The Star and Sentinel.

Gettysburg, Friday, April 16, 1869.

COURT.—The April term of Court will commence on Monday next, to continue one week.

INCREASE.—The Gettysburg Water Company have determined to increase their capital stock. See adv.

ASSESSMENT.—The Mummasburg Insurance Company has levied an assessment of one per cent. on the Premium Notes, to meet losses by fire.

☞ In the State Senate, on Friday, Mr. Duncan called up a supplement to an act to incorporate the Adams County Railroad company which was passed.

☞ We notice that our representative, Dr. Dill, has introduced an act further supplemental to an act for the preservation of game, approved April 21, 1859, but the character of the bill is not stated.

SALE.—John Andrew Houck has purchased the property of John Jacobs, in Butler township, for $1,800.

George W. Lady has purchased the house and lot of William Russell, in Mummasburg, for $800 cash.

FRANKLIN ZOUAVES.—We are requested to state that this Company will meet for drill at Cary's Commons, near the Grape Vine Schoolhouse, in Butler township, on Saturday the 24th inst., at 9 A.M. A full turn out is desired.

DEAD.—Rev. MICHAEL DIEHL, Professor of Ancient Languages in Wittemburg College, Springfield, Ohio, died in that place on Saturday last. Prof. Diehl was a graduate of Pennsylvania College, and a brother of Rev. Dr. Diehl, of Frederick, Md.

SHERIFF'S SALES.—Sheriff HANN, on Saturday last, sold the farm of U. J. M. Baughman, 40 acres in Mountpleasant township, for $100; R. G. McCREARY purchaser. Sold under notice of claim by wife. The property of Jeremiah Wolf in East Berlin, was knocked down to James R. Gitt for $920.

ERROR.—In the published list of Borough and Township Officers elected at the recent Spring election, there was an error in the name of the Constable elected for York Springs Borough. It should be John A. McElwee, instead of J. F. Gardner. We published the list as we found it in the *Compiler*.

ACCIDENT.—A little son of Mr. THADDEUS BLOCHER, of Littlestown, was thrown from his father's horse on last Thursday evening, and suffered a painful fracture of the internal condile of the left arm at the elbow joint. Drs. Seise and Bensson adjusted the fracture, and the patient is now doing well.—*Press.*

ACCEPTED.—We learn from the Middleton, Md., *Register* that Rev. M. J. ALLEMAN, pastor of the Lutheran Church in that place, has tendered his resignation, to take effect on the 1st of May, having accepted a call from St. Paul's Lutheran congregration in Littlestown. Mr. Alleman was formerly pastor of the Lutheran Church in Hanover.

DROWNED.—On Tuesday afternoon a child of Rev. J. A. DIXON, of the Methodist Episcopal Church in Hanover, aged about 18 months, was drowned in a pail of water standing on the floor. The child had learned to walk, and Mrs. D. had occasion to leave the room a few moments, and on returning found the child almost lifeless with its head in the pail. Every exertion was made to restore life but all in vain.

FRUIT BUDS.—We are glad to learn from several gentlemen largely engaged in fruit-growing in this county, that the Peach, Apple, and other fruit buds, have not been materially injured during the winter. The protracted cold this spring has been favorable, preventing a too rapid development of buds, which thus far are generally safe. The prospect is fair for a good fruit crop this season.

BARN BURNED.—We have been informed that a stable belonging Mr. Elijah Harman, in Mountpleasant township, Adams county, was consumed by fire on Sunday last. Several tons of hay and two valuable cows were also consumed by the fire. The origin of the fire is not positively known, but is supposed to have been occasioned by some children playing about the building. Mr. H. had the property partially insured.—*Hanover Citizen.*

NEW STREET.—The Town Council recently ordained the opening of a new street, to be called "Union," running from north Stratton to north Washington streets, striking the latter at a point immediately opposite the College. At the last Court viewers were appointed to assess damages on the line of the new street. On Wednesday the viewers reported the following damages:—John H. McClellan $175, George W. McClellan $350, Israel Yount $20, George Stremmell $125, and John Weygandt $350.

