THE COLUMBIAN.

BLOOMSBURG, FRIDAY, JUNE 4, 1880

Mr. G. W. Mauger has recently refitted the Railroad hotel at Berwick.

I. S. Kuhn is building a new stable at the Central Hotel.

M. Wynkoop is visiting his parents in the western part of the state.

The Commissioners of Lackawanna county are preparing to build a new jail.

Dr. W. M. Reber is in New York attending a Medical Convention.

Dr. D. W. Conner's professional card appears in another column.

Owing to his large and increasing home practice, Dr. W. H. House has discontinued his dental office at Catawissa.

A visitor came to the house of J. F. Peacock on Tuesday. It was a young lady, in fact a very young lady.

Dr. E. W. Rutter is making a wide reputation at Berwick as a careful and skillful physician.

The St. Charles Hotel at Berwick, is a well kept house, under the management of Mrs. H H. Wentler.

The plank sidewalks on several streets in town are becoming somewhat dilapidated. That in front of the Presbyterian church is particularly bad, and ought to be repaired.

The council of the Lutheran church have donated $25 to help rebuild the Lutheran church at Milton. To this William Krickbaum added $25 more.

The report of the proceedings of the Sunday School Convention was handed us too late for insertion this week. It will appear in next issue.

The City Hotel Barber Shop has been removed to the Exchange shop and both consolidated. Mr. Delzel will at once secure another workman and keep two chairs in operation.

A steamer for the use of the officers of the canal company is being constructed at the Espy boat yard. This is the third steamer that has been built there.

The new foundry of S. M. Hess is fast approaching completion. The building is about finished now, and some of the machinery is on the grounds.

Considerable damage was done in the store of H. J. Clark & Son last Saturday night by the overflowing of a tank in Snyder's gallery on the third floor. A lot of calicoes and other goods were wet.

The Berwick Water company is putting down a four inch pipe on Main street in that place. Not liking the mounds, they hauled away the surface earth, and as a natural result had a trench about a foot deep to fill up after the recent rains.

Rohr McHenry, of Benton, has 1,200,000 feet of white pine and hemlock lumber; 200,000 pine sawed shingles, and 250,000 pine shaved shingles. He is also prepared to cut bill stuff at short notice. Any one in need of lumber should call upon him.

A man named John Hoffman, was brought before Esquire Maize last Tuesday afternoon, on a charge of stealing seventy-five dollars from G. M. Lockard. After a hearing he was bound over in the sum of $200 to appear at next court. Sufficient bail not being offered he was committed to jail.

The subscription books of the *Independent Weekly* were not lost in the Milton fire, as has been reported, and as soon as W. H. Smith, the editor, can get things in shape, the paper will be sent out again. He lost everything else in the office, and if any of his friends in this county will render him some assistance, he will be very grateful. Give him a start.

The Wheeler No. 6 has taken the lead the last five years the world over, as the most perfect combined Reaper and Mower. For strength, durability, ease of management and excellence of work, either reaping or mowing, *it cannot be beaten*. Wm. Parsel, Bloomsburg says he is more than pleased with his No. 6. june 4-5w

Rev. Walter E. Krebs, Pastor of the Reformed church, of this place, has resigned his charge on account of the failure of his health, and removed with his family to Littlestown, Pa where he expects to rest for a time from all mental labor for his restoration to health.

We are grateful to our friends throughout the county who are giving us valuable assistance in increasing our subscription list. Good names are coming in from all directions. Five new ones at Espy were added one day recently, and nine from Berwick on Tuesday.

Stafford's Commercial Ink is a Bright Fluid, which changes in a few hours to a deep and permanent black. Its greatest merit is that it never loses its beautiful blue color while in use but retains it to the last drop. It is more limpid than the thinnest fluid, but will not drop from the pen. It contains no gum and cannot thicken, and it will not mould. Try it. For sale by G. A. Clark.

Mr. P. E. Bombey, of Espy, has invented a very useful article in the shape of a combination piano stool and Christmas tree holder. By simply loosening a screw the stool is removed and a standard for the tree is left. The stool can be used in offices as well as at the piano, having a telescope arrangement by which it can be raised or lowered. There will be a large demand for it as soon as it is put in the market. Mr. Bomboy has applied for a patent.

