AYER'S

CATHARTIC PILLS,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use in every country and among all classes, as this mild but efficient purgative. The obvious reason is, that it is a more reliable and more effectual remedy than any other. Those who have tried it, know that it cured them; those who know, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or negligence of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every vicinity, and we need not publish them—they are to all ages and conditions in all climates; containing neither calomel nor any deleterious drug, they may be taken with safety by anybody. They are the delicate physician's preferable aperient; the mildest cathartic for children, while their great power and searching virtues commend them to every family as the safest and surest physic to rely on when any ailment requires a cathartic medicine. They purge out the foul humors of the blood, they purify it by their powerful influence on the internal viscera to purify the blood and stimulate into healthy action—remove the obstructions of the stomach, bowels, liver, kidneys, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* speedily cure:—

For DYSPEPSIA or INDIGESTION, RESTLESSNESS, LANGUOR and LOSS OF APPETITE, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For LIVER COMPLAINT and DISEASES ARISING FROM THIS DERANGEMENT, such as JAUNDICE or BILIOUS SICK HEADACHE, JAUNDICE, BILIOUS COLIC, BILIOUS FEVERS, they should be judiciously taken to each case, to correct the disordered action or remove the obstructions which cause it.

For DYSENTERY or DIARRHŒA, but one mild dose is generally required.

For RHEUMATISM, GOUT, GRAVEL, PALPITATION OF THE HEART, PAIN IN THE SIDE, BACK AND LOINS, they should be continuously taken, as required, to change the diseased action of the system.—For all such change these complaints disappear.

For DROPSY and DROPSICAL SWELLINGS they should be taken in large and frequent doses to produce the effect for which these complaints disappear.

For SUPPRESSION a large dose should be taken as circumstances the desired effect by sympathy.

As a *Dinner Pill*, take one or two of them to promote digestion and relieve the stomach.

As an occasional dose they invigorate the stomach and bowels into healthy action, restore the appetite, and invigorate the system. Hence it is often advantageous to take a cathartic during the exciting cause, when it is tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their invigorating and renovating effect on the digestive apparatus.

HARPER'S BAZAR.

Is a splendid containing numerous full-sized patterns of useful articles published in the paper every fortnight, and occasionally an elegant Colored Fashion Plate.

Harper's Bazar contains 16 folio pages of the size of *Harper's Weekly*, printed on superfine calendered paper, and is published

Critical Notice of the Press.

Harper's Bazar contains, besides patterns, a variety of matter of especial use and interest to the family, such as hints on health, dress, and housekeeping in all its branches; its editorial matter is especially adapted to the circle it is intended to interest and instruct; and, in fact, both as a good and cheap literary letter of merit. It is not surprising that the journal, with such features has achieved so short time an unexampled success; for something of its kind was desired by thousands of families, and its publishers have filled the demand.—*New York Evening Post.*

Whether we consider its claims as based upon the elegance and superiority of the paper, its typographical appearance, the taste and judgment displayed in the engravings, or the literary contributions contained in its pages, we unhesitatingly pronounce it to be superior in each and every particular to any other periodical publication here or abroad.—*Phila. Legal Intelligencer.*

We know of no other English or American journal, of fashion that has pretended to approach it in completeness and variety.—*New York Times.*

Combine the merit of being sensible, of conveying instruction, of giving excellent patterns in every department, and of being well stocked with good reading matter.—*Watchman and Reflector.*

The dress patterns alone are worth the price of the paper to dress according to *Harper's Bazar* will be the ambition and admiration of the women of America.—*Boston Transcript.*

CHANGE.—The firm of DUPHORN & HOFFMAN, in this place, has been dissolved by mutual consent—Mr. HOFFMAN retiring from the business, which will be carried on at the old stand by Mr. DUPHORN. Mr. D. is an energetic young man, of excellent business capacity, and deserves to succeed. See advertisement.

CURE FOR WHOOPING-COUGH.—A decoction of chestnut leaves (*castanea vivea*) is said to be a sovereign remedy for whooping-cough. Steep three or four drachms of the leaves in boiling water, and give it either hot or cold, without sugar. Carbonate of lime put in saucers about the room in which there is a sufferer from this disease, prevents infection.

