The Great Campbell Mastodon.

This is the largest combination of Circus & Menagerie now before the people as will seen by their advertisement in to-day's paper, and it will be well for our people who attend the Fair to while away a happy hour or so by going to see it on Friday.

The list of animals comprises the African Elephant, Selim; African Zebra, dam and colt; white Bactrian Camel, or sacred camel of the Orientals; Royal Bengal tiger; mammoth grizzly bear, largest ever captured; cheetahs, or hunting leopards; African and Asiatic lions, splendid specimens of both varieties; the true Ibex, captured in Abyssinia during the incursion of the English against the Emperor Theodorus; monster white grizzly bear from Alaska, beside dozens of varieties of different wild animals which can be seen in the dens Signor Bazaine, the renowned lion king will enter these dens during each performance. The circus will be found excellent in all its departments, and comprises the following in its long list of talented artists: Madame Brown, the queen of manege; Little Mary Brown, the premier child equestrienne of the world, and Mlle Josephine, the dashing equestrienne. There will also be a grand street parade about 10 a. m. Admission, 50 cents; children under 10 years 25 cents.

At this exhibition the people will find the circus and Menagerie departments replete with all that combines to interest, amuse and instruct, Great expense has been lavished upon the paraphernalia of the concern, and it will be with the price of admission, (which is the same for both departments,) to witness the grand street parade that will take place in the morning This will probably be the last show of the season, and lovers of sport and admirers of animals will govern themselves accordingly.

☞ "The proof of the pudding is in the eating of it," as the adage runs, applies well to the quality of bread and cakes daily furnished by Luke Reilly to his numerous customers. No one can complain of the taste of these eatables, for one taste only makes you desire more. In connection with the Bakery he has a first class candy manufactory, and he can supply customers and dealers with confectionery as good as can be had in the city, and at far cheaper rates. Dealers in the county could do well to try him.

☞ We take pleasure in announcing to our customers and everybody else that we have just arrived from the east with as fine a stock of goods as ever came to central Pennsylvania.—Everybody is invited to come and see them and judge for yourselves. We do not hesitate in showing goods, buy or no buy. All kinds of grain or produce taken in exchange.

HENRY & Co.

☞ The Huntingdon County Fair will commence on Tuesday next. We hope the farmers, mechanics, and everybody interested in the success of the Fair will not fail to bring something for exhibition. The town will be full of people and they should help to fill the fair grounds with something to look at. We expect the exhibition will be a grand success.

AGENTS Wanted for SATAN IN SOCIETY

A NEW BOOK of the greatest interest and importance Written from a high moral and physiological standpoint by an eminent physician and moral professor, it shows how Satan is working out his subtle and dangerous designs through our most sacred domestic and social relations. Plain-minded, but outspoken and aggressive, the author handles the delicate subjects treated of without gloves. But in such a manner as not to minister to a prurient curiosity. The Physical Regeneration of the Race, is a subject justly enlisting the interest and sympathy of all true philanthropists, and this book, it is believed, will contribute to that end just in proportion as it has readers. A circular sent free, containing a full description and synopsis of the work with liberal extracts. C. F. VENT, Publisher.

ROSADALIS

OSADALIS

THIS Great American Health Restorer, purifies the blood and cures Scrofula, Syphilis, Skin Diseases & Rheumatism Diseases of Women and all Chronic Affections of the Blood, Liver and Kidneys. Recommended by the Medical Faculty and thousands of our best citizens.

Read the testimony of Physicians and patients who have used Rosadalis and for our Rosadalis Guide to Health or Almanac for this year, which we publish for gratuitous distribution; it will give you much valuable information.

Dr. R. W. Cary, of Baltimore says:

I take pleasure in recommending your Rosadalis as a very powerful alterative. I have seen it used in two cases with happy results—one in case of secondary syphilis in which the patient pronounced himself cured after having taken five bottles of your medicine. The other is a case of scrofula of long standing, which is rapidly improving under its use, and the indications are that the patient will soon recover. I have carefully examined the formula by which your Rosadalis is made, and find it an excellent compound of alterative ingredients.

Dr. Sparks of Nicholasville, Ky., says he has used Rosadalis in cases of scrofula and secondary syphilis with satisfactory results—as a cleanser of the blood I know no better remedy.

Jas. and G. M. Fodder, Murfreesboro' Tennessee, says:

I have used seven bottles of Rosadalis, and am entirely cured of Rheumatism; send me four bottles, as I wish it for my brother, who has scrofulous sores.

Benjamin Bechtel, of Lima, Ohio, writes, I have suffered for twenty years with an inveterate eruption over my body; a short time since I purchased a bottle of Rosadalis and it effected a perfect cure.

Rosadalis is sold by Jos Read and S. S. Smith, Huntingdon, Pa., and Druggists generally.
