Democratic State Convention.

The Pennsylvania Democratic State Convention will assemble in the Opera House, in the City of Harrisburg, on Wednesday, August 26th, at 10 a.m., to nominate a candidate for State Treasurer, and to transact such other business as it may determine.

Under the rules of the party the representation in the State Convention consists of Representative Delegates, one for each 1,000 Democratic votes cast for the nominee for Governor at the last Gubernatorial election [1882] or for a fraction of 1,000 such votes amounting to 500 or more in the respective Representative Districts, provided that each Representative District shall have at least one delegate. The representation for the coming Convention is the same as it was in 1883 and 1884. Copies of the rules or of the apportionment of delegates will be furnished on application to the undersigned.

Orders for the purchase of Railroad Tickets at reduced rates, good from August 24th to 29th, over the P. & R. R. R., P. R. R., P. & E., and N. N. C. R. R., to Harrisburg and return, will be sent to Delegates and others "entitled to be in regular attendance" at the Convention, upon application to the undersigned after August 5.

Delegates to the Convention, alternates or substitutes, County Chairmen and members of the State Committee, are requested to forward the names and post-office address of delegates at once. W. U. HENSEL,

Chairman Dem. State Com., Lancaster, Pa.

J. B. LICHTY, Secretary.

JAMES J. BARCLAY, the oldest member of the Philadelphia Bar, and a soldier of the war of 1812, died at his residence in Philadelphia, on Sunday morning, in the 91st year of his age.

THE Democratic convention of Union county nominated the following ticket on Monday last: Associate Judge—Cyrus A. Eaton; Sheriff—Geo. E. Long; District Attorney—W. R. Follmer; Jury Commissioner—Wm. E. Smith.

A MYSTERIOUS explosion occurred on the Delaware on Monday morning, which blew the steamboat Felton up and injured sixteen persons. The loss on the vessel is estimated at $1500. An investigation established the fact that the explosion was caused by dynamite.

THE Democratic State Committee of New York on Tuesday night decided to hold the Democratic State Convention in Saratoga on Thursday, September 24. John O'Brien was chosen Chairman in place of Daniel Manning, who resigned, for the balance of the term. Charles A. Gronnis was made Secretary.

THE voters of this Commonwealth will have to decide by ballot at the next fall election whether or not the amendment to the constitution, providing that a county must have no less than 60,000 population, in order to become a seperate judicial district, shall be a law. At present only 40,000 are required to make a county such a district. The secretary of state has issued his notice referring to this matter several weeks ago.

THE following statement appearing in the Harrisburg *Patriot* of yesterday would indicate that business confidence is being restored again and that prospects for better times are brightening: "Eller & Lessig in Pottstown have notified the heater helpers, rollers, and those working about the rolls, that their wages will be increased, the increase in some cases reaching 20 per cent., with prospects of the mill going on double time and plenty of work."

ACCORDING to the reports of the larger daily papers in the country, an impression seems to prevail that a great improvement in the business and financial condition of the country is close at hand. By all means let it come—the poor man is looking forward to the happy change with longing eyes. One good consequence of the general depression is that most people learnt to prize the cent, while the cheapness of the necessities of life greatly helped to prevent dire need and starvation.

JOHN KELLY is no longer the sachem of the mighty Tammany organization in New York. A large majority of the Tammanites, in consequence of the peculiar position which their old chief took in the late presidential election, demanded his resignation and succeeded in the election of a new leader, a Mr. Loew. The movement deserves the praise of every true democrat, because under Kelly's selfish leadership it became very doubtful sometimes on which side of the political fence Tammany is going to land. It is to be hoped that under the new man, the organization will become a more reliable and solid Democratic body, than it has been under boss Kelly.

Will Ask for an Extra Session.

Consideration of Measures for the Relief of the Industrial Classes Asked.

PITTSBURG, Aug. 14.—Trades organizations throughout the United States will issue a petition to-morrow requesting President Cleveland to call an extra session of Congress to be devoted exclusively to the consideration of measures for the relief of the industrial classes of the country and the revival of business. The petition after calling the attention of the President to the general stagnation of business says: "The consequences of this depression are especially severe upon the laboring people, small manufacturers and farmers who are without any reserve means upon which to live, or to pay their debts and save their homes and small properties from forced sales. Employers and employed are involved in a common disaster and believe that it is in the power of Congress and the Executive to greatly relieve this depression by wise legislation." It asks that the extra session be convened on or before the last Monday in September, 1885.

Miscellaneous News.

A Ship-Load of Silver Dollars.

The vaults of the mint and Sub-Treasury at New Orleans being overloaded with silver dollars, about five million are to be brought to Washington and placed in the great Treasury vault, where there is more room. The naval vessel Swatara, now in port in New York will convey this immense pile of silver.

