Property for Sale.

THE subscriber offers for sale, on very reasonable terms, the following property, viz:

A Three Story Brick Dwelling House, No. 110 Penn street, between Hay street and Evans' alley; and Lot 25 feet front, extending back 112 feet to an alley. The House is one of the best buildings, and in one of the most pleasant neighborhoods in the city.

Five Lots—embracing corners of Front and Ferry streets; one hundred and five feet front on Ferry and sixty feet on Front street, with a good three story Brick Building on the corner, a two story Frame on Front st., and two Brick Buildings, used as shops, on Ferry st.

A Lot, 21 feet front by 80 feet deep, on Front, between Market and Ferry streets.

A Lot, with very convenient Frame Dwelling; Lot 20 feet by 90, fronting on Congress and Elm sts.

A House and Lot, on Wylie street, near the new Court House. The house is well arranged, and in good order, and is now occupied as a hotel.

A Three Story Brick, on Smithfield street, near Seventh—being in an excellent business location. The Lot is 20 by 80 feet deep, fronting on Smithfield st.

A Cottage Frame and Lot, 28 by 120 feet, fronting on Anne and Robinson streets, Allegheny City. This is a very desirable and pleasant location for a residence.

Nine Lots in the town of M'Keesport; each 60 feet by 150. Several of these are on the Main street.

Eleven Acres in Limetown, on the Monongahela River, on which there are three houses; there are some 6 or 7 acres of excellent stone coal; and abundance of limestone, convenient to the landing; and two coal pits open.

Ninety Lots in the town of Columbia, 60 feet by 150 each, nearly all level, and well located. The tenant of each Lot has the privilege of using whatever stone coal he may require for his own use, from a pit near the Locks. Columbia is a pleasant situation on the bank of the Monongahela river, a short distance below Lock No. 3, in the midst of an extensive stone coal region, and would be a desirable point for manufacturing establishments.

Two Hundred acres of superior Stone Coal, with House, Railroad, &c. This property has a front of 140 rods on the Monongahela river; an excellent landing; good grade and foundation for railroad—with enough level ground at one point for houses and gardens, or locations for manufactories. The vein is deep enough to allow horses to be used in hauling out the coal—the quality of which, for iron work, steam, gas, or for any ordinary uses, is not surpassed by any in the country.

In my absence, my agent, James Blakely, Esq., will give all necessary information, and be authorized to give warrantee deeds for any property sold. JAMES MAY,

IMPORTANT TO HOUSEKEEPERS!

Something Better and more Economical than Soda, Cream Tartar, or any other Preparation in existence for Baking.

DURKEE'S CHEMICAL YEAST, OR BAKING POWDER—For raising Bread, Biscuit, Griddle and Johnny Cakes, Puddings, Pot-Pies, Corn Bread, Sweet Cakes, Apple Dumplings, Pastry, &c. This article is one that every FAMILY, HOTEL, BOARDING HOUSE, Eating Saloon, Ship, Steamboat, Vessel, Canal Boat, &c., will find, upon a careful trial, to be the *very thing needed every single day of their existence.*

Its most important advantages over the old system, are—

1. It saves the expense of milk, eggs, shortening, spoiled bread, and the trouble and expense of procuring good yeast,—water only being necessary.

2. No time is required for the dough to rise before baking—consequently, bread may be made in a few minutes.

3. A cook can always depend upon having light, sweet, tender and palatable bread and biscuit, whether the flour be of the best quality or not.

4. Bread made by this process is much more nutritious, easier of digestion, better fitted for a weak stomach, sweeter, whiter and lighter, than when made with yeast.

5. The bread made by fermentation, does not afford the same amount of nourishment to the system, that it does when made with this compound; because the vegetable acid contained in fermented bread, prevents the proper action of the gastric fluid upon it, and consequently, a part only goes to nourish the body, while the acids tend to produce dyspepsia and its attendant evils.

This article has been thoroughly tested, and is universally liked. When used according to the directions, it is warranted to suit.

Be careful to ask for DURKEE'S BAKING POWDER, and take no other, and you will not be deceived. Principal office, 139 Water street, New York. Sold by the best grocers and druggists generally.

Attaining Favor Daily.

