JUST PUBLISHED.
WHITEFRIARS; or, the last days of Charles the Second; *An Historical Romance.* Large octavo, 240 pages, illustrated. Price 50 cents.
This work, which has achieved a great popularity in England, is now for the first time placed before an American public. It has been compared by English critics with the works of Walter Scott, and even pronounced by some to be the best historical romance since the appearance of "Waverly." The period in which the scene is laid is replete with some of the most remarkable personages and incidents on the pages of English history, affording the richest of material for romance. The author has skilfully introduced into his work all these personages and incidents, thereby succeeding in giving, "as a magic mirror, the very line and form of the time; the whims, the passions, the crimes, the subtleties, the very personages." The plot and incidents are of the most absorbing and interesting kind. The interest never flags; situation upon situation, adventure upon adventure, crowd one after the other, enchaining the attention, and delighting the imagination. The reader finds in every page the stamp of the author's power, and he cannot rise from the perusal of the book without admitting it to be one of the greatest and most powerful of modern romances.

The Directors, in presenting the Second Annual Report, take leave to congratulate the members upon the marked success of the State Mutual Fire Insurance Company. In operation only two years, it has taken a position beside the older institutions of the kind, and proves by its very great success that the mutual system, as adopted by them, is beyond a question the best and only safe mode of insurance.
The heavy losses of the past year, which have annihilated many stock companies, leave the State Mutual with a cash surplus of upwards of thirty-one thousand dollars, besides a reserve capital of nearly two hundred thousand dollars, which is constantly increasing.
The Directors submit that the State Mutual Fire Insurance Company offers, to owners of safe property, inducements seldom equalled, and never exceeded.

TRUSSES
IMPORTANT TO THOSE AFFLICTED WITH HERNIA OR RUPTURE. The invention of Dr. Hubbard's Truss has rendered the cure of this dreadful disease a matter of perfect certainty; and the man who will now allow a Hernia to proceed until a condition of things is produced that nothing can alleviate but the knife of a skilful surgeon, is wholly inexcusable. A rupture in its ordinary form, may with propriety, be left to the person afflicted and the truss maker; but to go, as many persons do, without even a bandage of any kind to retain it, often renders the case perfectly unmanageable, and leads to what is termed *Strangulated Hernia*, which often has no relief but in a surgical operation. In the truss to which we invite the attention of the afflicted, there is every superiority over the trusses and bandages in common use. It is perfectly comfortable, and can be made to fit any case of Hernia with an exactness and equableness of pressure that does not belong to any other instrument with which we are acquainted; and will retain any rupture with ease and comfort to the wearer. Physicians of the highest standing in the profession have given testimony to its great superiority over the ordinary trusses in use. The truss of Dr. Hubbard will cure one-half the cases of ordinary Rupture. We advise those afflicted to make application in time.

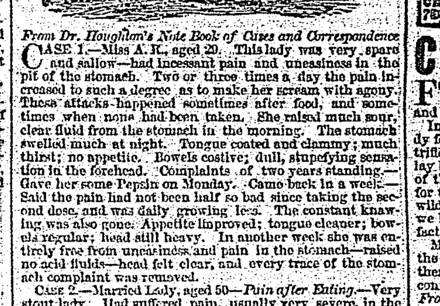
Remarkable Cures,
BY THE USE OF DR. HOUGHTON'S



