Topping and Harvesting Corn.

There is much difference of opinion and practice among farmers in the management of their corn crops. Some always practice cutting the stalks soon after the kernels have become glazed or checked, believing that such a course hastens the ripening of the corn; and the removal of the stalks greatly facilitates the process of harvesting, and that green cut, well cured cornstalks are much more valuable as winter forage for cattle, than the same would be if left uncut till the corn was fully ripened, as is the practice of some. We presume this is a correct idea.—But experiments made some years since, by the Hon. W. Clark of Massachusetts, seem to prove that the number of bushels of corn per acre was very much lessened where the stalks were cut, compared with portions of the field where the corn was not topped, but all left till the corn was fully ripened. By his experiment, the loss in grain must have been much greater than the increased value of the green cut stalks over the perfectly ripened fodder. But a difference of ten or twelve days time in cutting the stalks might make a material difference in the value of the grain. We think it the safest way for those farmers that practice "topping" their corn, to cut their stalks quite late, rather than a few days too soon.

Well cured corn fodder is a valuable winter feed for farm stock, and much care should be exercised in saving it in the best possible condition. Many farmers are quite too negligent in this matter. We have seen the stalks cut quite green, and many days too soon, bound in large bundles and put up in large shocks, where it remained during all weathers for weeks, or till the corn was harvested; heavy winds blew over many of the shocks, and drenching rains thoroughly wetted them, thus nearly ruining them as fodder. We have seen others cart them directly from the field as soon as bound in bundles, where from want of room and care a large portion of them became mouldy, and nearly rotten and worthless. We know some careful farmers that pursue quite a different course.—They do not top their corn until most of the tops of the spindles are dead, and many of the husks have lost their green color. They cut their stalks in fair weather, bind them in small bundles, cart them to the barns, and place the bundles *astride* of poles extending from beam to beam across the barn floor. Here they dry without heating or growing mouldy. If they have not room enough over the barn floor, they make use of hovels or sheds, in curing them. Those that practice this method think they are fully compensated for all extra labor, in the enhanced value of the fodder.

Many farmers prefer letting the crop stand till the grains are principally glazed, and then cutting all near the surface of the ground, and shocking in the field, letting it remain there till dry enough for husking. Some contend the corn ripens as well as if left upon the separate hills. The fodder, as a whole, is thought to be worth much more cured by this method, than by any other process. The crop, when thus cut up and shocked, is placed beyond injury from frost —a matter of much consequence some years. There is but little if any thing gained by cutting and shocking corn after it has been stricken by frost. In cutting up the corn as soon as fairly glazed, the fields can be cleared in season for sowing winter wheat or rye—sometimes a matter of much consequence.

Boerhave's Holland Bitters.

THE CELEBRATED HOLLAND REMedy for Dyspepsia, Disease of the Kidneys, Liver Complaints, Weakness of any kind, Fever and Ague, and the various affections consequent upon a disordered Stomach or Liver. Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others affected a decided cure.

Nature finds no new enemy to combat, with this delightful tonic in the system. Its effects are almost magical, yet the cure permanent. It communicates no violent shock to the system, but by arousing its vital energy to normal action, enables it to throw off the cause, and thus thoroughly eradicates the disease.

When its medicinal virtues are so universally acknowledged, and particularly here, where it has become so popular as a family medicine, that it is sold by many of the grocers, as well as by all the druggists, it would seem needless to offer further evidence; yet as there are doubtless some who have tried many advertised remedies, and still suffer from Dyspepsia in one or more of its dreadful forms, we subjoin the following certificates, the authenticity of which cannot be doubted, coming as they do from persons so well known.

WHAT IT IS DOING FOR THE SICK.

Wm. Schuchman, Esq., the well known Lithographer, says; "I have frequently used Boerhave's Holland Bitters, and find it invariably relieves indigestion and debility."

Rev. Samuel Babcock says: "I found special relief from its use for a severe headache, with which I had long suffered."

J. W. Woodwell, Esq., says: "I have used Boerhave's Holland Bitters myself, and recommend it to others, knowing it to be just what it is represented."

Ald. Jonathan Neely, of Lower St. Clair, says: "I have derived great benefit from its use for weakness of the stomach and indigestion."

Jas. M. Murphy, says: "After several physicians had failed Boerhave's Holland Bitters removed the pain from my heart and side, arising from indigestion."

The editor of the Kittanning Free Press, says: "After one of the best physicians in this place had failed, Boerhave's Holland Bitters cured me of the worst form of Dyspepsia."

