Though Horace Greely, in one of his visionary freaks, may see great merit in the indiscriminate pardon or release of State prisoners, &c.—*Inquirer.*

Narrow-minded block-heads!—*Horace Greely.*

THE old song, "We'll hang Jeff. Davis on a sour apple tree!" is emphatically played out, Congress having changed the penalty for treason from hanging to ten years' imprisonment. Congress must have feared that Jefferson Davis would be tried and convicted, that they hastened to modify the "punishment for traitors."

Mrs. Surratt, Payne, Atzerott, &c., were, doubtless, justly punished for murder, &c.—*Inquirer.*

Maj. Gen. Benj. F. Butler, L. L. D., said, upon the floor of Congress, that Mrs. Surratt was an "innocent woman." Is it possible that there is a difference of opinion, on that subject, among the Radical brethren?

KEEP it before the people, that the late Radical Legislature appropriated for payment of its members and *attaches*, $115,000 more than that of 1864. Just think of it! An increase of expenditure for "running" the Legislature, since 1864, of ONE HUNDRED AND FIFTEEN THOUSAND DOLLARS! "That's the way the money goes, pop goes the weasel!

WHY don't the Radical party bring Jefferson Davis to trial? The District Attorney for the district of Virginia, and his assistant counsel, Mr. Evarts, are both Radicals, Judge Underwood is a crazy Radical and Judge Chase is a prospective Radical candidate for the Presidency. Now, why is'nt Davis run through this Radical machine? The Democrats want to see him tried and are anxious to know Judge Chase's opinion as to what constitutes Treason in this country.

HORACE GREELY has been called to account by the New York Union League, for becoming security for Jefferson Davis. Horace has replied in a lengthy epistle, in which he calls the brethren of the league "narrow-minded block heads." The letter from the white-coated philosopher has created quite a sensation, and the Union League have backed down from their resolution to expel him. We will give Horace's epistle to the "blockheads" in full, next week.

WASHINGTON CITY.

The Radical organization in Washington city, consists of *seven thousand negroes* and about two hundred whites. The whole number of white voters registered is about seven thousand. About two thousand whites neglected to register. It is meet that under such circumstances the Radicals should carry the city. In fact, we hope they may carry it, just to teach the sleepy conservatives a lesson.

TO SOLDIERS.

The last Congress having failed to make an appropriation for the additional bounties to soldiers, the Department at Washington has been compelled to stop the payment of all claims for such bounties. Such as have been paid were paid out of the general Military fund. This is a pretty state of affairs, to be sure. We charged it upon the Radical Congress last fall, that it had failed to make any appropriation for the payment of the additional bounties. This charge was denied most vehemently by the partizans of Congress, but it appears that we were correct after all. What is more, Congress took good care to make an appropriation for the *three hundred dollars* bounty to be paid to each negro soldier. The pet lambs of the Radicals must have their fodder, whether the white boys in blue get any appropriations or not. We once had a Soldiers' Convention in this county. There is more reason for the assembling of such a body now than there ever was before. The soldiers of the country, if they would do themselves justice, ought to rise up *en masse* and denounce the double-dealing and trickery of the late Congress.

TENNESSEE.

The Kingdom of Tennessee, now ruled over by his Brimstone Majesty, "Governor" Brownlow, will hold an election some of these days. Brownlow, is a candidate for re-election. He and his delectable Legislature have disfranchised two thirds of the white men of the State, and, at the same time, have given all the negroes the right of suffrage. Old Brownlow is more thoroughly despised and more cordially hated by three fourths of the white people of Tennessee than any other man on the face of the globe. Yet he has under his control the machinery to impose his odious tyranny upon those people as long as he pleases. He has the negro mob to sustain him, and a negro militia to overawe and slay the few true and brave men who dare to stand in the way of his accursed ambition. He threatens to disperse all meetings held to oppose his re-election and to arrest all speakers who may choose to mention his public career in terms of disapprobation. For this purpose he declares he will use his black militia. And these janissaries that are to crush out the last vestige of freedom in Tennessee, are armed at the expense of the United States, Congress having directed 10,000 stand of arms to be placed at the disposal of Brownlow for that purpose. Was ever country cursed with such infernal knavery as this, since the day when Nero fiddled over burning Rome? If all the fiends in the hottest of incandescent hells were molten into one gigantic devil, and if such a demoniac monstrosity were fed on vitriol and saltpetre for ten centuries, and then let loose to invent a curse for this land, he could be furnished a recipe for all he desired to accomplish, by that incarnation of all that is diabolical, Brownlow, of Tennessee.

"HELP US, CASH US, OR WE SINK!"

