The lumber market has been well stocked during the late sleighing.

Vendue notes, just printed and for sale cheap at the COLUMBIAN office.

Those people living along the river are beginning to prepare for a freshet.

The revival at the Baptist Church in this place is attended with great success.

To quit advertising in dull times is like tearing out a dam because the water is low.

James Long, the well-known proprietor of the Benton stage line, has disposed of the route to Mr. Wallace Hess, of Benton.

The Rev. Mr. Hewitt will exchange pulpits with the Rev. Mr. P. B. Lightner, of St. James' Church, Muncy, on Sunday next.

"The editor who parades his personal hatreds and griefs before the public through the columns of his paper, will only be laughed at for his folly and despised for his littleness."

The running expenses of the Danville Water works for the past year were $6,075.11, and the office expenses $604.45. The greater part of the former would be saved by a natural flow.

Judge Gordon, of the Supreme Court of this State, decided at Erie, on January 4th, that a municipal corporation is responsible for damages to pedestrians injured in consequence of the accumulation of ice and snow on sidewalks.

People who write anonymous communications to this office waste their time. The signature is first looked for and when not found the production goes to the waste paper basket without a word being seen. If any body wants his copy returned he can find it in that receptacle.

The Fox chase at Buckhorn on Thursday last was largely attended. Upwards of 20 Hounds started and Reynard showed them some of his best specimens of cunning, but finally brought up in the barn yard of Geo. Whitenight, who unfortunately for the sportsmen, killed him with a pitchfork.

We are now paying postage on all papers that we send out of the county, and there are some yet who have not paid their arrears. We must urge upon them to do it without delay. Send by registered letter, P. O. money order, or enclose the money in a letter, at our risk if mailed in the presence of the post master.

The head of J. F. Davis, principal of the Williamsport Commercial College, is level. In remitting to us a check for advertising he says: "College doing better than ever before. So much for doing good work in the College and then advertising—letting the people know where we are and what we do. Advertising always pays."

CLASSIFICATION FOR TAXATION.—In an opinion deciding another point, the Supreme Court of this State declares that "for the purpose of taxation, real estate may be classified. Thus, timber lands, arable lands, mineral lands, urban and rural, may be divided into distinct classes and subjected to different rates."

One of our prominent Sportsmen started a Fox last week in the vicinity of Irondale, but letting his dogs out too soon Reynard sought refuge quickly in the safest if not sweetest of places he could find, where the Hounds would not and the Sportsman did not relish to follow. Result—a boy made fifty cents by getting him out.

In many if not nearly all the Towns where they have Water works, they have been compelled to build fires around the plugs and hydrants to thaw them. This is a far better test of extreme cold than thermometers as they are usually placed, and proves beyond doubt that the freezing has been more intense the present winter than during any that preceded it for many years.

One of the greatest evils imposed upon communities by Eating Saloons where liquors may also be obtained, is the almost universal permission given to boys—or, more fashionably, young men under age,—to loiter about them and even to indulge in drink, often to excess. We know the difficulty of proceeding legally to prevent such action, but we never could see what was to prevent Courts, whenever an application for license comes up, to examine the applicant himself, and if he refuses to give the desired information or admits that he harbors boys, to refuse license. Modesty is to be appreciated any where, yet Courts seldom indulge in it to excess when proper information is required in other matters, and it will be hard to perceive why it would be objectionable to require this very information from applicants for license.

Nearly all the active opposition to licenses would cease, if those who hold them were prudent in the use they made of their peculiar privilege, and especially if they showed a disposition to obey the law. Will not Saloon keepers themselves look to their interests in this regard?

HOW TO REDUCE GAS BILLS.—An intelligent householder says: Probably not one person in ten who pays gas bills knows anything about his meter, much less how to read its record; and, from personal experience, I can assure all such that it pays, in more ways than one, to be possessed of such knowledge. Do we burn our lamps all day, or extinguish them to save consumption? Be equally careful with your gas, and remember that you have not stopped consumption when you have simply turned it off at the burner.

You can save one-tenth of your gas bill by going each night, or morning, when you need no more light, and turning it off at the meter; and the greater the length of pipe in your house, the larger in proportion will be your saving; for, no matter how tight and perfect your fittings, there is always some leakage. This you save, if nothing more. Again, gas is always condensing, and the waste from this cause alone, at times, is beyond calculation, and in certain qualities, and at certain seasons, is greater than others; and here, too, the greater the length of pipe the more waste.—Ex.

The most unhappy person in the world is the Dyspeptic. Everything looks dark and gloomy; he feels "out of sorts" with himself and everybody else. Life is a burden to him. This can all be changed by taking Peruvian Syrup (a protoxide of Iron) Cases of 20 years standing have been cured by it.

THE ROAD TO HEALTH.

Cleanse the stomach, bowels and blood from all the acrid, corrupt and obnoxious accumulation which produce functional derangement, and you remove the cause of most diseases which afflict the human family, and thus save large doctors' bills. The most efficacious and reliable remedy for this purpose is found in Dr. H. MOTT'S Pleasant Purgative Pellets. No cheap wood or paper boxes, but kept fresh and reliable in vials.