Louis Henke, first-baseman of the Atlanta (Ga.) baseball team died on Saturday afternoon from the injuries received during a game of baseball between the Atlanta and Nashville clubs. Henke was running to first base on a hit to third base. The ball was thrown to Marr, Nashville's first baseman, who muffed it. On leaning forward to get the ball in time to put out the runner his head struck Henks in the side and ruptured his liver. Slow hemmorrhage set in, which continued until his death.

—BOILS, pimples, skin grubs, black maggots, eruptions, scaly skin, &c., indicate poisoned blood, and besides being disagreeable to you, afflicted reader, they are unpleasant to your friends and those compelled to come in contact with you; you owe it as a duty to your health and your friends, to take a bottle or two of McDonald's Great Blood Purifier or Sarsaparilla Alterative, and be more pleasant and agreeable to look at. Money refunded to dissatisfied purchasers.

Buy Your Coal Now.

PHILADELPHIA, Aug. 14.—It is believed to-day that the anthracite coal companies have about consummated plans for the restriction of the output of the mines to the extent of 600,000 tons during the month of September. This restriction, it is stated, will weed out the surplus stocks and put the trade in excellent condition for the fall. It is understood that it is the intention of the companies to advance rates on the 1st of October, believing that the market will then be in such a condition that they can be maintained.

An Important Decision.

Conviction of Murder in the Second Degree Bars Trial for the Higher Crime.

MONTROSE, Pa., Aug. 16.—A decision of importance to lawyers throughout this State was rendered here in the case of the Commonwealth vs. P. Winters. Pat Winters was tried and convicted of murder in the second degree at April sessions last. A new trial was granted and the question arose whether, after a prisoner, charged with homicide, has been tried and convicted of murder in the second degree, he can, upon a new trial afterwards, be convicted of the higher offense.

It was agreed by all that this point had never been decided by the Supreme Court of this State and probably never will be until some judge holds that the defendant can be convicted of the higher offense, and a jury renders a verdict in the first degree. Judge J. B. McCollum decided that a trial and conviction of murder in the second degree was as fully an acquittal of murder in the first degree as if it was expressed in the words of the verdict, and a complete bar to a conviction of the higher crime, Judge Grier dissented.

Paralyzed While Bathing.

WILMINGTON, Aug. 13. — Elwood Smith, aged 20 years, died at Newark, Del., yesterday under peculiar circumstances. On Sunday, July 26, with a party of friends, he went to the creek above Newark for a swim. Smith dived at once into the water after undressing. He did not reappear for some time, and then one of his friends jumped into the creek and found his motionless body floating under water. He was taken to the house of his grandfather, Jacob Casho, where he remained in a comatose state until he died. He never rallied after the first shock, and the doctors have been puzzled to find a cause, as he was very strong and healthy. He was a native of the State, but came latterly from Camden, N. J., where his funeral will take place.

—THE Liver is the largest gland in the human organism and stands guard, as it were, at the portals of health. Properly performing its functions it eliminates all impurities and disease germs from the blood; failing in this misery and disease follows. An occasional dose of McDonald's Improved Liver Pills will insure regular, healthy and vigorous action of this great gland, and save doctors' bills and days of misery. Dissatisfied purchasers can have their money refunded.

JOHNSTON, HOLLOWAY & CO., Philadelphia Agents.
Sold by J. Eisenhuth, Millheim, Pa.

PETERSON'S MAGAZINE for September opens with a very beautiful steel-engraving, from a picture in the last Paris salon, 'The Drink At The Spring,' but contains, in addition, a mammoth colored fashion-plate, besides some fifty other illustrations, chiefly for the fashions, the work-table, etc., etc. The stories are remarkably good, even for 'Peterson.' Notably among them are: 'Thimble,' 'A Long Half-Hour,' 'The Passaway of Peril,' and a powerfully interesting novelet by Mrs. Ann S. Stephens, the sequel to 'The Motherless Girl.' That inimitable writer, the author of 'Josiah Allen's Wife,' also contributes the first part of a sketch, 'How The World Was Burned Up,' the conclusion of which is to appear in the next number, and which will be anxiously awaited. We cannot recommend this magazine too highly. It seems, to us, to fulfill all the requirements of a lady's book, and at a price that places it within the reach of all—viz: two dollars a year for a single copy, with great reductions to clubs; it is, by all odds, the cheapest and best. Specimens are sent gratis, if written for, to those really wishing to subscribe. Address Chas. J. Peterson, 306 Chestnut street, Philadelphia, Pa.

—NO ONE, better than the mothers, knows the amount of persuasion, threatenings and force required to induce the children to take, when necessary, a dose of the nauseating, sickening worm syrups; and no one more highly appreciates the virtues of McDonald's Celebrated Worm Powders. So pleasant and easy to take, so effective as a worm destroyer, the dose so small that the children never know they are taking a medicine. There is nothing in the shape of a vermifuge that can compare with them. Don't be deceived. Take no other. Money refunded to dissatisfied purchasers.