Osborne No. 8 Light Reaper weighs 750 lbs., runs very light, has perfect tilting apparatus, Kirby's celebrated rolling head rakes (acknowledged to be the best self-rake ever invented) perfectly controllable, and has no *springs* to get out of order—consequently is the most durable and light reaper in the market. June 4-5w

The heavy fall of rain on Saturday and Sunday was a blessing to the crops and cisterns, but it has seriously damaged the prospects of that injunction case against the Water company. In some places the earth has sunk below the surface, and dirt has been hauled to fill the holes. If the injunction had been granted as asked for, requiring the mounds to be leveled, it would have cost the town hundreds of dollars to haul earth back again to fill the trenches after they were done settling.

DECORATION DAY AT ESPY.

The ceremonies of Decoration day were participated in by the Odd Fellows, Sunday schools, and citizens generally, at Espy. The procession formed between nine and ten o'clock in the morning and marched to the cemetery, where the graves of thirteen fallen heroes were covered with flowers. The Espy and Afton bands furnished good music for the occasion. These bands are composed of young men, and are progressing nicely, the former under the leadership of J. M. Lehman, and the latter led by Douglas White. After the exercises were over, Esquire Worman furnished some very stirring martial music on the fife, with drum accompaniment at Miller's hotel. In the afternoon there was a picnic at the glen.

D. M. Osborne & Co., the celebrated manufacturers of Reapers, Mowers and Self-binders at Auburn, N. Y., sold six thousand "Osborne self-binders" last year. They have several acres of shops, employ 1,000 skilled workmen, and turn out one hundred and twenty-five machines every day. june 4-5w

The cow organ, of last week, quoted some law on members of corporations, for the purpose of showing that Mr. Holmes must resign from the Town Council because he is a stock holder in the Water company. The party who does the legal writing for that sheet ought not to make himself ridiculous by printing such nonsense. Any student can interpret the law better than that.

"The Classical Choir" is the title of a collection of sacred music composed and arranged by James C. Beckel, S. W. corner 11th and Market streets, Philadelphia, in five volumes. Vol. I contains Oratorios and Cantatas, Vol. II, Anthems and Choruses, Vol. III, Quartettes, &c, Vol. IV., Chants, Sentences, Psalms and Hymns and Vol. V. Voluntaries. It is an excellent collection.

AGAIN HE COMES.

Mr. Henry G. Vennor comes forward again with his direful prophecies of storms, heat, cold, &c. His letter is dated at Montreal, May 18th, and in it he says: "I believe that June will be an intensely hot month, on the whole, but the end of the present month and probably the first of June, will be fall-like with frosts again. July will be a terrible month for storms with terms of intense heat, but another fall-like relapse, with frosts, will in all likelihood occur a few days before the 20th. I fear the storms of thunder and hail will be of unusual severity during July. I must claim the verification of my prediction relative to a cold wave with frosts, over a portion of the United States between the 10th and 15th of May."

Messrs. David Herbert, Manager, and J. C. Townsend, General Agent for D. M. Osborne & Co., visited Milton last week and made a handsome donation in cash to John S. Lawson, who has been agent for D. M. Osborne & Co for twenty years and was burned out, losing his entire machine shops, foundry, valuable patterns and machinery. They will also send him a new stock of Osborne reapers and mowers and a full line of repairs.

Two bottles of the Great Mexican Remedy, Herbaline Bitters, cured me of dyspepsia and liver complaint, of ten years standing. U. D. Beard, Beard's Landing, Ky.

PAYING SCHOOL WARRANTS.

State Treasurer Butler has determined to honor all school warrants as fast as they are presented for payment numbered from one to a thousand. As the school boards make their reports to the Superintendent of Public Instruction, warrants are drawn in their favor for the amounts due them and numbered in the order of the reception of the reports. The method offers a premium to prompt reports. The appropriation to schools is $1,000,000 a year, and of the amount appropriated for 1879 it is proposed to pay about $450,000 before stopping. The county superintendents and certain pupils in the State Normal Schools have received nearly $100,000 of the annual appropriation.—*Patriot.*

Rev. Bishop Gilmour, of Cleveland, Ohio, has used the Great German Remedy, St. Jacob's Oil, and endorsed it highly. He writes about it as follows: I am pleased to say that the use of St. Jacob's Oil has benefitted me greatly, and I have no hesitation to recommend it to all as an excellent curative.

INSOLVENT DEBTORS.—While an application was being made recently in court at Pottsville for the release of a young man from prison under the insolvent laws, the court remarked that some legislation was needed in these cases. It seems very harsh that young men should be permitted to seduce young women and then escape the support of their children and the expense to which their victims are put by their crimes; after a brief imprisonment, as is the case under existing laws. There should be some redress for the innocent child at least.

HAVE YOUR TITLE PAPERS RECORDED.