High livers, those indulging in ease and pleasure, and those of sedentary habits, can prevent Bolds, Carbuncles, Gout, Bad Skin, Eruptions, Pimples, Constipation, Piles, Dyspepsia, Biliousness, and other conditions induced by such habits, by taking from four to six of Dr. Mott's Pleasant Purgative Pellets once a week, or, better still, one or two each night. They are sold by all dealers in medicines.

A TRIUMPH OVER HUMBUG.

It is not difficult to alarm the timid, and invalids are proverbially so. Aware of this fact, the venders of pseudo bitters, "entirely free from alcohol," have raised a false cry against tonic preparations containing spirits, and no doubt have frightened a few sick folks into purchasing the fermented rubbish which they sell, and which is infinitely more injurious than the vilest drams drunk at tavern bars. But already a tremendous reaction has set in against these abominable nostrums which, being devoid of the alcoholic basis which alone prevents liquid botanic preparations from turning sour, decompose almost as soon as made. Hostetter's Stomach Bitters has lived and will live down multitudes of such impostures. A regular recurrence of the demand for the great alterative invigorant from those who have already been its patrons, shows that they have not swerved in their time-honored allegiance to America's most popular remedy; and a constant influx of new orders demonstrates how little impression, after all, the blatant denunciations of the mock bitters men have made upon the general public. So long as Hostetter's Bitters continue to cure and prevent intermittent and remittent fevers, dyspepsia, constipation, kidney disease, and the numerous other ailments to which the are adapted, they will continue to dominate the factious opposition of humbugs, and that will be just as long as they are manufactured and sold. Be it known unto all bogus nostrum venders, of every degree of audacity and knavery, that they can never hope to puff themselves into public favor at the expense of Hostetter's Bitters, the reputation of which is founded, as it were, upon a rock.

THE CONFESSION OF AN INVALID.

PUBLISHED AS A WARNING and for the benefit of YOUNG MEN AND OTHERS, who suffer from NERVOUS DEBILITY, LOSS OF MANHOOD, etc., supplying the means of self-cure. MANHOOD RESTORED.—A victim of youthful imprudence, causing premature decay, nervous debility, etc., having tried in vain every known remedy, has found a simple self-cure, which he will send free to his fellow-sufferers. Address J. H. Reeves, 78 Nassau St., New York.
July 3,74—3m

To the Afflicted, No matter under what form of sickness you labor, there is one great truth you should keep in mind: All disease originates in an impure condition of the blood. Purify that, and the disease must depart; but you cannot purify the blood by the use of poisonous drugs, and exhaustive stimulants. The best blood Purifier ever discovered is Dr. WALKER'S famous VINEGAR BITTERS, compounded of simple herbs. 4-w

Thousands have been changed by the use of the Peruvian Syrup (a protoxide of Iron) from weak, sickly, suffering creatures, to strong, healthy, and happy men and women, and invalids cannot reasonably hesitate to give it a trial. For Dyspepsia and Debility it is a specific.

"A DROP OF JOY IN EVERY WORD."

Flemington, Hunterdon Co., N. J., June 26, 1874.

Dr. R. V. Pierce, Buffalo, N. Y.: DEAR SIR—It is with a happy heart that I pen these lines to acknowledge that you and your Golden Medical Discovery and Purgative Pellets are blessings to the World. These medicines cannot be too highly praised, for they have almost brought me out of the grave. Three months ago I was broken out with large ulcers and sores on my body, limbs and face. I procured your Golden Medical Discovery and Purgative Pellets, and I have taken six bottles, and to-day I am in good health, all those ugly ulcers having healed and left my skin in a natural, healthy condition. I thought at one time I could not be cured. Although I can but poorly express my gratitude to you, yet there is a drop of joy in every word I write. God's blessing rest on you and your wonderful medicines to the female proper of

Yours truly,
JAMES O. BELLIS.

When a medicine will promptly cure such terrible cutting ulcers and free the blood of the virulent poison causing them, who can longer doubt its wonderful virtues? Dr. Pierce, however, does not wish to place his Golden Medical Discovery in the catalogue of quack patent nostrums by recommending it to cure every disease, nor does he so recommend it; but what he does claim is this, that there is but one form of blood disease that it will not cure, and that disease is cancer. He does not recommend his Discovery for that disease yet he knows it to be the most searching blood cleanser yet discovered, and that it will free the blood and system of all other known blood poisons, be they animal, vegetable or mineral. The Golden Discovery is warranted by him to cure the worst forms of Skin Diseases, as all forms of Blotches, Pimples and eruptions, also all glandular Swellings, and the worst form of Scrofulous and Ulcerated sores of Neck, Legs or other parts, and all Scrofulous Diseases of the Bones, as White Swellings, Fever Sores, Hip Joint and Spinal Diseases, all of which belong to Scrofulous diseases.