EAGLE SHOT.—Mr SAMUEL DUBS, on the 17th inst., shot a very large eagle near his father's place, in Highland township. The bird had descended for and was in the act of carrying off a full sized rooster when a rifle ball put a sudden stop to his operations. The space between the tips of the wings was 6 feet and 9 inches. —*Compiler.*

BRONZE TURKIES.—Dr. SMITH, of the Springs, has secured a pair of Bronze Turkies, with a view of placing them on one of the farms belonging to the Springs Company. Though only two months old they are very large—the gobbler weighing 32 pounds.—*Compiler.*

SNOW.—On Friday last, we had the first snow this fall, and quite a storm it was. Snow fell to the depth of about six inches mingled with sleet and rain. The mountains and country around have since been enshrouded with white, but the snow, as we write, is rapidly disappearing under a warm sun.

LIFE INSURANCE.—The reader's attention is directed to the advertisement of Messrs. KNOX, MARSHALL & Co., Agents for the "Massachusetts Life Insurance Company," in to day's paper. Messrs. C. M. KNOX & J. K. MARSHALL, of this firm, are both from Adams county, young, active business men. The latter will be in Gettysburg during the next three weeks to receive applications for insurance.

SURGICAL OPERATION.—The following paragraph from the Sunbury *Gazette*, of 21st ins., will interest some of our citizens:

☞ To relieve from the terrible effects of running a nail in the foot of a man or horse, take peach leaves, apply them to the wound, confined with a bandage, and the cure is as if by magic. Renew the application twice a day if necessary, but one application generally does the work. Has cured both man and horse in a few hours, when they were apparently on the point of having lock-jaw.

INFORMATION WANTED—of Wilfo Hilliard, aged ten years, who left his home in Williamsport, on Tuesday, October 6, and has not since been heard of by his parents. He is stout built, quick spoken, and intelligent. He has sandy hair, freckled face, and light complexion. P. Hilliard Williamsport, Pa.

CALENDARS FOR 1869.—We are prepared to print Calendars for the year 1869, with Business Cards attached, and ornamental border, specially gotten up for the purpose. Merchants will find it an attractive and profitable way of advertising. The handsome Calendar will cause it to be carefully posted up in counting-houses, business places, hotels, and dwellings, and thus preserved, with the business card attached, while ordinary advertisements are torn up and destroyed. They can be furnished on short notice, printed on card board or paper, in plain or fancy colors, and at very reasonable rates. Send in your orders.

TEMPERANCE.—A Temperance Convention, to be made up of delegates from Churches, Colleges, open and close Temperance organizations, and other friends of the cause, will be held at Harrisburg, in February next. The Pennsylvania State Temperance Union, which grew out of a State Convention held in February, 1867, has been and still is doing good service in the Temperance cause. By report of its Secretary, recently made to its Board of Managers, it appears that nearly three hundred meetings had been held this year before the first of September, and the same good work is continued with increased effectiveness, since the obstacle of political agitation has passed away. The friends of Temperance can improve the morals and increase the prosperity of their respective localities by having the Temperance question wisely agitated. Rev. PENNELL COOMBE, No. 518 Arch street, or WILLIAM NICHOLSON, Esq., No. 115 South 7th st., Philadelphia, are ready to address public meetings in any part of the State upon application to them.

COURT DOINGS.—Under the new Act of Assembly, this week is devoted to Quarter Sessions business—the Civil causes being put down for next week.

Wm. A. DUNCAN, Esq., District Attorney elect, was sworn in on Monday, Mr. COYER, who has so satisfactorily discharged the duties of the office during the last three years, retiring.

The Grand Jury approved the petition for a Bridge over the Conowago on the road leading from Centre Mills to Huntenstown.

The Court djourned on Wednesday night to observe Thanksgiving day, and will sit again to-day. The following cases have been disposed of.

Com. vs. Frederick Klinard—Indicted for larceny of a Shot Gun and others articles, the property of George C. Carson, of Butlef township. The defendant is an Austrian, having been in the country but three months, and plead guilty. Sentenced to four months and ten days in County Jail.

Com. vs. Joseph Craig—Indicted for Assault and Battery, on information of Thomas Haley. Ignored by Grand Jury, prosecutor to pay costs.

Com. vs. Joseph Zinkand—Complaint on part of wife for desertion and praying an order of maintenance. The case, after hearing of the parties, was settled by consent of Court—defendant promising in future to be a dutiful and faithful husband.

