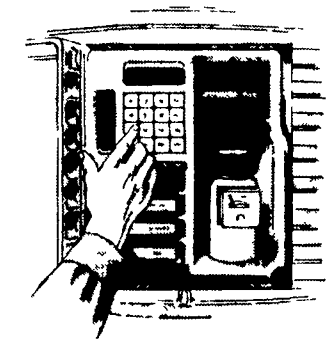
MARTIN LIMESTONE INC.



Slash drying costs as much as 75% with the AeroDry™ System

Cut Energy Costs 75%—Uses the drying power of fan forced air. No gas to buy And the only electricity used powers the computer controlled fan system

Reduced Shrinkage—Shrink loss is cut up to 50% through natural moisture removal without high temperature heat

Better Grain Quality—With no high temperature heat to crack and damage grain, more starch, sugar, valuable nutrients and profit are retained

It's All in the Computer—The AeroDry Computer automatically monitors dry down day and night—then holds optimum storage conditions to keep grain in top condition

Farm proven from the Midwest to the East Coast, the AeroDry System can improve your grain drying operation Call or mail the coupon for more information and where to see the AeroDry System in action
