE COMMENCEMENTS.—The Annual Commencement of Jefferson College will take place at Cannonsburg, Wednesday, August 2d. The Commencement of Washington College will occur on the following day, August 3d. Dr. Alexander Donaldson, Alumnus of Jefferson College, is the orator for the class of 1865, and is expected to deliver an address at Cannonsburg on the day before the Commencement.

RAIL ROAD DIVIDEND.—The directors of the New Castle and Beaver Valley Rail Road company have declared a dividend of five per centum on the capital stock of said company for the last six months, payable on the 17th inst. Those who invested capital in that improvement are now realizing more on their stock than they anticipated.—*Law. Journal.*

RESUMED HIS PROFESSION.—Hon. John W. Wallace, says the New Castle *Courant*, who has been in the service of the United States Government for some time, has resigned his position, returned to New Castle, and has resumed the practice of his profession. Many of his friends and former patrons will be pleased to learn this fact. *The Doctor* is one of our most skillful physicians.

PASS THIS ROUND.—Many Postmasters are in the habit of returning papers to publishers when not taken out of the office. This is not what is required. The Post-office regulations require Postmasters to write to publishers not only notifying them that the papers are not taken, but also giving the reason why they are not taken.

LEASED.—On the 29th ult., the Stockholders of the New Castle & Beaver Valley R. R. Co. met at the office of the Company in New Castle, and ratified the lease of the road to the P. Ft. W. & C. R. W. Co. The lease is a favorable one to stockholders, and it renders the payment of 10 per cent. interest on the stock certain. Under the new arrangement the road will be better stocked, and more comfortable for passengers. The lease took effect on the 3d inst., and is to run ninety-nine years.

NATIONAL TEACHERS' ASSOCIATION.—This body will hold its annual meeting for 1865, on the 16th, 17th and 18th of August, in the Hall of the House of Representatives, in Harrisburg.—Gov. Curtin will deliver an address of welcome, at 10 A. M., on the 16th. It is contemplated to have an excursion to Gettysburg, on the afternoon of the 17th. The *Pennsylvania School Journal* says that the hotels of Harrisburg have consented to reduce their charges about one-third, in favor of the members of the Association. The railroads will grant free return tickets to members who pay full fare coming to the Convention.

Loyalty of the Bar.

The Pittsburg *Chronicle* calls attention to the fact that the Pittsburg Bar had sent seventy-two, or more than one-half its number into the army since the breaking out of the rebellion. The members of the Pittsburg Bar have certainly reason to be proud of that. Beaver county has done equally as well. One half the members of the Bar in this county have borne an honorable part in the war just closed, and Col. Wilson and Roberts, two of its brightest ornaments and most successful practitioners, sacrificed their lives for their country. We think this proportion would hold good throughout the State. No profession or class of men contributed so largely in proportion to its number to the army as that of the Law. Let those who revile the profession take notice and be more respectful in the future.

Sabbath School Pic-Nic.

The children's Union Sabbath School at Sterling Mines, near Darlington, held their yearly celebration on Saturday, July 1st, in their old grove near the mines, quite a number of visitors being present. The school numbers about one hundred scholars. Remarks were made made by Mr. Sutherin, Superintendent of the School; also by Mr. Butts, of Cleveland, O., and by Mr. Knippenberg, Supt. of Sterling Mines. About ten young girls had patriotic pieces to recite; a little boy about five years of age also recited a piece. Singing was carried on well. After dinner all the children and teachers had plays together which was kept up until 5 o'clock in the evening. The dinner was got up well, and many thanks are due to the good ladies who prepared it. Considerable was left after all had been furnished with dinner, and many had even their pockets filled.

There are few Sunday Schools that seem to prosper so well as this one does, and it is only on account of the deep interest taken both by teachers, scholars and parents that it prospers; and may God ever bless the children's Union Sunday School and all connected with it. July 1st will ever be remembered by all who were at this celebration. OBSERVER.

Our Book Table.

We have received from the publishers, Messrs. Ticknor & Fields, Boston, the second volume of their Companion Poets for the People, entitled "Songs for all Seasons," and containing choice selections from the writings of the English Poet Laureate. Price fifty cents.

Harper's Monthly, for July, is on our table, and contains its usual variety of interesting and instructive matter.

The *Atlantic Monthly*, for July, contains the usual amount of valuable reading matter. Young men in History; Around Mull; The Changeling; Ellen; Winter Life of St. Petersburg; Needle and Garden; A paper on Candle Ends; Doctor Johns; Assassination; The Chimney Corner; Chicago Conspiracy, are ably written contributions.

