JOSEPH LIPPINCOTT .... WM. B. CARR
LIPPINCOTT & BARR, (LATE J. S. STRICKLER & CO.,) MANUFACTURERS OF PHOENIX FIRE PROOF SAFES, Second Street, between Wood and Smithfield—On Tuesday afternoon, July 25, 1848, the undersigned were called upon by Messrs. Lippencott & Barr, to witness an honest and fair test of one of their Phoenix Safes. The furnace being prepared, the Safe was placed inside thereof with Books, papers and some money; when the door of the Safe was closed and the fire kindled at a quarter past 2 o'clock, and in a short time the Safe was red hot, and continued till half past 6 o'clock, being about four and a half hours, when the committee expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down, Safe cooled, and door opened—the books, papers and money safe. The heat was so great as to melt off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof.

The Ships of this Line are fitted with Emerson's Patent Ventilators, and carry Francis' Metallic Life-boats.

The Baltimore Clipper Bark INCA, 900 TONS BURTHEN, Having made two successful voyages from China, each in the very short period of 101 days, has thoroughly established her reputation for fast sailing, and will be dispatched for MELBOURNE, AUSTRALIA, About the 25th of August. The Ships of the Pioneer Line have made remarkably quick and healthy voyages; losing only one passenger among 950 that sailed in the first five ships, whereas it appears from the report of the Emigration Commissioners that the mortality on board English ships to Australia has equalled 4.50 per cent. This very gratifying result shows that no care and expense have been spared in selecting, ventilating, and provisioning the ships of the Pioneer Line.
The INCA will only carry a limited number of passengers, at as moderate rates as are consistent with justice to passengers and owners.

EMPLOYING none but experienced workmen, (apprentices being positively excluded,) and using the best materials, the work cannot fail to give satisfaction to purchasers. Amongst the many advantages offered to purchasers, is the facility of Furnishing a House, either in elegant or plain style, completely from one establishment; by which means all the articles in each room correspond in style and quality, and the immense stock always on hand, being so various in design, enables purchasers to please their taste in a selection, without the delay necessarily caused in ordering Furniture.
To give an idea of the finished Furniture on hand, I need only inform you that my Rooms are 175 feet long, by 27 feet wide, four floors in number; with Shops contiguous, sufficient to employ 200 hands, which is a guarantee that the work is all done under my own immediate inspection.
The Packing is all done in the Store, and Furniture warranted to carry safely any distance. Visitors to Philadelphia are respectfully invited, as purchasers or otherwise, to call and examine the Goods. au26:ly

GEORGE STURGES, SOLE MANUFACTURER OF THE IMPROVED **SPIRAL SPRING MATTRESS** *S. W. Cor. Baltimore and Frederick streets, Baltimore, and No. 92 Walnut st., Philadelphia.* FIVE SILVER MEDALS AWARDED, VIZ:—
By { AMERICAN INSTITUTE, New-York; FRANKLIN INSTITUTE, Philadelphia; MARYLAND INSTITUTE, Baltimore.
THE peculiar improvement in the construction of this Mattress is, that all the *clumsey, and heavy wooden frame-work* is entirely dispensed with, and its place supplied by a lighter and much more durable frame. The springs are all connected by harness leather hinges, securely riveted, rendering it impossible for a single spring to fall down or get out of place, and making a Bed so elastic that any part may be raised or bent up, and is thus admirably fitted to the wants of the sick or asthmatic, who may require a sitting posture. It has all the luxurious softness of the best feather bed, with the lightness and facility of handling of the common hair mattress.
These improved Spring Beds are invariably made of the best materials, and will last many years without repairs. Persons having Hair Mattresses can have them altered in to Spring Beds.
These Beds are well adapted for Hotels, berths of Ships, Steamboats and Hospitals.
ALSO, an extensive assortment of highly ornamental, (in enamel,) and plain finished CAST IRON FURNITURE, consisting in part of Bedsteads, Hat and Coat Racks, Cane and Umbrella Stands, Centre, Pier and Side Tables with marble tops, Garden Chairs, Settees, etc., etc.
Animals, such as Lions, Lambs, Dogs, etc. in Iron, as well as the models in Wood, furnished at short notice.

MISCELLANEOUS.

RED RIVER RAFT. THE person to whom the contract was awarded under former advertisements for proposals, having failed to give the bond with sureties as required, proposals for the work are again invited as follows:
Proposals will be received until the 25th day of September next, for the removal of obstructions to the navigation of Red River (Louisiana,) occasioned by the raft, and for keeping the said navigation free from the same for the longest period.
The amount of these proposals united is not to exceed the sum of $100,000.
Each bidder will propose to remove said raft (thoroughly,) and to keep the navigation free from obstruction thereby for a specified period; specifying in his bid the time in which he proposes to complete the removal of the raft, the said time not to be later than the 1st day of June, 1855; and also the number of years, counting from said removal, during which time he binds himself to keep the said navigation free from raft obstruction.
The contractor will be required to give his bond for $50,000, with two good sureties, each for the sum of $10,000, conditioned for the faithful execution of the contract. Each bidder will transmit, at the same time with his proposals, the names of the persons whom he offers as sureties, and a declaration signed by them that they will sign his bond as sureties as above mentioned; and also the certificate of a district judge of the United States for the State in which he resides, that said securities are respectable citizens, and that he considers them worth $10,000 over and above all their debts and liabilities. No bid will be examined unless these conditions shall be complied with.
Terms of Payment.
Of the sum of $100,000 appropriated for the above object, $50,000 shall be paid as the work of removing the raft advances, as follows—to wit: Whenever the contractor shall report that a portion of the raft has been removed, the same shall be inspected by an officer appointed by the War Department; and if it shall appear that such is the fact, the Department will pay such a proportion of the said sum of $50,000 as the portion removed shall bear to the entire raft, provided no partial payment shall be made for less than one-tenth part of the whole work. The remaining $50,000 will be paid in equal annual instalments corresponding in number with the number of years during which the contractor shall bind himself to keep the navigation open, of which fact the Department is to be the sole judge.
Each bid must be for the whole work—that is, for the removal of the raft, and for keeping the river open for a specified period. No separate proposals for portions of it will be considered.
The proposals will be addressed to the undersigned, marked on the envelope, "Proposals for removing Red River Raft."
The War Department reserves to itself the right of awarding the contract according to its own judgment of the most favorable bid and the most responsible bidder.
J. J. ABERT, Colonel Corps Topographical Engineers.
The time for receiving proposals under the foregoing advertisement is hereby extended to and including the 1st day of next November.
By order: J. J. ABERT, Colonel Corps Topographical Engineers.