Bound to the Rails.

A Railroad Man's Awful Position—Supposed to be the Work of Tramps.

LEWISTOWN, Pa. Aug. 16.—One of the most fiendish crimes that ever had its inception in the soul of human beings and carried into execution, was perpetrated upon Mr. Thomas Crepps, a division boss on the Pennsylvania Railroad. Mr. Crepps was walking on the railroad track making his way home, about 9 o'clock on Friday night, and when near Anderson Station, a few miles above this place, he was attacked by three unknown men. The assailants knocked Crepps down, and robbed him of his silver watch and a month's salary that he had just received. After the robbery the fiends gagged and bound him band and foot, and then tied him firmly across the track, and hurried away.

Crepps knew that a freight train was due in a few minutes, and began a struggle to which the desperation of an imminent death lent super-human strength. He wrenched his feet from his boots and succeeded in extricating his right hand when the expected freight train came in sight. One minute more and the thongs would have been severed. The struggling man rolled off the track and the iron horse came rolling on, crushing the fingers of his left hand. After the train had passed Crepps was found by a track-walker, and the gag removed. Crepps was carried to his home at Granville, and his condition is critical.

Yesterday and to-day all the tramps that passed up and down the road were arrested and searched, but no evidence of the robbery in the shape of the missing property could be found.

—Deininger's Ready Reference Tax Receipt Book is growing in public favor. Customers from a distance are beginning to call for it. It is an admitted necessity for every tax-payer who does his business in a practical manner. It is arranged to last for ten years and sells at the low price of 40 cents. Call and see it at the JOURNAL Store. tf

ADVICE TO MOTHERS.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. MRS. WINSLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

Corrected.

Miss Anna Johnson, of 24 Front street, Columbus, Ohio, says: "I suffered from an aggravated form of constipation and indigestion for several months. My family physician tried all kinds of medicines and pills, but to no effect. I began to think my case was a hopeless one. A friend of mine (Mrs. Elvira Redmond, of East Long street, this city), called, and seeing the condition I was in, recommended me to try your MANALIN. I must say I had but little faith in the medicine, but after I had taken a few doses I was convinced that MANALIN was the medicine for me. After I had taken one bottle I was entirely well of my complaint. I consider it one of the best remedies for constipation I have ever used. I have several friends who are using it. They think it an excellent remedy. I recommend it to all who are afflicted with constipation or indigestion. Any one doubting this statement is invited to call on me at 24 Front street."

Mr. Milton Knotts, Urbana, O., writes: "Last November one year ago I was taken sick, and called in our family physician. He examined me and said I had symptoms of typhoid fever. He gave me medicine for two weeks or more without any relief. I began to think that my days on earth were fast closing in. I saw at once that his medicine would not reach my disease. Just as I was about to conclude that I would have to die, my daughter brought me one of your pamphlets. I noticed a case whose symptoms were like mine, and PERUNA and MANALIN had cured him. I concluded at once to try it. I procured one bottle of PERUNA and one of MANALIN, and took them as directed, and before I had used the two bottles I began to receive strength and gain in flesh. I finished the rest of the two bottles and continued its use until the third bottle was used. When they were used I could eat anything I wanted to and go about my work. I consider that if it hadn't been for your PERUNA I would have been in my grave. Parties wishing information can write me at the above place. I recommend your medicine wherever I go."

Mr. John R. Davis, Moundsville, W. Va., writes: "I have been handling your PERUNA ever since its introduction. All who have used it speak highly of its curative properties. I consider it a reliable remedy."

Mr. George Fisher, Portsmouth, O., writes: "I am handling your PERUNA, and having a good trade on it. It gives splendid satisfaction."

LEGAL ADVERTISEMENTS

CAUTION.—The following property has been purchased by the subscribers at Constable's sale:

All the lumber belonging to J. W. Bartges, lying on the mill;

All the grain belonging to J. W. and Robert Bartges, at their homestead at Penn Hall.

We hereby caution all persons not to meddle or in any wise interfere with the same.

What there is in a Bottle.

SMARTING — Sufficient to stop in five minutes the smarting, stinging pain of 100 burns or scalds. It will stop the pain as soon as applied.

COUGHING — Abundance to cure a score of colds and the coughing that often leads the way to Consumption. It will positively cause a Cough in 15 minutes.

CHOKING — More than enough to save a dozen children Choking with Croup. One minute after the first dose the hardest attack of Croup will be relieved.

WHEEZING — Plenty to relieve the oppression and wheezing of the most severe case of Asthma. The direct cures of Asthma by this medicine is proof that Dr. Thomas' Eclectric Oil has no equal as an Asthma cure.

In the above cases Dr. Thomas' Eclectric Oil can be relied upon. It has given relief to thousands. Keep it in your house. There is hardly a week of the year it will not be useful.