The Family Treasure, for July, has been received, and we may safely say that it is the best number yet of the many good numbers published. The first article, on Christian Union, by the editor, is ably written, and the views expressed are worthy the head and heart of the writer. It contains Leaves from a European Journal; Popular Mistakes; Pictures from the Holy Land; The Danger of Riches; Foreign Summary, &c.

DIVIDEND.—The Pittsburgh Fort Wayne and Chicago Railroad Company has declared a dividend of two and a half per cent. for the quarter ending June 30th ult., payable free of Government tax, after July 17th. The dividend of three and a half per cent. due October 1st on the third mortgage bonds has been anticipated, and will be paid July 17th. This shows a healthy state of affairs for the Company.

MONEY ORDER POST OFFICES.—A large addition to the number of Money Order Post Offices has just been established, and went into operation on the 3d of July. In Pennsylvania this number has been increased from about a dozen to *thirty seven*, including most of the larger cities and towns of the State. The Money Order system is regarded with great favor by the public, and has proved a complete success.

STATE TAXES.—Hon. Isaac Slenker, Auditor General of Pennsylvania, has sent the following circular to the Treasurers of the several counties of the Commonwealth:

SIR:—Your attention is respectfully called to the following extract from the seventh section of April 30, 1864.

"That so much of the forty second section of the act approved the twenty ninth day of April, one thousand eight hundred and forty-four, as provides for the abatement of five per centum on the amount of State taxes, paid fifteen days prior to the first of September, in any year, be and the same is hereby repealed, and, hereafter, it shall be the duty of the Auditor General to add five per centum penalty to each county, on all State taxes remaining unpaid on the first day of August, one thousand, eight hundred and sixty-five, and of each year thereafter, which shall be charged in the duplicate, against each delinquent taxpayer in arrears on and after said day."

☞ Secretary Harlan, of the Interior, in a speech made last Friday in Washington City, at the laying of the corner stone of the Protestant Orphan Asylum, said: "When the French, not now so friendly to our prosperity, sprung to arms in the defense of the Turkish nationality we all applauded; but when they attempt to crush feeble Mexico we despise their want of generous gallantry, and wish it might be the will of God, in the order of His Providence, that this great republic of ours should be called upon to protect her feeble sister republic." This remark met with general applause from the large auditory present.

THE GRAPE WORM.—We learn from our exchanges that the Grape worm has made its appearance in various sections of the country. It is first discovered by hearing them eating the leaves after dark, which should cause every one to examine their vines. A full grown one is about a quarter of an inch long, thick as a grain of rye, and of a dark color. They are unlike any worm we have seen before. They are to be found on the bottom of the leaf, which they soon eat into holes. They lay their eggs there and produce numerous descendants who carry on the work of destruction when they are large enough. We know of but one way to get rid of them: examine the leaves every day or two and kill them, which we do as a regular business; for if allowed to increase there will be neither leaves or fruit on the vines by fall. Their touch to the young bunches of grapes seems so be fatal, for they immediately turn black and wither away.

A Sensible View.

We clip the following item from the *North American*: A planter of Georgia, a Mr. Joseph Clisby, has been recently discussing the effect of the war on slavery in one of the Southern papers. He views the matter almost exclusively in relation to its effect upon labor, and, consequently, on production. Mr. Joseph Clisby says that "even compulsory labor could never be successfully reapplied by the old masters of the South, because the security of the system has been the awe and reverence with which the liege once looked up to his lord as a superior creature, to whom all the other created beings elsewhere were far inferior; but now the slave has lived to see him whom he thought a demi-god beaten and knocked about like any other vessel of clay, and accordingly, under such circumstances, the old authority never could be restored."

SUDDEN DEATH.—Mr. A. Hartman, proprietor of what was formerly known as the Bryson Mill, about two miles south of New Castle, died very suddenly on Friday last. He had come to town for his mail in the morning, and on returning sat down to read his paper and in a short time fell over dead.

Coroner Barker held an inquest, and a verdict was returned the deceased came to his death by disease of the heart.

Mr. Hartman was an excellent citizen, and will be much missed. His bereaved family have the warmest sympathies of the community.—*New Castle Courant.*

KEEP COOL.—The following morsel of advice may be of use at the expiration of the present "cool spell":

Those who prefer comfort during the "heated term," will find at least a partial degree of relief by sleeping on the floor. Whatever of coolness there may be, it always seeks the lowest portion of the apartment. Try it. A comfort and a pillow—that's all. The first night may make your limbs ache, but the next will be more agreeable, and so on.

U.S. 7-30 LOAN.

THIRD SERIES.

$230,000,000.