From Dr. Houghton's Note Book of Cases and Correspondence.
CASE 1.—Miss A. R., aged 29. This lady was very spare and sallow—had incessant pain and uneasiness in the pit of the stomach. Two or three times a day the pain increased to such a degree as to make her scream with agony. These attacks happened sometimes after food, and sometimes when none had been taken. She raised much sour, clear fluid from the stomach in the morning. The stomach swelled much at night. Tongue coated and clammy; much thirst; no appetite. Bowels costive; dull, stupefying sensation in the forehead. Complaints of two years standing.—Gave her some Pepsin on Monday. Came back in a week.—Said the pain had not been half so bad since taking the second dose, and was daily growing less. The constant knawing was also gone. Appetite improved; tongue cleaner; bowels regular; head still heavy. In another week she was entirely free from uneasiness and pain in the stomach—belched no acid fluids—head felt clear, and every trace of the stomach complaint was removed.
Case 2.—Married Lady, aged 50—*Pain after Eating.*—Very stout lady. Had suffered pain, usually very severe, in the region of the stomach, for three years past, and particularly intense after eating. When at the worst, the pain is as if some hard body were being thrust into the pit of the stomach and bored in every direction. Much tenderness on pressure. This lady used the Pepsin with surprising effect.—Soon after the first dose the pain ceased—she felt some nausea, and retched, but nothing came up. Several months have passed, but there has been no return of the pain.—Tongue clean and moist; no soreness of the stomach.
Remarkable Cure.—*Louisville, Ky., May, 1851.*—On the 7th of May, 1851, Rev. M. D. Williams, Pastor of the Fourth Presbyterian Church, in Louisville, Ky., was and had been for a long time confined to his room, and most of the time to his bed, with Dyspepsia and Chronic Diarrhœa, and was to all appearance on the very verge of the grave, and acknowledged to be so by his physician, who had tried all the ordinary means in his power without effect; and at the above named time, the patient, by the consent of his physician, commenced the use of Dr. Houghton's Pepsin, and to the astonishment, surprise and delight of all, he was much relieved the first day. The third day he left his room. The sixth day which was excessively hot, he rode ten miles with no bad effect; on the 8th day he went on a visit to the country; and on the thirteenth day, though not entirely restored to his natural strength, he was so far recovered as to go alone a journey of five hundred miles, where he arrived in safety, much improved in health, having had no disturbance of the stomach or bowels after taking the first dose of Pepsin.—These are facts not controvertable, and this is a case which ought to convince all skeptics that there is a power in Pepsin. Let physicians and dyspeptics investigate.

Dr. De Laney's Celebrated Curative Instrument.
The only Infallible Cure for that Dreadful Disease known as Spermatorrhea, or Involuntary Nocturnal Emissions.
SO harrassing and destructive, and productive of so much mischief to the nervous system, incapacitating man for business, society and matrimony.
This instrument is simple, comprehensive, and never-failing, and may be used without the slightest inconvenience, or the knowledge of the most intimate friend. It is to be used externally, producing no pain or injury whatever, nor preventing any one from attending to his business; and while in use, *not a single emission can take place, invigorating the organs in a short time to such an extent that they regain their primitive power of retention*, the loss of which, caused by early abuse, is the disease in question, and the cause of the thousand concomitant complaints, viz: Nervousness, Prostration, Dyspepsia, Pain in the Head and Dimness of Vision, Weakness of the Back and Lower Extremities, Affections of the Eyes, Impotency, Pimples on the Face, Premature Decline of Virility, Weakness of Memory and Power for Mental Application, Dejection, Aversion to Society, Timidity and Self-Distrust, Love of Solitude, &c. All these complaints invariably disappear as soon as the source is stopped from which they emanated.
This Instrument has been examined and approved of by the highest authorities in Europe and America, is recommended by the most prominent physicians of all countries, as the only Certain Remedy existing for these complaints, and has now completely superseded the use of drugs, the bougie, cauterization, etc., not to mention the thousand advertised nostrums of the day, as cordials, antidotes, etc., etc. It constitutes at the same time the safest and most pleasant, and by far the cheapest treatment ever offered to the afflicted—a fair price being allowed for the instrument, after the desired effect has been attained.
Be it also remembered, that those complaints are but little understood by the profession in general, and that all the medicine in the world never has, and never will, stop those losses, which, if allowed to continue unchecked, are sure to produce the most distressing consequences.
It has been a matter of surprise to some, that any one of respectability and of professional attainments should devote his attention to diseases which people of every description pretend to cure so easily. If, however, but the one-thousandth part of the miseries these people bring upon society were known, a very different opinion would be formed. It is not only the present misery and dejection preying upon the mind as well as the body, that is deplored, but some are of such a nature as to affect posterity, and even to destroy the reproductive faculty altogether. It is a fact that, when not properly treated, they may remain so dormant in the constitution as to appear in no other way than in their effects upon posterity; yet, if properly understood, are most easily and speedily removed. The above, so ingeniously contrived instrument, will doubtless, in a great measure, contribute to check the evils of quackery, so prevalent in this class of diseases throughout the Union.
The price of the complete Instrument, carefully secured against all observation in a box, is only $10. It can be sent by express, to any address in any part of the United States, Canada, &c., according to order, accompanied by full directions, and important advice to the married and single—the expenses even to the remotest parts of the country being but trifling.
The unexampled success this Instrument has obtained, since its introduction in America, has induced some unprincipled person in New York, Philadelphia, Albany, Boston, &c., to get up some ridiculous things called "Instruments," which, however, bear not the slightest resemblance, neither in form nor principle, to my own invented, long tried, and universally approved Instruments, and which are as similar to them as light is to night. Every attempt to sell such Instruments for mine, will be prosecuted to the fullest extent of the law, I being not willing to connect the well and honestly earned reputation of my invention with quacks and their worthless productions. No Instrument is Genuine and none can be Warranted but those ordered from myself.
All applications and remittances must be directed (post-paid) to the Doctor himself, he having no Agencies established but in London and Paris.
Address, post-paid, Dr. B. De Laney, 51 Lispenard street, New York.
Office hours, daily, from 9 A. M. till 3 P. M., and from 7 till 8 P. M., the Sabbath excepted.
☞ The undersigned certify, with great pleasure, that the above mentioned Instrument is not only constructed on scientific principles, but from its use the happiest results may always with confidence be anticipated, there being for the cure of these diseases no other certain remedy extant.

