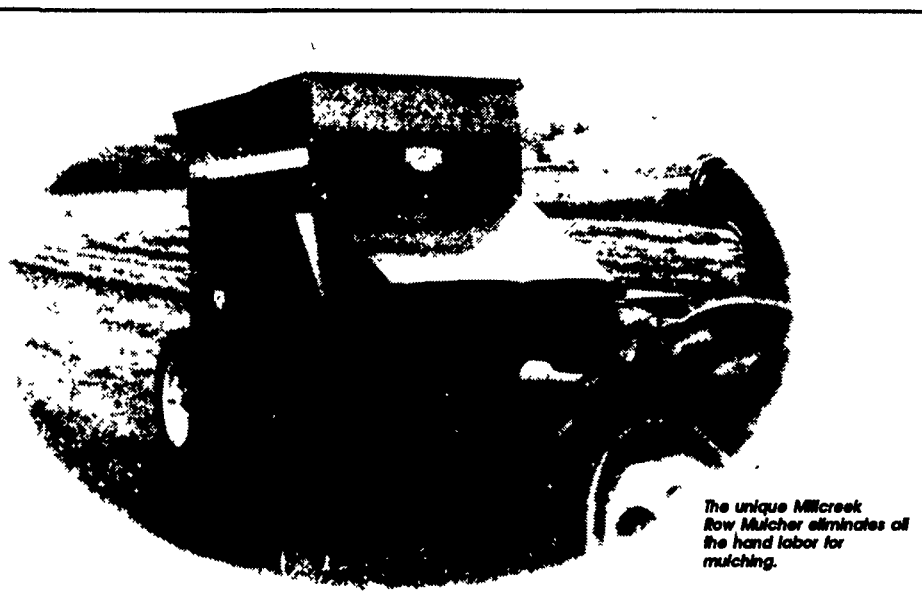
SLAUGHTER SHEEP: few 21.00-33.00.



The unique Millcreek Row Mulcher eliminates all the hand labor for mulching.

Finally, a practical way to apply organic mulch to row crops

Organic mulch is the natural way to suppress weeds, help retain soil moisture, and improve soil conditions. Trouble is, hand mulching takes too much time and effort. Now the Millcreek Row Mulcher makes it easy and affordable to mulch berries, grapes, fruit trees, and other row crops. One operator can mulch an acre in just a couple hours depending on conditions.

Spread A Variety of Materials, Including Lime

You can spread all types of stemless flowable mulches, such as wood chips, sawdust, chopped bark, even compost, with plenty of clearance to avoid plant damage. Plus, the Millcreek Row Mulcher is ideal for banding lime and other materials requiring lighter applications. The optional metering gate gives you complete control of the coverage so you can tailor applications to best suit your cultivation practices. With the labor-saving versatility you get with the Millcreek Row Mulcher, you may even find new techniques to grow better crops.

For Small Growers
This may be the affordable machine you've been looking for to mulch berries, grapes, and other row crops. Think of the labor you'll save.

For Commercial Growers
Choose from 3.1, 4.5, and 6.8 cubic yard capacities. Or call to discuss your special requirements.

One "Farm-Tough" Machine
With our own farming background, we take great satisfaction in building affordable machines for growers like you who need reliable, trouble-free equipment to help increase production and keep costs down. That's just what the Millcreek Row Mulcher will do for you. Call today.