Com. vs. Sophia Devan and Martha Timbers—Assault and Battery. Indictment ignored, prosecutrix, Harriet Nelson, to pay costs.

Com. vs. Jesse Nelson—Assault and Battery. Indictment ignored, and prosecutrix, Martha Timbers, to pay costs.

Com. vs. Adam McElroy—Complaint by Susan C. McElroy for Assault and threats of personal injury. Settled by parties with consent of Court.

Com. vs. Christian Heidenrick—Indicted for Incontinous Adultery and Fornication with his step daughter. The Jury rendered a verdict of not guilty, and that the prosecutor, Anthony Zeiner, pay the costs.

Com. vs. George Randel—Surety of the Peace, on complaint of U. M. Appler. The Court, after hearing the parties, dismissed the complaint.

Com. vs. Nelson Mathews—Assault and Battery, on information of George Pennington. Deft plead guilty, and was sentenced to pay a fine of $1 and costs.

Com. vs. Isaac E. Wilcox—Fornication and Bastardy, on complaint of Lydia Ann Blinzenger. *Nolle prosequi* entered with consent of Court.

Com. vs. Singleton Weldon—Indicted for larceny of Flour, Coffee, Blanket, &c., from Warehouse of Cobean and Bigham, in this place, in July last. There was some pretty sharp swearing in this case, but the Jury found the defendant Guilty of stealing the Flour. Sentenced to six months in the Eastern Penitentiary.

Com. vs. George Myers and William Myers—Indicted for larceny of two bridles and a horse collar, the property of John Ogden, in Hamiltonban township. Jury called, but the prosecuting Attorney stating that he had not sufficient evidence to convict, the Jury, under instruction of the Court, rendered a verdict of Not Guilty.

Com. vs. George Myers and William Myers—Indicted for larceny of Sleigh Bells, the property of Samuel Jacobs, of Franklin township. The Jury failed to agree, and were discharged yesterday morning.

Com. vs. Charles Messersmith and Nicholas French—Indictment for stealing two horses, property of John Waugh, of Hamiltonban township, in July last. The defendants are Baltimoreans and were traced to that city by officer Rouzer, who succeeded in arresting Messersmith, a German of about 60 years of age. Messermith was found guilty, and sentenced 1 year and 3 months to Eastern Penitentiary. French has not been arrested. The evidence against defendant was entirely circumstantial, and officer Rouzer deserves much credit for the skill with which he worked it up.

NARROW ESCAPE.—A little son of D. W. ROBINSON, of this place, aged 7 years, came near being killed on Tuesday last. Mr. R. had detached the horse from a wagon which he had been using, and the lad mounted the horse to ride him round to the stable, as he had frequently done before. The horse however, for the first time ran off, and the boy undertook to jump off, but his foot catching in the lines, he fell on his head and was dragged some yards. He was picked up insensible, and Dr. HUBER called in, when it was found he had received an ugly but not dangerous cut on the back of his head which bled freely. His injuries were not otherwise serious, and he is doing well.

KILLED.—We understand that ABSALOM CONRAD, of Menallen township, was killed about two weeks ago in Georgetown, D. C., in a fracas with a man whose name we have not heard. We have looked in vain in our exchanges for particulars of the sad event. Mr. Conrad belonged to the 21st Pennsylvania Cavalry, during the war, and had personly served three full enlistments in the regular army. He was on his way to Washington, to try to receive admission into the Government Institution for old "regulars," and, stopping at night in Georgetown, became involved in the controversy in which he lost his life. His father resides in this county.

A BOLD VILLAIN.—On Monday afternoon last a stranger entered the stable of WOLF's hotel in this place, and took a horse which he claimed as his own, the hostler protesting. He left with the horse, and in a short time returned to the stable for his "comrad's horse." The man having no check and being unknown to the hostler, the latter gave the alarm, and the stranger immediately decamped. Officer Rouzer was sent for, and after some search learned that a strange horse had been tied to the fence on Railroad street, which proved to be the missing one, and the property of John Kretz, of the neighborhood of Littlestown—Wm. Ormon having rode him to town and put up at Wolf's. The thief is missing.

