"The Grasshopper shall be a Burden."—(*Jeremiah*)—*Will the Minnesota Grasshopper Migrate East?*

In copying a very judicious article from a Minnesota paper, on the destruction of the grasshoppers in this section, some editorial expressions accompanying it are susceptible of a false inference. The idea was conveyed, or was likely to be understood, that the plague of the grasshopper was rather peculiar or incidental to Utah and Minnesota. Now, I have ascertained some important facts on this subject, which ought to be considered. The grasshoppers, which have been such a "burden" to the people where I reside, last year and this present season migrated from the Pacific shore, and, in probability, will reach the Atlantic States before their destructive mission is ended. They came here like a mighty army last August, a year ago, from the West, flying in such multitudes as to darken the sun in some instances. Lighting down, they devoured two-thirds of all the crops—deposited their eggs, and last spring hatched in such multitudes as to require all garden vegetables and crops of every kind, to mature them for their Eastern flight in July.—The corn springing up a little after being eaten down to the ground, will afford a little for use, and late planted potatoes will amount to something. A good supply of hay is left in the meadows of latest growth. The insect is now clean gone—East and South.

Nothing but the interposition of Divine Providence will prevent the annual devastation of these insects in every State east of this to the Atlantic coast, which they may not reach under three years; having been about that time since they left Utah and the Upper Minnesota valley. Already, I hear, one wing of the great army has reached Wisconsin, the right wing having reached Iowa, and the central column the edge of Illinois. It is to be feared their eggs will be deposited in these States.

The section of country where they have been so destructive in Minnesota for two years is narrow—a strip on each side of the Mississippi above Saint Anthony's Falls. The insect did not reach quite down to Saint Anthony. The eastern and southern section of Minnesota escaped until since their flight east and south.—The foraging parties lit down and devoured some corn silks, (wheat being out of the way,) and passed on, stopping not more than three days, and generally over one night.

A Minnesota Resident.

The Potato Pest—A Remedy.—In many places the potato vines are infested with ravenous bugs. Mr. J. Myers writes from Whitehall, N. Y., July 24, a remedy as follows:—"On the 16th instant I discovered my potatoes affected in the same manner, and immediately caused them to be thoroughly dusted with slaked lime plaster, which was repeated two or three times while the dew was on, which has effectually cleared them, and the tops are now looking as fresh and green as ever. Ashes no doubt will answer a good purpose in the absence of lime. Plaster I consider of less importance. I have great faith in this experiment, and advise every one to test it immediately who have potatoes affected."

Attila Burlingame, a farmer of Cortland, N. Y., says that wheat can be prevented from spoiling in bins if one *dry* brick is put in with it for every five bushels of grain.

Medical.

Health and Strength Must Inevitably Follow its Use.
Boerhave's Holland Bitters.
THE CELEBRATED HOLLAND REMedy for Dyspepsia, Disease of the Kidneys, Liver Complaints, Weakness of any kind, Fever and Ague, and the various affections consequent upon a disordered Stomach or Liver. Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.
Nature finds no new enemy to combat, with this delightful tonic in the system. Its effects are almost magical, yet the cure permanent. It communicates no violent shock to the system, but by arousing its vital energy to normal action, enables it to throw off the cause, and thus thoroughly eradicates the disease.
When its medicinal virtues are so universally acknowledged, and particularly here, where it has become so popular as a family medicine, that it is sold by many of the grocers, as well as by all the druggists, it would seem needless to offer further evidence; yet, as there are doubtless some who have tried many advertised remedies, and still suffer from Dyspepsia in one or more of its dreadful forms, we subjoin the following certificates, the authenticity of which cannot be doubted, coming as they do from persons so well known.
WHAT IT IS DOING FOR THE SICK.
Wm. Schuchman, Esq., the well known Lithographer, says, "I have frequently used Boerhave's Holland Bitters, and find it invariably relieves indigestion and debility."
Rev. Samuel Babcock says: "I found special relief from its use for a severe headache, with which I had long suffered."
J. W. Woodwell, Esq., says: "I have used Boerhave's Holland Bitters myself, and recommend it to others, knowing it to be just what it is represented."
Ald. Jonathan Neely, of Lower St. Clair, says: "I have derived great benefit from its use for weakness of the stomach and indigestion."
Jas. M. Murphy, says: "After several physicians had failed Boerhave's Holland Bitters removed the pain from my heart and side, arising from indigestion."
The editor of the Kittanning Free Press, says: "After one of the best physicians in this place had failed, Boerhave's Holland Bitters cured me of the worst form of Dyspepsia."
Francis Felix, only manufacturer of the original "Extract of Coffee," says: "I know that your Holland Bitters is one of the best medicines in the world for a disordered stomach or liver."
Dr. Ludwig, editor of the Fackel, Baltimore, pronounces it "a medicine deserving the confidence of the public."
Dr. Eberhart, the leading German physician of Penna. has prescribed it frequently during the past three years, with marked success in debilitated states of the digestive organs, or of the system generally.
The manager of Bullock's Vinegar Factory, says: "I used it myself, and was therefore induced to try its effect upon my wife, (troubled with the great debility common to all of a consumptive habit,) and really it is doing her more good than anything she has ever taken."
NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.
CAUTION!—The great popularity of this delightful Aroma, has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
Sold at $1.00 per bottle, or six bottles for $5.00 by the sole Proprietors, BENJAMIN PAGE, Jr., & CO., corner Smithfield and Third sts., Pittsburgh.