Francis Felix, only manufacturer of the original "Extract of Coffee," says: "I know that your Holland Bitters is one of the best medicines in the world for a disordered stomach or liver."

Dr. Ludwig, editor of the Fackel, Baltimore, pronounces it "a medicine deserving the confidence of the public."

Dr. Ederhart, the leading German physician of Penna. has prescribed it frequently during the past three years, with marked success in debilitated states of the digestive organs, or of the system generally.

The manager of Ballou's Vinegar Factory, says: "I used it myself, and was therefore induced to try its effect upon my wife, (troubled with the great debility common to all of a consumptive habit,) and really it is doing her more good than anything she has ever taken."

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!—The great popularity of this delightful Aroma, has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

Sold at $1.00 per bottle, or six bottles for $5.00 by the sole Proprietors. BENJAMIN PAGE, Jr., & CO., corner Smithfield and Third sts., Pittsburgh.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humors of the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Two to three bottles are warranted to cure the worst cases of ringworm.

Three to four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing in the pastures, and along old stone walls should cure every humor in the system; yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands, hums or ha's about the suiting some cases and not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest cures ever done in Massachusetts. I gave it to children over a year old: to old people of sixty. I have seen poor, puny, wormy looking children whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief to catarrh and dizziness. Some who have been costive for years, have taken and been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it. On the contrary, when that feeling is over you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that man ever listened to. No change of diet is ever necessary; eat the best you can get. I have likewise an herb, which, when simmered in sweet oil, dissolves scrofulous swelling of the neck and under the ears. Price 50 cents. Price of the Medical Discovery $1 per bottle.

DIRECTIONS FOR USE.

Adult, one table spoonful per day. Children over eight years, dessert spoonful; children from five to eight years, tea spoonful. As no direction can be made applicable to all constitutions, take enough to operate on the bowels twice a day.

Mr. KENNEDY gives personal attendance in bad cases of scrofula.

AYER'S CATHARTIC PILLS, *SUGAR COATED,* ARE MADE TO CLEANSE THE BLOOD AND CURE THE SICK. *Invalids, Fathers, Mothers, Physicians, Philanthropists, Read their Effects, and judge of their Virtues.*

For the cure of Headache, Sick Headache and Foul Stomach. PITTSBURGH, PA., May 1, 1855.

DR. J. C. AYER—Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing. Yours with great respect, ED. W. PREBLE, Clerk of Steamer Clarion.

Bilious Disorders and Liver Complaints. DEPARTMENT OF THE INTERIOR, Washington, D. C., Feb. 7, 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the Liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *Bilious Disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital.

Dysentery, Relax and Worms. [illegible] ... GEO. J. GRIFFIN, Postmaster.

Indigestion and Impurity of the Blood. [illegible] ... Yours, J. V. HIMES.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum. [illegible] ... ASA MORGRIDGE.

Rheumatism, Neuralgia and Gout. [illegible] ... VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

DR. HOOFLAND' CELEBRATED *GERMAN BITTERS,* PREPARED BY DR. C. M. JACKSON, PHILADELPHIA, PA. WILL EFFECTUALLY CURE *Liver Complaint, Dyspepsia, Jaundice, Chronic or Nervous Debility, Disease of the Kidneys, and all Diseases arising from a disordered Liver or Stomach.* [illegible]

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well known physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his Agents, cannot but satisfy the most skeptical, that this remedy is really deserving the great celebrity it has obtained.

PENNSYLVANIA TESTIMONY.

Certificate of R. Westbeard, Esq., the well known Traveller for the Duncannon Iron Works, Perry County, Pa. DUNCANNON, Jan. 11, 1855.

DR. C. M. JACKSON—*Dear Sir.*—"I was for five years severely afflicted with Chronic Billious Dysentery, for which I was attended by several of the best physicians in the country, but all of no avail. I also used various remedies, but could find nothing to benefit me until I was induced to try your German Bitters, and after taking four bottles by which I was entirely cured, and am now enjoying the best of health."

More Effects of the German Bitters in Dyspepsia and Liver Complaint.

Certificate of J. C. CURTIS, Esq., Reporter for the "Evening Chronicle," Pittsburgh, Pa., who, Feb. 21, 1855, says:

"For some weeks past my wife has been using your German Bitters, with a happy effect. She has been afflicted more or less, for several years, with disease of the Liver and Dyspepsia, and until she commenced using the Bitters, nothing had given her much relief. Her health is now rapidly improving, appetite good, and we have every reason to believe she will be perfectly restored. She says it is the best medicine she has ever used."