COUNTY SUPERINTENDENT.—By the notice in to-day's paper, it will be seen that the triennial Convention of the School Directors of Adams county will be held in the Court-house on Tuesday the 4th of May, to elect a County Superintendent and determine the salary. The Convention will be composed of existing School Boards. Directors elected last Spring do not take office until the 1st of June, except in new school districts created during the year—if there be any such.

CELEBRATION AT EAST BERLIN.—We are requested to announce that the East Berlin Beneficial Society will have a celebration in East Berlin, on Whit Monday (May 17,) consisting of a Procession, Addresses by distinguished speakers in the Lutheran and German Reform Church, &c. The Citizens' Cornet Band will be present to enliver the occasion. This Society was Chartered in 1842, and is still in a flourishing condition. The Committee charged with the arrangements for the occasion consist of Messrs. H. W. King, J. C. Hildebrand, G. W. Spangler, H. B. Kline, A. S. Hildebrand, and E. C. Blinsinger.

I. O. O. F.—The elected and appointed officers of Gettys Lodge No. 124 I. O. O. F., were installed on the evening of the 5th inst., by District Deputy H. C. Peters, viz: N. G., Wm. F. Atkinson; V. G., David H. Yount; R. S., James McCreary; A. S., H. S. Benner; F. S., Wm. C. Stallsmith; T., John Rupp; C., Robert D. Armor; S. W., David Troxell; J. W., Jacob Remmell; R. and L. S. S., P. W. McCartney and Wm. D. Holtzworth; R. and L. S. to N. G., David Kitzmiller and W. R. H. Deatrick; R. L. S. to V. G., Isaac Johns and Hugh D. Scott.

NATIONAL MONUMENT.—As the dedication of the Soldiers National Monument has been arranged for the 1st of July, the Contractor is commencing his preparations to put up the monument.—The stone has long since been cut, ready for shipment, at the quarries in New England, but the contractor has been engaged making the arrival of the statues from Italy. Three of these are now on the ground, and the other two are on their way. When everything is ready, the putting up of the monument will occupy but a few weeks.

NEW FIRM.—Messrs. R. C. COBEAN and JAMES CUNNINGHAM have entered into partnership, as dealers in Readymade Clothing, and have opened a large assortment of Goods adapted for the Spring trade, including Coats, Pants, Vests, Shirts, Socks, &c. Their stock of Boys' Clothing is especially large, and selected with taste and judgment. Persons thinking of purchasing Spring Clothing will do well to call at the establishment of Cobean and Cunningham, on Baltimore street, opposite Farnestock's store. 1t

SPRINGS HOTEL.—The new Hotel at the Katalysine Spring is going up very rapidly, and will soon be under roof. It will be a very large and imposing building. The Company are desirous of having it finished and opened for visitors the coming season, if possible.

The main building fronts North 120 feet and is 44 feet deep, four stories, with an extension from the centre of the main building south 120 by 38 feet, four stories. The main entrance will be on the North, with Ladies' entrance on the East, a Piazza 15 feet wide and 200 feet long running the entire front of the building and around the eastern and western ends. The building will accommodate about 300 guests, and will be furnished with all the requisites of a first class Summer Hotel—with a very large Dinning and Coltillion Room Billiard Room, Bar Room, Reading Room, Ladies' and Gentlemen's Parlors, &c., all judiciously arranged, with wide halls and corridors—designed to promote the comfort and convenience of guests. The Kitchen will be in the rear, with a large Range with capacity to cook for 1000 guests, to meet the demand of future enlargement of the hotel. This department will be arranged so as to prevent the odor from cooking reaching the main building. Notwithstanding the size of the building, and the immense amount of material and labor involved in its erection, Dr. SMITH, the energetic contractor, is pressing the work with great rapidity, and expects to have it finished by the middle of June.—He has between 40 and 50 carpenters at work, divided into four or five gangs—each set of workmen, under experienced foremen, prosecuting distinct branches of the work—thus avoiding confusion and ensuring rapid work.

