SPECIAL NOTICE.

SCHENCK'S PULMONIC SYRUP,

Mandrake Pills, will cure Consumption, Liver Complaint, and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relieve the liver, and get it to work; then the dyspeptic comes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient coughs up the disease and gets well. This is the only way to cure Consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by easy expectoration, for when the lungs or matter is ripe, a slight cough will purchase it, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, relieving all obstructions, relax the ducts of the gallbladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do—nothing has ever been invented except calomel (or mildly poison which is very dangerous to use unless in great cases) that will unlock the gall-bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stomach to throw off the gastric juice to dissolve the food with the pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure consumption is, they try to do too much; they try medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. J. H. Schenck, in his treatment, does not attempt to stop cough, night sweats, chills, or fever. Remove the disease, and they will all stop of their own accord—no one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat or Lungs, unless the liver and stomach are made healthy.

If a person has consumption, of course the lung in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are in a state of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood and food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure Consumption.

When there is no lung disease, and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. J. H. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Consumption; he was given up by physicians having pronounced his case hopeless and abandoned him to die at home. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompany each package, which is not absolutely necessary to persons see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed.—He is also professionally at No. 32 Bond street, New York, every other Wednesday. He gives advice free, but for a thorough examination with his Respirator the price is $5. Office hours at each city from 9 to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic $1.50 per bottle, or $7.50 a half-dozen. Mandrake Pills 25 cents a box. For sale by all druggists.

RE-UNION.—The officers of the 87th Regiment Pa. Volunteers had their annual Re-union in York on the 13th inst. Col. C. H. Buehler and Capt. T. C. Norris, of this place, were present.

SHARP FROST.—On Wednesday night we had a very sharp frost, the mercury going down below 32°. In the morning ice stood in the shallow pools, while garden vegetation looked black and desolate. The streets yesterday were crowded with the fallen foliage of shade trees.

SALE.—Mr. J. J. Kirk, residing on the Tyson property, between town and the Theological Seminary, intending to leave Gettysburg will sell at Public Sale, on Monday Nov. 1, a lot of valuable Furniture, 4 Shoats, a lot of Hay, Corn, Cornfodder, &c. Also the lease of the house until the 1st of April next.

NEW CLERK.—Mr. NEIDICH, the new County Commissioner, entered on the duties of the office on Wednesday.—There was a sharp contest for clerk, it being understood that Mr. WALTER was to be ousted. J. JEFFERSON MYERS, of this place, carried off the prize. WM. McCLEAN, Esq., was re-elected Counsel and Dr. J. W. C. O'NEAL Physician to the Jail.

THE THREE EVENING STARS.—The brilliant evening star, the planet Venus, sets near the west-southwest portion of the horizon about eight minutes after seven o'clock. It is situated in the sign of Libra. At half past six o'clock the planet Mars appears about two degrees or four diameters of the moon on the west, while the planet Saturn is nineteen degrees nearly due east of Venus. The bright red star some seven degrees southwest of Saturn is the lunar star Antares.

CORRECTION.—In putting Mr. McPherson's last letter in type, the compositor made him say, "while in Paris I visited, *on Sunday*, the tomb of Lafayette and the First Napoleon." The manuscript reads "*on the same day*," (speaking of the visit to the Imperial Library,) not Sunday. Although in Europe, Paris especially, Sunday is but little recognized, Mr. McPherson, with his American education saw no sanctity of the day, has, during his European tour, uniformly abstained from travel and sight-seeing on the Sabbath. This correction is due both to our colleague and our readers.

REBEL DEAD.—The Hollywood Memorial Association, of Richmond, Virginia, have inaugurated a movement to remove to that place the Rebel dead from the battle-field of Gettysburg. A Committee, consisting of three prominent ladies, Mrs. Robert E. Lee, Mrs. George W. Randolph and Mrs. J. L. M. Curry, have issued an appeal for material aid to enable the Association to carry out the project. We hope the movement may be successful. These dead lie scattered for miles over the fields around Gettysburg, and their removal would not only be a source of consolation to surviving relatives, but a kindness to our Farmers.

SOLD.—J. S. Taughinbaugh has sold his property, in Hampton, to John A. and James Dicks, $4,010.

Heavy Meals has sold his property on the Millerstown road, beyond Willoughby's Run, to John Butt, Sr.—10 acres, at $1,200 cash.

Jerome Noel has purchased from John Myers and John McMaster, 50 acres of land, with improvements, in Mountpleasant township, at $45 per acre—formerly property of Peter Noel, deceased.