Such is the "Macedonian cry" of the Radical National Committee, in an address recently issued to the "Republicans of the Union!" This address is signed by Marcus L. Ward, N. J., S. A. Purviance, Pa., W. Claflin, Mass., John B. Clark, N. H., Horace Greely, N. Y., H. H. Starkweather, Conn., N. B. Smithers, Del., and H. W. Hoffman, Md. After discoursing upon the necessity for organization, especially in the South, it concludes as follows:

"Republicans! Our appeal is to you, to carry on and sustain the work which a few loyal and true men have so nobly begun. We cannot ask speakers, in addition to giving their time and talents for months to this labor, to defray their own necessary expenses. We cannot print and distribute documents of the character required without a heavy outlay. We have no means of reliance except upon the generous spirit of that great party which holds the claims of humanity and freedom above all price. The patronage of the Government, brought into power by the statesmanship, the courage and the loyalty of that party, will not aid us in this good work. We must, therefore, appeal directly and personally to you. If you are rich give generously. If poor, send to us whatever you can afford. The generous purpose and the noble aim sanctify the humblest efforts. At all events, act promptly, and let us feel that the sympathy of the Republican party is with us in our purpose of making this great land the home of true Republican principles, where distinctions of race and color are unknown, and where Liberty, Virtue and Intelligence, form the enduring basis of our greatness and prosperity."

"Brethren, let us pray!" as Brick Pomeroy says. Bro. Lutz will please pass the hat around. The Union League fund has "gin eout" and the Military Despotism in the South is a heavy contract. Hand over your greenbacks. Negro Suffrage has need of them.

MORE CORRUPTION.

Forney, D. D., Gobbles $200,000!

The following is printed in a late number of the New York *Express:*

"It is stated on good authority that the franchise of the Baltimore and Potomac Railroad Company has been sold to the Baltimore and Ohio Railroad Company for $500,000. Of this amount John W. Forney received $200,000, a Mr. Lloyd, from Williamsport, Pa., now a clerk in the Clerk's Office H. of R., $45,000, and other persons connected with the so-called *enterprise* the balance."

Wholesale robbery like this, according to the morals of these times, makes the scoundrels who perpetrate it, *gentlemen!* If some poor devil runs away with a thousand or two, he is, forsooth, a great criminal; but when the villain of colossal proportions, pockets his quarter of a million, he is only a gentleman of quick parts! In regard to the transaction above referred to, we adopt the language of the Lancaster *Examiner*, which, though a Radical paper, seems to have sufficient grit to speak plainly. The *Examiner* says: All we have to say about this is, that if true, the parties with Col. Forney at their head, have perpetrated a base fraud on the public. During the last session of the Maryland legislature, the persons owning the charter of the "Baltimore and Potomac Railroad" resisted what they called the effort of the monopolists of the Baltimore and Ohio Railroad to have their charter repealed by the legislature, on the ground that the Baltimore and Ohio company was a huge monopoly, controlling the only road leading to Washington, and if they were not interfered with they would build a rival road. The Maryland legislature believed them and refused to repeal the charter. But the legislature of Maryland had scarcely adjourned, when these great champions of the cause of the people, and anti-monopolists, who had enlisted on their side the entire press of the country for a rival route to Washington, *sell out* to the very monopoly they professed to be contending with, for *half a million of dollars.* The chief speculator pockets his *two hundred thousand dollars* and runs away to Europe.

This, we say, *if true*, is a base, contemptible fraud, which might be all right for stock-gamblers, railroad contractors and speculators, who follow that sort of business to make fortunes; but for a *public man*, the chief officer of the United States Senate, a professed statesman, a loud-mouthed champion of the people and their rights and privileges, to be the leader, the principal receiver of the "black-mail," is nothing less than a disgraceful public scandal.

SIR ARCHIBALD ALISON, author of the well known History of Europe, and a number of works on Criminal Law, died a few days ago.

A GLIMPSE BEHIND THE MASK.—A colored Baptist minister at Beaufort, S. C., writing to the Christian *Record*, among other things says:

"Some of our white ministerial friends do more in the way of procuring farms and keeping our poor race in ignorance than anything else. They pretend, when they are North, that they would come down and do anything for our race in the way of enlightening them; but instead of this, when they see the cotton gag, they forget all about Christ and Him crucified, and the saving of souls."

Of certain Northern merchants, he says:—

"All they wish to do, is to teach what President Lincoln has done, pat the colored man on the shoulder with the left hand, while with the right hand they catch hold of his pocketbook. And when they have got the last cent from him, their friendship suddenly ceases. Then 'he is only a nigger."