THE course of instruction embraces the various branches of the Common Law, and of Equity, Admiralty, Commercial, International, and Constitutional Law, and the Jurisprudence of the United States. The Law Library consists of about 14,000 volumes, and as new works appear they are added, and every effort is made to render it complete.
Instruction is given by oral lectures and expositions, (and by recitations and examinations, in connection with them,) of which there are ten every week. Two Moot Courts are also holden in each week, at each of which a cause, previously given out, is argued by four students, and an opinion delivered by the presiding Instructor. Besides the other facilities are also provided for the Club-Courts; and an Assembly is held weekly for practice in debate, and acquiring a knowledge of parliamentary law and proceedings.
Students may enter the School in any stage of their professional studies or mercantile pursuits, and at the commencement of either term, or in the middle, or other part of a term. They are at liberty to select what studies they will pursue, according to their view of their own wants and attainments.
The Academical year, which commences on Thursday, six weeks after the third Wednesday in July, is divided into two terms, of twenty weeks each, with a vacation of six weeks at the end of each term.
During the winter vacation, the Library is opened, warmed and lighted, for the use of the members of the School.
Arrangements are in progress which it is hoped will materially diminish the expenses of living in Cambridge.
Applications for admission, or for Catalogues, or any further information, may be made to either of the Professors at Cambridge.