Peter K. Smith, as Administrator, recently sold the property of Charles C. Smith, deceased, in Mountpleasant township, to James Smith—10 acres with improvements, for $925.—*Compiler.*

FIGHT WITH A BEAR.—The Chambersburg *Valley Spirit* says that Mr. Linn, residing near Concord in that county, had an encounter with a large bear on Saturday last. He saw the bear near his residence, and, procuring a rifle, shot at him. The bear fell and Mr. Linn supposed that he had killed him. On going up to him, however, the bear sprang to his feet, and, as quick as a flash of lightning, struck Mr. Linn senseless to the ground. He jumped upon the body, attacked it savagely and bit one of Mr. Linn's arms severely. In the mean time, other persons approached with dogs and dispatched the bear. Had it not been for this timely assistance, Mr. Linn would doubtless have been torn to pieces. As it was, he was pretty severely injured. It is said that there are a large number of bears on the mountains above Concord, having left the Allegheanies to feast themselves on chestnuts which are very plenty in that neighborhood.

EMMITTSBURG.—On Saturday last Massasoit Tribe No. 41, I. O. R. M., had an Anniversary celebration in Emmittsburg, with a parade in the streets, followed by a collation, and an address by Dr. Shaw, of Uniontown, Md. Delegations were present from Cayugas Tribe No. 31, Gettysburg, and from the Waynesboro and Uniontown Tribes—the latter being accompanied by a Brass Band. Everything passed off pleasantly.

On Tuesday evening last about twenty-five members of Gen. Reynolds Lodge of Good Templars, of this place, paid a visit to Emmit's Lodge of Good Templars, in Emmittsburg, and had a pleasant time. They were cordially received by the members of Emmit's Lodge, and returned home much gratified with the trip. Both Gen. Reynolds Lodge and Emmit's Lodge are in a prosperous and growing condition.

PARKTON AND MANCHESTER RAILROAD.—We are always glad to notice public improvements—especially the progress of railroads. The citizens of Baltimore and Carroll counties appear to be determined to have railway facilities greater than they had in the past, since other sections of the country have them.

On Tuesday of last week, ground was broken, formally, by Messrs. McGuckin, Showers, & Co., Contractors of the above named railroad, which is now being surveyed and located by Joseph S. Gitt, the Chief Engineer of the Parkton and Manchester Railroad. As stated heretofore, the road starts at Parkton on the Northern Central Railroad, in Baltimore county, to the town of Manchester, in Carroll County.

The occasion of breaking ground was signalized by a procession and collation, with music, speaking, &c., at the village of Beckleysville, which is about midway between the places above named. It is said that a large concourse of persons of both sexes, and of all ages and sizes, had assembled. Large tables were erected and luxuriantly spread with an abundant collation. All partook to their satisfaction, and there was an abundance left—there being about five hundred persons present.

After the collation, the company repaired to the seats near the speakers' stand, where a number of persons addressed the audience, upon matters of internal improvements,—of course, railroads in particular.

At the conclusion of the speaking, the entire company formed in procession and marched a short distance to the railroad line, and proceeded with the formal ceremony of "breaking ground," after which all repaired to their homes, no doubt, well pleased with the days proceedings.

On Friday, however, of the same week, the "breaking of ground" was performed in good earnest, at Parkton, when Mr. Gitt, the Chief Engineer of the road, raised the first shovelful of earth, at the right place, followed by others, and then started about twenty men to work, and now the work goes bravely on.

The completion of this enterprise will no doubt develope an important portion of the State, and enable farmers and others residing there to find a convenient and profitable market. The road being in connection with the Northern Central, lumber, coal, lime, ore, and other articles along the line can be procured and shipped off, and at much less cost than they have heretofore been able to do. The people, it is said, are alive to it as a pet project and in full hopes of its speedy completion.

YOUNG MEN'S CHRISTIAN ASSOCIATION.—The second State Convention of the Young Men's Christian Associations of Pa., will meet at Williamsport on Tuesday November 2d, at 7½ o'clock P. M., and close on Thursday evening.

Delegates from all Y. M. C. Associations are expected, and ministers and others interested in the cause, where there are no Associations in existence, are urged to be present. Christian Young Men are requested to consult together and appoint representatives. A cordial Christian welcome is assured to all who will attend. Arrangements for reduced fare on all the principal lines will probably be made.

Delegates should be provided with credentials and those intending to be present should at once forward their names to Thomas K. Cree, Pittsburgh, or to the following authorized Committee, for this part of the State, from whom further information may be obtained.

IMPROVED MORNING GLORY.—The famous Morning Glory Stove, so popular as a parlor and office stove, has sometimes been objected to for use in chambers and by families needing but one fire, because not adapted to heat water, &c.—This difficulty has been overcome, and last Monday we saw one of the improved Morning Glories in operation at the Warerooms of Col. C. H. BUEHLER, on Carlisle street, which seems not only to obviate objections but to meet every desired want. It is nothing more or less than the ordinary Morning Glory, with an Oven about 15 inches in diameter attached, and ingeniously arranged dampers by which the heat can be thrown around the oven at pleasure, and making it as hot as the ovens of the best cooking stoves. Water can be boiled, pies baked, and even meat roasted as readily as in a cooking stove. This contrivance, while preserving all the qualities of the Morning Glory as a heater, adapts it for the sick chamber, or use in small families requiring but little cooking. tf