Besides the Hotel proper, other improvements in the grounds are going on under Dr. Smith's direction, giving employment to a number of hands. Besides the building of a large Cistern, Privies, &c., ornamental trees are being planted, fences removed, walks and drives laid out—it being the intention to throw the grounds from the Spring to the Mill road, 105 acres, into one enclosure or park, including the two groves east and west of the Spring.

Few even of our citizens have any idea of the extent of the improvements under way and in contemplation, and in a few months the grounds will hardly be recognized by the casual visitor. The Hotel itself will be an imposing building, and we trust the most sanguine expectations of the Company may be realized.

MYSTERIOUS DISAPPEARANCE.—Mr. George Thomas, residing the last year near Frizzleburg, Md., but formerly of New Oxford, Adams county, has disappeared very mysteriously, causing the deepest anxiety to his wife and friends.—It appears that on Tuesday morning week he left home on horse back for Hanover, and at the Savings Institution there drew $200, with interest, which had been on deposit. Remaining with a friend over night, he started on Wednesday morning to go to Gettysburg, he said. But there is no trace of his coming here. On Thursday morning, however, his horse was found in the stable, with saddle and bridle off, but Thomas nowhere to be found. There are several theories in regard to this strange affair—one that he may have been murdered on the way, and the horse returned to the stable by the guilty party to create the idea that he had left voluntarily. And another that he may have gone off for some motive altogether inexplicable to his friends. We have been told that Adam near Frizzleburg has been dragged, under the supposition that Mr. Thomas was foully deal with and his body thrown into the water.—*Compiler.*

☞ Desirous of posting our readers with matters and things of special local interest, we transfer to our column the following telegram which, through the Associated Press Association, has appeared in all the leading papers of the country. We are happy to say that "all is quiet along the lines," and that as yet no bridges have been demolished:

THE KATALYSINE SPRING WAR.

GETTYSBURG, April 10.—A stranger presented himself at the Katalysine Spring yesterday evening, after every person had left the grounds except the nightwatchman, who sleeps in one of the buildings, he expressed a desire to see the spring and taste the water at its source, before leaving in the morning train. As this is a common occurence, no suspicion was excited, and he was admitted to the bottling establishment, through which he had to pass in reaching the spring at that hour.—Seizing the opportunity, he thrust his attendant from the building, and following him, turned the key in the door, and quietly informed him that he was an agent of New York Gettysburg Spring Company, and that he had taken possession for his principals.

He occupied the premises during the night, and in the morning quite a crowd assembled, among whom was a large sprinkling of invalids, who had come to Gettysburg for water, in anticipation of the stoppage of supplies. Some excitement was evidenced, but no disturbance, and peaceable possession was delivered to the resident agent and his employees.

The proprietor has notified the company of his purpose to dispute the right of way to and from the spring over his land by demolishing bridges and interposing obstructions. Having accomplished the surprise and recapture of the springs, the resolute stranger took the cars and returned to New York. He is believed to be a New York Detective.

ENTERTAINMENT.—The pupils of Miss MARY MCCLELLAN's Select School will give an Entertainment in Agricultural Hall on Monday evening, April 26th the exercises to consist of Readings, Recitations, Speeches, Dialogues, Tableaux, Music, &c. Proceeds to be devoted to purchasing the necessary furniture for the School-room.—Admittance 25 cents; children under 12 years 15 cents. Miss McClellan has the reputation of being a successful teacher, and her pupils have entered into the proposed entertainment with unwonted zest.—From what we hear of the programme, we have no doubt it will be an interesting one, and hope there will be a full house.

