BEEF TIPS

Why Simmental cattle for club calves? (Part II)

Simmental beef cattle come in various colors: all black; black with white blazes or socks; all red; red with white blazes and socks; red and white; and straw.

Young people like to have something different, an animal that is easy to identify and is different from other cattle.

Color, combined with other Simmental traits, such as good disposition, fast growth, good feed to weight ratio; and lean meat harvest, makes Simmental a good choice for a 4-H Club calf project.
