OAKLEY'S

DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others: every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the utmost confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body.—For the cure of Scrofula or Kings Evil, Rheumatism, Tetter, Pimples or eruptions of the Skin, White Swelling, Fistula, Chronic Cough Asthma, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

Sold wholesale and retail, by the proprietor GEORGE W. OAKLEY, North 5th street, Reading, Berks County, and to be had of the following persons:

In Northumberland County.—H. B. Masser, Sunbury; Ireland & Mack, McEvansville; D. Krauser, Milton.

In Columbia County.—R. W. McCoy, Washington.

Reading, March 14, 1843.

Mr. Oakley:—I believe in the city of every one to do whatever in their power lies, for the benefit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparilla, I most conscientiously recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcerous sores that covered the face, head and neck, although we had some of the most scientific physicians to attend them and had tried all the known remedies, including Swain's Panacea, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so offensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects of your Depurative Syrup of Sarsaparilla, we were induced to make trial of it, as the last resort; it acted like a charm; the ulcers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily believe it has not an equal.

JOHN MOYER, Tailor,

Douglassville, April 19th, 1843.

Mr. Oakley:—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Norristown, and also Dr. Isaac Hiester, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles the use of which drove the disease entirely out of his system, the sore healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who saw him during his affliction. I have thought it my duty, and send you this certificate that others who have the affliction in the family may know where to obtain so valuable a medicine. Yours truly,

AMELIA D. LEAF.

MEDICAL APPROBATION

OF THE

Rose Ointment, for Tetter.

ALTHOUGH the superiority of the preparation over all others is fully established, the proprietors take pleasure in laying before the public the following certificate from a respectable physician, a graduate of the University of Pennsylvania. Dr. Baugh, having found in this remedy that relief for a tedious and disagreeable affection which the means within the range of his profession failed to afford, has not hesitated to give it his approbation, although the prejudices and interests of that profession are opposed to secret Remedies.

PHILADELPHIA, Sept. 19, 1836.

I was recently troubled with a tedious herpetic eruption, which covered nearly one side of my face, and extended over the ear. Mr. Vaughan, proprietor of the Rose Ointment, observing my face, insisted on my trying his preparation, of which he handed me a jar. Although in common with the members of my profession, I discountenance and disapprove of the numerous nostrums palmed upon the publicly ignorant pretenders, I feel in justice bound to except the Rose Ointment from that class of medicines, and to give it my approbation, as it entirely cured the eruption, without it had resisted the usual applications. DANL. BAUGH, M. D.

A PROOF OF ITS EFFICACY.

PHILADELPHIA, May 27th, 1839.

THIS is to certify that I was severely afflicted with Tetter in the hands and feet for upwards of forty years; the disease was attended generally with violent itching and swelling. I applied to a number of physicians, and used a great many applications without effecting a cure. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immediately cured the disease, which there has been no return of, although I had never been rid of it at any time for forty years.