A NEW PAPER.—"*The Littlestown Press,*" is the title of a new candidate for public favor, which has made its appearance in Littlestown, Pa., J. H. CHRIST & Dr. O. W. BERSON Editors. It is a respectable seven column page paper, to be neutral in politics, eschewing "the wordy disputes of the learned theologian and the heated contests of the political arena."—The first number looks well, and we cordially extend to the editors the customary greetings, with hearty wishes for a prosperous career. The enterprise is in some respects a hazardous one, but with pluck and energy may be made to succeed. The editors do wisely in starting it as a $2 paper.

READING.—Prof. Bailey will give a Public Reading in Agricultural Hall, on Saturday evening. Tickets 35 cents. 1t

COMING THIS WAY.—Don't startle, good readers, when we tell you that the renowned Jerome Blitz is coming. He is now at Chambersburg, attracting immense houses, and the whole town has got the Jerome Blitz on the brain. 1t

MILLINERY.—ROSA M. MONTFORT continues the Millinery trade in Hunterstown. Latest styles of Hats and Bonnets always on hand. 1t

BORDER LOSSES.—The Commissioners appointed to assess the losses sustained in the border counties, during the war, have made report to the Legislature. The following figures show the aggregate amount claimed and allowed in each county:

Franklin, amount claimed	$838,162 18
" allowed	788,733 99
Adams, amount claimed	562,288 97
" allowed	507,797 37
Cumberland, amount claimed	298,400 02
" allowed	216,724 46
York, amount claimed	137,686 85
" allowed	124,128 50
Fulton, amount claimed	54,421 32
" allowed	45,000 57
Bedford, amount claimed	7,186, 23
" "	7,129 23

In the Senate, on the 7th, Mr. Duncan offered a resolution to have 10,00 copies of the Report of the Commissioners printed, which was amended by inserting 2,000 instead of 10,000. The resolution as amended was then voted down ayes 13, nays 17. The printing was resisted as involving an unnecessary expenditure of money, inasmuch as the Act under which the Commissioners were appointed expressly stipulated that the State was not to be liable for the claims, but simply provided for ascertainment of the amount with a view to securing payment by the General Government. We have always insisted that these claims should be paid by the State as a simple act of justice to our people. To turn the claimants over to the General Government is simply a farce, as the latter has already a load of debt to carry incident to the War, which will prevent it from assuming to pay losses which occurred by reason of battle, the march of armies, and Rebel aggression.

We regret to notice that the vote on Mr. Duncan's resolution was a strictly party vote, the Republicans voting adversely. The debate is not reported, and the reasons which influeded Senators do not appear. But there is no question that the Republican party in the State will be reluctant to pays these claimes, so long as the border counties continue to send unmitigated Copperheads to represent them in the Legislature, evince no symbathy with the men who fought the Rebellion, and fail to recognise the great practical results of the War. If these claims are to be paid, the best way to secure the result, is for the counties interested to send Representatives to Harrisburg in thorough accord with the dominant party in the State.

A GOOD IDEA.—To accommodate the new Passenger cars which the Hanover Branch Railroad Company intend to place on the road shortly, it has been found necessary to raise the roof of the Passenger Depot in this place several feet. At the same time a desirable improvement has been effected by taking out the northern wall and substituting columns, with a wide platform running the entire length of the depot. Not only will there be more light, but passengers will thus be enabled to pass from the Cars direct into the street, without the crowding and confusion incident to passing through the small reception rooms. The new Passenger Cars were built at York, and are said to be after the best models.

FURTHER IMPROVEMENTS.—We neglected to notice in our list of improvements in another issue, that our friend, F. D. DUPHORN has put up a new Show Window which adds very much to the appearance of his Store. He has just been to the cities, and is receiving a large stock of Dry Goods, Queensware, Notions, &c.—Do not fail to call and examine his Goods before purchasing elsewhere, especially his fine Cloths and Cassimeres. Store N. W. corner Square. 1t

A NEW FERTILIZER.—Messrs. BURKHOLDER & WILSON have obtained Letters Patent from the United States, dated March 30, 1869, for their new Fertilizer known as the "*Star Bone Phosphate,*" which has already obtained quite a reputation among Farmers who have tried it. Although but recently introduced the proprietors have already sold about 50 tons in the county. The "Star Bone Phosphate" is one of the few fertilizers of sufficient merit to justify the issue of a Patent by the United States. This of itself attests its merit, and will protect persons buying from imposition and infringement. Messrs. Burkholder and Wilson are energetic business men, and now that they have secured their Patent intend at once to open manufactories in York, Dauphin, and Cumberland and other adjoining counties. Their establishment in Gettysburg is on the Northwest corner of Washington and Railroad streets, formerly occupied by the Baltor Hay Press Company.