CHERRY PECTORAL
FOR THE CURE OF COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA AND CONSUMPTION.
In offering to the community this justly celebrated remedy for diseases of the throat and lungs, it is not our wish to trifle with the lives or health of the afflicted, but frankly to lay before them the opinions of distinguished men and some of the evidences of its success, from which they can judge for themselves. We sincerely pledge ourselves to make no wild assertions or false statements of its efficacy, nor will we hold out any hope to suffering humanity which facts will not warrant.
Many proofs are here given, and we solicit an inquiry from the public into all we publish, feeling assured they will find them perfectly reliable, and the medicine worthy their best confidence and patronage.
From the distinguished Professor of Chemistry and Materia Medica, Bowdoin College.
Dear Sir: I delayed answering the receipt of your preparation, until I had an opportunity of witnessing its effects in my own family, or in the families of my friends.
This I have now done with a high degree of satisfaction, in cases both of adults and children.
I have found it, as its ingredients show, a powerful remedy for coughs and colds and pulmonary diseases.
PARKER CLEAVELAND, M. D.
Brunswick, Me., Feb. 5, 1847.
From an Overseer in the Hamilton Mills, in Lowell, Mass.
Lowell, Aug. 10, 1849.
Dr. J. C. Ayer: I have been cured of the worst cough I ever had in my life, by your "Cherry Pectoral," and never fail, when I have an opportunity, of recommending it to others. Yours, respectfully, S. D. EMERSON.
☞ Read the following, and see if this medicine is worth a trial. The patient had become very feeble, and the effect of the medicine was unmistakably distinct:—
United States Hotel, Saratoga Springs, July 5, 1849.
Dr. J. C. Ayer—Sir:—I have been afflicted with a painful affection of the lungs, and all the symptoms of settled Consumption, for more than a year. I could find no medicine that would reach my case until I commenced the use of your Cherry Pectoral, which gave me gradual relief, and I have been steadily regaining my strength till my health is well nigh restored.
While using your medicine, I had the gratification of curing with it my reverend friend, Mr. Truman, of Sumpter's District, who had been suspended from his parochial duties by a severe attack of Bronchitis.
I have pleasure in certifying these facts to you,
And am, sir, yours respectfully,
J. F. CALHOUN, of South Carolina.
☞ The following was one of the worst cases, which the physicians and friends thought to be incurable Consumption:—
Chester, Pa., Aug. 22, 1846.
J. C. Ayer—Sir:—I was taken with a terrible cough, induced by a cold, in the beginning of last February, and was confined to my bed more than two months. Coughing incessantly night and day, I became ghastly and pale, my eyes were sunken and glassy, and my breath very short. Indeed, I was rapidly failing, and in such distress for breath, that but little hope of my recovery could be entertained. While in this situation, a friend of mine (the Rev. John Keller, of the Methodist church) brought me a bottle of your Cherry Pectoral, which I tried more to gratify him than from any expectation of obtaining relief. Its good effect induced me to continue its use, and I soon found my health much improved. Now, in three months, I am well and strong, and can attribute my cure only to your great medicine.
With the deepest gratitude, yours, &c.,
JAMES GODFREY.