Many people are under the impression that a bureau drawer is a safe place to keep their deeds, and that nothing is gained by having such papers properly recorded. At the recent fire in Milton a great many papers were lost, and it is probable that there will be some difficulty about boundary lines where owners of property had failed to put their deeds on record. Care in this matter not only prevents the loss of deeds, but very often prevents expensive litigation on questions of title. It costs but little to enter them on the record. If you have any unrecorded deeds the sooner you attend to this matter the better.

BUCKHORN NEWS.

BUCKHORN, May 31, 1880.

EDS. COLUMBIAN:

Nothing unusual has occurred since my last to mar the peace and quiet of this little village. The M. E. Sunday school observed last Sabbath as the Centennial of Sunday schools; it being one hundred years since Robert Raikes started the first Sunday school in Gloucester City, England, a splendid wreathe, as a tribute to the late soldiers, being conspicuously placed on the pulpit.

Mr. Daniel Neihart who has been very sick is slowly recovering.

Dr. Lenker was absent attending the Medical Convention at Altoona.

Our band has been reorganized with the addition of several new members, and on Saturday evening gave us some street music. We are glad to see this step, for they are a jolly set of fellows, and music is their fort.

Mr. Frank P. Harris, of Hamburg, Pa., is visiting his many friends in this place. We think he intends staying a while; for his trunk, among other things, contained two cornets and a violin.

The band intend holding a festival on Saturday evening, June 12, when we presume the above named instruments will be made use of.

I.

DECORATION DAY.

There was quite a demonstration here last Saturday. At three o'clock in the afternoon a procession was formed on Market Square, in the following order. Bloomsburg Cornet Band, W. H. Ent Post, G. A. R., Afton Cornet Band, Friendship Fire Company, Rescue Hook & Ladder Company, Literary Societies of the Normal School, Sunday school children and citizens. The line of march was up Main to East, out East to Third, down Third to Market, up Market to Rock, out Rock to the Cemetery, from the Cemetery to the Court House, where the ranks were broken. Sheriff U. H. Ent, T. J. Vandersloe, and W. H. Abbott were the marshals, and conducted the procession in good military style. At the Court House the Rev. A. Brittain delivered an appropriate address, and a prayer was made by Rev. D. J. Waller, jr. The decoration of graves was more profuse than ever before, almost every one in the cemetery having a bouquet upon it, presenting a very beautiful appearance.

It would be well if the graves of the soldiers in Rosemont should receive a little attention oftener than once a year. The plot should be laid out in better shape, and newly sodded. The graves now are crooked and uneven.

OSBORNE No 3 REAPER, wide-cut, weighs 900 lbs, is the old stand-by machine for farmers having large and heavy harvests to reap. You can always depend upon it—wet or dry, tall or short, thick or thin. A. B. Croop, Bricarcreek, says *his No. 3 is the boss* of all the machines he ever saw. One team works all day in the warmest weather and does not mind it a bit. His 13 year old daughter did all the reaping after the first half day. Try them—buy them—and be happy. june 4-5w

The *Journal* this week publishes a list of names of signers of petitions for licenses of hotels, and restaurants, and the bondsmen in this town. As a piece of news we surmise that this will not be of any peculiar interest to the public, and it is not likely that it will in any way affect the persons named except to make them feel that people with one idea often resort to very foolish methods to accomplish a good end. The object of this publication, we presume, is to prevent persons from signing such petitions hereafter through fear of getting their names in the paper. It will probably have just as much effect on the signers as a threat to publish the names of the Judges would have on the granting of the licenses. There is a right way and a wrong away to do everything. Such a course as is calculated to make enemies instead of friends for the temperance cause is hardly the proper way to promote that cause. We favor temperance in all things. Bad judgment is sometimes as disastrous in its results as bad whiskey.

Physicians freely prescribe the new Food Medicine, "Malt Bitters," because more nourishing, strengthening and purifying than all other forms of malt or medicine, while free from the objections urged against malt liquors. june 4-4w

ENUMERATORS APPOINTED.

P. P. Smith, Census Supervisor of this district has made his appointments of enumerators for this county. They are as follows:

Beaver—Jonas Bittenbender.
Benton—Warren McHenry.
Berwick—J. S. McMurtrie.
Bloomsburg—West District—Chester Furman.
Bloomsburg—East District—H. Buckingham.
Briarcreek—William Lamon.
Catawissa—Dr. Wm. B. Robbins.
Franklin—Isaac Campbell.
Centre—Hiram Whitmire.
Conyngham—Thomas Ennis.
Centralia Borough—Wm. Bryson.
Fishingcreek—C. B. Sutton.
Greenwood—Wesley Morris.
Hemlock—F. B. Hartman.
Jackson—S. W. McHenry.
Locust—Daniel F. Knittle.
Madison—Baltis Sterling.
Main—Wm. T. Shuman.
Mifflin—A. W. Hess.
Montour—Peter A. Evans.
Mt. Pleasant—Josephus Grimes.
Orange—H. J. Conner.
Pine—John Lore.
Roaringcreek—John Maurer.
Scott—J. S. Bachman.
Sugarloaf—Jesse Fritz.