THERE is no Medicine so well adapted for all common diseases on plantations, as B. A. FAHNESTOCK'S VERMIFUGE. Read this testimony:—

From F. P. DUCONGE, Esq., New Orleans.

NEW ORLEANS, March 8, 1853.

Messrs. B. A. Fahnestock & Co.—Gentlemen: I am pleased to inform you that your Vermifuge continues to sell well in this city, and I find it gaining favor daily amongst our planters. Many of my customers, who were in the habit of using other medicines, are now *determined to use B. A. Fahnestock's Vermifuge only*, owing to its safety, as well as efficacy. In fact, I know of no Vermifuge sold in the city, which stands so high in the estimation of the public. Please send me fifty gross more of your VERMIFUGE, as I find my present stock getting very low.

Respectfully, F. P. DUCONGE.

PORTRAITS AND MEMOIRS OF EMINENT AMERICANS NOW LIVING—Portraits of Eminent Americans now living: with Biographical and Historical Memoirs of their Lives and Actions. By John Livingston, of the New York Bar. In two volumes, 1853.

In a recent notice, the Commercial Advertiser says:

The portraits are all engraved from daguerreotypes, in the finest style of the art, and are undoubtedly correct. We can vouch for the remarkable fidelity of the likenesses of those persons with whom we are familiar. This truly national work is creditable to the ability and enterprise of Mr. Livingston, and equally honorable and useful to private library in the country. His plan is to "no creed or class considered," but embraces clergymen, lawyers, doctors, statesmen, financiers, merchants, manufacturers, and farmers—in short, distinguished living representatives of every department of American society. To explain it on the value of such a work would be superfluous, as it must commend itself to universal favor. For sale by

OPINIONS OF THE PRESS.

[From the Albany Argus.]

"It is difficult to read a page in Miles Tremenhere without perceiving that it is the product of an extraordinary mind. Its pictures all glow with life."

[From the London Standard.]

"This novel has produced upon us a favorable impression. There is more vigorous writing, breadth of style, and unity of purpose, than are to be met with in any of the novels lately published."

[From the Fredericksburg (Va.) News.]

"There is a wonderful fascination in this story. Its truthfulness, its abstinence from exaggeration, the Shakespeare like gift of delineation of character from the highest to the lowest—all are real. Its conclusions is one of its merits. As a work of true genius and untiring interest, 'Miles Tremenhere' stands unrivaled."

B. A. FAHNESTOCK'S VERMIFUGE USED AT THE LAST MOMENT WITH SUCCESS.—

WASHINGTON COUNTY, Pa., Nov., 1852.

A neighbor of mine had a child that was very sick, and the physician attending it exerted all his skill for its relief, but without avail. They sent to Canonsburg for Dr. L. who came over to our place, and upon an examination of the case, approved of all that the attending physician had done, but could do nothing more for it. The child was given up. Dr. L. then said that there could be no risk in trying Fahnestock's Vermifuge, and thought they had better get some. They sent to my store, and procured some. After administering the first bottle, according to the printed directions, the child passed a few worms. They then gave it about half of another bottle, when it passed between TWO AND THREE HUNDRED WORMS, and immediately commenced improving, and was completely restored to health.

EXCELSIOR FAMILY STARCH,
WARRANTED CHEAPER,
AND SUPERIOR TO ANY OTHER STARCH,
For Family Purposes.

BEING entirely free from all specks, this article may be used with the utmost confidence, in preparing the finest muslins and linens. The ingredients with which this Starch is made, renders wholly unnecessary the use of starch polish or spermaceti, as it produces a fine polish without gumming up or injuring the fabric, which is inevitably the case from the constant use of any other. Two-thirds of the quantity of this Starch will answer a better purpose than the Starch usually sold.

DR. DE LANEY'S

CELEBRATED

CURATIVE INSTRUMENT,

The only Infallible Cure for that Dreadful Disease known as SPERMATORRHEA OR INVOLUNTARY NOCTURNAL EMISSIONS, so harassing and destructive, and productive of so much mischief to the nervous system, incapacitating the man for business, society and matrimony.