Dr. Guysott's Improved Extract of YELLOW DOCK AND SARSAPARILLA.
The Original and only Genuine Preparation for the permanent Cure of Consumption and Diseases of the Lungs, when they are supposed to be effected by the too free use of Mercury, Opium, Iron, Quinine, &c. It will Cure, without fail, Scrofula, or Kings' Evil, Cancers, Tumors, Eruptions of the Skin, Erysipelas, Ringworm, or Tetter, Chronic Sore Eyes, Scald Head, Rheumatism, Pains in the Bones or Joints, Ulcers and old Sores, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Disease of the Kidneys, Loss of Appetite, Disease arising from the use of Mercury, General Debility, Dropsy, Lumbago, Jaundice and Costiveness.
THE BEST FEMALE MEDICINE KNOWN.—The Shaker prepared Yellow Dock and the Red Honduras Sarsaparilla are the invaluable remedial agents from which Doctor Guysott's Improved Extract of Yellow Dock and Sarsaparilla is formed, and the laboratory of Dr. Guysott has given us the virtue of these roots in their perfection. Its preparation contains all the restorative properties of the roots, combined and concentrated in their utmost strength and efficacy.
Experiments were made in the manufacture of this medicine, until it was found that it could not be any further improved.
Accordingly, we find it resorted to almost universally in cases of Hepatic, Scorbutic, and Cutaneous complaints, for general prostration of the vital powers, and all those tormenting diseases of the Skin, so trying to the patience and so injurious to health.
Scrofula, Syphilis, Mercurial Complaints, Cancer, Gangrene, Rheumatism, and a vast variety of other disagreeable and dangerous diseases, are speedily and perfectly cured by the use of this medicine.
Saline, Michigan, Oct. 6, 1851.
Mr. John D. Park—Dear Sir:—It is with unutterable feelings of gratitude that I am able, through the Divine Providence of God, and by the wonder-working agency of that excellent medicine, Dr. Guysott's Extract of Yellow Dock and Sarsaparilla, to give you a few symptoms of my almost hopeless case.
In the winter of 1850 I was attacked with a severe pain, which was gradually extending through the whole right side and leg; at the time, a total prostration of my physical system; also, my leg had shrunk to about two-thirds of its natural size. I procured the attendance of a skilful practitioner, who pronounced my disease one of the worst forms of Liver Complaint. He said my case was one not easily handled, but prescribed for me. I remained under his treatment until I was satisfied he could not help me. I then procured of your agent of this place, W. A. Beers, two bottles of Guysott's Yellow Dock and Sarsaparilla, from which I received a vast amount of benefit. After having taken four bottles more, I was able to pursue my business without any inconvenience, and have been since that time a well man, while, but a short time since, I was confined to my bed over three-fourths of the time; and I cannot ascribe the return of my health to any other cause than by the agency of that truly valuable medicine, Guysott's Yellow Dock and Sarsaparilla. HASSEL VAURIPER.
Mr. J. D. Park—Dear Sir:—I send you the foregoing certificate, and so far as I am acquainted with the case, it is all true. I procured it, thinking it might be a benefit to you and the afflicted. You have the privilege of using it as you think best. Yours, W. A. BEERS.
The following letter is from a highly respectable physician who enjoys an extensive practice:
Navarre, Stark county, O., Nov. 1, 1851.
Mr. John D. Park—Dear Sir:—Dr. Guysott's Extract of Sarsaparilla has been prescribed by me for the past three years, with good effect, in general debility, liver complaint, jaundice, dyspepsia, chronic and nervous diseases. In all female complaints it is certainly unequalled.
In the use of this medicine the patient constantly gathers strength and vigor, a fact worthy of great consideration. It is pleasant to the taste and smell, and can be used by persons with the most delicate stomachs, with safety under any circumstances. I am speaking from experience, and to the afflicted I advise its use. J. S. LEEPER, M. D.