☞ Prof. JAMES G. CLARK, the eminent vocalist and composer, gave an entertainment in Agricultural Hall on Tuesday evening, and fully sustained his high reputation. Prof. CLARK is a christian gentleman, and in all his compositions addresses himself to the higher nature, avoiding all stage effect and the clap-trap to which many vocalists resort to cover up defective execution or win popularity. His songs awaken a love of the beautiful and the good, and his execution of them is in harmony with their fine sentiment. The great secret of his success as a vocalist lies in his unaffected style, fine expression, admirable enunciation, combined with a voice of great sweetness, purity and power. "The World would be the better for it," "We're drunk from the same Canteen," "Where the Roses ne'er shall wither," "Children of the Battlefield," &c., as rendered by him on Tuesday night, were gems, full of sweet sentiment and deep pathos.

THANKSGIVING.—Yesterday being the day designated by the President of the United States and the Governor of the Commonwealth, for Thanksgiving, &c., business was suspended in this place the stores, public offices, &c., being suspended, the town presenting the quiet of a Sabbath. Union services were held in the morning in St. James' Church, Rev. Mr. JAMESON, of the Associate Reformed Church, and Rev. Dr. HAY, of the Lutheran Church, delivering appropriate addresses.

☞ For good Photographs go to TITZOR and MYERS, also Frames, Albums, &c. very low. Tyson's old stand. tf

SALES.—Nicholas Weaver has sold to David Bluebaugh a part of the old Presbyterian church lot, on Washington street, 90 feet front, for $800, on which Mr. B. is building a neat cottage.

We have in this sale a fair illustration of the rise in value of Real Estate in Gettysburg. About two years ago, Mr. Weaver purchased the lot in question, at private sale, from the Trustees of the Presbyterian church for $600. He has since sold off less than one half of the original lot for $1100.

Jacob Stock has sold his house and lot on Washington street to Jacob Benner and Daniel J. Benner for $2,000. Messrs. Duncan and Fahnestock have sold to Wm. Reily and Henry Reily two lots on York street for $240; a lot on same street to B. Franklin Myers for $140, and one of the "Eichelberger" houses on Chambersburg street to Henry McFadden for $1,200. Wm. A Duncan has sold a brick house and lot on West High street to Joshua Happoldt for $825.

The Assignees of Emanuel G. and Theophilus Eppelman have sold the Foundry in Bendersville to Enoch Routzahn for $1,700.

Conrad Myers has purchased from the Administrators the farm of John Spangler, deceased, in Reading township, 50 acres, at $55 per acre.

Jacob Geiselman has purchased the farm of F. M. Buddy, in Mountplesant township—56 acres, with improvements—at $3,850.

Richard Crouse has exchanged his farm of 170 acres in Freedom for property of heirs of James Cunningham, deceased, in same township, 10 acres with improvements—receiving $21 per acre for his farm, and paying $1100 for the Cunningham property.

Jeremiah Culp has sold to Aaron Sheeley 3 lots of ground on corner of Liberty and East Middle street for $1100 cash.

Susan Culp has sold to Jacob Eckert her house and lot on York street for $1475 cash.

Jacob King, Esq., has sold his Warehouse at Granite Station, on the Gettysburg Railroad, to E. Eckenrode for $2500.

THE VALUE OF ADVERTISING.—The Cincinnati *Commercial* has an excellent article on the management of newspapers, from which we copy the following passage in relation to advertising:

"The true theory is to charge enough for advertising to compress it into a limited space, and *devote the greater portion of the printed sheet to reading matter, that the Journal may possess the elements of popular interest, and be widely circulated, and in proportion as it is circulated the space becomes valuable to the advertiser.* The great many advertisers do not seem to understand this, plain as it may seem. They never can see why two copies each of a newspaper, and their personal sight being satified, they forget that while one journal has a hundred thousand readers daily, the other has perhaps but one or two thousand. 'Why, you charge more for the insertion of this notice than other papers do,' is a remark which we are accustomed to hear. To be sure we charge more. We plead guilty, and are rather proud of it. The only reason in the world why we do it is that our space is of more value than that of the other papers. We have a larger circulation and more readers than others, and hence higher charges are our right."

