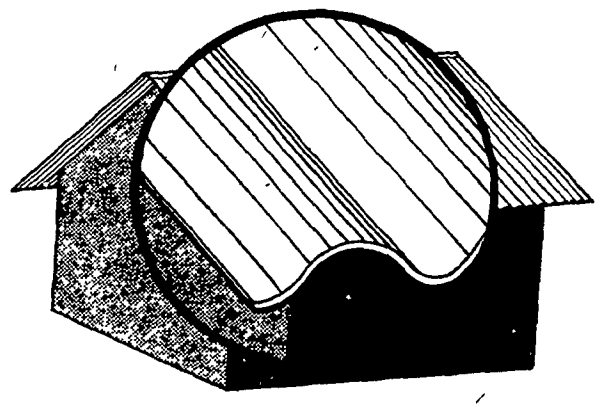
Grandpa Snavely Says...

ARE YOU THINKING ABOUT ROOFING?



Get New DURASHIELD Corrugated Roofing and

SAVE $$$ FOUR WAYS

Whether re-roofing or re-siding an old structure, or building a brand new one, extremely strong and lightweight Durashield is ideal for barns, confinement buildings, storage sheds, garages, marinas, commercial structures and similar applications.

SAVE 1 Generally, the initial purchase of Durashield figures out to be lower priced than other types of corrugated roofing.

SAVE 2 Because new Durashield comes in 8, 10, 12, 14 and 16 foot lengths it goes on faster. It installs directly on purlins, no decking necessary. So you have big savings on installation costs.

SAVE 3 New Durashield is an acrylic coated, asphalt impregnated, cellulose fiber material that can't rust or corrode. It insulates and helps control condensation. It's immune to animal wastes, fertilizers and many chemicals. Whatever you're storing under Durashield, it's better protected so saves you money with less loss and/or less maintenance.

SAVE 4 Accelerated testing proves new Durashield lasts long under all types of weather conditions. No need for early repairs or replacements, so you save in the long run.

New Durashield is sold and distributed throughout Eastern Pennsylvania by J.C. Snavely & Sons, Inc. of Lancaster, Pa. If you're interested in roofing your building, or as a dealer interested in stocking Durashield, contact us immediately.

Landisville, Pa. 17538