This Instrument is simple, comprehensive and *never failing*, and may be used without the slightest inconvenience or the knowledge of the most intimate friend. It is to be used externally, producing no pain or injury whatever, nor preventing any one from attending to his business; and while in use *not a single emission can take place, invigorating the organs, in a short time, to such an extent that they REGAIN THEIR PRIMITIVE POWERS OF RETENTION*, the loss of which, caused by early abuse, is the disease in question, and the cause of the thousand concomitant complaints —viz: Nervousness, Prostration, Dyspepsia, Pain in the Head and Dimness of Vision, Weakness of the Back and Lower Extremities, Affections of the Eyes, Impotence, Pimples on the Face, Premature Decline of Virility, Weakness of Memory and Power for Mental Application, Dejection, Aversion to Society, Timidity, Self-Distrust, Love of Solitude, &c. *All these complaints invariably disappear, as soon as the source is stopped from which they emanated.*

It is also remembered, that those complaints are but little understood by the profession in general, and that all the medicine in the world never has, and never will, stop these losses, which, if allowed to continue unchecked, are sure to produce the most distressing consequences.

The price of the complete Instrument, carefully secured against all observation in a box, is only $10. It can be sent by express to any address, in any part of the United States, Canada, &c., according to order, accompanied by full directions, and import ant advice to the married and single, the expenses, even to the remotest parts of the country, being very trifling.

All applications and remittances must be directed (post-paid) to the Doctor himself, he having no Agencies established but in London and Paris.

Address, (post-paid) Dr. B. De Laney, 51 Lispenard street, New York.

Office hours, daily, from 9 A. M. till 2 P. M., and from 7 to 8 P. M., the Sabbath excepted.

The undersigned certify, with great pleasure, that the above mentioned Instrument is not only constructed on scientific principles, but that from its use the happiest results may always, with confidence, be anticipated, there being, for the cure of those diseases, *no other certain remedy extant.*

I. T. GOLDBERGER'S

Galvano-Electric and Anti-Rheumatic Chains.

AFTER a very minute examination of the Galvano Electric and Anti-Rheumatic Chains, of I. T. Goldberger, from Berlin, in Europe, in comparison with all other constructed articles of the kind manufactured in this country, the undersigned has discovered that Goldberger's Galvano Electric Chains, by virtue of their right and scientifically based principles of construction, surpasses all others which have become known to the undersigned, in their beneficial effect on the human system, and differ very essentially in their favor from other such apparatuses; and after using them with great success, I can confidently recommend them to everybody, especially to those afflicted with Nervous or Rheumatic Diseases. C. PARKER, M. D., and Professor of the Chemistry.

New York, January 19, 1853.

This is to certify that my wife has been afflicted for over a year with Neuralgia in the face and head, and Rheumatic pains in the shoulders and limbs; that after having tried many remedies and medical treatment, without her gaining relief, I purchased one of Goldberger's Rheumatic Chains, She has now worn the Chains for one week, and all the pains have entirely left her. J. W. LUHN,

Fifth st. bet. Syc. opp. Denison House.

Cincinnati, March 31st, 1853.

The public are respectfully requested to understand that the above is no patent medicine, but a mechanical invention. As the healing principle is based on the laws of nature, consequently it is no humbug.

All Rheumatic and Nervous Pains, such as pains in the Face, Neck, or Hip, Tooth ache, Ear ache, pains in the Breast or Back, Lameness, Palpitation of the Heart, etc., etc., will be stopped in a few hours, in most cases will be cured without fail, by using this apparatus.

ELLEN DEVERE—THE GREAT WORK COMPLETE.—Ellen Devere; or, The Way of the Will—by the author of "Amy Lawrence," "Stanfield Hall," "Gus Howard," "Minnie Grey," &c. Beautifully illustrated.

This is another new novel of the gifted author of "Gus Howard," and surpasses, in point of ingenuity of intrigue and skillful combination, any of this writer's former efforts. It has had immense success in London, where it has run through one of the weekly journals of that city, the circulation of which has been increased many thousands by its great popularity. Whoever has admired the deep interest and dramatic descriptions in "Stanfield Hall," and "Amy Lawrence," must certainly pronounce Harry Ashton to be equally felicitous and effective in these points. The author, without in the least imitating, has strongly reminded us of the wit, gallantry and adventurous spirit so conspicuous in Lever's works; and the work is destined to have a good call.