This is the very essence of good sense and what is more, it is specially applicable to the STAR AND SENTINEL. Our paper being the largest in the Congressional district, we have consequently more space than our neighbors, and while doing justice to advertisers we can devote a large portion of our columns to reading matter—thus making the paper attractive, and securing a circulation largely in excess of that ever attained by any paper in the county. Moreover, by excluding large cuts and unseemly stereotypes, and classifying advertisements under appropriate heads, advertisers are all treated alike, getting the space they pay for, none being buried up or hidden in a maze of outandish cuts. To the advertisers they are accordingly of greater value, both by reason of arrangement and large circulation. We do not know that our advertising rates are higher than our neighbors; we do know that an advertisement in the "STAR AND SENTINEL," reaching weekly at least eleven thousand readers, is worth a good deal more than the same advertisement appearing in a paper of one-half or one-fourth our circulation.

THE MORNING GLORY.—Col. C. H. BUEHLER has received a large assortment of these famous base-burning Stoves, which on the score of economy, cleanliness, easy management, and general utility stand unrivalled and defy competition. The great demand for them last season taxed the capacity of the Manufacturers to meet the demand. They are much improved and will doubtless ere long take the place of all other stoves for parlor, office store and shop. Call and look at them, at the Warehouse on corner of Carlisle and Railroad street, opposite the depot.

Also, on hand a full assortment of the best varieties of COOKING STOVES, including the Spear, Noble Cook, Waverly, Oriental, Washing, Barley Sheaf, Prize Royal, Royal Cook, Excelsior, &c. &c., all WARRANTED to be good bakers. If not satisfactory, they can be returned and the money refunded. Also, a large assortment of Hollow Ware and Tin Ware. Doty's Washing Machine and Universal Wringer. Call and examine. tf

THE ORIENTAL COAL STOVE.—S. G. Cook has received another lot of these celebrated stoves, being the 3d lot this season, the great demand for the Oriental proves its excellence. It is by far the cheapest, handsomest and best base burning stove in the market, and becomes a favorite where ever introduced, a cheerful ornament in the parlor, a convenience in the dining room and a necessity every where. Being a self feeding, perpetual burner, economical in the use of coal, easily managed and possessing greater heating capacity than any other, it maintains its supremacy among base burners, as it fully deserves. Call and see it.

Cook has also a full supply of Cooking Stoves at reduced prices warranted to bake and give satisfaction in every respect, also a general assortment of articles suitable for Kitchen use, &c. Give him a call. tf

THE REASON.—The reason why Barrett's Vegetable Hair Restorative has a larger sale and is more popular than any other, is simple because it is the *best*. The reasons it is the best are: It is more easily applied. Its effects are more permanent. It contains no nitrate of silver or other poisonous substances. It thoroughly cleanses the scalp of all dirt, dandruff and other extraneous substances. It does not gum the hair. It absolutely restores the hair to its natural color, whether black or brown. It causes the hair to grow thick, luxuriant and glossy. It is a superb hair dressing. It is highly scented and does not stain the scalp or linen. It is not a Dye but a Restorative. These are the reasons why Barrett's is the best Hair Preparation in the world, as well as the reasons why every one should use Barrett's in preference to all others.—*Cincinnati Sunday Globe.* jt

☞ The public will find at the new Grocery of J. G. Herbst's (Little's old stand) on West Middle street an excellent article of Lovering Syrup, which is the best for table use. Also a superior lot of choice Honey, with a great variety of Coffees, Sugars, Teas, Queensware, and all other articles usually found in a No. 1 Grocery. Call and see us. jt

☞ "Fair tresses man's imperial race ensnare, and beauty draws us with single hair." "Ladies of this country, now-a-days are losing their magical tresses by the use of vile nostrums, or by neglecting to apply the proper remedy to preserve their beautiful charms. "Barrett's Vegetable Hair Restorative" is the only safeguard.—*Syracuse Journal.*

OUR CIRCULATION.—It may be a matter of interest to the general reader, and especially to advertisers, to know how widely the "STAR & SENTINEL" circulates. In looking over our mailing list, and grouping together the Post Offices to which our paper is regularly mailed, we find it covers no less than 834 offices, scattered throughout the various States and Territories, from Maine to California. We annex a list of these Post-offices. In the Adams county list, there are *seven* offices to which we send from 50 to 118 copies each—*ten* to which we send from 25 to 50 each—*nine* to which we send from 15 to 25 each—the others varying from 2 to 15.—This is exclusive of 385 copies circulated direct from the office of publication, in Gettysburg and vicinity.