Nervous Debility.

J. M. HULSHISER, Doylestown, Pa., June 10, 1853, says; "My wife has been afflicted with a Nervous Debility since September, 1851, since which time I have been unable to find any physician or medicine that would benefit her in the least, until one day I called at the store of Dr. Harvey, in this town, for some tincture of Iron, and described to him the afflictions of my wife; he then handed me a lot of papers to read, among which I found one describing your German Bitters. I immediately procured a few bottles from him, and am pleased to state that the use of the Bitters has done her more good than all the medicine she has heretofore taken. I wish you to send me a half dozen bottles.

Liver Complaint.

J. P. WICK, Martinsburg, Pa., May 22, 1854, says: "With much pleasure I testify to the virtue of your German Bitters. Some time since I was afflicted with a disease of the Liver, for which I used various remedies, but with no beneficial effect, until I was induced to try your Bitters, which I am now happy to state have entirely cured me."

They are entirely vegetable, free from all alcoholic stimulants, and pleasant in taste and smell.

A WONDERFUL DISCOVERY!! WHICH HAS BEEN THE STUDY AND research of the best medical men that ever lived to find a remedy that would radically cure the Dyspepsia, which has been recently found out by DR. R. T. FORD, *OF PITTSBURGH, PENNA.,*

His laborious search and research in the Vegetable Kingdom for eight or ten years, has brought to light a wonderful Medicine which will radically cure the DYSPEPSIA, which is the first cause of all general disease which the human system is subject to. Keeps the Reservoir [Stomach] clean and healthy. We must all have good health and cannot be a subject of any general disease.

Dr. R. T. FORD has been a subject of this awful disease himself, [Dyspepsia] for eight to ten years, and has tried hundreds of experiments on himself, but all in vain, until his present discovery, which has radically cured him and many others in six, eight to twelve days, without pain or sickness, or any unpleasant feelings in the system, but on the contrary, it will invigorate the system and gives a healthy action to every part. It will act gently or copiously on the bowels, and give a healthy action to the stomach and liver. You can eat and drink your usual dieting, which will not interfere—the medicine always doing its duty....called DR. R. T. FORD'S DYSPEPSIA CORDIAL.

What kind of diseases will Dyspepsia produce? I answer it is the first cause of all general diseases. Liver Affection, Lung Affection, or Pulmonary Disease, Bronchitis, Sick Headache, Billious Diarrhea, Billious and Typhoid Fevers, Fever and Ague, Nervous Fever, Neuralgia, Hernia, [Piles,] Costive Bowels, Boils, Husky or Gummy Skin, Colds, Rheumatics of all kinds, Apoplexy, Insanity, Weakness of the system, False Conception of the Mind, Heartburn, Fullness of the Stomach, Throwing up of your Food, and also Wind. All of the above feelings may or will be produced from a Dyspeptic stomach. From that organ all general diseases will be produced, [if this statement is true, which no sane mind will deny,] because all who have been sick know this statement to be true from experience, a sick or deranged stomach is first.

How important it is to a poor patient who has been suffering for many years, to point him to a remedy that he can rely on, and radically remove the cause that has made him sick. It's like a mariner tossed upon the ocean, at the first glimpse of a light house, his heart bounds with joy.

PRICE THREE DOLLARS PER BOTTLE.

AT ALTON—with Daily Line of Packets for Hannibal, Quincy and Keokuk; the most expeditious and reliable route to all portions of North Eastern Missouri.

AT ST. LOUIS—with Daily First Class Steamboats for New Orleans and Intermediate Points on the Lower Mississippi, and with Regular Lines of Packets for Kansas, St. Joseph, and all points on the Missouri, Tennessee, Cumberland and Arkansas Rivers.

Passengers destined for Bloomington, Springfield, Decatur, Jacksonville, St. Louis and all points on the Mississippi, Missouri, Kansas, Cumberland and Tennessee rivers, by taking the above route, will be sure of making connections, and arriving in St. Louis on advertised time, avoiding the vexatious delays of the circuitous route via Peoria and Illinois River, saving twenty four hours time, being thirty-seven miles less distant to Bloomington, fifty-eight less to Springfield, seventy less to St. Louis, and fifteen less to Peoria than by any other route.

Through tickets can be procured at all the Eastern Railroad offices; at the Company's office, 48 Dearborn street, opposite the Tremont House, and at the Michigan Southern and Rock Island Depot, corner of Van Buren and Sherman streets.

Responsible Baggage Men will be at the Depots of the various roads coming into the City, to check Baggage through to any point desired on the Line.