By authority of the Secretary of the Treasury, the undersigned, the General Subscription Agent for the sale of United States Securities, offers to the public the third series of Treasury Notes, bearing seven and three-tenths per ct. interest per annum, known as the

SEVEN-THIRTY LOAN.

These Notes are issued under date of July 15th, 1865, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent. GOLD-BEARING BONDS.

These bonds are worth a premium, and are exempt, as are all the Government Bonds, *from State, County or municipal taxation*, w adds *from one to three per cent per annum* to hich value, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

One cent	*per day on a*	$50	*note.*
Two cents	" "	$100	"
10 "	" "	$500	"
20 "	" "	$1000	"
$1	" "	$5000	"

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions.

The Notes of this Third Series are precisely similar in form and privileges to the Seven-Thirties already sold, except that the Government reserves to itself the option of paying interest in gold coin at 6 per cent. instead of 7 3 10ths in currency. Subscribers will deduct the interest in currency up to July 15th, at the time when they subscribe.

The delivery of the notes of this third series of the 7-30s will commence on the 1st of June, and will be made promptly and continuously after that date.

The slight change made in the conditions of this Third Series affects only the matter of interest. The payment in gold, if made, will be equivalent to the currency interest of the higher rate.

The return to specie payments, in the event of which only will the option to pay interest in Gold be availed of, would so reduce and equalize prices that purchases made with six per cent. in gold would be fully equal to those made with seven and three tenths pr ct. in currency.

This is the ONLY LOAN IN MARKET now offered by the Government, and its superior advantages make it the

Great Popular Loan of the People.

Less than $230,000,000 of the Loan authorized by the last Congress are now in the market. This amount at the rate at which it is being absorbed, will all be subscribed for within the next sixty days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, *Philadelphia.*
SUBSCRIPTIONS WILL BE RECEIVED by the
National Bank of Beaver County.

Valuable Farm and Coal Lands For Sale:

CONTAINING 140 Acres—90 timbered—located on the left bank of the Ohio river, 4½ miles from the town of Beaver, 6 from the Smith's Ferry Oil regions, and within sight of the village of Industry, the seat of extensive coal operations. Two comfortable Log Dwelling Houses on the farm. Soil well adapted to grain growing and grazing. At least 100 acres are underlaid with two veins of superior

BITUMINOUS COAL,

One four feet, the other three—adjoining the well known "Porter Bank," which has been open and worked for many years, the coal on which is represented by steamboat men to be the best found between Pittsburgh and New Cumberland. An 8 acre lot, added lately to the farm, serves as an outlet to the River. An inclined track of 25 or 30 rods will run the coal from the 4 feet vein to the water, and a track half that distance will run it from the 3 feet or lower vein.

FIRE CLAY and LIMESTONE, of good quality, and in great abundance, and supposed also to contain a vein of excellent IRON ORE.

☞ For terms, and further particulars, inquire of JAMES BRITTAIN, Shippingport, (near the premises,) or M. WEYAND, Proth'y., Beaver, Pa. May 31'65:4t.

BIOKRENE OR LIFE-REJUVENATOR.

STRENGTH TO THE WEAK! YOUTH TO THE AGED!

This preparation is unequalled as a Rejuvenator and Restorer of wasted or inert functions.

The aged should be certain to make the Biokrene a household god, inasmuch as it will render them youthful in feeling and in strength, and enable them to live over again the days of their pristine joy. It not only exhilarates but strengthens, and is really an invaluable blessing, especially to those who have been reduced to a condition of servility, self-abuse, misfortune, or ordinary sickness. No matter what the cause of the impotency of any human organ, this superb preparation will remove the effect at once and forever.

Biokrene

Cures Impotency, General Debility, Nervous Incapacity, Dyspepsia, Depression, Loss of Appetite, Low Spirits, weakness of the Organs of Generation, Imbecility, Mental Indolence, Emaciation, Ennui. It has a most *delightful, desirable and novel* effect upon the nervous system; and all who are in any way prostrated by nervous disabilities are earnestly advised to seek a cure in this most excellent and unequalled preparation.

Persons who, by imprudence, have lost their *natural vigor*, will find a speedy and permanent cure in the

Biokrene.

The Feeble, the Languid, the Dispairing, the Old should give this valuable discovery a trial; it will be found totally different from all other articles for the same purposes.

TO FEMALES.—This preparation is invaluable in nervous weakness of all kinds, as it will restore the wasted strength with wonderful permanence.

It is also a grand tonic, and will give relief to Dyspepsia with the first dose. A brief persistence in its use will renovate the stomach to a degree of perfect health and banish Dyspepsia forever.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names; according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses**, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL.

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