R. R. R.
A FALSE THEORY EXPOSED.—THE TRUE SCIENCE REVEALED.
Mankind have long been engulphed in darkness as regards the mysteries of medicine, and of deriving a truthful solution of its power over disease, and its proper use in the treatment of the sick.
Medicine, as practiced by the regular faculty, is a delusion—a bundle of improbabilities and uncertainties. There is nothing in its theories on which the physician can rely as certain or fixed; the results obtained from its prescriptions are doubtful, and in most cases unsatisfactory.
It is a solemn and startling fact, that three-fourths of those "who have departed this life" died victims, *not to disease*, but to the injudicious application of this subtle and uncertain theory, as practiced by the regular faculty.
We have proved the utter fallacy of the regular practice of medicine, and the great undeniable truthfulness of the R. R. R. over and over again; for, in a thousand cases, where the regular physicians have given up their patients as incurable, and had in many cases even set the time to only a few short hours, that their victims had to live, Radway's Ready Relief, Regulators or Resolvent, as the case may have been, has restored those dying patients to new life and health.
In the treatment of the sick by the R. R. R. remedies, there is nothing left to chance or uncertainties, for these remedies are so prepared as to possess fixed and positive curative powers, founded on principles as immutable in their power over disease, as the laws of gravitation over the earth. It is therefore, impossible for these remedies to fail in removing from the human system the difficulty for which they may be given, and of restoring the *whole* human system to its normal condition of health.
This is readily seen in the miraculous efficacy of RADWAY'S READY RELIEF—for the moment this remedy is applied to the part or parts of the body tortured with pain, or crippled with infirmities, all pain and uneasiness ceases, and the crippled, lame and wounded limb becomes invigorated with renewed strength. So also with the Resolvent.—The most repulsive Sores, Ulcers, Humors, and the most obstinate of chronic diseases quickly become extinct after a few doses is taken.
In cases of Dyspepsia, Constipation of the Bowels, Derangement of the Liver, Congestions, Palpitation of the Heart, Radway's Regulators, in the form of Pills, can be relied upon as a positive and certain corrector and regulator of these difficulties. In cases of temporary Constipation or derangement of the stomach or bowels, the Cathartic and Purgative Pills given by the regular faculty, even if they remove the temporary difficulty, do so at the expense of Cramps, Sickness at Stomach, and Weakness, and after the effects of these purgatives are over, the bowels are left costive and the system debilitated. Radway's Regulators will instantly relieve the pain and distress, remove the difficulty and restore a regular action to the liver, stomach, bowels and other organs—they neither irritate, inflame, sicken or weaken the patient, and the evacuations are natural, without prostrating the system or cramping the bowels.
These remedies are the only ones that have reduced the hygienic principle to the fixity of a mathematical demonstration—invariable in all cases, and proceeding on a settled routine. They, and they alone, have imparted to the incongruous experience and repugnant practice of the so called "regular faculty," the precision and invariability which are essential to the requirements of a science. Taking the human body as the problem, and health as its normal condition, they proceed by fixed rules to eliminate all extraneous and deleterious particles, and thus restore the constitution to its integrity, by the expulsion of those local or organic irregularities which vitiate the soundness of the whole.
DANGEROUS DISEASES.
In Cholera, Yellow Fever, Ship Fever, Dysentery, Diarrhoea, Typhus and Typhoid Fevers, and all malignant and malarious fevers, Radway's Ready Relief and Regulators are not only positive curatives, but certain preventives.
Not only in the milder latitudes of the North have these remedies cured the patients of these terrible maladies, but under the burning suns of the tropics, where, in the wildest and most violent degrees, they scourged the people as a pestilence. With these remedies you need not fear exposure to any contagious disease or infectious malady.
CONSTITUTIONAL DISEASES.
All diseases that have become *established* in the system, called chronic or constitutional, Radway's Resolvent, aided by the Relief and Regulators, will remove. Scrofula, Bronchitis, Ulcers, Sores, Fever Sores, Humors, Humors, Salt Rheum, and all skin diseases will quickly yield to this all powerful remedy.
The use of the Resolvent will, in a few weeks, entirely change the whole condition of the body, we care not from how many generations you have derived your title to the diseases established in your bodies, Radway's Resolvent will remove it, and give to you what your forefathers were unable to—a pure and healthy body—free from disease.
COMMON DISEASES.
All diseases prevalent at this season of the year, caused by derangement of the organs of the system, sudden changes of the weather, heat and cold, disturbed circulation of the blood—Rheumatism, Neuralgia, Tic Doloreux, Bowel Complaints, Fever and Ague, Headache, Toothache, Aches and Pains of all kinds, Bruises, Burns, Scalds, Falls, Inflammatory Diseases, Congestive Diseases, Humors in the system—Impure Blood, Boils, Pustule Pimples, Blotches, &c. Liver Complaints—Dyspepsia, Kidney Complaints, and all diseases whether acute, inflammatory, malarious, nervous, chronic, or contagious, R. R. R. remedies will most positively exterminate and restore the infirm and enfeebled system to health and strength.
AN OFFER—TO THE DYING.
Ye who have friends now upon the brink of the grave, on whom all hopes of recovery are lost—who have been given up as incurable by your physician, we invite you to make one more effort to save the valued life of the dying one. A trial of these Remedies cannot do any injury, and may restore to life and health, even though no hopes are entertained by your physician. Over a thousand such instances have come to our knowledge; and we therefore, feel ourselves justified in requesting the trial. Surely, after the physician says he can do no more, his prejudice to your using a remedy that must do good, is criminal.
As one of the instances we have alluded to in the above offer, we refer to the public to the case reported to us by Richard Griffith, Esq., well known in Canada West as a man of high integrity, and well approved of by his countrymen for his official capacities.
HARROWSMITH, Fontenac Co., C. W., June 24th, 1857.
In October, 1855, my wife giving birth to a child, left her bed too early and caught a severe cold, which promised to terminate her life. The best physicians in this neighborhood and Kingston were in attendance on her—but all of no avail—*the doctors had given her up to die. For seven consecutive weeks* I sat by her bedside, momentarily watching to see her breathe her last. I happened to see a copy of your paper called "*The Moving World*," and there read of your medicines. I resolved to test them as a last resort. I gave her the Resolvent with the Regulators and Relief—according to directions, and *in three days observed a wonderful improvement.* From thence she daily recovered, and is now, thank God, better than ever she was in her life.
The child, when three months old, caught a bad cold, and dwindled away to a mere skeleton, nothing but bone and skin—his eyes protruded from his head; as if they would drop out; the physicians all united in saying there was no case of its tempting to save his life; *his case was hopeless, as he was too young and must die.* But I thought different. Your Remedies gave life to my wife, while the doctors gave her up to die. I again had recourse to them. I gave him the Resolvent internally and used it as a wash externally to his eyes—he is now a laughing, hearty, prattling child, enjoying the best of health. Your most obedient and grateful servant. RICHARD GRIFFITH.
The above, reader, is but one out of thousands of similar cases in the world, where had the verdicts of the physicians been relied upon without further trial, *death* would have been the more report of your physicians, who they give your friends no more. When you are told this, resort to our Remedies.