For Rent.—The Espy Planing Mill situated at the Espy Depot is offered for rent. Apply to N. U. Funk, Bloomsburg. may 14-tf

The angler's theory that a fish does not suffer much physical pain from a hook in its gills, or mental agony either, from that matter is supported by the recent experience of a Stratford, Conn., fisherman. A large trout tore two hooks in quick succession from the line, and was finally pulled out on the third, with the first two hooks in his stomach.

TWO FULL CAR LOADS OF FERTILIZERS. Received this week. Will be sold close for cash or country produce.

H. W. ACL, Espy, Pa.

"LONDON PURPLE"

Is the safest, best and cheapest material ever used for the destruction of the Potato Bug, Cotton Worm and Canker Worm, and has become the recognized poison for the extermination of these fearful plagues.

It was first introduced in 1877, since which time it has received the most unqualified support of all the leading agriculturists throughout the United States.

It has been carefully analyzed and recommended by the U. S. Agricultural Department at Washington, by the U. S. Entomological Commission, and by the Professors of the State Colleges.

It was sold in large quantities throughout all the district where offered in 1879, and in every case where properly applied gave unbounded satisfaction, destroying not only the larvæ, but also the winged insect, and leaving the vines both clean and healthy.

It costs much less than Paris Green, and goes nearly three times as far. For sale by Moyer Bros., Bloomsburg, at wholesale and retail. may 29-3w

Harriet A. Newkirk, of Salem, says: I was cured of tetter in my hand by three applications of Camphor Milk. My husband was cured of old running sores by using it. It cured my son of a sprained ankle. Price 25 cents. Sold by C. A. Kleim, Bloomsburg. april 16, '80, 1y

Dr. J. Schuyler, many years a Dyspeptic and suffering greatly with Neuralgia, Rheumatism and constipation, getting relief through an accidental discovery of a substitute for calomel, without its debilitating effects, prescribes the same for others, varying to suit each case with gratifying results. Among many who have received the benefits of his treatment, the following bear testimony, as follows:

BLOOMSBURG, PA., April, 1880

DR. SCHUYLER. *Dear Sir:*—I suffered greatly with Dyspepsia for a long time. My food after eating would burn and annoy me, depressing my spirits, making me miserable indeed. I became weakened down that I could not work at my trade (sadler) I tried various remedies recommended by physicians and friends but none of them did me any good until I placed myself under your treatment when I began to improve and have continued getting better until the present time. I now feel like a new man and can work every day with cheerfulness.

JOHN CHRISTMAN

BLOOMSBURG, PA., April, 1880

DR. J. SCHUYLER. *Dear Sir:*—For several months I have suffered with difficulty in breathing and fullness about the stomach. Two physicians pronounced my case one of "heart disease" for which I took Digitalis at their suggestion as the only medicine that could possibly do me any good. When you told me it was only sympathetic of the stomach by bad digestion, I felt encouraged and after being under your treatment for a few days the symptoms of "heart-disease" all left me and I felt like a new man, and have continued quite well ever since.

JAMES V. FERGUSON.

BLOOMSBURG, PA., March, 1880

DR. J. SCHUYLER. *Dear Sir:*—I can testify to the value of your treatment for rheumatism. I suffered severely and for a long time, and used various remedies, but all in vain, until you commenced treating my case. The pain from the hip to the knee (sciatica) which was very severe, passed off in one week's time leaving me free from pain, except some shifting pains in the limbs, but by continuing the use of your medicines they have all passed away that I now feel quite well again.

JOHN STINER.

MILLVILLE, PA., April 1880.

DR. J. SCHUYLER. *Dear Sir:*—The medicine you sent me did me more good than any I ever tried before. I am very glad that others who had got relief from your treatment advised me to give you a trial for I had suffered from dyspepsia for a long time.

MRS HARRIET JOHNSON

MORDANSVILLE Col. Co., Pa., April 1880.

DR. J. SCHUYLER. *Dear Sir:*—I am pleased to give my testimony to the value of your treatment in Dyspepsia. I had suffered greatly with distressing burnings and retchings in the stomach, from which I failed to get any relief until I placed myself under your treatment, when I commenced to get better and continued to improve until I feel entirely restored.