STEM POWER.—WM. CHRITZMAN having put up a Steam Engine in connection with his Carpenter Shop, is prepared to saw and turn out all kinds of Brackets, Scolls, Mouldings, Ornamental Work, &c., for Carpenters and Builders promptly and on reasonable terms. Orders for any kind of work promptly filled. Orders can be left at his establishment on Washington street, or addressed to WM. CHRITZMAN, Gettysburg, Pa. 1t

INCREASE OF CAPITAL.

AT a meeting of the President and Directors of the Gettysburg Water Company, held April 12th, 1869, the following resolutions were adopted:

Resolved, That the Capital stock of the Gettysburg Water Company be increased and consolidated—that is from $3,405 to $4,500—the increase to be issued in $5 certificates to the present stockholders in proportion to the number of shares held by each; said certificates to be convertible into full shares, ($15) whenever presented in sufficient amounts.

Resolved, That notice of this proceeding be given the stockholders by two weeks' publication in the newspapers of Gettysburg, and that all who may fail to pay for their certificates before the first day of May next, will forfeit their right to any part of such increase of capital.

Resolved, That the Treasurer, S. R. RUSSELL, be instructed to open books immediately for subscriptions to the increase of capital by the stockholders, and that he be authorized to receive payments therefor.

THE undersigned, of the late firm of Geo. Jacobs & Brother, would most respectfully inform his friends and the public generally, that he has opened a Merchant Tailoring establishment in Chambersburg street, next door to the old place, and three doors east of the Keystone House, where he will be happy to wait on all who may patronize him. His stock of CLOTHS, CASSIMERES, VESTINGS, TRIMMINGS, &c., &c., &c., will be found choice and cheap—very desirable to select from. All kinds of Goods for sale—whether he manufactures or not.

GOODS MADE UP with dispatch, as well when bought at other stores as at his own. The very best work will be made—good fits and substantial sewing—nothing will be deemed too much trouble to render satisfaction in every case.

The latest New York Fashions regularly received. Cutting done, as usual.

A share of public patronage is solicited, and no effort spared to deserve it.

April 16.—1t JOSEPH JACOBS.

AGENTS WANTED FOR

DR. KANE'S GREAT POSTHUMOUS WORK,

"ARCTIC EXPLORATIONS,"

AN elegant volume of rarest merit and interest—and of great interest for all readers, with 300 BEAUTIFUL ENGRAVINGS and a sketch of the Author, by Prof. C. W. SHIELDS, D. D., of Princeton College.

Exclusive territory given and large commissions. For circulars and agency, address the Publishers, ELDRIDGE & CO., New York, N. Y.

WANTED, AGENTS, $75 to $200 per month, everywhere male and female, to introduce the GENUINE IMPROVED COMMON SENSE FAMILY SEWING MACHINE. This machine will stitch, hem, fell, tuck, quilt, cord, bind, braid and embroider in a superior manner. Price only $15. Fully warranted for five years. We will pay $100 for any machine that will sew a stronger, more beautiful, or more elastic seam than ours. It makes the "elastic Lock Stitch." Every second Stitch can be cut, and still, the cloth cannot be pulled apart without tearing. We pay Agents from $75 to $200 per month and expenses, or a commission from which twice that amount can be made. Address SECOMB & CO., Pittsburgh, Pa., Boston, Mass., or St. Louis, Mo.

CAUTION.—Do not be imposed upon by other parties palming off worthless imitations of our machine, under the same name or otherwise