The Greatest Medical Discovery OF THE AGE.
MR. KENNEDY, OF ROXBURY, HAS discovered in one of our common pasture weeds, a remedy that cures every kind of Humor, from the worst Scrofula to a common Pimple.
He has tried it in over eleven hundred cases, and never failed except in two cases (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face.
Two to three bottles will scour the system of boils.
Two bottles are warranted to cure the worst canker in the mouth and stomach.
Three to five bottles are warranted to cure the worst case of Erysipelas.
One to two bottles are warranted to cure all humors of the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruption of the skin.
Two to three bottles are warranted to cure the most desperate cases of rheumatism.
Two to three bottles are warranted to cure the worst cases of ringworm.
Three to four bottles are warranted to cure salt rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.
Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing in the pastures, and along old stone walls should cure every humor in the system; yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands, hums or ha's about the suiting some cases and not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest cures ever done in Massachusetts. I gave it to children over a year old; to old people of sixty. I have seen poor, puny, wormy looking children whose flesh was soft and flabby, restored to a perfect state of health by one bottle.
To those who are subject to a sick headache, one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have been costive for years, have taken it and been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it. On the contrary, when that feeling is over you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that man ever listened to. No change of diet is ever necessary—eat the best you can get. I have likewise an herb, which, when simmered in sweet oil, dissolves scrofulous swelling of the neck and under the ears. Price 50 cents. Price of the Medical Discovery $1 per bottle.
DIRECTIONS FOR USE.
Adult, one table spoonful per day. Children over eight years, dessert spoonful; children from five to eight years, tea spoonful. As no direction can be made applicable to all constitutions, take enough to operate on the bowels twice a day.
Mr. KENNEDY gives personal attendance in bad cases of scrofula.

AYER'S CATHARTIC PILLS, (SUGAR COATED,) ARE MADE TO
CLEANSE THE BLOOD AND CURE THE SICK, *Invalids, Fathers, Mothers, Physicians, Philanthropists, Read their Effects, and judge of their Virtues.*
For the cure of Headache, Sick Headache and Foul Stomach.
PITTSBURGH, PA., May 1, 1855.
Dr. J. C. AYER.—Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing. Yours with great respect,
ED. W. PREBLE, Clerk of Steamer Clarion.
Bilious Disorders and Liver Complaints.
DEPARTMENT OF THE INTERIOR, Washington, D. C., Feb. 7, 1856.
Sir: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the *Liver* is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *Bilious Disease* so obstinate that it did not readily yield to them.
Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital.
Dysentery, Relax and Worms.
POST OFFICE, HARTLAND, Liv. Co., Mich., Nov. 16, '55.
Dr. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO. J. GRIFFIN, Postmaster.
Indigestion and Impurity of the Blood.
From Rev. J. V. Himes, Pastor of Advent Church, Boston:
Dr. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends.
Yours, J. V. HIMES.
WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.
Dear Sir: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.
JOHN G. MEACHAM, M. D.
Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.
From a forwarding Merchant of St. Louis, Feb. 4, 1856:
Dr. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. His mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, and she also tried your Pills, and they have cured her. ASA MORGRIDGE.
Rheumatism, Neuralgia and Gout.
From the Rev. Dr. Hawkes, of the Methodist E. Church:
PULASKI HOUSE, SAVANNAH, Ga., Jan. 6, 1856.
HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.
SENATE CHAMBER, BATON ROUGE, La., Dec. 5, 1855.
Dr. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years. VINCENT SLIDELL.
For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.
For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.
Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.
Most of the pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.
AYER'S CHERRY PECTORAL, FOR THE RAPID CURE OF *Coughs, Colds, Hoarseness, Influenza, Bronchitis, Whooping Cough, Croup, Asthma, Incipient Consumption,* and for the relief of consumptive patients in advanced stages of the disease.
We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures.—Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