C. L. SANDS.

may 21 3-w

THE VOLTAIC BELT CO., MARSHALL, MICH.

Will send their celebrated Electro-Voltaic Belts to the afflicted upon 30 days trial. Speedy cures guaranteed. They mean what they say. Write to them without delay. Nov. 21-1y.

COSTS IN ROAD VIEWS.

It might be well to bear in mind the law as laid down in the following opinion of Judge Etwell on the subject of costs in reviews and all subsequent views of roads. Those who sign petitions for such views should be careful to secure the costs in advance.

Supplee vs. Johnson et. al. } *Case submitted to the court.*

OPINION.

The defendants were the petitioners for the re-review of a road in the laying out of which the services of the plaintiff were rendered as a surveyor. It is agreed by the parties that these services were worth the amount stated in the claim of the plaintiff. The question to be determined is whether the petitioners for a review or for a third or other view are liable for the expense attending such view?

The question is answered by the *express* provisions of the Act of 13 June, 1836. By the 54th section it is enacted, that, "The *expenses* of views of private roads, and the expense of *any reviews*, or of any view subsequent to a review of a private or *public* road *shall be wholly paid by the parties applying for the same.*" And by the 60th section of the same Act it is provided that "*Reviewers* and viewers upon a third or any subsequent view, shall be entitled each to receive compensation from the persons at whose instance they were appointed, for every day by them necessarily employed in such service." Digest 1283-4, pl. 88 and 94.

And by the 58th section of the same Act it is provided that "In all cases of a view or review or of any view subsequent to a review of a road a surveyor shall be found and paid by the persons applying for such views."

The intention of the legislature to make the petitioners liable for *all* expenses attending a review or a re review of a road obtained at their request, is manifested by clear, explicit and unambiguous language.

From the time the road laws of this State were moulded into a system by the Act of 6 April, 1802, (Pamphlet Laws 195) to the present time, they have declared that a review of a road shall be at the expense of the parties applying for the same.

In Shafferstown Road, 3 Watts 476, Judge Huston who was a practicing lawyer contemporaneous with the act of 1802, says: "The review is to be granted at the expense of the parties applying for the same." It was held by the Court in that case, that a review could not be granted on the petition of an attorney for the parties interested in the road. "The names of the persons liable," says the Judge, "ought to be of record. The parties dissatisfied should themselves sign a petition for a review."

In Hellertown Road 5 W & S 203, there is a *dict* of Judge Rogers that a review is a matter of right, and is at the expense of the county. The learned Judge does not however refer to the 54th section of the Act of 1836 above cited. The only questions before the court were whether an *alias* re review ordered by the court without a petition therefor could be sustained, and whether a report which did not conform to the order should be set aside. The question as to the costs was not before the court as there were no petitioners for the *alias* re-reviews. Inasmuch therefore, as the *dicta* above cited is in the very face of the statute, it is not of binding force and must be disregarded.

When a petition is presented for a review or for any subsequent view, and reviewers are appointed, the clerk is thereby substantially directed to make out an order directed to the persons appointed, and if such order comes to the hands of the reviewers, and they obey its commands, they are entitled to recover the compensation allowed by law, although not notified by any of the petitioners. They are not bound to inquire who had taken out the order. It is enough to entitle them to charge the petitioners that the order was issued upon their petition. It is no defence against a claim for the expenses of a review or a re-review that the petitioners were not active in the matter beyond inaugurating the proceedings and procuring the appointment of the viewers. When the proceedings are begun by them, and prosecuted to the end without dissent or objection on their part, it must be conclusively presumed that the services were rendered at their instance.

The county is clearly not liable for the costs in this case, even under the opinion in Hellertown Road. *Supra.*

The legislature have imposed the costs and expenses of all reviews, and of third or subsequent views upon the petitioners. Under the agreement as to the value of the plaintiff's services and the law, he is entitled to judgment.

And now, May 18th, 1880, judgment for the plaintiff upon the facts agreed upon by the parties for the sum of fourteen dollars and fifty cents and costs.

BY THE COURT.

It should be the aim of every owner of Horses, Cows, &c., to make them as handsome and useful as possible. The German Horse and Cow Powder helps to develop all the powers of the animal. It improves its beauty and increases its usefulness. It makes milk, muscle and fat. By using it a horse will do more work and a cow give more milk and be in better condition with less feed. Sold only by weight at 15 cents a pound by C. A. Kleim, Bloomsburg. Dec 12, '79-1y