Dr. C. M. JACKSON—Dear Sir:—"I was for five years severely afflicted with Chronic Billious Dysentery, for which I was attended by several of the best physicians in the country, but all of no avail. More Effects of the German Bitters in Dyspepsia and Liver Complaint.
Certificate of J. C. Curtis, Esq., Reporter for the "Evening Chronicle," Pittsburgh, Pa., who, Feb. 21, 1856, says:
"For some weeks past my wife has been using your German Bitters, with a happy effect. She has been afflicted more or less, for several years, with disease of the Liver and Dyspepsia, and until she commenced using the Bitters, nothing had given her much relief. Her health is now rapidly improving, appetite good, and we have every reason to believe she will be perfectly restored. She says it is the best medicine she has ever used."
Nervous Debility.
J. M. Hulshizer, Doylestown, Pa., June 10, 1853, says:
"My wife has been afflicted with a Nervous Debility since September, 1851, since which time I have been unable to find any physician or medicine that would benefit her in the least, until one day I called at the store of Dr. Harvey, in this town, for some tincture of Iron, and described to him the afflictions of my wife; he then handed me a lot of papers to read, among which I found one describing your German Bitters, I immediately procured a few bottles from him, and am pleased to state that the use of the Bitters has done her more good than all the medicine she has heretofore taken. I wish you to send me a half dozen bottles.
Liver Complaint.
J. P. Wick, Martinsburg, Pa., May 22, 1854, says:
"With much pleasure I testify to the virtue of your German Bitters. Some time since I was afflicted with a disease of the Liver, for which I used various remedies, but with no beneficial effect, until I was induced to try your Bitters, which I am now happy to state have entirely cured me."

A WONDERFUL DISCOVERY!!
WHICH HAS BEEN THE STUDY AND research of the best medical men that ever lived to find a remedy that would radically cure the Dyspepsia, which has been recently found out by DR. R. T. FORD, OF PITTSBURGH, PENNA.,
His laborious search and research in the Vegetable Kingdom for eight or ten years, has brought to light a wonderful Medicine which will radically cure the DYSPEPSIA, which is the first cause of all general disease which the human system is subject to. Keeps the Reservoir [Stomach] clean and healthy. We must all have good health and cannot be a subject of any general disease.
Dr. R. T. FORD has been a subject of this awful disease himself, [Dyspepsia] for eight to ten years, and has tried hundreds of experiments on himself, but all in vain, until his present discovery, which has radically cured him and many others in six, eight to twelve days, without pain or sickness, or any unpleasant feelings in the system, but on the contrary, it invigorates the system and gives a healthy action to every part. It will act gently or copiously on the bowels, and give a healthy action to the stomach and liver. You can eat and drink your usual dieting, which will not interfere—the medicine always doing its duty...called
DR. R. T. FORD'S DYSPEPSIA CORDIAL.
What kind of diseases will Dyspepsia produce? I answer it is the first cause of all general disease. Liver Affection, Lung Affection, or Pulmonary Disease, Bronchitis, Sick Headache, Billious Diarrhoea, Billious and Typhoid Fevers, Fever and Ague, Nervous Fever, Neuralgia, Hernia, [Piles,] Costive Bowels, Boils, Husky or Gummy Skin, Colds, Rheumatics of all kinds, Apoplexy, Insanity, Weakness of the system, False Conception of the Mind, Heartburn, Fulness of the Stomach, Throwing up of your Food, and also Wind. All of the above feelings may or will be produced from a Dyspeptic stomach. From that organ all general diseases will be produced, [if this statement is true, which no sane mind will deny,] because all who have been sick know this statement to be true from experience, a sick or deranged stomach is first.
How important it is to a poor patient who has been suffering for many years, to point him to a remedy that he can rely on, and radically remove the cause that has made him sick. It's like a mariner tossed upon the ocean, at the first glimpse of a light house, his heart bounds with joy.
